We are consistently expanding our Below The Line (BTL) marketing efforts for our legacy brands including Sleepwell and Feather Foam. We are also revitalising our e-commerce marketing with the help of content marketing. Some of our content marketing initiatives are as below

Sleep talk

This initiative aims to provide information and suggestions for a healthy sleep routine.

Your sleep story

This was a community engagement initiative, which allowed participants to share their sleep stories and experience.

Sleep expert

The initiative helped gain advice and answers to frequently asked question from sleep experts

Our expanding distribution network

We have an efficient network of dealers and outlets, which allows our products to reach a wide array of customers. Most of our distributors have been associated with us for more than 20 years. Our exclusive dealers are located in strategic proximity to manufacturing plants, which not only minimises the carriage fees, but also minimise product damage. Our exclusive brand outlets help enhance our brand equity.

Caring for the community

Creating value, equity, and positive social change, lies at the heart of our CSR initiatives at Sheela Foam

Our CSR activities have brought Sheela Foam closer to the goal of bringing transformative change in society. Through Awareness about **EMOTIONAL WELLNESS AND SKILL DEVELOPMENT**, we are touching millions of lives in almost every part of India. SFL is committed to further its efforts, particularly through the use of digital technology, to broaden our reach and make an even deeper impact, touching lives of more people across the country.

Our Emotional Wellness initiatives focus on raising awareness about **PROACTIVE Emotional Well-being** and promoting **PREVENTIVE HEALTH CARE**, particularly among underprivileged and marginalized groups of society through workshops and online outreach of content made by us. We aim to reduce vulnerability, prevent mental illness, and break the stigma surrounding mental health.

Through mass outreach and on-ground programs, we cultivate a supportive environment and advocate for the adoption of Emotional Wellness practices.

The workshops conducted by expert counsellors include topics like Perception & Communication, Emotional Wellness, Relationship, Preventing Addiction, Puberty, Gender Sensitization & Stress Management; custom made for the specific age-based target group Primary Schools, Middle Schools, Senior Secondary schools & Vocational Training Institutes. This year 5,957 people directly benefitted through our Emotional Wellness on-ground initiatives.

Our wellness conclaves inspire the influencer and decision-making community to advocate for Proactive Emotional Wellness benefiting all segments of society.

Our initiatives contribute to the United Nation's

SDG 3; promoting good health and well-being for all. Our comprehensive approach has yielded positive outcomes, significantly enhancing overall well-being of individuals and society as a whole

Our **SKILL DEVELOPMENT** initiatives directed at the youth are empowering them with employability skills, thereby enabling sustainable livelihood and

economic well-being. We leverage our CSR resources to help accelerate economic development and reduce disparity.

Set up with a vision to skill the rural youth with job & livelihood centric skills, **SLEEPWELL FOUNDATION SKILL DEVELOPMENT CENTRE IN VILLAGE MIRPUR, KHURJA, U.P.** has, over a span of just six years, become a leading institute of vocational learning in the area.

It has a state-of-the-art infrastructure and a dedicated team of trainers and mentors. It offers vocational courses like fashion designing, paramedical studies, computer skills, selling skills, English language, and armed forces pre-recruitment training, tailored to meet local youth's - both girls' and boys' needs and aspirations.

With regular events, job fairs, and industry expert sessions, the centre provides valuable exposure and experience to the rural youth. In addition, the centre imparts essential life and soft skills to the trainees, significantly enhancing their personalities and boosting

their confidence & employability opportunities in the job market. 500 individuals have directly benefited, securing placements in Govt. and private organizations, while many are pursuing entrepreneurial ventures.

We also conduct the following **ONLINE, OFFLINE, AND HYBRID WORKSHOPS**, upskilling the educated youth to meet evolving demands:

- 'How to Start a Business'
- 'Enhance Your Professional Effectiveness'
- 'Build Your Professional Effectiveness'
- 'Train the Teacher, Enhancing Functional & Soft Skills'

Our flagship programs, which are designed to enhance employability, job performance, and career growth, directly benefited 3,195 individuals in 2022-23.

Our initiatives are driven to connect with one and all. We do not face any obstacle while implementing our CSR initiatives as they are transparent and strategically purpose driven. People enthusiastically welcome and collaborate with us at all levels.

Moreover, we receive unwavering support and resources from our management throughout the process.

How We Measure Our Impact

Our CSR initiatives are primarily based on two platforms: online and on-ground. For online initiatives, which are conducted through social media, we gather data points directly from their source. For on-ground activities, we carry out a physical assessment. We measure the impact factor by analyzing this data. For our social media campaigns, such as ZWR, BDK, etc., we observe metrics like reach and engagement, which provide us with a comprehensive overview of the impact.

474.5 million
People reached

23.4 million
People inspired

13.3 million
Total engagement

489.9 million
Impression

12,156
People advocated and shared

Our total reach stands at 474.5 million, of which 64.69 million was achieved in FY23. Our on-ground activities directly benefited 53,624 people and indirectly impacted an additional 2,38,627 individuals, with 8,577 and 38,168 of these benefits respectively occurring in FY23. These metrics are regularly updated on our website. The qualitative impact is ascertained through comments, which are also consistently posted in the impact section of our website.

For our on-ground initiatives, such as the Rozgar Mela and skill development

workshops, we determine the success rate and impact through a physical headcount and qualitative feedback gathered from the beneficiaries.

Joining Hands

To create maximum impact and achieve our goals more efficiently, we actively collaborate with knowledge and resource partners, industry associates, and educational institutions for our CSR activities.

In FY23, we collaborated with G20 Empower, FICCI FLO, and FICCI Young FLO to host the Wellness Conclave. We partnered with renowned senior journalist and media personality, Richa Anirudh, to produce "Sleepwell Foundation Presents Zindagi with Richa" - an inspirational film series featuring real-life stories, designed to inspire and motivate the masses.

For our skill development workshops, we partnered with industry bodies CII and FICCI FLO, as well as various educational institutes. Our partners included BITS Pilani, Apeejay School of Management in New Delhi, Shri Ram College of Commerce (SRCC) in New Delhi, MIET Meerut, IFTM University Moradabad, Mewar University, Balaji Group of Institutions Narsampet, Cambridge Institute of Technology Ranchi, Aligarh Muslim University (AMU), Sharda University in Greater Noida, BULMIN in New Delhi, Maharaja Surajmal Institute in New Delhi, Mahendra Girls Inter College in Agra, and IFTM University in Moradabad.

For the students of these institutes, we conducted workshops focusing on two key areas: 'How to Start a Business' and 'Building Your Professional Effectiveness'.

Our knowledge partners at Sleepwell Foundation Skill Development Centre, Khurja are NIIT Foundation, MasterG & Daughters, Delhi Paramedical & Management Institute - DPMI, and Staqo.

Protection of Art and Culture

In an endeavour to protect the art and culture Sheela Foam Limited joined hands with Teamwork, the organisers of Jaipur Literature Festival - JLF, to organise 'The Sacred, Amritsar' to give a tribute to the spirit of Amritsar, a city known for its indomitable spirit, its profoundly intellectual character, chequered history and rich and diverse cultural heritage.

The festival was designed to promote and protect Art and Culture through performance in the field of music, poetry, and heritage by about 45 artists. In the festival various artists enthralled the audience with their diverse and inspiring performances. More than 100 delegates attended the event, and there was a footfall of over 1,000 people at the venue. Further it reached out to an audience of 108 million people through different media channels. Through the event, new talents were promoted & renowned artists motivated the youth across the country.

CSR Initiatives Near Our Plants

In the fiscal year 2022-23, we undertook several CSR initiatives in the vicinity of our plants. These were designed to enhance amenities and infrastructure within local schools and villages, benefiting thousands of people. The initiatives include:

1) Near our Jabalpur plant, we constructed toilet blocks for a co-ed school.

2) Near our Kala Amb (H.P.) plant, we donated two rot-making machines to a Village Community Centre.

3) In proximity to our Talwada plant, we built a prayer hall in a school.

4) Close to our Jalpaiguri plant, we constructed the approach road for Jhanju Para Primary School, renovated their school building, and donated desks for classrooms.

5) Near our plant in Hyderabad, we are currently constructing a toilet block in a school.

Digital Presence

Embracing the rise of social media and digital technologies, particularly within rural, semi-urban, and underprivileged communities, forms a core part of our approach.

The rapid growth in internet consumption among the youth significantly shapes our strategy. In our CSR initiatives, we prioritize digital inclusion and harness the power of technology to create a more substantial societal impact.

Underlying message of our CSR

Proactive Emotional Wellness is crucial for society. Lost productivity as a result of two of the most common emotional and mental disorders, anxiety and depression, costs the global economy US\$ 1 trillion each year.

Yet, despite substantial advances in research, demonstrating the clinical and cost-effectiveness of pharmacological and psycho-social interventions to prevent and treat common emotional issues, delivery at scale and translation into real-world benefits has been slow. One key area that restricts its propagation is lack of awareness for proactive emotional wellbeing.

Sheela Foam Limited, through Sleepwell Foundation, is leading efforts to raise awareness and promote Proactive Emotional Wellness. We urge all stakeholders to embrace proactive emotional wellbeing and become ambassadors, spreading the mission to benefit a large section of society. Together, we can make a profound impact on humanity.

Board of Directors

Rahul Gautam
Chairman & Managing Director

He has been associated with our Company since 1971 and has been our Managing Director since 1 April 1996. He holds a Bachelor's degree in Technology - Chemical Engineering from the Indian Institute of Technology, Kanpur, and a Master's degree in Science - Chemical Engineering from the Polytechnic Institute of New York. He has over 46 years of experience in the home comfort products and PU foam industry and is the Chairman Emeritus of the Indian Polyurethane Association.

Namita Gautam
Whole-Time Director

She has been associated with our Group for the past 34 years and has been a Whole-Time Director of our Company since 14 November 2003. During her tenure, she has headed the Human Resources, Marketing, and Projects departments of the Company. She currently leads our CSR initiative through the Sleepwell Foundation and heads Special Projects. She holds a bachelor's degree in Law and a master's degree in Economics from Kanpur University.

Som Mittal
Independent Director

He has been associated with the Company since 7 June 2016. He holds a bachelor's degree in Metallurgical Engineering from the Indian Institute of Technology, Kanpur, and a post-graduate diploma in Business Administration from the Indian Institute of Management, Ahmedabad. He has several years of experience in the manufacturing and information technology sectors.

Ravindra Dhariwal
Independent Director

He has been associated with our Company since 7 June 2016. He holds a bachelor's degree in Chemical Engineering from the Indian Institute of Technology, Kanpur, and a postgraduate diploma in Management from the Indian Institute of Management, Calcutta. He was the Group CEO of Bennett & Coleman, India's largest media company. He has vast experience in the fields of Sales and Marketing Management.

Anil Tandon
Independent Director

He has been associated with our Company since 7 June 2016. He is holding a bachelor's degree of Technology in Electrical Engineering from the Indian Institute of Technology, Kanpur and a Post-graduate Diploma in Management from the Indian Institute of Management, Ahmedabad. Since 1995, he has been the Managing Director of Tex Corp Pvt Ltd, a leading organisation in the field of fastening products. He has several years of national and international experience in the zip-fastening products sector.

Rakesh Chahar
Whole-Time Director

He has been associated with our Company since 1 November 1990 and has been a Whole-Time Director since 14 November 2003. He has more than 31 years of experience in the business of selling and marketing bedding products and polyurethane foam. He heads the Sales and Marketing function.

Tushaar Gautam
Whole-Time Director

He has been associated with our Company since 7 January 2002 and has been a Whole-Time Director since 1 April 2007. He also served as CEO of Indian Operation. He holds a bachelor's degree from Purdue University, USA, where his courses of study included Financial, Marketing, and Operations Management. He oversees the operations of the Company and our subsidiary Joyce Foam Pty Ltd and Interplasp Spain and serves on their Board of Directors. He has more than 20 years of experience in heading Production, Research and Development.

Lt Gen (Dr.) Vijay Kumar Ahluwalia
Independent Director

He has been associated with our Company since 5 March 2018. He is holding a master's degree in Defence Studies and Management from Madras University, M. Phil in Defence Studies from Indore University and PhD in Management - Internal Security and Conflict Resolution from Amity University, Noida. He has several years of experience in the Defence Services. He also served as a Judge of the Armed Force Tribunal and as Director-General of Raffles Group of Institutions, Raffles University, Neemrana, Rajasthan.

Meena Jagtiani
Independent Director

She is an MBA from the Symbiosis Institute of Business Management and has done an Executive Development Programme from Wharton Business School, University of Pennsylvania. At present, she is working as an independent HR advisor. She has three decades of rich industry experience in the field of HR. She served in various corporate houses such as the Aditya Birla Group, Daksh e-Services Private Limited, and Korn/Ferry International, the world's leading search firm before taking her role as an Independent Advisor.

Awards and recognition

Great Place To Work Certified
March 2023 - March 2024
INDIA

Dear Colleagues,

We are incredibly proud to receive the 'Great Place To Work' certification for the 4th time in a row! This is a sheer reflection of our commitment to build a workplace culture that focuses on high standards of employee engagement, happiness & trust.

A big applaud to the entire team for creating & sustaining a "High-Trust, High-Performance Culture". It is a testimony of our collective efforts, pride & dedication. At Sheela Foam, our people are the most important asset of the organisation, and I am happy to see that their inputs, belongingness & contribution over the years are paying off.

We are delighted that we have been successfully certified for fourth consecutive year. As we continue to grow, the focus on our people is only going to increase.

Best wishes,
Rahul Gautam

SheelaFoam | 50th

This is to certify that Sheela Foam Limited has successfully completed the assessment conducted by Great Place to Work® Institute, India, and is certified as a great workplace.

This certificate is valid from Mar 2023 to Mar 2024.

Yashwanth
Industrial Relationship
Chief Executive Officer
Great Place to Work® Institute, India

We received the 'Great Place To Work' certification for the 4th time in a row. This is a sheer reflection of our commitment to build a workplace culture that focuses on high standards of employee engagement, happiness & trust.

Mr Mahesh Gopalsamudram, COO, has made into the list of the top 200 COOs in India 2023. He has an impeccable track record as a leader with integrity, vision and strategic approach combined with strong execution and people skills.

Mr. Shonik Goyal (H.O. D. of Supply Chain Department of Sheela Foam Limited) has been awarded as a "Outstanding Supply Chain Leader" for Consumer Durables by Institute of Supply Chain Management (ISCM). He has a impeccable record of managing the Logistics and Supply Chain.

Management Discussion & Analysis

Economic overview

Global economy

Global economies faced significant headwinds in 2022 in the wake of mounting inflationary pressures and geopolitical conflict in Europe. The sustained rise in interest rates by Central Banks to combat inflation and the ongoing geopolitical crisis in Europe are exacting a heavy toll on the economy.

The sudden surge of COVID in China dented growth prospects in 2022. However, the recent reopening has set the stage for a faster-than-anticipated recovery. Another positive aspect is the fact that global inflation is likely to fall from 8.8% in 2022 to 6.6% in 2023 and 4.3% in 2024 [Source: IMF World Economic Outlook, January 2023].

Emerging market economies are projected to grow by 4.5% in 2023, compared to 1.1% for advanced economies [Source: IMF World Economic Outlook, April 2023]. The emerging markets and developing economies of the world are expected to be instrumental in accelerating global economic growth in the years ahead. In addition, certain industries, such as technology and e-commerce, have experienced significant growth during the pandemic and are expected to continue to do so in the coming years.

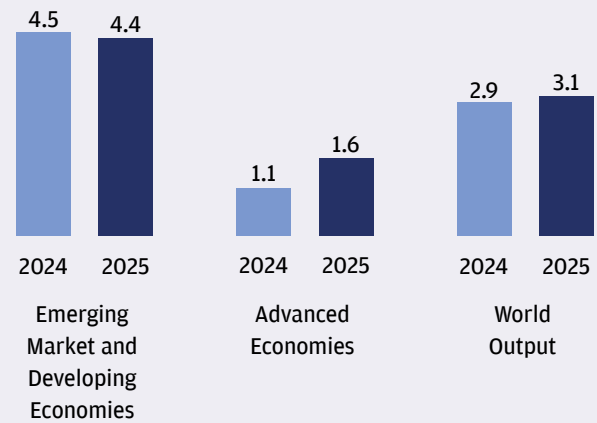

Outlook

Demographic trends and rising middle-class consumption are most likely to contribute to the rapid growth of the EMDEs. Many emerging market economies have young populations that are joining the workforce and contributing to economic growth. In addition, faster urbanisation is leading to a greater demand for housing, infrastructure and consumer goods.

There is potential for further innovation and technological advancement that could fuel the economy's recovery. The pandemic has accelerated digital transformation across many industries, which could lead to enhanced productivity and efficiency in the upcoming years.

A stronger boost from pent-up demand in numerous economies or a faster fall in inflation is likely in the course of 2023. The governments and central banks of the world are expected to play a major role in accelerating economic growth through targeted, need-based measures. [Source: IMF World Economic Outlook, January 2023]

Estimated World Growth Rates

(source: IMF'S World Economic Outlook, April 2023)

Indian economy

Notwithstanding the global gloomy outlook, India's economic activity has been robust on the back of a conducive domestic policy environment and the Government's sustained focus on structural reforms. Owing to its strong macroeconomic fundamentals, the Indian economy is in a sweet spot to grow at 7% in FY 2022-23 [Source: NSO, second advance estimates].

A combination of rising disposable income, coupled with the easy availability of credit and lowering interest rates in the wake of a stabilising inflation trajectory will bode well for the domestic economy's growth in the years ahead.

(Source- NSO, MoSPI)

<https://www.indiabudget.gov.in/economicsurvey/doc/eschapter/echap01.pdf>

Outlook

There are several reasons to be bullish about India's economy in FY 2023. With robust consumer demand and an improved balance sheet of the private sector, the domestic economy's outlook appears cautiously optimistic. High-frequency data indicates that the manufacturing PMI in December 2022 rose to the highest levels in over two years, which augurs well for fresh investment activity in the sector. Despite the challenges, India's economy has strong domestic drivers that can help it register strong growth 2023 onwards.¹

According to the IMF, India and China will contribute over 50% of global growth in FY 2023.

Industry overview

Health and wellness industry

India's health and wellness market is expected to expand at a CAGR of 5.55% during 2023-2028. With an increased focus on fitness, wellness, nutrition, personal care, weight management, mindfulness and preventive medicine, the health and wellness industry in India is gaining traction. Apart from this, higher incidences of chronic lifestyle diseases, stress and other ailments, as well as advancements in the medical field, including predictive genetic testing, are escalating the demand for health and wellness products across the country. Other factors contributing to the market's positive outlook include a rising number of sports and fitness training centres, greater reliance on healing practices such as naturopathy and the rapid growth of health tourism.²

India's mattress industry

There are many branded and unbranded players producing a wide range of mattresses through local distribution channels in India's fragmented mattress market. The unorganised sector dominates the country's mattress industry and has a major share of the Indian mattress market. Mattresses from this unorganised sector usually use cotton filler, as it is the cheapest of the many options that are now available.

An increasing number of residential units is propelling the demand for mattresses all over the country. Residential consumers accounted for the bulk of the share, while the remaining was shared by institutional customers, which include hotels, hospitals and educational institutions. Among the different sizes available, king-size mattresses are the most preferred and comfort is the most crucial factor that determines their dominance in the market.³

Residential consumers accounted for 80% of India's mattress market, while 20% was constituted by institutional customers.⁴

Strategic growth drivers

- **Work from home (WFH) culture**

Following the pandemic, there have been several changes in the way people live and work. These have created the need to 'allocate' a space inside houses for 'office work'. This trend has played out across homes, irrespective of their sizes and has increased the requirement for mattresses.

- **Increasing awareness**

Greater consumer awareness of the significance of quality sleep and the crucial function that a decent mattress can play for achieving it is one of the main growth enablers for India's mattress market.

- **Online sales and distribution**

The growth of e-commerce has opened up new avenues for the country's mattress industry. Manufacturers can leverage online sales and distribution channels to reach a wider audience and expand their customer base.

- **Infrastructure development**

The growth of the Indian mattress industry is also dependent on infrastructure development, including the availability of raw materials, skilled labour and transportation.

- **Growth in the real estate and hospitality sectors**

According to the Union Budget for 2022-23, 80 lakh houses will be built for the identified eligible beneficiaries of the PM Awas Yojana, in both rural and urban regions. A sum of ₹ 48,000 crore has been allocated for this purpose. The real estate sector in India is expected to reach USD 1 trillion in market size by 2030 and contribute 18 to 20 % to the country's GDP.⁵ Retail, hospitality and commercial real estate are also growing significantly, providing much-needed infrastructure for India's rising needs. Demand for mattresses is high because both residential and institutional sectors are growing in India with greater awareness regarding mattress types and brands.

⁴ <https://www.mordorintelligence.com/industry-reports/india-mattress-market>

⁵ <https://economictimes.indiatimes.com/news/economy/finance/real-estate-sector-to-touch-1-trillion-by-2030-kant/articleshow/87209359.cms?from=mdr>

Changing consumer preferences

- Higher income

Mattresses are no longer considered mere consumer durables. They are now regarded as an indicator of quality of life. With increasing income, there are high chances that consumers will shift towards the purchase of premium mattresses.

- **Increasing health consciousness**

As people are now more aware of the benefits of high-quality mattresses for enhanced comfort and sleep, this is augmenting the demand for premium products.

- **Greater awareness about brands**

Consumer now prefer innovative and branded mattresses owing to changing lifestyles and enhanced digital literacy.

Organised mattress industry

The organised sector is now growing with the rising demand for good-quality mattresses among Indian consumers. The organised mattress market is further classified into PU foam, Rubberised Coir, Spring Mattresses and other types.

The organised mattress industry is increasingly investing in research and development with the aim of creating new and innovative mattresses that cater to specific customer needs. Additionally, there is an growing trend towards customisation, with companies selling custom mattresses made to fit specific body shapes and preferences. Customers are willing to spend more for a comfortable and customised sleeping experience, which is why these products are gaining more popularity.

Distribution platforms

Organised players offer mattresses through two mediums: offline and online. The trade through online sales in the organised mattress industry is gaining pace because more consumers now opt for online shopping. This has led to the online market developing at a faster rate as compared to the offline market. Several new trends are expected to emerge in the mattress industry in the upcoming years, whereby the demand for customised and luxury mattresses is expected to increase⁶.

A visible shift has been observed in the consumers' perspective, where the main focus is on the comfort and functionality of the product.

India's Flexible PU Foam Industry

Polyurethane foam is a widely used polymer that is available in two forms, i.e., flexible foam and rigid foam. Rigid polyurethane foams are utilised for numerous insulation applications pertaining to construction and refrigeration. Flexible polyurethane foams are particularly used as a cushioning substance in various end-use industries such as furniture, packaging, transportation, bedding, automotive interiors and carpet underlay. The use of flexible polyurethane foam is becoming popular as it can be customised in almost any shape and variety. These flexible foams are also durable, light, comfortable and supportive.

Polyurethane foams exhibit clean incineration and high recyclability for reduced waste, pollutant filtration and greater sustainability. The penetration of polyurethane foams is anticipated to rise owing to properties such as superior insulation that make them ideal for walls and roofs in new homes.

Applications of polyurethane foams in electric vehicles (EVs) are more than the normal vehicle i.e. new applications. As governments invest to incentivise EV usage, increasing the production of EVs in the future would also drive demand for PU foams in the upcoming years.

Asia-Pacific is anticipated to be the fastest-growing market for polyurethane foam. Factors such as rising demand for polyurethane foams from various end-user industries and the enlarging footprint of the global players in polyurethane foams are likely to facilitate the polyurethane foam market's growth. Government support in the form of subsidies and tax incentives is expected to encourage the manufacturing sector in countries such as India and China, which is further expected to promote bio-based polyurethane to replace conventional polymers⁷.

Opportunities and threats

Opportunities

- **Product differentiation**

Differentiated products such as new materials, designs and features that provide superior comfort and support are likely to attract a huge customer base with differentiated needs.

- **E-commerce**

The growth of e-commerce platforms offers a wider reach, as there is a growing market of consumers who may prefer to shop online for multiple reasons.

- **Export potential**

Indian industry offers competitive prices and hence, can expand into global markets. Asia-Pacific is expected to be the fastest-growing market.

⁶ <https://www.mordorintelligence.com/industry-reports/india-mattress-market>

⁷ <https://www.precedenceresearch.com/polyurethane-foam-market>

Rural market

One of the most significant opportunities for the mattress industry is in rural India with its large and growing population. The majority of India’s population lives in rural areas signifying a huge potential for the industry. As incomes have risen, rural consumers have begun to demand more comfortable and hygienic high-quality mattresses. The industry in rural India is still in its early stages of development, however, there is a lot of potential for growth.

Threats

Transportation and warehousing

The fact that PU foam and mattresses are voluminous in nature makes warehousing and transportation difficult. Long-distance transportation is impractical due to the high expenses required.

Raw material prices

The cost of raw materials, including foam, cotton and latex, can significantly impact manufacturers’ profitability. Volatility in raw material prices can lead to higher costs that are difficult to pass on to customers.

Economic instability

Economic instability, such as inflation, recession, or changes in government policies, can adversely affect India’s mattress industry. This can lead to reduced consumer spending, lower demand and decreased profits.

Counterfeit products

The proliferation of counterfeit products poses a key threat to the mattress industry in India. These products may be of inferior quality, which can damage the reputation of legitimate manufacturers and affect consumer trust.

COMPANY OVERVIEW

Established in 1971, Sheela Foam Ltd. has been at the forefront of the foam-based product industry in India for over 50 years. The Company’s unwavering commitment to quality, innovation and sustainability has helped it establish itself as a leading brand in the industry. Sheela Foam’s diverse product portfolio caters to the needs of various industries, including home furnishings, automotive, healthcare and more. The Company’s products, including technical-grade PU foam, are renowned for their superior quality and find diverse applications in various sectors.

The Company’s operations are supported by a dynamic management team, a recognised brand, cutting-edge manufacturing facilities, a sizable distribution network and ground-breaking research and development capabilities. To offer its customers the utmost comfort and convenience, the Company creates items of unparalleled quality based on shifting customer preferences. The Company’s core strength is its dedicated and highly competent talent pool, which enables it to manufacture distinctive, top-of-the-line goods using state-of-the-

art technologies. As a responsible corporate citizen, Sheela Foam has implemented various initiatives to lower its carbon footprint and promote eco-friendly practices across its operations.

Product portfolio

Mattresses segment

Foam Mattress, Spring Range, Technology Range, Comfort Cell Range, Back Support Range, Flexi PUF Range, Showroom Range, Economy Range, SleepX Online Brand

Technical foam

Automotive Foams, Reticulated Foams, UltraViolet Stable Foams and Silentech Foams

Furniture foam

Sleepwell Resitec, Sleepwell Cool Gel and Primo

Comfort foam and home care products

Foam Sheets, Foam Blocks, Comfort Range accessories, Foam Cores, Furniture Cushions, Pillows, Bedsheets, Comforters/ Blankets, Mattress Protectors, Sofa-cum-Beds

Manufacturing prowess

The Company has 17 manufacturing facilities spread across India, Australia and Spain. It produces cutting-edge products that offer the ideal balance of support and comfort. The Company exhibits outstanding capabilities in high-quality production and technological advancements.

To better serve its customers, and to expand its global market share the Company established new facilities in strategic locations in Australia and India, which would help it to produce and distribute its products more efficiently, reducing lead times and transportation costs. The Company’s wholly-owned subsidiary, International Comfort Technologies (ICTPL), will be responsible for overseeing the operations of these state-of-the-art facilities.

The Australian facility, strategically located in five places have 11,000 MT per year. The Indian facilities, located in Jabalpur and Nandigram, is under our wholly owned subsidiary, International Comfort Technologies Pvt Ltd.

This expansion is a testament to the Company's dedication to providing its customers with the best products at competitive prices. It is confident that these new facilities will be a major success and help it to further establish itself as a leader in the industry.

Creating futuristic brands

The Company has a flawless track record of creating individualised products that cater to changing customer needs. The Company's flagship brand, Sleepwell, has developed a strong reputation over the years. Feather Foam and Starlite are two other brands owned by the Company that offer inexpensive mattresses to consumers. The Company's market share in the organised mattress market has increased owing to these products.

Technological innovations at Sleepwell

Variable Pressure Foaming (VPF)

The Company is a pioneer of the world's most environmentally friendly method of foam manufacture, variable pressure vertical foaming (VPVF). Variable Pressure Foaming (VPF) is a rapidly growing technology and is a proven way to improve the environmental performance, quality, and efficiency of foam production and contribute to overall sustainability. The Company will be commissioning a VPF machine in its Jabalpur facility which is a sign of the Company's commitment to sustainability and innovation. It will help Sheela Foam to improve its environmental performance and the quality of its products.

Benefits of VPF

- 1 Eliminates hazardous air pollutants
- 2 Produces negligible Volatile Organic Compounds (VOCs)
- 3 Produces a more consistent and dense foam
- 4 Uses raw materials efficiently
- 5 Reduced energy consumption
- 6 Increased production capacity
- 7 Reduced waste and improved worker safety

Joyce Foam Products

Joyce Foam, Australia, a wholly-owned subsidiary of the Sheela Group, has over 40% market share in Australia. It is Australia's one of the largest manufacturers of flexible open-cell polyurethane foams and serves a variety of markets, including bedding, furniture, medical, and specialised industrial applications. Joyce Foam has cemented its position as a leading manufacturer of flexible polyurethane foam in the region. The company prides itself on its state-of-the-art production centres, located in key cities such as Adelaide, Canberra, Melbourne, Perth, and Sydney, which are equipped with the latest technology and machinery for producing high-quality foam and mattress products.

Other initiatives

The Company has expanded its retail network to reach more customers and improve its brand presence. It has increased the number of its Multi Bran Outlets MBOs and has expanded its dealer network which has allowed it to reach a wide range of customers and sell its products in a variety of locations. It has a network of **over 115 exclusive distributors**, approximately **5,700 exclusive dealers**, and approximately **7,600 multi-brand outlets**.

115+
Exclusive distributors

5,700
Exclusive dealers

7,600
Multi-brand outlets

Online sales

The Company has witnessed an increase in its online sales in FY23, with a striking 24% growth. Also, online sales now account for a considerable 8% of the company's total sales volume.

24%
Increase in online sales

Marketing Initiatives

BTL Marketing

Sheela Foam has been consistently expanding its below-the-line (BTL) marketing efforts for its legacy brands such as Sleepwell and Feather Foam. This includes activities such as in-store promotions, product demonstrations and direct mail campaigns that help the Company reach out to customers personally.

E-commerce marketing

The Company has been revamping its e-commerce marketing efforts by using content marketing to cater to the urban population. For instance, Sleep X, the e-commerce brand from Sheela Foam, has launched a wide collection of durable, high-quality mattresses for enhanced back support and comfort, considering the changing buying habits and lifestyles of the youth.

Product launches

Sheela Foam regularly introduces new products that cater to evolving customer needs and preferences. For instance, the Company recently launched a range of premium mattresses under its flagship brand, Sleepwell, that offer superior comfort and support.

Digital marketing

The Company has a strong online presence through its website, social media pages and e-commerce platforms. It leverages these channels to engage with customers through targeted advertising campaigns, influencer partnerships and interactive content.

Promotional activities

Sheela Foam engages in various promotional activities such as advertising campaigns on TV and print media, sponsorships of sports events, including IPL cricket matches and marathons, along with participation in trade shows to raise brand awareness and drive sales.

Financial overview

In FY23, the Company's net revenue from operations on a standalone basis was ₹ 2,019.82 crore as compared to ₹ 2,008.21 crore in FY22. Profit after tax for the current year was ₹ 194.86 crore in contrast to ₹ 197.31 crore in FY22. Net revenue from operations in Australia was AUD 79.56 million as compared to AUD 77.56 million in the previous year. The net profit after tax was AUD 0.94 million as compared to AUD 2.66 million in FY22. The net revenue from operations in Spain was Euro 47.21 million as compared to Euro 51.18 million in FY22. The net profit after tax was Euro 2.89 million as compared to Euro 2.19 million in FY22. On a consolidated basis, net revenue from operations stood at ₹ 2,873.32 crore as compared to ₹ 2,865.58 crore in the previous year. Consolidated net profit after tax decreased to ₹ 203.06 crore from ₹ 218.73 crore registered in FY22.

| Return on Net Worth (RONW) (%) | 18.45 | 21.07 |

Growth strategy and outlook

Improving branding and product development initiatives

The Company's budget mattresses, Starlite and Feather Foam, offer sufficient growth potential for development in the rural retail sector. It concentrates on increasing investments in brand-building initiatives to improve distribution and retail networks, brand recognition and customer recall. To sell more products, it also plans to introduce products at competitive prices.

Boosting e-commerce penetration

The Company has been using an e-commerce platform to sell mattresses and related goods. It lists its products on well-known e-commerce platforms in addition to using its own website to promote sales and display its product line-up. With wider e-commerce penetration, it aims to bolster both its top-line and bottom-line performance.

Catering to changing customer needs

The Company is dedicated to creating personalised products that cater to different customer needs. Its broad range of products, technological expertise and strong manufacturing skills enable it to produce high-quality, higher-margin items, including more refined grades of technical PU foam.

Strengthening distribution and exports

The Company continues to market its low-cost items in rural areas while working to strengthen its domestic retail footprint. The Company will be able to expand its reach and meet the demand for affordable products owing to increased infrastructure development and growing distribution channels in newer geographies. Additionally, it focuses on enhancing its export business through the development of new products and technologies, the increase of capacity in overseas subsidiaries and so on.

Suburban penetration

The Company is committed to providing its customers with a convenient and enjoyable shopping experience. It has a number of strategies in place to penetrate the suburban market like expanding its retail network by opening new brand outlets, partnering with local retailers in suburban areas, promoting its products online through a variety of channels including website and social media, and offering financing options like instalments. Sheela Foam is well-positioned to penetrate the suburban market.

Risks and mitigation measures

Risks

Mitigation

Macroeconomic Risk

The Company's operations may be impacted by recent COVID variants and associated restrictions, a slowdown in economic growth, along with end-user industries including the housing, hospitality and automobile sectors.

- Favourable government reforms and rising infrastructure development spending are all anticipated to revive the economy's growth. To shield the economy against the pandemic's negative impact and improve consumer confidence, the Government and key financial institutions have implemented several reform measures.
- Rapid urbanisation, rising income levels and consumer demand for high-end, luxury goods and services are major factors driving the demand in the organised mattress market.
- The Company's subsidiaries in Spain and Australia enable it to foray into foreign markets and reduce its dependence on the Indian economy.

Competition Risk

Due to appealing expansion potential, the sector is facing rivalry from a growing number of organised mattress market competitors. Loss of market share could result from an inability to provide high-quality, personalised products to satisfy changing client needs.

- By creating comfortable and high-quality mattresses and home comfort products, the Company has become a well-known and dependable name in the industry. Its flagship brand, Sleepwell enjoys high levels of consumer satisfaction and dependability.
- Increased spending on R&D and innovative technologies enables the Company to create high-end, cutting-edge products.
- Additionally, the Company's activities are supported by cutting-edge production machinery and inventive shop floor practices that offer a significant operational advantage.
- The Company's mission is to provide premium mattresses developed using innovative initiatives such as Comfort Cell and Neem Fresche. Furthermore, the Company is able to drive sales of its products because of its extensive distribution network.
- With its wide variety of affordable mattresses, the Company focuses on serving specific niche markets. It supports the Company in retaining its position as the unorganised sector's market leader.
- The Company extensively focuses on pioneering state of the art technologies like VPF which results in improved product quality and reduced costs.

Risks

Mitigation

Inventory Risk

High inventory build-up due to unsuccessful marketing and selling of products may pose a challenge to the Company's operations.

- The Company assures balanced and orderly sales through its extensive distribution network, which includes more than 115 exclusive distributors, 13,300 retail dealers, 7,500 multi-brand and 5,700 exclusive brand outlets.
- The Company relies on its strong brand recognition and continuously makes prudent branding and advertising expenditures to strengthen its presence across a range of media.
- With the aid of an efficient IT infrastructure and inventory management, the Company guarantees effective product delivery. The system guarantees real-time inventory control and prompt delivery of the goods.

Raw Material Risk

The smooth and continuous supply of raw materials is essential to the Company's operations and any interruptions could have a negative influence on the creation of high-quality products. Imported raw materials, currency and exchange rate variations could potentially have an effect on profit margins.

- Key raw ingredients (Polyol and TDI) are purchased in bulk by the Company at cost-effective prices.
- It achieves a balance between importing raw materials and buying them locally.
- The Company is able to obtain raw materials at the best prices because of its solid and established relationships.
- By ensuring raw materials availability to meet market demand, it lowers the chance of an unexpected raw material shortfall.

Counterfeiting Risk

Another important challenge is the inability of the Company to resolve product counterfeiting and quality issues, which may result in loss of customer trust and sales, thereby damaging the Company's brand name.

- Continued investments towards introduction of Unique Serial Number/marks/label/hologram/hot stamp, and so on, in mattresses enables the Company to check genuine products
- The Company periodically checks the market to track and avoid sales of fraudulent and counterfeit products.

E-commerce Risk

Globally and in India, consumer preferences have fundamentally changed as a result of the pandemic, favouring quick adoption of technology, online shopping, enhanced comfort and convenience at home, etc. Its business and market share may suffer if the Company is unable to use digitisation and technology to keep up with the changing trends.

- The Company offers its SleepX product on its own website as well as prominent e-commerce platforms such as Amazon, Flipkart and others.
- The Company is focused on integrating retail and online sales to offer clients a seamless purchasing experience across all channels.

Internal controls

The Company's internal control framework centres on strong governance, a vigilant finance function and independent internal reviews. Risk evaluation exercises prioritise risks facing the business based on which strategies are formulated. The Audit Committee periodically reviews and takes suitable action for any deviation, observation or recommendation suggested by the internal auditors. The Company strives to follow the best practices in corporate governance. Well-documented policies and procedures enable it to strictly adhere to all applicable procedures, laws, rules and statutes. The Company's robust IT systems safeguard its sensitive data and ease the audit process. Accounting standards are strictly followed while recording transactions. A host of strategies are devised, in addition to robust MIS systems, for real-time reporting so as to control expenses. Any variance from budgetary allocation is promptly reported and corrected to ensure strict compliance.

Human resources

The development and success of an organisation depend heavily on its human resources. The Company's professional and experienced workforce ensures business continuity and develops strategies and procedures to adapt to a changing business environment. To increase individual and organisational productivity, the Company organises several human resource programmes. It promotes a secure and beneficial work environment and guarantees that everyone has equal access to opportunities for professional progression. These

programmes help the Company recruit and keep the best people while enhancing employee satisfaction and productivity.

The Company has received approval from the stock exchanges for its Employee Stock Option Plan (ESOP) scheme which is further expected to form a key part of the Company's HR strategy. The Company believes that the ESOP scheme will be a valuable tool for attracting and retaining top talent.

Corporate Governance Report

Our Corporate Governance is a true reflection of our value systems enshrined in our Vision Statement. Our Vision statement places highest reliance on the values of Integrity, Reliability, Proactivity and Transparency. We firmly believe that Corporate Governance, based on these value systems, is vital to not only enhance stakeholders' trust, but also for the success of the organisation. Your company remains committed to follow best governance practices in true spirit.

Board of Directors ("Board")

The Company is managed and guided by the Board of Directors. The Board formulates the strategy and regularly reviews the performance of the Company. The Board has been entrusted with the requisite powers, authorities and duties to enable it to discharge its responsibilities and provide effective leadership to the Business. The Company has an optimum combination of Executive, Non-Executive and Independent Directors who are eminent persons with professional expertise and valuable experience in their respective areas of specialisation and bring a wide range of skills and experience to the Board.

The Chairman and Managing Director of the Company provides vision and leadership for achieving the approved strategic plan and business objectives. He presides over the Board and the Shareholders' meetings. The Managing Director with the support of the Whole-time Directors and Senior Executives oversees the operations of the Company.

As on the date of this report the Board comprises of 9 (Nine) Directors, which include 5 (Five) Non-Executive Independent Directors and 4 (Four) Executive Directors. There are 2 (Two) Women Directors one of whom is Independent Director.

During the financial year None of the Independent Directors of the Company served as an Independent Director in more than seven listed Companies. The composition of the Board is in line with Regulation 17 of Listing Regulations. None of the Directors on the Board is a Member on more than 10 Committees, and Chairperson of more than 5 Committees across all listed companies in which he/she is a Director. Necessary disclosures regarding Committee positions have been made by the Directors.

Meetings of the Board

The Board of Directors met seven times during the financial year ended on March 31, 2023. Board Meetings were held on 11 April, 2022, 12 May, 2022, 17 June, 2022, 02 August 2022, 08 November 2022, 16 January 2023 and 02 February, 2023.

The maximum gap between any two Board Meetings was less than one hundred twenty days.

Independent Directors

All independent Directors have confirmed that they meet the criteria as stipulated under Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) read with Section 149(6) of the Companies Act, 2013.

The maximum tenure of Independent directors is in compliance with the Companies Act, 2013 and the terms and conditions of their appointment have been disclosed on the website of the Company (web link <http://www.sheelafam.com>).

Regulation 25(3) of Listing Regulations read with Schedule IV of the Companies Act, 2013 and the rules under it mandate that the Independent Directors of the Company hold at least one meeting in a year without the attendance of Non-Independent Directors and members of the management. During the year, separate meeting of the Independent Directors was held on February 2nd, 2023 without the attendance of non-independent directors and members of the management. All the Independent Directors attended the said meeting. The independent directors, inter-alia, reviewed the performance of non-independent directors, Chairman of the Company and the Board as a whole.

Familiarisation programme for Independent Directors

The Board/Committee members are provided with the necessary documents/brochures, reports and internal policies, codes of conduct to enable them to familiarise with the Company's procedure and practices. Directors are regularly updated on performance of the business of the Company, business strategy going forward and new initiative being taken/proposed to be taken by the Company through presentation by head of the Departments. Factory/office visits are organised from time to time for the Directors. The policy of the familiarisation programme of the Independent Directors are available on the Company's website at <http://www.sheelafam.com>.

Composition of Board

The composition of the Board of Directors at the end of Financial Year i.e 31st March, 2023, their attendance at the Meetings during the year and at the last Annual General Meeting as also the detail with regard to outside Directorships and committee positions are as under:-

| Name of the Director and DIN | Category | Number of meeting attended | Attendance in Last AGM held on 18th August, 2022 | No. of other Directorship in listed company including this company | No. of Committee positions held including other Companies## | |

Mr. Rahul Gautam, Managing Director is husband of Mrs. Namita Gautam and father of Mr. Tushaar Gautam and are thus related.

The committees considered for the purpose are those prescribed under Regulation 26 of Listing Regulations i.e. Audit Committee and Stakeholders' Relationship Committee of Indian public limited companies whether listed or not.

*Mr. Vijay Kumar Chopra retired on 6th June, 2022

Board Functioning and procedure

- Board Meeting Frequency and circulation of Agenda papers:** The Board and its Committees meet at regular intervals for discussion on agenda circulated well in advance by the Company. All material information is incorporated in the agenda for facilitating meaningful and focused discussion at the meeting. Where it is not practical to attach, or send the relevant information as a part of agenda papers, the same are tabled at the Meeting. To meet the business exigencies or urgent matters the resolutions are passed by the Directors by Circulation.

The Company has proper systems to enable the Board to periodically review compliance reports of all laws applicable to the Company, as prepared by the Company as well as steps taken by the Company to rectify instances of non-compliances. The Board reviewed compliance reports prepared by the Company periodically.

- Presentations by the Management:** The Senior Management of the Company is invited at the Board meetings to provide presentation/clarifications as and when necessary.

- Access to Employees:** The Directors bring an independent perspective on the issues deliberated by the Board. They have access to any information of the Company as they may need to discharge their duties and to any employee of the Company.

Availability of Information to Board members include:

- Annual operating plans and budgets and any updates thereof;
- Capital budgets and any updates thereof;
- Quarterly results of the Company and its operating divisions and business segments;
- Minutes of Meetings of the Audit Committee and other Committees of the Board;
- Recruitment and remuneration of senior officers below board level, including appointment and removal of Chief Financial Officer and the Company Secretary as per SEBI (LODR) Regulations 2015;
- Materially important show cause, demand, prosecution and penalty notices report;

7. Fatal or serious accidents, dangerous occurrences, any material effluent or pollution problems;
8. Any material default in financial obligations to and by the Company, or substantial non-payment for goods sold by the Company;
9. Any issue which involves possible public or product liability claims of substantial nature, including any judgement or order which, may have passed strictures on the conduct of the Company or taken an adverse view regarding another enterprise that can have negative implications on the Company;
10. Details of any joint venture or collaboration agreement;
11. Transactions that involve substantial payment towards goodwill, brand equity or intellectual property;
12. Significant labour problems and their proposed solutions. Any significant development in Human Resources/ Industrial Relations front like signing of wage agreement, implementation of Voluntary Retirement Scheme, etc.;
13. Sale of material nature, of investments, subsidiaries and assets which is not in the normal course of business;
14. Quarterly details of foreign exchange exposures and the steps taken by management to limit the risks of adverse exchange rate movement, if material; and
15. Non-compliance of any regulatory, statutory nature or listing requirements and shareholders service such as non-payment of dividend, delay in share transfer, etc.

Appointment/Re-appointment of Directors:

The information/details pertaining to Directors seeking appointment/re-appointment in the ensuing Annual General Meeting (AGM), is provided in the Notice for the AGM.

Reconciliation of Share Capital Audit

As stipulated by SEBI, a qualified Practising Company Secretaries/Chartered Accountants carries out Reconciliation of Share Capital Audit to reconcile the total admitted capital with NSDL and CDSL and the total issued and listed capital. This audit is carried out every quarter and the report thereon is submitted to the Stock Exchanges. The Audit confirms that the total listed and paid-up capital is in agreement with the aggregate of the total number of shares in dematerialised form and in physical form.

Disclosures of Accounting Treatment

In the financial statements for the year ended March 31, 2023, the Company has followed the treatment as prescribed in the applicable Accounting Standards.

Related Party Transactions

During the year there was no materially significant related party transaction which may have potential conflict with the interest of the Company. The Company has formulated a Related Party Transaction policy which has been uploaded on its website at <http://www.sheelafoam.com>. Details of related party information and transactions are being placed before the Audit Committee from time to time. The omnibus approval is also obtained from the Board. The details of the related party transactions during the year have been provided in Note to the financial statements.

Details of Non-Compliance by the Company, penalties, stricture imposed on the Company by the Stock Exchanges, SEBI or any statutory authorities or any matter related to capital markets.

The Company has complied with all the requirements of the Stock Exchanges/the Regulations and guidelines of SEBI and other Statutory Authorities on all matters relating to capital markets. No penalties or strictures have been imposed by SEBI, Stock Exchanges or any statutory authorities on matters relating to capital markets during the last three years.

Whistle Blower Policy and Affirmation that no personnel has been denied access to the Audit Committee

The Company has established a vigil mechanism through a Whistle Blower Policy for directors and employees to report concerns

about unethical behaviour, actual or suspected fraud or violation of the company's code of conduct or ethics policy. The mechanism provides for adequate safeguards against victimisation of director(s)/ employee(s) who express their concerns and also provides for direct access to the Chairman of the Audit Committee in exceptional cases. During the year under review, no personnel was denied access to the Audit Committee.

Code for prevention of Insider Trading

The Company has instituted code on prevention of insider trading in compliance with the SEBI (Prohibition of Insider Trading) Regulations. The Code lays down the guidelines which advise on procedures to be followed and disclosures to be made, while dealing in shares of the Company and the consequences of the non-compliances.

Code of conduct for Directors and Senior Executives

The Company has laid down a Code of Conduct for all Board Members and the Senior Executives of the Company. The Code of conduct is available on the Company's website www.sheelafoam.com. The code of conduct was circulated to all the members of the Board and senior management personnel and they have affirmed their compliance with the said code of conduct for the financial year ended 31 March, 2023. A declaration to this effect signed by the Chairman & Managing Director is given below:

To

The Shareholders of Sheela Foam Limited.

Sub.: Compliance with Code of Conduct

I hereby declare that all the Board Members and the Senior Management Personnel have affirmed compliance with the Code of Conduct as adopted by the Board of Directors and applicable to them for the financial year ended 31 March, 2023.

Date: May 17, 2023

Certificate on Compliance with the Regulations of Corporate Governance

To the Members of **Sheela Foam Limited**

We the Secretarial Auditor of **Sheela Foam Limited** (the Company) have examined the compliance of Corporate Governance for the year ended March 31, 2023 as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C, D, E of the Schedule V of the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations 2015 ('the Regulations') as amended from time to time.

Management's Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliances with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Practicing Company Secretaries' Responsibility

Our responsibility is limited to the examination of the procedures and the implementation thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the relevant records and documents maintained by the Company as produced before us, for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

Opinion

Based on our examination of relevant records and information and according to the explanations given to us and the representation provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C, D, E of Schedule V of the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations 2015, during the year ended March 31, 2023, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED 31st MARCH 2023

To,
The Members
Sheela Foam Limited
604 Ashadeep, 9 Hailey Road,
New Delhi-110001

We have conducted the secretarial audit of compliance with applicable statutory provisions and the adherence to good corporate practices by **Sheela Foam Limited** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company (as listed in Annexure A) and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the secretarial audit.

We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st of March 2023, complied with the laws listed hereunder and also that the Company has proper Board-Processes and Compliance-Mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Sheela Foam Limited for the financial year ended on 31st of March 2023 according to the provisions of:

- a. The Companies Act, 2013 (the Act) and the rules made thereunder;
- b. The Securities Contracts (Regulation) Act, 1956 (“SCRA”) and the rules made thereunder;
- c. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- d. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- e. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”):-
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with clients;
 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- f. Other sector specific laws like the Petroleum Act, 1934 (“Petroleum Act”) and Petroleum Rules, 2002 (“Petroleum Rules”); Bureau of Indian Standards Act, 1986 (“BIS Act”) and Bureau of Indian Standards Act, 2016; Consumer Protection Act, 1986; Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“Hazardous Wastes Rules”) and Environmental laws and regulations and other laws applicable to manufacturing companies.
- g. Labour laws and other incidental laws related to labour and employees appointed by the Company either on its payroll or on a contractual basis as related to wages, gratuity, provident fund, ESIC, compensation and labour laws of the respective States where the Company operates.

The Listing Agreements entered into by the Company with the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India (ICSI) and the Securities Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulation, 2015.

During the period under review, the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:-

The Board of Directors of the Company is duly constituted with the proper balance of Executive Directors, Non-Executive Directors, Independent Directors and a Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. During the year Mr. Vijay Kumar Chopra ceased to be a director on 06.06.2022 on completion of his term of appointment. The CFO Mr. Nikhil Ghanshyam Datye resigned with effect from 05.12.2022.

Adequate notices were given to all the Directors to schedule the Board Meetings. Agendas and detailed notes on agendas were sent at least seven days in advance, except where it was called urgently, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions of the Board were carried out unanimously and Minutes of the meetings were recorded properly.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that:

1. The Company complied with the provisions of section 149 of the Companies Act, 2013, and rules thereunder. The Company at the end of the review period, has Five Independent Directors on the Board wherein one independent director is a woman.
2. The Committees of the Board, met to transact businesses during the year, as given below:-
 - a) Audit Committee - 4 times
 - b) Corporate Social Responsibility Committee- 1 time
 - c) Nomination and Remuneration Committee -3 times
 - d) Stakeholders Relationship Committee- 1 time
 - e) Risk Management Committee - 2 times
3. All regulatory reporting, including but not limited to the filing due with the stock exchanges listed, SEBI, Reserve Bank of India (RBI) and the Ministry of Corporate Affairs (MCA) was done regularly.
4. We further report that during the reporting period, the company has
 - i. Issued Bonus Equity Shares to the existing shareholders of the company to the tune of ₹ 487,82,808 equity shares of ₹ 5/- each;
 - ii. Increased its authorised capital from ₹ 44,01,05,000.00 to ₹ 100,00,00,000.00;
 - iii. The company issued an Employees Stock Option plan;
 - iv. The company has initiated the process of amalgamation of International Comfort Technologies Pvt Ltd, a subsidiary company with itself, and approved the scheme therefore.
5. Our report is to be read along with the representations disclosed in Annexure B.

Annexure B- Responsibility Statement

To,
The Members
Sheela Foam Limited
604 Ashadeep, 9 Hailey Road,
New Delhi-110001

Our report is to be read along with the following:

Maintenance of Secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on the secretarial records based on our audit.

We have followed the audit practices and processes as were appropriate to obtain responsible assurance about the correctness of the contents of secretarial records. The verification was done on a test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we follow provide a responsible basis for our opinion.

We have not verified the correctness and appropriateness of the financial records and books of accounts of the Company.

Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and the happening of events, etc.

Compliance with the provision of corporate and other applicable laws, rules, regulations, and standards is the responsibility of management. Our examination was limited to the verification of procedures on a test basis.

The secretarial audit report is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Annexure-H

DIVIDEND DISTRIBUTION POLICY

1. Preamble

This Policy is drawn by the management to strike the right balance between the quantum of Dividend paid and amount of profits retained in the business for various purposes. Towards this end, the Policy lays down parameters to be considered by the Board of Directors of the Company for declaration of Dividend from time to time.;

2. Company's View

The view of the Company is to maximise the shareholders' wealth in the Company through various means. The Company believes that driving growth creates maximum shareholder value. Thus, the Company would first utilise its profits for working capital requirements, capital expenditure to meet expansion needs, reducing debt from its books of accounts, earmarking reserves for inorganic growth opportunities and thereafter distributing the surplus profits in the form of dividend to the shareholders.

3. Regulatory Framework

The Securities Exchange Board of India ("SEBI") on July 8, 2016 inserted Regulation 43A in SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015, which requires top five hundred listed companies (based on market capitalization of every financial year) to formulate a Dividend Distribution Policy.

4. Parameters for declaration of Dividend

In line with the company's view stated above in Clause 2, the Board of Directors of the Company, shall consider the following parameters for declaration of Dividend:

Financial Parameters / Internal Factors:

The Board of Directors of the Company would consider the following financial parameters before declaring or recommending dividend to shareholders:

- Consolidated net operating profit after tax;
- Working capital requirements;
- Capital expenditure requirements;
- Resources required to fund acquisitions and / or new businesses
- Cash flow required to meet contingencies;
- Outstanding borrowings;
- Past Dividend Trends

External Factors:

The Board of Directors of the Company would consider the following external factors before declaring or recommending dividend to shareholders:

- Prevailing legal requirements, regulatory conditions or restrictions laid down under the Applicable Laws including tax laws;
- Dividend pay-out ratios of companies in the same/similar industry.

Circumstances under which the shareholders may or may not expect Dividend:

The shareholders of the Company may not expect Dividend under the following circumstances:

- Whenever the Company undertakes or proposes to undertake a significant expansion project requiring higher allocation of capital;
- Significantly higher working capital requirements adversely impacting free cash flow;
- Whenever it undertakes any acquisitions or joint ventures requiring significant allocation of capital;
- Whenever it proposes to utilise surplus cash for buy-back of securities; or
- In the event of inadequacy of profits or whenever the Company has incurred losses.

Utilization of retained earnings:

The Company may declare dividend out of the profits of the Company for the year or out of the profits for any previous year or years or out of the free reserves available for distribution of Dividend, after having due regard to the parameters laid down in this Policy.

5 Procedures

- The Chief Financial Officer in consultation with the MD of the Company shall recommend any amount to be declared/ recommended as Dividend to the Board of Directors of the Company.
- The agenda of the Board of Directors where Dividend declaration or recommendation is proposed shall contain the rationale of the proposal.
- Pursuant to the provisions of applicable laws and this Policy, interim Dividend approved by the Board of Directors will be confirmed by the shareholders and final Dividend, if any, recommended by the Board of Directors, will be subject to shareholders approval, at the ensuing Annual General Meeting of the Company.
- The Company shall ensure compliance of provisions of Applicable Laws and this Policy in relation to Dividend declared by the Company.

6 Disclosure: The Company shall make appropriate disclosures as required under the SEBI Regulations.

7 General

- This Policy would be subject to revision/amendment in accordance with the guidelines as may be issued by Ministry of Corporate Affairs, Securities Exchange Board of India or such other regulatory authority as may be authorized, from time to time, on the subject matter.
- The Company reserves its right to alter, modify, add, delete or amend any of the provisions of this Policy.
- In case of any amendment(s), clarification(s), circular(s) etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

Annexure I

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

SECTION A: GENERAL DISCLOSURE

I. Details of the Listed Entity

| | | |
|----|---|--|
| 1 | Corporate Identity Number (CIN) of the Company | L74899DL1971PLC005679 |
| 2 | Name of the Company | Sheela Foam Limited |
| 3 | Year of incorporation | 1971 |
| 4 | Registered office address | 604, Ashadeep 9 Hailey Road New Delhi-110001 |
| 5 | Corporate office address | 14, Sector 135, Noida, U.P-201301 |
| 6 | E-mail ID | investorrelation@sheelafoam.com |

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along with its financial implications, as per the following format

| Sr. No. | Material Issue Identified (High priority material issues are listed below) | Indicate whether risk or opportunity | Rationale for identifying the risk/opportunity | In case of risk, approach to adapt or mitigate | Financial implications of the risk or opportunity (Indicate positive or negative implications) |
|---------|--|--------------------------------------|--|--|--|
| 1 | Climate Change | Risk | The operations and business of an organization can be directly affected by critical sustainability risks such as climate change, water security, plastic waste, supply chain disruption, and sourcing challenges. Additionally, there are regulatory and transition market risks associated with the transition to a low-carbon economy. These risks encompass changing consumer preferences, increased product costs, and future government policies and regulations. | <ol style="list-style-type: none"> SFL's main consumption consists of Polyol, Polymer polyol, and Isocyanate in large quantities. The objective is to enhance bulk shipment and storage, aiming to minimize transportation impact and minimize excessive packaging. Introducing block compression for interunit transfers and utilizing Bed in a Box (BIAB) when feasible will optimize space utilization, enhance delivery efficiency, and decrease the carbon footprint. Variable Pressure Foaming (VPF) is the only closed loop slab Polyurethane foaming process available today. While it helps in manufacture of products that are differentiated as well as uses less chemicals and zero physical blowing agent in manufacturing. The role of the physical blowing agent is done by Vacuum. While predominantly the process emission is only carbon-dioxide any trace volatile organics are also extracted by the activated charcoal that is part of the closed loop equipment. It is the most sustainable next generation foam processing technique. The Company is invested deeply with second equipment expected to be fully operational in India. Overseas operations in Spain and Australia are also capitalizing on this technology. | Initiatives and endeavors aimed at mitigating climate change risks may result in additional costs in the short-to-medium term. However, these costs can be partially offset by long-term efficiency improvements. Moreover, these initiatives enhance business resilience and safeguard long-term value. |

| Sr. No. | Material Issue Identified (High priority material issues are listed below) | Indicate whether risk or opportunity | Rationale for identifying the risk/ opportunity | In case of risk, approach to adapt or mitigate | Financial implications of the risk or opportunity (Indicate positive or negative implications) |
|---------|--|--------------------------------------|--|---|--|
| 2 | Energy Management | Opportunity | Energy management presents a strategic opportunity for a company like ours to reduce costs, enhance competitiveness, comply with regulations, improve reputation, drive innovation, and foster collaborations in the pursuit of sustainable and efficient operations. | <ol style="list-style-type: none"> 1. The company's objective is to decrease reliance on power supplied by the Electricity Board (NPCL) by transitioning to solar energy electricity. Several units have already been successfully converted to solar energy. 2. Within the next 6 months, we plan to replace diesel gen-sets with PNG (Piped Natural Gas) in the NCR region, using retrofitted devices. The remaining units will undergo assessment to determine the feasibility of accessing PNG supply from the government. | Implementing effective energy management practices can help reduce energy consumption and lower operational costs. Upon implementation of energy-efficient technologies and processes, optimizing equipment performance, and minimizing energy waste at all units, the company will significantly save on energy expenses. |
| 3 | Waste Management | Opportunity | By embracing waste management as an opportunity, we can reduce costs, enhance sustainability, comply with regulations, drive innovation, and contribute to a more circular economy. This not only benefits the company's bottom line but also strengthens its reputation and position in the market. | <ol style="list-style-type: none"> 1. With a timeline of over 12 months, the company is focused on streamlining packaging processes by adopting a unified layering approach that facilitates recycling and eliminates PVC packaging. Prototypes will be developed and presented internally for approval. The objectives include introducing recyclable packaging, reducing plastic consumption, and enhancing productivity. This initiative involves the elimination of PVC, resulting in reduced usage, improved recyclability, and increased efficiency. 2. The company has successfully implemented a comprehensive recycling program for polythene and plastic materials utilized in product packaging, aiming to achieve 100% recycling rates. 3. The company is committed to a paperless mission to conserve paper, trees, and water resources. Significant progress has already been made by digitizing invoices, packing lists, planning documents, and gate records. The next phase involves establishing a paperless shop floor and eventually transitioning the entire organization into a paperless environment. | While there is increased cost of developing sustainable packaging alternatives but in the long run, the recycling and sustainable ways of packaging will be beneficial to the organization. |
| 4 | Human Rights | Risk | Adverse financial and reputational consequences may arise from instances of human rights violation or failure to comply with statutory norms. | <ol style="list-style-type: none"> 1. To cultivate a culture of trust, comprehensive policies and procedures, including the Code of Business Conduct, Whistle Blower Policy, Policy of SFL towards Society, and POSH policy, are implemented. 2. Measures are in place to prevent workforce discrimination, sexual harassment, and ensure a free and fair working environment for employees. | Human rights violations and regulatory non-compliance can cause reputation and financial implications |
| 5 | Human Capital Development | Opportunity | The success of the Company's operations relies on the ongoing dedication, skills, and expertise of its corporate and divisional executive teams, as well as other highly qualified employees who possess extensive knowledge in business, technology, and operations. The market for skilled professionals is highly competitive, and there is no guarantee that the Company will be able to retain these employees or recruit and train suitable replacements without incurring significant costs or experiencing delays. | <ol style="list-style-type: none"> i. Investing in training and development programs ii. Offering opportunities for growth and development demonstrates our commitment to our employees' professional growth. iii. Building a robust talent pipeline across responsibility levels through requisite quality in key roles. iv. Maintaining the wages more than minimum wage as per applicable code. v. The company tries to maintain an employee friendly work environment. | Human Capital Development can improve the skills and knowledge of employees. This can lead to increased productivity, improved product quality, and operational efficiency within the company. |
| 6 | Occupational Health & Safety | Risk | Providing comprehensive training on safety procedures, compliance regulations, and ethical practices fosters a secure work environment, reduces accidents, ensures adherence to regulatory requirements, and safeguards the company against legal and reputational risks. | The company has established an On-site Emergency Control Plan, encompassing bi-annual mock drills involving government authorities and neighboring large industries. Additionally, regular safety training sessions are conducted, and all employees at the manufacturing plants are equipped with necessary safety gear. | Non-adherence to the health and safety protocols can impact on health and well-being of employees at the Company. |
| 7 | Product Quality & Safety | Risk | Implementing robust quality control measures and adhering to safety regulations are vital in order to prevent product recalls, mitigate legal repercussions, and safeguard SFL's reputation. It is crucial for us to not only maintain our own adherence to these standards but also ensure that our suppliers and partners uphold similar quality and safety practices. | SFL guarantees compliance with Restriction of Hazardous Substances (RoHS) and REACH regulations, ensuring that all produced foams meet the required standards without the utilization of restricted or harmful chemicals. The company has incorporated NeemFresche technology, sourced from sustainable coconut plantations. This innovative solution physically eliminates pathogens and maintains long-lasting effectiveness. Unlike other protectants, NeemFresche forms durable bonds with cellular structures, ensuring continued protection even with prolonged use and frequent washes. Moreover, NeemFresche has no adverse environmental impact, making it safe for use without any leaching into the air, soil, or water. | Enhancing product quality always provide an enhancement to brand presence and reputation, |

SECTION B: MANAGEMENT AND PROCESS DISCLOSURES

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

| Disclosure Questions | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 |
|--|--|-----|-----|-----|-----|-----|-----|-----|-----|
| Policy and Management Processes | | | | | | | | | |
| 1 a. Whether your entity's policy/policies cover each principle and its core elements of the NGRBCs. (Yes/No) | Yes | Yes | Yes | Yes | Yes | Yes | Yes | Yes | Yes |
| b. Has the policy been approved by the Board? (Yes/No) | Yes | Yes | Yes | Yes | Yes | Yes | Yes | Yes | Yes |
| c. Web Link of the Policies, if available | Some of our policies are available at https://www.sheelafoam.com/investor.html . Other internal policies are placed on the intranet of the Company and are open to access by the relevant stakeholders. | | | | | | | | |
| 2 Whether the entity has translated the policy into procedures. (Yes / No) | The Company has translated the policies and incorporated the principles in its processes and procedures, as applicable. | | | | | | | | |
| 3 Do the enlisted policies extend to your value chain partners? (Yes/No) | The Company is in the process of documenting a Supplier's / Vendor's Code of Conduct that will largely cover the abovementioned principles, and the Company expects its suppliers/vendors to follow the same | | | | | | | | |
| 4 Name of the national and international codes/ certifications/labels/ standards (e.g., Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustee) standards (e.g., SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle. | ISO 9001, ISO 27001, ISO 20000-1, IATF 16949, LEED Certificate for corporate office, SEDEX, BIS Product Certification License IS 7953: 1975, Great Place To Work | | | | | | | | |
| 5 Specific commitments, goals and targets set by the entity with defined timelines, if any. | <ol style="list-style-type: none"> 1. Eliminate PVC from all our packaging 2. All the polythene or plastic used in packaging of the products must be 100% recycled. 3. Going paperless in our operations | | | | | | | | |
| 6 Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met. | <p>We constantly monitor the performance towards ESG Goals and take adequate actions wherever required. We have a robust governance mechanism to monitor the progress of these goals. Various initiatives undertaken by the company to achieve sustainability goals include:</p> <ol style="list-style-type: none"> 1. PVC has been eliminated from all our packaging. 2. Simplifying packaging from current multi-layer format to similar material layering for ease of recycling. 3. We have digitized our invoicing, packing lists, planning documents and gate records. We aim to make our shop floor completely paperless. | | | | | | | | |
| Governance, Leadership and Oversight | | | | | | | | | |
| 7 Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements Mr. Rahul Gautam (Chairman & Managing Director) As a value-driven and ethical organization, we are committed to embedding sustainability into our business and we will prioritize ESG considerations in our decision-making processes at Sheela Foam. This year we are also publishing the Business Responsibility and Sustainability Report (BRSR). We believe that this will enhance trust and transparency with our stakeholders. We are excited about the potential for positive impact and are dedicated to creating a more sustainable future for our company, our stakeholders, and the planet. | | | | | | | | | |
| 8 Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies). | Mr. Rahul Gautam, Chairman & Managing Director (DIN: 00192999) | | | | | | | | |
| 9 Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details. | <p>Yes. The company has extended the 'Risk management committee' to 'Risk Management and ESG committee' to be responsible for decision making on sustainability related issues. The Risk management and ESG committee comprises of 5 members.</p> <p>Mr. Vijay Kumar Ahluwalia : Chairperson Mr. Som Mittal : Member Mr. Rakesh Chahar : Member Mr. Tushaar Gautam : Member Dr. Mahesh Narayanan Gopalamudram : ESG controller</p> | | | | | | | | |

10. Details of Review of NGRBCs by the Company:

| Subject for Review | Indicate whether review was undertaken by Director / Committee of the Board/ Any other Committee | | | | | | | | | Frequency (Annually/ Half yearly/ Quarterly/ Any other - please specify) | | | | | | | | |
|--|---|----|----|----|----|----|----|----|----|--|----|----|----|----|----|----|----|----|
| | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 |
| Performance against above policies and follow up action | Policies, wherever stated, have been approved by the Board / functional heads. Polices are reviewed as and when required. | | | | | | | | | | | | | | | | | |
| Compliance with statutory requirements of relevance to the principles, and, rectification of any non-compliances | The Company is in compliance with all the statutory laws and regulations as applicable. Further, the compliance monitoring is done regularly. | | | | | | | | | | | | | | | | | |

| | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 |
|--|--|----|----|----|----|----|----|----|----|
| 11. Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency | No, however, the Managing director along with the board evaluates the implementation of the policies. Polices are reviewed at periodic intervals depending on the statutory requirements or on need basis. | | | | | | | | |

12. If answer to question (1) above is “No” i.e. not all Principles are covered by a policy, reasons to be stated:

Not applicable since the policies and procedures of the Company cover all principles of NGRBCs

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

PRINCIPLE 1

Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

ESSENTIAL INDICATORS

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

| Segment | Total number of training and awareness programmes held | Topics/principles covered under the training and its impact | %age of persons in respective category covered by the awareness programmes |
|--|--|--|--|
| Board of Directors Key Management Personnel | 12 | During the reporting year, the company presented a note on business review and a presentation on the business developments and financial performance of the Company to the Board and Management on a regular basis, to keep them apprised of the latest developments. The topics include but are not limited to risk management and mitigation plans, customer complaint management, sales and marketing, finance, inventory management and procurement, treasure management, information technology, online sales, production plan execution and control, export opportunities etc. | 93% |
| Employees other than BODs and KMPs | 14 | <ol style="list-style-type: none"> 1. Communication and listening 2. Workshop on Major Accidents and Hazards Control, 3. Employee health and safety - Fire safety, electrical safety, etc. 4. POSH (Prevention of Sexual Harassment) 5. Slabstock PU Foam 6. Enhancing safety through effective leadership 7. Cyber Security | 51% |
| Workers (Contractual) | | On the job trainings are mandatory. No special trainings | |

2. Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format.

| a. Monetary | | | | | |
|-----------------|-----------------|---|-----------------|-------------------|--|
| Type | NGRBC Principle | Name of the regulatory/ enforcement agencies/ judicial institutions | Amount (In INR) | Brief of the case | Has an appeal been preferred? (Yes/No) |
| Penalty/ Fine | | | | | |
| Settlement | | | Nil | | |
| Compounding fee | | | | | |

| b. Non-Monetary | | | | | |
|-----------------|-----------------|---|-------------------|--|--|
| Type | NGRBC Principle | Name of the regulatory/ enforcement agencies/ judicial institutions | Brief of the case | Has an appeal been preferred? (Yes/No) | |
| Imprisonment | | | | | |
| Punishment | | | Nil | | |

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

| Case Details | Name of the regulatory/ enforcement agencies/ judicial institutions |
|----------------|---|
| Not applicable | Not Applicable |

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Yes, Sheela Foam Limited has an anti-corruption and bribery policy as a part of our internal general policies. It is our policy to conduct all of our businesses in an honest and ethical manner. We take a zero-tolerance approach to bribery and corruption. We are committed to act professionally, fairly and with integrity in all our relationships and business dealings wherever we operate. We are also committed to implement and enforce effective systems to counter bribery. Some of our codes / policies are available at <https://www.sheelafoam.com/investor.html>. Other internal policies are placed on the intranet of the Company and are open to access by the pertinent stakeholders.

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

| Category | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|-----------|-------------------------------------|--------------------------------------|
| Directors | Nil | Nil |
| KMPs | | |
| Employees | | |
| Workers | | |

6. Details of complaints with regard to conflict of interest:

| Topic | FY 2022-23 (Current Financial Year) | | FY 2021-22 (Previous Financial Year) | |
|--|-------------------------------------|---------|--------------------------------------|---------|
| | Number | Remarks | Number | Remarks |
| Number of complaints received in relation to issues of Conflict of Interest of the Directors | Nil | | Nil | |
| Number of complaints received in relation to issues of Conflict of Interest of KMPs | | | | |

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not Applicable

LEADERSHIP INDICATORS

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

| Total number of training and awareness programmes held | Topics/principles covered under the training and its impact | %age of persons in value chain covered by the awareness programmes |
|--|---|--|
| 25 | P5: Child Labor P3: Safety P9: Customer Complaints | 44% (Suppliers) |
| 20 | P3: Saathi Skill Development Program | 100% (distributors) |
| 11 | P9: Induction for Call Centre Team | 100% (call center team) |

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has a Code of Conduct for Board of Directors and senior management personnel which provides clear guidelines for avoiding and disclosing actual or potential conflict of interest with the Company. It states below:

The Board of Directors, Key Managerial Personnel and the Senior Management Personnel shall not enter into any transaction which is or may likely to have a conflict with the interest of the Company and shall not engage any of its relative(s), or any other person or entity, for the purposes of circumventing the personal interest involved. The Board of Directors, Key Managerial Personnel and the Senior Management Personnel shall not take up any position or engagement that may be prejudicial to the interest of the Company. The Executive Director(s), Key Managerial Personnel and the Senior Management Personnel shall not take up any outside Employment.

The Code of Conduct can be accessed at: <https://www.sheelafoam.com/pdf/investor/code-of-conduct-sheela-foam.pdf>

PRINCIPLE 2

Businesses should provide goods and services in a manner that is sustainable and safe

ESSENTIAL INDICATORS

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

| Type | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) | Details of improvement in social and environmental aspects |
|------------------------------|---|--|---|
| Research & Development (R&D) | ~₹ 73.7 lacs | | <ul style="list-style-type: none"> Designing of product for Indian Railways involving special feature of complying with human safety in case of any fire incidents. This is achieved while complying with certain standards defined for the usage in the Railways. This product restricts the emissions during fire within the limits which are allowed for human exposure and allow them to escape safely. |
| Capital Expenditure (CAPEX) | ~₹ 108.9 lacs | ~₹ 6.6 lacs | <ul style="list-style-type: none"> VPF process is virtually emission free. VPF technology enables us with the foundation of many eco-friendly foam products with improved physical properties. No need of ABAs(Auxiliary Blowing Agents) as required in traditional foaming process due to its closed chamber process and eventually reducing emissions with maximum levels. This process reduces the usage of chemicals which are not environmentally friendly and has health hazards. VPF technology enables us to produce unique products with value enhancements leading to a competitive edge over other technologies. During production on VPF technology, persons working around are quite comfortable because of no emissions and closed chamber production. If any of the emissions generated, they are captured by carbon beds used in process before they are released to open environment making this production process completely clean and exceeding the most stringent environmental regulations. |

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Though we do not have a formal sustainable sourcing policy, in practice, we carefully select and onboard vendors with robust infrastructure and good manufacturing practices. We strive to enhance vendor infrastructure by implementing solventless lamination in packaging, using compliant granules and inks, maintaining machines and Effluent Treatment Plants effectively, minimizing color dyeing in fabrics, and sourcing foaming inputs from reputable industry leaders. We also aim at eliminating/ minimizing restricted raw materials from products.

b. If yes, what percentage of inputs were sourced sustainably?

The Company is in the process of setting up governance mechanisms to track this data digitally.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

- (a) Plastics (including packaging): As a brand owner, we recycle the plastic waste being produced our manufacturing process (including packaging) through a government registered vendor.
- (b) E-waste: E-waste materials are sold out to authorized e-waste vendors only.
- (c) Hazardous waste: We have been procuring TDI in bulk quantity through tanker and rarely the procurement is made through the drum. Since drums contain stains of TDI therefore we take utmost care and sell them to government authorized agencies only, who further recycle the same.

- (d) Other waste: The wastepaper generated in the production process and from the units are being sold out to the authorized vendor, who further uses them in the manufacturing process of molded paper plates & bowl etc. Additionally, the waste foam- (offcuts/trims) generated from the production process is sold out to the recycling processor which further uses them in the production of rebonded foam. Units segregate all waste and store it separately for further disposal. Further non-hazardous waste is being sold out to local scrap dealers only.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, EPR is applicable to the company. As a leading manufacturer in the foam industry, it is important that we ensure the safe disposal of pre-consumer and post-consumer packaging.

LEADERSHIP INDICATORS

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

Nil

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Since LCA is not conducted, Environmental and Social impacts of our products are presently not known.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

| Indicate Input Material | Recycled or re-used input material to total material | |
|-------------------------|--|---|
| | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
| Recycled Fiber Pillows | 100% | 100% |
| Re-bonded Foam | 91% | 100% |

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

| | FY 2022-23 Current Financial Year | | | FY 2021-22 (Turnover rate in current FY) | | |
|--------------------------------|---|----------|-----------------|---|----------|-----------------|
| | Reused | Recycled | Safely Disposed | Reused | Recycled | Safely Disposed |
| Plastics (including packaging) | The Company is in the process of setting up governance mechanisms to track this data digitally. | | | | | |
| E-waste | | | | | | |
| Hazardous waste | | | | | | |
| Other waste | | | | | | |

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

| Indicate product category | Reclaimed products and their packaging materials as % of total products sold in respective category |
|---------------------------|---|
| | Nil |

PRINCIPLE 3

Businesses should respect and promote the well-being of all employees, including those in their value chains

ESSENTIAL INDICATORS

1. a. Details of measures for the well-being of employees:

| Category | Total (A) | Health & Accident Insurance | | Maternity Benefits | | Paternity Benefits | | Day Care Facilities | |
|---|------------|-----------------------------|-------------|--------------------|-------------|--------------------|------------|---------------------|------------|
| | | Number (B) | % (B / A) | Number (C) | % (C / A) | Number (E) | % (E / A) | Number (F) | % (F / A) |
| Permanent | | | | | | | | | |
| Male | 612 | 612 | 100% | - | - | Nil | Nil | Nil | Nil |
| Female | 54 | 54 | 100% | 54 | 100% | Nil | Nil | Nil | Nil |
| Total | 666 | 666 | 100% | 54 | 100% | Nil | Nil | Nil | Nil |
| Other than Permanent (Contractual) | | | | | | | | | |
| Male | 25 | Nil | Nil | Nil | Nil | Nil | Nil | Nil | Nil |
| Female | 16 | Nil | Nil | Nil | Nil | Nil | Nil | Nil | Nil |
| Total | 41 | Nil | Nil | Nil | Nil | Nil | Nil | Nil | Nil |

Details of measures for the well-being of workers:

| Category | Total (A) | Health & Accident Insurance | | Maternity Benefits | | Paternity Benefits | | Day Care Facilities | |
|---|-------------|-----------------------------|-------------|--------------------|-------------|--------------------|----------|---------------------|-------------|
| | | Number (B) | % (B / A) | Number (C) | % (C / A) | No. | % | Number (B) | % (B / A) |
| Permanent | | | | | | | | | |
| Male | 1197 | 1197 | 100% | - | - | - | - | Nil | Nil |
| Female | 59 | 59 | 100% | 59 | 100% | - | - | Nil | Nil |
| Total | 1256 | 1256 | 100% | 59 | 100% | - | - | Nil | Nil |
| Other than Permanent (Contractual) | | | | | | | | | |
| Male | 741 | 741 | 100% | - | - | - | - | 741 | 100% |
| Female | 42 | 42 | 100% | 42 | 100% | - | - | 42 | 100% |
| Total | 783 | 783 | 100% | 42 | 100% | - | - | 783 | 100% |

2. Details of retirement benefits, for Current FY and Previous Financial Year:

| Sr. No. | Benefits | FY 2022-23 (Current FY) | | | FY 2021-22 (Previous FY) | | |
|---------|-------------------------|--|---|--|--|---|--|
| | | No. of employees covered as a % of total employees | No. of workers covered as a % of total worker | Deducted and deposited with the authority (Y/N/N.A.) | No. of employees covered as a % of total employees | No. of workers covered as a % of total worker | Deducted and deposited with the authority (Y/N/N.A.) |
| 1 | PF | 100% | 100% | Y | 100% | 100% | Y |
| 2 | Gratuity | 100% | 100% | NA | 100% | 100% | NA |
| 3 | ESI | 1.1% | 57.3% | Y | 1% | 43% | Y |
| 4 | Others - please specify | - | - | - | - | - | - |

3. Accessibility of workplaces: Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

We understand the importance of meeting the requirements of the Rights of Persons with Disabilities Act, 2016. Our company has implemented various measures to provide accessible infrastructure at corporate office and plants to support differently abled employees and worker.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Yes, the company has an Equal Opportunity Policy as part of internal HR policies (Anti-Discrimination Policy). It states as following: Sheela Foam is an "equal opportunity employer." Sheela Foam will not discriminate and will take "affirmative action" measures to ensure against discrimination in employment, recruitment, advertisements for employment, compensation, termination, upgrading, promotions, and other conditions of employment against any employee or job applicant on the bases of race, creed, color, national origin, or gender. Internal policies are accessible on the intranet to the pertinent stakeholders.

5. Return to work and Retention rates of permanent employees and workers that took parental leave.

| Gender | Permanent Employees | | Permanent Workers | |
|--------------|---------------------|----------------|---------------------|----------------|
| | Return to work rate | Retention rate | Return to work rate | Retention rate |
| Male | - | - | - | - |
| Female | 100% | 100% | 100% | 100% |
| Total | 100% | 100% | 100% | 100% |

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

| Category | Yes/No | Details of the mechanism in brief |
|--------------------------------|--------|---|
| Permanent Workers | Yes | The company has an Employees Grievance Redressal Policy in place internally available to all employees and workers. An employee may face any problem or has concern about his/her work, working environment, or working relationships that he/she wish to raise with someone in the organization. The Company encourages free communication between the employee and the Supervisor / Manager / Head of Function to ensure such problems and concerns can be resolved in the quickest and fairest possible way and at the lowest possible level within the organization. The mechanism has 3 stages of escalation and grievance raised is treated in the strictest of confidence. |
| Other than Permanent Workers | Yes | |
| Permanent Employees | Yes | |
| Other than Permanent Employees | Yes | |

7. Membership of employees and worker in association(s) or Unions recognized by the listed entity:

| Category | FY 2022-23 (Current FY) | | | FY 2021-22 (Previous FY) | | |
|----------------------------|--|--|---------|--|--|--------|
| | Total employees / workers in respective category (A) | No. of employees / workers in respective category, who are part of association(s) or Union (B) | % (B/A) | Total employees / workers in respective category (C) | No. of employees / workers in respective category, who are part of association(s) or Union (D) | %(D/C) |

| Female | 59 | 59 | 100% | 120 | 120 | 100% |
| Total | 1256 | 1256 | 100% | 2117 | 2117 | 100% |

10. Health and safety management system:

| | |
|--|--|
| a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No) | Yes |
| a. 1 What is the coverage of such system? | All employees and workers |
| b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity? | Check lists, SOPs, work permit systems, safety audits, regular safety committee meetings are some of the processes to identify work related hazards. HAZOP study and risk assessment of the plant is also conducted. |
| c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks. (Yes/No) | Yes |
| d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No) | Yes |

11. Details of safety related incidents, in the following format:

| Safety Incident/Number | Category | FY 2022-23 (Current FY) | FY 2021-22 (Previous FY) |
|---|-----------|-------------------------|--------------------------|
| Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked) | Employees | NA | NA |
| | Workers | NA | NA |
| Total recordable work-related injuries | Employees | 3 | 0 |
| | Workers | 20 | 33 |
| No. of fatalities | Employees | 0 | 0 |
| | Workers | 0 | 0 |
| High consequence work-related injury or ill-health (excluding fatalities) | Employees | NA | NA |
| | Workers | NA | NA |

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

To ensure a safe and healthy workplace, daily safety talks before the start of the routine activities are conducted. ‘Toolbox Talk’ on various safety topics of daily importance is organized by Shop Engineers / Shift In-charge to sensitize workers about workplace safety. Unit wise fire safety members called as ‘crew team members’ are aligned along with fire extinguisher attached to them. There is more than required stored water for fire prevention. We conduct regular trainings on good health and safety practices as well.

Safety audits are conducted regularly to ensure everything is in compliance. There is full compliance of OS&H (Occupational Safety and Health) and related applicable legal requirements and other requirements.

13. Number of Complaints on the following made by employees and workers:

| Topic | FY 2022-23 (Current Financial Year) | | | FY 2021-22 (Previous Financial Year) | | |
|--------------------|-------------------------------------|---------------------------------------|---------|--------------------------------------|---------------------------------------|---------|
| | Filed during the year | Pending resolution at the end of year | Remarks | Filed during the year | Pending resolution at the end of year | Remarks |
| Working Conditions | 0 | NA | - | 0 | NA | - |
| Health & Safety | 0 | NA | - | 0 | NA | - |

14. Assessments for the year:

| Topic | % of your plants and offices that were assessed (by entity or statutory authorities or third parties) |
|-----------------------------|---|
| Health and safety practices | 100% |
| Working Conditions | 100% |

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

1. Wheel chokes were applied to arrest accidental movement of the chemical tankers.
2. Pipeline Color Codes followed by SFL displayed at vital places to know what contents are being carried across the pipelines.
3. Toe Board / Toe Guard provided on the first floor of process area to prevent fall of tool/material inadvertently.

LEADERSHIP INDICATORS

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes, for all permanent employees.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners

The Company is compliant with deduction of statutory dues of employees towards income tax, provident fund, ESIC etc. as applicable from time to time. Value chain partners (vendors, distributors) are also encouraged to comply as per the business agreements with the Company.

3. Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment

| Category | Total no. of affected employees/ workers | | No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment | |
|-----------|--|---|---|---|
| | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
| Employees | NIL | NIL | NIL | NIL |
| Workers | NIL | NIL | NIL | NIL |

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No).

Yes. The Company provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment.

5. Details on assessment of value chain partners:

| Topic | % of value chain partners (by value of business done with such partners) that were assessed |
|-----------------------------|---|
| Health and safety practices | 44% |
| Working Conditions | |

Note: Only suppliers are accounted in the calculation of the %age of value chain partners assessed on health & safety and working conditions.

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Not applicable

PRINCIPLE 4

Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity:

SFL has mapped its internal and external stakeholders and based on the valuation provided in the value chain and relevance for the organization, the major/ key categories include:

- Investors
- Shareholders
- Employees
- Customers
- Community organizations/ NGOs
- Vendors / Suppliers / Contractors of goods and services
- Distributors & dealers
- Government & Regulatory Authority

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group:

| Stakeholder Group | Whether identified as Vulnerable & Marginalized Group (Yes/No) | Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other | Frequency of engagement (Annually/ Half yearly/ Quarterly /others - please specify) | Purpose and scope of engagement including key topics and concerns raised during such engagement |
|--------------------------------|--|---|---|---|
| Shareholder | No | Website, Shareholder Meetings, Email, Central Telephone Number, Notice, Newspaper | Quarterly | <ul style="list-style-type: none"> • Awareness (Q&A) session on performance and results of the company • Annual General Meeting |
| Investor | No | Meeting, Notice, Newspaper, Email, Website | Regularly | <ul style="list-style-type: none"> • Resolve any queries received from investors. • Showcase an overview of SFL's business performance, strengths, future strategy, etc. |
| Employees | No | Email, ERP, SMS, Townhall Meetings | As and when required | <ul style="list-style-type: none"> • Career development, diversity and equal opportunity, health and safety, skill upgradation, learning and development, organisational culture/ workplace, grievances and remuneration |
| Customers | No | Stores, Experience, Advertising, Newspaper, pamphlets, Hoarding/ banner, SMS, website, phone | As and when required | <ul style="list-style-type: none"> • Offers • Brand awareness • New product development • Product feedback |
| Community organizations / NGOs | Yes | Need assessments for CSR projects through surveys and focused group discussions | As and when required | <ul style="list-style-type: none"> • Assessment of community needs • Selection of new projects based on needs • Monitoring and evaluation of on-going projects |

| Stakeholder Group | Whether identified as Vulnerable & Marginalized Group (Yes/No) | Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other | Frequency of engagement (Annually/ Half yearly/ Quarterly /others - please specify) | Purpose and scope of engagement including key topics and concerns raised during such engagement |
|---|--|---|---|--|
| Vendors / Suppliers / Contractors of goods and services | No | Physical meetings, Emails, Telephone | Frequent and as may be required | <ul style="list-style-type: none"> • New business opportunities • Query Resolution & Grievance Redressal. • Supplier performance assessment. • Addressing non-compliance issues • Signing / breach of contract. |
| Distributors and dealers | No | Physical meetings, Emails, Telephone, conferences | Frequent and as may be required | <ul style="list-style-type: none"> • Query Resolution & Grievance Redressal. • Distributor's performance assessment. • Addressing non-compliance issues. |
| Government and regulatory authorities | No | Written communications, Presentations, Industry associations, websites, advertisements | Frequent and as may be required | <ul style="list-style-type: none"> • Understanding and adherence to local governance • Seeking clarifications and relaxation • Communicating challenges and providing recommendations. |

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company has in place a Stakeholders Relationship Committee of the Board ("SRC") which has been constituted by the Board for speedy redressal of grievances/ complaints relating to stakeholders / investors, and also has in place a Corporate Social Responsibility Committee, which identifies CSR activities to be undertaken by the Company, affecting communities in areas or subject as specified in Schedule VII of the Act and Rules made thereunder. Further, a dedicated email id is also available for community/ NGOs to register their grievances. The Risk Management Committee has also been constituted to identify elements of risk in different areas of operations. The committee evaluates significant risk exposures of the company and assess management's actions to mitigate the exposures in a timely manner. This also includes the ESG risks. The observations of each of these Committees are duly intimated to the Board at its respective meeting. Value Chain Partners may register their complaints / grievances / concerns directly with the head of the concerned department of the Company. All employees of the Company have direct access to the to the Chairman of the Audit Committee under the Vigil Mechanism implemented by the Company through which Directors, Senior Management & Employees may report breach of Code of Conduct including Code of Conduct for Insider Trading, unethical business practices, illegality, fraud, corruption, leak of unpublished price sensitive information pertaining to the Company etc. at workplace without fear of reprisal.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

Stakeholder consultation is eminent to in order to create long-term value and we take steps to understand each stakeholder group's needs and priorities through several mediums, including direct engagement or via delegated committees and forums.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

EMOTIONAL WELLNESS PROGRAMME:

Sleepwell foundation is championing the advocacy of "substituting the term mental with emotional and bringing proactiveness in emotional wellness.

Our Initiative supports the IEC activities of the Government of India's National Mental Health Program (NMHP) for the purpose of increasing awareness of mental health. Through our initiatives we create literacy and build awareness of proactive emotional wellness. We have created a total reach of 435 million people.

Our interventions include conducting educational workshops for Children and Youth, organizing training programmes for Teachers and creating Counsellors at the community level. Topics like Gender Sensitization, Examination Stress Management, Menstruation Health and Hygiene,

Prevention of Bullying in Schools, Enhancing Perception and Communication are intended to educate children and adolescents and PROTECT THEM FROM VULNERABILITY IN LIFE AND CREATE AN EMOTIONALLY SAFE SPACE for their growth. We leverage social media to enhance Emotional Wellness through Information, Education and Communication. Our films on emotional wellness have millions of viewers and are bringing behavior and attitude change in society. Our program BCS - Barefoot Basic Counselling Skills Workshops CREATES MENTAL HEALTH COUNSELLORS AT THE GRASSROOTS LEVEL. It is a step toward addressing an acute shortage of counsellors in India.

SKILL DEVELOPMENT PROGRAMME:

Set up Sleepwell Foundation Skill Development Centre at Village Mirpur on the outskirts of Khurja, (UP). The Centre has TRAINED MORE THAN 8000 RURAL YOUTH and is helping to meet the objectives of the National Skill Development Corporation (NSDC) in filling the skill gap and achieving the vision of a 'Skilled India'.

Sleepwell Foundation is a firm believer in the power of Proactiveness and creating opportunities before even when the need arises. Preventive or proactive approach helps in alleviating many challenges much before they become acute issues and is many times able to nip the problem in the bud.

While recognizing the need for preparing the Rural Youth, Sleepwell Foundation was proactive in establishing Col Gautam Academy for armed forces, a training academy for recruitment in the Indian army and paramilitary forces. The Academy is focused on skilling both Girls and Boys desirous of joining the armed forces. It provides Physical and Classroom training along with all the necessary information and guidance regarding recruitment procedures of the Army, Navy, Air Force, Police, RPF, CISF, BSF, ITBP and other allied services. Sleepwell Foundation understands the social fabric of rural areas that puts various restrictions on young women to move out to distant locations for their livelihood. We introduce skilling courses that are meaningful, productive and sustainable in the context of the Rural and semi-urban economy. We aim at empowering the youth within the ambit of the social framework so that they not only get gainfully employed but also grow and contribute to the economy of the place.

MasterG fashion designing course for women is one such course in this direction.

Patternmaking in garment manufacturing has been a man's job and the role of a pattern maker, colloquially called 'Masterji', has always been passed from father to son in a traditional set-up. At MasterG, we democratize the art of pattern making to give women the tools for imagination that help them in redesigning their lives.

PARAMEDICAL COURSES: The Covid-19 pandemic has brought to light the acute shortage of healthcare

professionals in rural India and cast a spotlight on rural-urban health inequalities. Besides, the pandemic also highlighted a great scope in the paramedical sector because of the high number of job opportunities in the fast-growing medical industry. To capitalize on this emerging opportunity, we introduced Paramedical Courses at SDC Khurja. Our paramedical courses are affiliated with DPMI, a leader in providing healthcare training in India. The courses saw overwhelming participation, both male and female, and on course completion, almost all of our trainees are interned at Govt. Hospitals and other health care facilities in and around Khurja.

In conforming with SDG 3, our paramedical courses aim to achieve universal health coverage, that seeks equitable access to healthcare services for all men and women in the rural setting.

SELLING SKILL COURSE: Sales is the backbone of any business with millions of people employed under its ambit. In recognizing the vast potential this trade offers especially in view of upcoming "Noida International Airport" at Jewar (UP), we have introduced SELLING SKILL COURSE at our SDC Khurja campus. The course is intended to provide basic selling skills to the trainees in tandem with modern marketing principles to make them effective salespeople. The course is taught by an expert in the industry and is expected to open millions of opportunities and offer decent work for all those who pass out with this skillset.

COMPUTER AND ENGLISH LESSONS: Finally, all our trainees at SDC Khurja undergo Computer and English lessons mandatorily. It is perceived that knowledge of Computers and English are the currencies of the world. Without these, our youth from Rural India would always be lagging behind. We want them to be always at home, wherever they go, whatever they do in their lives. In the last 4 years of the inception of SDC Khurja, thousands of youth were trained our trainees are well placed in the Armed forces and leading Corporates. Many have chosen the path of entrepreneurship and set up businesses that provide self-employment and improve the economy as well as their quality of living.

ON & OFFLINE WORKSHOPS: We conduct on & offline workshops for youth at national level

HOW TO START A BUSINESS WORKSHOPS : (A series of 3-Day Workshop, conducted for ITI/Diploma Students, Graduates & Pursuing Graduates etc. of various colleges) to prepare and motivate youth to set-up their own business, thereby addressing unemployment issues.

ENHANCE YOUR PROFESSIONAL EFFECTIVENESS WORKSHOPS: A series of 4-Day Workshop, conducted for Supervisors and middle management team of SMEs to enhance their soft skills and thereby increasing productivity of the organizations where they are employed.

PRINCIPLE 5

Businesses should respect and promote human rights

Essential Indicators

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

| Category | FY 2022-23 Current Financial Year | | | FY 2021-22 Previous Financial Year | | |
|------------------------|-----------------------------------|--|------------|------------------------------------|--|------------|
| | Total (A) | No. of employees / workers covered (B) | % (B / A) | Total (C) | No. of employees / workers covered (D) | % (D / C) |
| Employees | | | | | | |
| Permanent | 666 | Nil | Nil | 637 | Nil | Nil |
| Other than permanent | 41 | Nil | Nil | 24 | - | - |
| Total Employees | 707 | Nil | Nil | 661 | Nil | Nil |
| Workers | | | | | | |
| Permanent | 1256 | Nil | Nil | 1427 | Nil | Nil |
| Other than permanent | 783 | Nil | Nil | 818 | Nil | Nil |
| Total Workers | 2039 | Nil | Nil | 2245 | Nil | Nil |

2. Details of minimum wages paid to employees and workers, in the following format:

| Category | FY 2022-23 (Current Financial Year) | | | | | FY 2021-22 (Previous Financial Year) | | | | |
|-----------------------------|-------------------------------------|---------------------------------------|--------------------------------------|---|--|--------------------------------------|---------------------------------------|--------------------------------------|---|--|
| | Total Count in Current FY | Number of Employees Paid Minimum wage | % age of Employees Paid Minimum wage | Number of Employees Paid more than Minimum wage | % age of Employees Paid more than Minimum wage | Total Count in Previous FY | Number of Employees Paid Minimum wage | % age of Employees Paid Minimum wage | Number of Employees Paid more than Minimum wage | % age of Employees Paid more than Minimum wage |
| Employees | | | | | | | | | | |
| Permanent | | | | | | | | | | |
| Male | 612 | - | - | 612 | 100% | 585 | - | - | 585 | 100% |
| Female | 54 | - | - | 54 | 100% | 52 | - | - | 52 | 100% |
| Other than permanent | | | | | | | | | | |
| Male | 25 | - | - | 25 | 100% | 14 | - | - | 14 | 100% |
| Female | 16 | - | - | 16 | 100% | 10 | - | - | 7 | 100% |
| Workers | | | | | | | | | | |
| Permanent | | | | | | | | | | |
| Male | 1197 | - | - | 1197 | 100% | 1367 | - | - | 1367 | 100% |
| Female | 59 | - | - | 59 | 100% | 60 | - | - | 60 | 100% |
| Other than Permanent | | | | | | | | | | |
| Male | 741 | - | - | 741 | 100% | 760 | - | - | 760 | 100% |
| Female | 42 | - | - | 42 | 100% | 58 | - | - | 58 | 100% |

3. Details of remuneration/salary/wages, in the following:

| | Male | | Female | |
|----------------------------------|------|---|--------|---|
| | No. | Median remuneration/ salary/ wages of respective category | No. | Median remuneration/ salary/ wages of respective category |
| Board of Directors | 7* | 23,480,000 | 2 | 22,736,000 |
| Key Managerial Personnel (1) | 2# | 685894 | - | - |
| Employees other than BoD and KMP | 608 | 51355 | 53 | 50968 |
| Workers | 1197 | 20069 | 59 | 20184 |

Note: * Independent directors are excluded from the remuneration calculation due to their non- involvement in day-to- day activities.

KMPs includes CS and CFO.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the company Chief Human Resource Officer (CHRO) is the focal point responsible for addressing human rights impacts or issues caused or contributed to by the business.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The company has the Employee grievance mechanism policy internally accessible on the intranet to all the employees. Under these policies, we have established 4 levels of escalation.

6. Number of Complaints on the following made by employees and workers:

| | FY 2022-23 (Current Financial Year) | | | FY 2021-22 (Previous Financial Year) | | |
|------------------------------------|-------------------------------------|---------------------------------------|---------|--------------------------------------|---------------------------------------|---------|
| | Filed during the year | Pending resolution at the end of year | Remarks | Filed during the year | Pending resolution at the end of year | Remarks |
| Sexual Harassment | Nil | Nil | - | Nil | Nil | - |
| Discrimination at workplace | Nil | Nil | - | Nil | Nil | - |
| Child Labour | Nil | Nil | - | Nil | Nil | - |
| Forced Labour / Involuntary Labour | Nil | Nil | - | Nil | Nil | - |
| Wages | Nil | Nil | - | Nil | Nil | - |
| Other human rights related issues | Nil | Nil | - | Nil | Nil | - |

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company has an Anti-Social Harassment policy in place which is in line with the requirements of Sexual Harassment of women at Workplace (Prevention, Prohibition and Redressal) Act 2013. The Internal system has been set up to redress complaints received regarding sexual harassment.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

SFL encourages suppliers to provide an inclusive and supportive working environment and to exercise diversity when it comes to their employees as well as in their decisions to select subcontractors.

9. Assessments for the year:

| | % of your plants and offices that were assessed (by entity or statutory authorities or third parties) |
|-----------------------------|--|
| Child labor | 100% |
| Forced/involuntary labor | The Company recognizes that the success of Company’s business, quality of work and brand perception depends on the ability and commitment of its employees. Human rights practices like prevention of Child labour, Forced/involuntary labour, are taken care during hiring process. |
| Sexual harassment | |
| Discrimination at workplace | |
| Wages | |
| Others - please specify | The Company has policy relating to Anti-Social Harassment, which is committed to creating a healthy and safe working environment that enables employees to work without fear of prejudice, bias and sexual harassment. |

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Not applicable

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

Not Applicable, as the Company has not received any grievance/complaint

2. Details of the scope and coverage of any Human rights due-diligence conducted.

Please refer response to Question number 9 of Principle 5.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, offices and plants are accessible to differently abled visitors.

4. Details on assessment of value chain partners:

| | % of value chain partners (by value of business done with such partners) that were assessed |
|----------------------------------|--|
| Sexual harassment | 44% of suppliers |
| Discrimination at workplace | |
| Child labour | SFL encourages suppliers to provide an inclusive and supportive working environment and to exercise diversity when it comes to their employees. SFL on board vendors who have operations in formal industrial areas i.e. aspects like child labor, forced labor etc. are continuously monitored by assigned authorities of the industrial areas. |
| Forced labour/involuntary labour | |
| Wages | |
| Others - please specify | |

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

Not applicable

PRINCIPLE 6

Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--|---|
| Total electricity consumption (A) | 30197.4 GJ | 27148.9 GJ |
| Total fuel consumption (B) | 3361.5 GJ | 6134 GJ |
| Energy consumption through other sources (C) | - | - |
| Total energy consumption (A+B+C) | 33558.9 GJ | 33282.9 GJ |
| Energy intensity per rupee of turnover (Total energy consumption/turnover in rupees) | | |
| Energy intensity (optional) - the relevant metric may be selected by the entity | - | - |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yeas, name of the external agency.

No

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

The Company does not have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water, in the following format:

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--|---|
| Water withdrawal by source (in kilolitres) | | |
| (i) Surface water | 0 KL | 0 KL |
| (ii) Groundwater | 35571 KL | 74251 KL |
| (iii) Third party water | 20817 KL | 2402 KL |
| (iv) Seawater / desalinated water | 0 KL | 0 KL |
| (v) Others | 0 KL | 0 KL |
| Total volume of water withdrawal (in kilolitres) (i+ii+iii+iv+v) | 56388 KL | 76653 KL |
| Water intensity per rupee of turnover (Water consumed in kilolitres / turnover in crores) | | |
| Water intensity (optional) - the relevant metric may be selected by the entity | | |
| Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? | No | No |

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

We do not have any water discharge generating from our operations. We have installed STP at our Corporate Office and plants at Greater Noida, Hyderabad, Jalpaiguri, Kalamb, Erode and Talwada, which treats the water used for domestic purposes. The treated water is then reused and recycled for gardening or sent back to earth for recharge, as appropriate.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

| Parameter | Please specify unit | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|-------------------------------------|---------------------|--|---|
| NOx | kg | Not available | Not available |
| SOx | - | Not available | Not available |
| Particulate matter (PM) | - | Not available | Not available |
| Persistent organic pollutants (POP) | - | Not available | Not available |
| Volatile organic compounds (VOC) | - | Not available | Not available |
| Hazardous air pollutants (HAP) | - | Not available | Not available |
| Others - please specify (CO) | kg | Not available | Not available |

Note: SFL is compliant with the state pollution control board recommended industrial air quality norms

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external

No.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

| Parameter | Unit | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|---------------------------------|--|---|
| Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available) | Metric tonnes of CO2 equivalent | The Company is in the process of computing the GHG emissions generated | |
| Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available) | Metric tonnes of CO2 equivalent | | |

| Parameter | Unit | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|---|--|---|
| Total Scope 1 and Scope 2 emissions intensity | Metric tonnes of CO2 equivalent / crore of turnover | | |
| Total Scope 1 and Scope 2 emission intensity (optional)- the relevant metric may be selected by the entity | - | | |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Not applicable

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide detail

1. Installation of solar plants and LED lights.
2. Solar power project, project on conversion of DG sets from diesel to PNG in Greater Noida plant.
3. Vertical Variable Pressure Foaming (VPF) technology to reduce fumes and GHG emissions
4. 95% of lighting is with LED in Rajpura plant

8. Provide details related to waste management by the entity, in the following format:

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--|---|
| Total Waste generated (in metric tonnes) | | |
| Plastic waste | 107.45 MT | 23.2 MT |
| E-waste | 13.78 MT | 14.3 MT |
| Bio-medical waste | Nil | Nil |
| Construction and demolition waste | 4.5 MT | Nil |
| Battery waste | 2.52 MT | Nil |
| Radioactive waste | Nil | Nil |
| Other Hazardous waste. Please specify, if any. | 34.4 MT | 0.272 |
| Other Non-hazardous waste generated. Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector) | 1259.6 MT | 3051.80 MT |
| Total | 1422.30 MT | 3107.83 MT |

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)

| Category of waste | | |
|---------------------------------|--|-----|
| (i) Recycled | | |
| (ii) Re-used | | |
| (iii) Other recovery operations | | |
| Total | | Nil |

For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)

| Category of waste | | |
|---------------------------------|--------------------------------|------------|
| (i) Incineration | Nil | Nil |
| (ii) Landfilling | Nil | Nil |
| (iii) Other disposal operations | 1422.30 MT (authorised vendor) | Nil |
| Total | 1422.30 MT | Nil |

Note: Includes iron, tin, quilting & other scrap

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Given the nature of the business, the generation of hazardous and toxic waste by the Company is minimal.

We are the manufacturer of polyurethane foam and its product. The TDI is the main raw material which is used for the production of foam. To ensure social & environmental responsibility following waste management actions have been taken us:-

1. We have been procuring TDI in bulk quantity through tanker and rear of the rear cases procurement is made through the drum. Since drums contain stains of TDI therefore we take utmost care and sell them to Government authorized agencies only, who further recycle the same.
2. The wastepaper generated in the production process and from the units are being sold out to the authorized vendor, who further uses them in the manufacturing process of molded paper plates & bowl etc.
3. Waste Foam - Waste foam generated from the production process is sold out to the recycling processor which further uses them in the production of rebonded foam
4. Other E-waste materials are sold out to authorized vendors only.

5. We have obtained the required license from the Government Department as a brand owner for the plastic waste being produced in the manufacturing process. Further, the waste is recycled by M/s ICPL on our behalf.
6. Units segregate all waste and store it separately for further disposal. Further non-hazardous waste is being sold out to local scrap dealers only.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Not applicable

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year.

Not Applicable

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format.

Yes, the Company is generally compliant with the applicable environmental laws / regulations/ guidelines in India.

Leadership Indicators

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|---|--|---|
| From renewable sources (GJ) | | |
| Total electricity consumption | 2768.03 GJ | 1399.20 GJ |
| Total fuel consumption | | |
| Energy consumption through other sources | | |
| Total energy consumed from renewable sources | 2768.03 GJ | 1399.20 GJ |
| From non-renewable sources (GJ) | | |
| Total electricity consumption | 27429.40 GJ | 25749.76 GJ |
| Total fuel consumption | 3361.53 GJ | 6133.76 GJ |
| Energy consumption through other sources | | |
| Total energy consumed from non-renewable sources | 30790.93 GJ | 31883.52 GJ |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

2. Provide the following details related to water discharged:

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--|---|
| Water discharge by destination and level of treatment (in kilolitres) | | |
| (i) To Surface water | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (ii) To Groundwater | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (iii) To Seawater | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (iv) Sent to third-parties | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (v) Others | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | 10446 KL* | 8616 KL* |
| | STP treatment | STP Treatment |
| Total water discharged (in kilolitres) | 10446 KL | 8616 KL |

* We have installed STP at our Corporate Office and plants, which treats the water used for domestic purposes. The treated water is then reused and recycled for gardening or sent back to earth for recharge, as appropriate.

3. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

Water consumption is reported for the following offices / plants where the water stress is over-exploited or critical: Hyderabad, Ghaziabad, Greater Noida, Patiala and Erode.

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--|---|
| Water withdrawal by source (in kilolitres) | | |
| (i) Surface water | Nil | Nil |
| (ii) Groundwater | 22,426 KL | 60,767 KL |
| (iii) Third party water | 20,817 KL | Nil |
| (iv) Seawater / desalinated water | Nil | Nil |
| (v) Others | Nil | Nil |
| Total volume of water withdrawal (in kilolitres) | 43,243 KL | 60,767 KL |
| Total volume of water consumption (in kilolitres) | 43,243 KL | 60,767 KL |
| Water intensity per rupee of turnover (Water consumed / turnover) | | |
| Water intensity (optional) - the relevant metric may be selected by the entity | | |
| Water discharge by destination and level of treatment (in kilolitres) | | |
| (i) into Surface water | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (ii) into Groundwater | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (iii) into Seawater | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (iv) Sent to Third parties | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | Nil | Nil |
| (v) Others | Nil | Nil |
| - No treatment | Nil | Nil |
| - With treatment - please specify level of treatment | 6590 KL* | 7672 KL* |
| | STP Treatment | STP Treatment |
| Total water discharged (in kilolitres) | 6590 KL | 7672 KL |

* We have installed STP at our Corporate Office and plants which treats the water used for domestic purposes. The treated water is then reused and recycled for gardening or sent back to earth for recharge, as appropriate.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Not applicable

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

| Parameter | Unit | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|--|--------------------------|--|---|
| Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available) | tCO ₂ e | Not Measured | Not Measured |
| Total Scope 3 emissions per rupee of turnover | tCO ₂ e / INR | - | - |
| Total Scope 3 emission intensity (optional) - the relevant metric may be selected by the entity | - | - | - |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

N.A., as the Company does not have operations/offices in/around ecologically sensitive areas where environmental approvals / clearances are required

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

| Sr. No. | Initiative undertaken | Details of the initiative (Web-link, if any, may be provided along-with summary) | Outcome of the initiative |
|---------|---|---|---|
| 1 | Switching to renewable source of energy | Installation of solar plants and LED lights. | Energy efficiency and lower GHG emissions |
| 2 | Switching to renewable source of energy | Solar power project, project on conversion of DG sets from diesel to PNG in Greater Noida plant. | Energy efficiency and lower GHG emissions |
| 3 | Better Technology Adoption | Vertical Variable Pressure Foaming (VPF) technology to reduce fumes and GHG emissions | Reduced fumes and GHG emissions, |
| 4 | Switching to renewable source of energy | 95% of lighting is with LED in Rajpura plant | Energy efficiency and lower GHG emissions |
| 5 | LEED Certification | Sheela foam’s corporate office building is certified as LEED BD+C (Core and shell) Platinum rating that provides a cost effective, energy, and resource efficient framework for all commercial buildings. | Less energy and water usage, Green building mechanism which supports the climate, Shrink carbon footprint |
| 6 | Reduced occupancy sensor delays in lift and toilet lights | We reduced the occupancy sensor delay time in lift lobby and toilets from 15 mins to 5 mins | Energy efficiency |
| 7 | Sensor taps for washroom area | Sensor taps come with built-in sensors that allow it to detect motion and when an object appears in the front of tap, it automatically lets the water out. | Less water consumption and water wastage upto 70% |
| 8 | Automated streetlights and tube lights | 100% streetlights and tube lights at the mezzanine tunnels are automated for timely switch on/off to reduce unnecessary energy wastage | Energy Efficiency |
| 9 | Trainings on re-use and recycle | Trainings have been provided to the company associates for ‘Out of the box thinking’ on how to reuse and recycle the used/ scrap materials. | Circularity, Reduced waste |
| 10 | Procurement of electrical equipment | Procuring electrical equipment such as switch-gears and appliances for better utilization and minimum wastage of any kind. | Reduced waste |
| 11 | Trees plantation and water harvesting | Plantation of trees for greenery and installation of water harvesting pits | Mitigation of climate change risks, water saving |

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Sheela Foam Limited has a comprehensive Business Continuity Plan (BCP) in place to ensure continuity of operations and manage disasters effectively. The BCP includes standby databases, redundancy on hardware, regular database backups, and security measures such as firewalls. The plan is reviewed annually and updated when necessary. Data leakage prevention tools are deployed, and BCP testing is conducted every six months. The BCP leader coordinates the development and maintenance of the plan, declares disaster scenarios, conducts audits and testing, and ensures training for team members.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

No significant adverse impacts have been reported from any value chain partners. Suppliers are expected to provide a safe and healthy working environment and, if applicable, safe and healthy company living quarters, and to operate in an environmentally responsible and efficient manner.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impact

SFL encourages suppliers to provide an inclusive and supportive working environment and to exercise diversity when it comes to their employees. We are currently in process of selecting the assessment criterion for value chain partners.

PRINCIPLE 7

Businesses when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a) Number of affiliations with trade and industry chambers/ associations.

The Company is affiliated with 5 trade and industry chambers/ associations

b) List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

| S. no | Name of the trade and industry chambers/ associations | Reach of trade and industry chambers/ associations (State/National) |
|-------|---|---|
| 1 | Indian Polyurethane Association | National |
| 2 | Industrial associations located at respective units | State |
| 3 | Indian Sleep Products Federation | National |
| 4 | ASSOCHEM | International |
| 5 | CII | National |

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities

No significant adverse impacts have been reported from any value chain partners.

LEADERSHIP INDICATORS

1. Details of public policy positions advocated by the entity

SFL participates in public policy advocacy at various forums as CII, ISFB through concerned departments in consultation with management.

PRINCIPLE 8

Businesses should promote inclusive growth and equitable development.

ESSENTIAL INDICATORS

- 1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Not Applicable

- 2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity:**

Not Applicable

- 3. Describe the mechanisms to receive and redress grievances of the community**

We have a dedicated email ID for handling community grievances. The e-mail id is grievances@sleepwellfoundation.com and it is available on our website also.

- 4. Percentage of input material (inputs to total inputs by value) sourced from local or small-scale suppliers:**

| Parameter | FY 2022-23 (Current Financial Year) | FY 2021-22 (Previous Financial Year) |
|---|--|---|
| Directly sourced from MSMEs/ Small producers | 4.9% | 7% |
| Sourced directly from within the district and neighboring districts | 79.9% | 80% |

LEADERSHIP INDICATORS

- 1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):**

Nil.

- 2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:**

CSR activities are not done in the aspirational districts identified by Government.

- (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/ No) -**

SFL does not differentiate / discriminate while selecting its vendors. The company procures its foaming inputs from reputed chemical industry players, while for other inputs such as fabrics , packaging , rebonded foam, etc they have mostly MSME vendors.

They developed trusted relationship with local vendors and works with them to develop quality product that

meets its as well as industry needs, thereby enabling local vendors to grow their business.

- (b) From which marginalized /vulnerable groups do you procure?**

Not Applicable

- (c) What percentage of total procurement (by value) does it constitute?**

Not Applicable

- 4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge**

Not applicable.

- 5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.**

Nil

6. Details of beneficiaries of CSR Projects.

| S. no | CSR Project | No of persons benefited from CSR Projects | % of beneficiaries from vulnerable and marginalized group |
|-------|--|---|---|
| 1 | Skill Development Centre in Khurja | 890 | 100% |
| 2 | Emotional Wellness Workshops | 5293 | Mixed beneficiaries |
| 3 | Soft Skills Workshops for MSMEs & Youth | 3595 | Mixed beneficiaries |
| 4 | Development of basic facilities in schools | 2000 | Mixed beneficiaries |

PRINCIPLE 8

Businesses should engage with and provide value to their consumers in responsible manner

ESSENTIAL INDICATORS
1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Consumer Complaints are attended at centralized customer care center called 'Sleepwell Care' and are resolved expeditiously. Contact number and e-mail id are available on our website <https://mysleepwell.com/sleepwell-at-home> for consumers to register complaints or provide any review/feedback. Consumers can register a complaint through Sleepwell care or with the Dealer.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

| | As a percentage to total turnover |
|---|-----------------------------------|
| Environment and Social parameters relevant to product | Nil |
| Safe and responsible usage | |
| Recycling and/or safe disposal | |

3. Number of consumer complaints:

| | FY 2022-23 (Current Financial Year) | | | FY 2021-22 (Previous Financial Year) | | |
|--------------------------------|-------------------------------------|---------------------------------------|---------|--------------------------------------|---------------------------------------|---------|
| | Received during the year | Pending resolution at the end of year | Remarks | Received during the year | Pending resolution at the end of year | Remarks |
| Data privacy | 0 | 0 | - | 0 | 0 | - |
| Advertising | 0 | 0 | - | 0 | 0 | - |
| Cyber-security | 0 | 0 | - | 0 | 0 | - |
| Delivery of essential services | 0 | 0 | - | 0 | 0 | - |
| Restrictive Trade Practices | 0 | 0 | - | 0 | 0 | - |
| Unfair Trade Practices | 0 | 0 | - | 0 | 0 | - |
| Others | 35264 | 640 | | 41644 | 549 | - |

4. Details of instances of product recalls on account of safety issues

| | Number | Reason for recall |
|-------------------|--------|-------------------|
| Voluntary recalls | 0 | Not Applicable |
| Forced recalls | 0 | Not Applicable |

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes. The company has framed its cyber security & data privacy policy under its IT policies which is applicable to all the Employees (Full Time, Part Time, Contractual, Consultants, Auditors, etc.) and stakeholders (in some cases Customers & Vendors) of SFL. It considers customer information safety as a critical aspect. This policy is available on the intranet portal.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Since there are no complaints, there was no need for any corrective action.

LEADERSHIP INDICATORS

1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).

Corporate Website at <https://www.sheelafoam.com/home-comfort-porducts.html> and <https://mysleepwell.com/>

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

Steps for responsible usage are available on the packaging of the products.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

In case of any disruption/discontinuation of essential services, BCP leader shall invoke the BCP process in consultation with the BCP Team Members. Thereafter, consumers are informed through website about disruption/ discontinuation if any.

For e.g., during the covid, due to disruption in production and transportation services, customers were informed via website and Sleepwell@Home Initiative was started.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable)? If yes, provide details in brief.

Yes, the Company ensures that all the information as required to be displayed on the product labels as per the applicable rules and regulations are properly displayed. Further the product information can also be referred from our website.

Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes, surveys are carried out to study satisfaction level with reference to Products, Customer handling at Dealers end and by Customer Care Department

5. Provide the following information relating to data breaches:

a. Number of instances of data breaches along-with impact - No Data Breaches have occurred

b. Percentage of data breaches involving personally identifiable information of customers - NA

Independent Auditor's Report

To the Members of Sheela Foam Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of Sheela Foam Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Revenue recognition - Discounts and rebates

Refer note 2 and 32 to the standalone financial statements.

As disclosed in note 2 to the standalone financial statements, revenue is measured net of any trade discounts and volume rebates to customers (i.e. to the Wholesale traders and Retail traders).

As per the secondary scheme, discounts and rebates are passed on to the customers only on secondary sales made by wholesale to retail. Further, certain discounts and rebates for goods sold during the year are only finalised when the precise amounts are known, and revenue therefore includes an estimate of variable consideration. This includes establishing an accrual at year end, particularly in arrangements with customers involving varying terms which are based on annual contracts or shorter-term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end. The unsettled portion of the variable consideration, results in accrual of discounts and rebates due to customers as at year end. Significant judgement is required in estimating accruals relating to secondary schemes recognized, based on sales made during the year.

In view of above, accrual for discounts and rebates in relation to revenue recognition is identified as a key audit matter.

Description of Auditor's response:

- Assessed the appropriateness of the Company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates as required under the applicable accounting standards.
- Understood the process followed by the Company to determine the amount of accrual for discounts and rebates.
- Verified the design and implementation and tested operating effectiveness of key application controls over the Company's automated systems and manual controls over rebates agreements/ arrangements, rebate payments / settlements and Company's review over the rebate accruals.
- Verified on a test check basis, key customer contracts to identify the relevant terms and conditions related to discounts and rebates.
- Verified on test check basis, discounts and rebates transactions recorded during the year including period end discounts and rebates accruals and ensured the computation is in accordance with the policy and relevant source documents.

- Examined historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and compared the same with the accrual for the year ended March 31, 2023.
- Verified completeness and accuracy of the data used by the Company for accrual of discounts and rebates through test of controls.
- Verified on a test check basis, rebate accruals after the reporting date to validate whether the accrual is recorded in the correct period.
- Verified payments made after reporting/year end date and where relevant, comparing the payment to the related rebate accrual.
- Verified the credit notes for rebates and discounts issued subsequent to the balance sheet date to assess the reasonableness of the amounts recognised and to identify any significant unaccounted secondary trade accruals.
- Verified manual journal entries posted to revenue, on a test check basis, to identify unusual items and examining the underlying documentation.
- Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. but does not include the standalone financial statements and our auditor's report thereon. The Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. is expected to be made available to us subsequent to this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc., if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 "The Auditor's responsibilities Relating to Other Information".

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 52 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (1) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 62 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the

understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (2) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 62 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under this clause is not applicable.
3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED FOR THE YEAR ENDED MARCH 31, 2023

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirement's in the Independent Auditor's Report]

- i. (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- B. The Company does not have intangible assets. Accordingly, the provisions stated in paragraph 3(i)(a)(B) of the Order are not applicable to the Company.
- (b) Property, Plant and Equipment, have been physically verified by the management at reasonable intervals during the year and no material discrepancies were identified on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets). The company does not have intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i)(e) of the Order are not applicable to the Company.
- ii. (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage & procedure of such verification is reasonable and appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores in aggregate from Banks on the basis of security of current assets. Monthly returns / statements filed with such banks are in agreement with the books of account.
- iii. (a) According to the information explanation provided to us, the Company has made investments in, provided loans, or given guarantee, or provided security to any other entity. The details of such loans or advances and guarantees or security are as follows:

(All amounts in ₹ in Lakhs)

| Particulars | Guarantees | Security | Loans (excluding interest) | Investments |
|--|------------|----------|-------------------------------|-------------|
| Aggregate amount granted/ provided during the year | | | | |
| - Subsidiaries | 7,175.07 | - | 4,200.00 | - |
| - Others | - | - | 362.65 | - |
| Balance Outstanding as at balance sheet date in respect of above cases | | | | |
| - Subsidiaries | 34,354.00 | - | 12,218.61 | 22,657.38 |
| - Others | - | - | 219.08 | - |

- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions in relation to investment made, guarantees provided, securities given and/or grant of all loans and advances in the nature of loans and guarantees are not prejudicial to interest of the company.
- (c) In case of the loans and advances in the nature of loan, schedule of repayment of principal and payment of interest have been stipulated and the borrowers have been regular in the payment of principal and interest.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no amounts over due for more than ninety days in respect of loan granted to Company/ Firm/LLP/Other Parties.
- (e) According to the information and explanations provided to us, the loan or advance in the nature of loan granted has not fallen due during the year. Hence, the requirements under paragraph 3(iii)(e) of the Order are not applicable to the company.

- (f) According to the information and explanations provided to us, the Company has granted loans/advances in the nature of loans repayable on demand or without specifying any terms or period of repayment. The details of the same are as follows:

(All amounts in ₹ in Lakhs)

| Particulars | All Parties | Promoters | Related Parties |
|---|-------------|-----------|-----------------|
| Aggregate amount of loans/ advances in nature of loans | | | |
| - Repayable on demand (A) | - | - | 5,050 |
| - Agreement does not specify any terms or period of repayment (B) | - | - | - |
| Total (A+B) | - | - | 5,050 |
| % of loans/ advances in nature of loans to the total loans | - | - | 41.10% |

- iv. According to the information and explanations given to us, the Company has neither, directly or indirectly, granted any loan, or provided guarantee or security to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of Section 185 of the Act nor made investments through more than two layers of investment companies in accordance with the provisions of Section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- v. According to the information and explanations given to us, there are no amounts outstanding which are in the nature of deposits as on March 31, 2023 and the Company has not accepted any deposits during the year.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including goods and services tax, provident fund, employee's state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and other statutory dues have been regularly deposited by the Company with appropriate authorities in all cases during the year.
- There are no undisputed amounts payable in respect of Goods and Services tax, provident fund, employee's state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
- vii. (b) According to the information and explanation given to us and examination of records of the Company, details of statutory dues referred to in sub Clause (a) above which have not been deposited as on March 31, 2023 on account of any dispute, are as follows:

(All amounts in ₹ in Lakhs)

| Name of the statute | Nature of dues | Amount Demanded | Amount Paid | Period to which the amount relates | Forum where dispute is pending |
|--|----------------|-----------------|-------------|------------------------------------|--|
| Central Excise Tax Act, 1944 | Excise Duty | 123.85 | 0.99 | 2011-2012 & 2012-2013 | The Customs Excise and Service Tax Appellate Tribunal, Kolkata |
| Central Excise Tax Act, 1944 | Excise Duty | 241.07 | 9.04 | February 2017 to June 2017 | Customs Excise Service Tax Appellate Tribunal, Kolkata |
| Central Excise Tax Act, 1944 | Excise Duty | 45.65 | 1.69 | 2016-2017 & 2017-2018 | Customs Excise Service Tax Appellate Tribunal, Kolkata |
| Income Tax Act,1961 | Income Tax | 479.68 | 479.68 | 2013-2014 | Delhi High Court |

| Income Tax Act,1961 | Income Tax | 37.35 | 37.35 | 2016-17 | Income Tax Appellate Tribunal, New Delhi |
| Income Tax Act,1961 | Income Tax | 24.51 | - | 2020-21 | Commissioner of Income tax (Appeal), New Delhi |
| The Central Sales Tax Act, 1956 and The Sikkim Sales Tax Act, 1983 | Sales Tax | 46.00 | 46.00 | 2003-2004 & 2004-2005 | Supreme Court |

(All amounts in ₹ in Lakhs)

| Name of the statute | Nature of dues | Amount Demanded | Amount Paid | Period to which the amount relates | Forum where dispute is pending |
|--|----------------|-----------------|-------------|------------------------------------|--|
| The Central Sales Tax Act, 1956 and The Sikkim Sales Tax Act, 1983 | Sales Tax | 393.99 | 393.99 | 2005-06 to 2011-12 | Additional Commissioner Commercial tax |
| West Bengal Tax on Entry of Goods into Local Areas Act, 2012 | Entry Tax | 28.88 | - | 2012-13 & 2013-14 | Supreme Court |
| West Bengal Tax on Entry of Goods into Local Areas Act, 2012 | Entry Tax | 107.51 | - | 2014-15 to 2017-18 | Supreme Court |
| Uttar Pradesh Tax on Entry of Goods into Local Areas Act, 2007 | Entry Tax | 57.72 | 28.86 | 2001-2012 | Allahabad High Court |

- viii. According to the information and explanations given to us, there are no transactions which are not accounted in the books of account which have been surrendered or disclosed as income during the year in Tax Assessment of the Company. Also, there are no previously unrecorded income which has been now recorded in the books of account. Hence, the provision stated in paragraph 3(viii) of the Order is not applicable to the Company.
- ix. (a) The Company does not have any loans or borrowings and repayment to lenders during the year. Accordingly, the provision stated in paragraph 3(ix)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority. Accordingly, the provision stated in paragraph 3(ix)(b) of the Order is not applicable to the Company.
- (c) In our opinion and according to the information explanation provided to us, no money was raised by way of term loans. Accordingly, the provision stated in paragraph 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanation provided to us, there are no funds raised on short term basis. Accordingly, the provision stated in paragraph 3(ix)(d) of the Order is not applicable to the Company.
- (e) According to the information explanation given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from an any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, the provision stated in paragraph 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, reporting under the Clause 3(ix)(f) of the order is not applicable to the Company.
- x. (a) In our opinion and according to the information explanation given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence, the provisions stated in paragraph 3(x)(a) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully, partly, or optionally convertible debentures during the year. Hence, the provisions stated in paragraph 3(x)(b) of the Order are not applicable to the Company.
- xi. (a) Based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we report that no material fraud by the Company nor on the Company has been noticed or reported during the course of our audit.
- (b) We have not come across of any instance of material fraud by the Company or on the Company during the course of audit of the standalone financial statement for the year ended March 31, 2023, accordingly the provisions stated in paragraph 3(xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the Management, there are no whistle-blower complaints received by the Company during the year. Accordingly, the provisions stated in paragraph 3(xi)(c) of the Order is not applicable to Company.

- xii. In our opinion and according to the information and explanations given to us the Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii)(a) to (c) of the Order are not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered internal audit reports of the Company issued till date, for the period under audit.
- xv. According to the information and explanations given to us, in our opinion, during the year the Company has not entered into non-cash transactions with directors or persons connected with its directors and hence, provisions of Section 192 of the Act are not applicable to Company.
- xvi. (a) The Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph 3(xvi)(a) of the Order are not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence, the reporting under paragraph 3(xvi)(b) of the Order are not applicable to the Company.
- (c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph 3(xvi)(c) of the Order are not applicable to the Company.
- (d) The Company does not have any CIC as part of its group. Hence the provisions stated in paragraph 3(xvi)(d) of the order are not applicable to the Company.
- xvii. Based on the overall review of standalone financial statements, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Hence, the provisions stated in paragraph 3(xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors during the year. Hence, the provisions stated in paragraph 3 (xviii) of the Order are not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us and based on our verification, the provisions of Section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred either to a Fund or to a Special Account as per the provisions of Section 135 of the Act read with schedule VII. Accordingly, reporting under Clause 3(xx)(a) and Clause 3(xx)(b) of the Order is not applicable to the Company.
- xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said Clause has been included in the report.

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

[Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" in the Independent Auditor's Report of even date to the Members of Sheela Foam Limited on the Financial Statements for the year ended March 31, 2023]

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

OPINION

We have audited the internal financial controls with reference to standalone financial statements of Sheela Foam Limited as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate

internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone

financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

NOTE 1 : COMPANY INFORMATION

Sheela Foam Limited ('the company') is a ISO 9001:2000 public limited company incorporated in India, with its registered office in New Delhi. The Company is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Company is pioneered in the manufacturing of polyurethane foams in India and has ten manufacturing facilities, using the state of the art technology at strategic locations across the country.

The standalone financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on May 17, 2023.

NOTE 2 : SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 the ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The standalone financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements have been prepared on a historical cost basis, except for the following :

- certain financial assets and liabilities (including derivative instruments), measured at fair value (refer accounting policy regarding financial instruments).
- defined benefit plans - plan asset measured at fair value.

b. Functional and presentation currency

The standalone financial statements are prepared in Indian Rupees ('₹'), which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

d. Use of estimates and judgments

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities as at Balance Sheet date, reported amount of revenue and expenses for the year and disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying standalone financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the standalone financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

Refer below for detailed discussion on estimates and judgments:

i. Useful lives of Property, Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rata basis on written down value basis over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.2 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

ii. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations. The mortality rate is based on publicly available mortality table for the specific countries. Future salary, seniority, promotion and other relevant factors and pension increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 44.

iii. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing

contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

iv. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. Impairment of Financial assets

The impairment provision of financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

2.2 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till the date of commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs

Notes to Standalone Financial Statements

for the year ended March 31, 2023

and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by management, in the manner prescribed in Schedule II of the Companies Act, 2013. Depreciation on sale/deduction from property, plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto ₹5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|-------------------------------------|--|---|
| Building | | |
| – Factory (Including roads & lanes) | 30 | 29 |
| – Office | 60 | 4-59 |
| – Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles | | |
| – Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Data Processing Equipment | | |
| – Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern, technical evaluation and internal assessment, management believes the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful lives of assets.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.3 Investment Property

Property that is held for long-term rental yields or for capital appreciation or both and that is not occupied by the Company, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred. Though the Company measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rata basis on a written down value basis, over the useful life of the property estimated by management, in the manner prescribed in Schedule II of the Act. The property's residual value, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Act:

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|---------------|--|---|
| Buildings : | | |
| – Factory | 30 | 29 |
| – Office | 60 | 59 |
| – Residential | 60 | 59 |

Based on usage pattern, technical evaluation and internal assessment, management believes the useful lives, as given above best represent the period over which the management expects to use the properties. Hence the useful lives of

Notes to Standalone Financial Statements

for the year ended March 31, 2023

these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to/from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

Transition to Ind AS

On transition to Ind AS, since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its investment property as recognized in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 01, 2016.

2.4 Investment in Subsidiaries

Investments in subsidiaries are carried at cost, less accumulated impairment losses, if any. Where an indication of impairment exists the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and

c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

| | |
|-----------------------------------|--|
| - Business Model Test: | The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and |
| - Cash Flow Characteristics Test: | The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding. |

This category is most relevant to the Company. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents, investments in securities and employee loans, etc.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

| | |
|-----------------------------------|--|
| - Business Model Test: | The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and |
| - Cash Flow Characteristics Test: | The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding. |

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss. This category comprises of investments in mutual funds and market linked debentures.

(c) Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible defaults events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits, employee loans, etc.
- Financial assets that are debt instruments and are measured at FVTOCI.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred; or
- b. The Company retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Company has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of other comprehensive income.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Company towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms,

Notes to Standalone Financial Statements

for the year ended March 31, 2023

or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments :

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(iv) Derivative Financial Instruments :

Initial recognition and subsequent measurement

The Company uses derivative financial instruments to hedge its foreign currency risk and interest rate risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Statement of Profit or Loss and Other Comprehensive Income. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge Accounting

The Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements :-

There is an economic relationship between the hedged items and the hedging instruments,

- the effect of credit risk does not dominate the value changes that result from that economic relationship,
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking

various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit or Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit or Loss upon the occurrence of the underlying transaction.

2.6 Inventories

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, first-in-first-out cost method is used.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realizable value. Cost of work in progress and manufactured finished goods is determined on weighted average and its cost comprises of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a first-in-first-out.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. The comparison of cost and net realizable value is made on item-by-item basis.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand, short term deposits with banks with original maturity of 3 months or less, highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets ('cash generating unit').

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balance sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and

the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Provision for Warranty

Warranty provision is determined based on the historical percentage of warranty expense to sales for the same types of goods depending upon the warranty period offered. The percentage to the sales is applied to derive the warranty expense to be accrued. Actual warranty claims are settled against warranty provision. The warranty claims may not exactly match the historical warranty percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence. Closing warranty provision is bifurcated into Current and Non-current based on the past settlement trend with the non-current portion being discounted to derive the present value. The assumptions are consistent with prior years.

c) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Ind AS 115 five step model is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Sales are recognized at the fair value of the consideration that can be reliably measured and reduced by variable consideration. Variable consideration includes sales returns, trade discounts, volume based incentives, and cost of promotional programs, indirect taxes as may be applicable.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

The Company provides various volume based rebates to certain customers once the goods are purchased by them above a certain threshold as specified in the scheme letter. Rebates outstanding at the balance sheet date are adjusted against the amount receivable from the customer. To estimate and recognise the liability for the incentives the company uses the methods which best predicts the amount of incentives and is primarily driven by the number of volume thresholds mentioned in the contracts.

i) Sale of goods - distributors

The company operates via chain of distributors selling mattresses and home comfort products. Revenue from the such sales is recognised when control of the products being sold is transferred to distributor and when there are no longer any unfulfilled obligations. As per company's policies the performance obligations are fulfilled at the time of dispatch from the factory or warehouse.

Company's contract with trade customers do not have financing component or non-cash consideration and the Company does not have any unbilled revenue or deferred revenue.

It is the company's policy to sell its products to the end customer with a right of return within a stipulated time period. Therefore, a refund liability (included in other current liabilities) and a right to recover the returned goods (included in other current assets) are recognised for the products expected to be returned, based on estimate. Historical data and past trends are used to estimate such returns. Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

The company's obligation to replace faulty products under the standard warranty terms is recognised as a provision (Refer Note 25).

ii) Sale of goods - B2B

The company manufactures and sells a range of industrial foam and cushioning foam to B2B segment. Sales are recognised when control of the products has transferred, that is when the products are dispatched from the factory or the warehouse.

iii) Sale of services

The IT consulting division provides business IT management, design, implementation and support services under fixed-price and variable-price contracts. Revenue from providing services is recognised in the accounting period in which the services are rendered.

For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. This is determined based on the actual labour hours spent relative to the total expected labour hours.

Other Income

i) Interest income from Bonds

Interest income from bonds at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

ii) Rental income

Rental income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

iii) Guarantee Commission

The Company earns guarantee commission on the guarantee given to Bank for the credit facility availed by its foreign subsidiaries.

iv) Income from sale of investments

The Company earns profit/loss on sale of bonds and mutual funds. When these investments are sold, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

2.11 Government Grants / Subsidy

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities

Notes to Standalone Financial Statements

for the year ended March 31, 2023

as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.12 Employee Benefits

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short-term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc, are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Long Term Benefit

The employees of the Company are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be encashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

(A) Provident fund:

Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(B) Employee's State Insurance Scheme:

Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

ii. Defined benefit plan

Gratuity:

The company provides for gratuity, a defined benefit plan ('the Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at

retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the Other Comprehensive Income in the year in which they arise. Liability is funded through a separate Gratuity Trust. The short/excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/asset as at the Balance Sheet date.

d. Other Long Term Benefits

Compensated Absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

2.13 Leases

As a Lessee

The Company's lease assets classes primarily consist of leases for Land & Buildings. The Company assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee,

Notes to Standalone Financial Statements

for the year ended March 31, 2023

except for short-term leases and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense in the statement of profit and loss.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company separately recognizes the interest expense on the lease liability as finance cost and the depreciation expense on the right-of-use asset.

Payments associated with short-term leases of warehouses are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

The Company has applied the practical expedient wherein it relied on its assessment of whether leases are onerous immediately before the date of initial application.

As a Lessor

Lease income from operating lease is recognized on a straight-line basis or another systematic basis as per the terms of the relevant lease. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised over the lease term on the same basis as lease income.

2.14 Foreign Currency Transactions

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the

exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.15 Taxation

Tax expense for the year comprises of Current Tax and Deferred Tax are included in the determination of the net profit or loss for the year.

a. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-

Notes to Standalone Financial Statements

for the year ended March 31, 2023

assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.16 Dividend Distribution:

The Company recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Company and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit/loss of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares

outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 Contributed Equity:

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.19 Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.20 Standards (including amendments) issued but not yet effective.

The Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standard) Amendment Rules, 2023 dated March 31, 2023, to amend certain Ind AS which are effective from April 01, 2023. Below is a summary of such amendments:

(i) Disclosure of Accounting Policies - Amendment to Ind AS 1 Presentation of financial statements

The MCA issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

(ii) Definition of Accounting Estimates - Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors

The amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between

Notes to Standalone Financial Statements

for the year ended March 31, 2023

changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The amendments are not expected to have a material impact on the Company's financial statements.

2.21 Standards that became effective during the year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from April 01, 2022.

(i) Onerous Contracts- Cost of Fulfilling a Contract - Amendments to Ind AS 37

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

These amendments have no impact on the financial statements of the Company.

(ii) References to the Conceptual Framework - Amendments to Ind AS 103

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

These amendments have no impact on the financial statements of the Company.

(iii) Property, Plant and Equipment: Proceeds Before Intended Use- Amendment to Ind AS 16

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

(iv) Ind AS 109 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

c. Income from investment property

(₹ in Lakhs)

| Particulars | As at | |
|---|----------------|----------------|
| | March 31, 2023 | March 31, 2022 |
| Rental Income derived from investment property | 216.63 | 214.73 |
| Profit arising from investment property before depreciation | 216.63 | 214.73 |
| (Less): Depreciation for the year | (20.20) | (21.74) |
| Net Profit arising from investment property | 196.43 | 192.99 |

d. The Company has obtained independent valuation for its investment properties at ₹ 2,884.95 Lakhs as on March 31, 2023 and ₹ 2,591.31 Lakhs as on March 31, 2022. These valuations are based on valuations performed by K.S. Agrawal Associates, an accredited independent valuer. K.S. Agrawal Associates is a specialist in valuing these types of investment properties and reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence.

Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Company shall continue to operate and run the assets to have economic utility. The fair value is on 'as is where is' basis.

- e. There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restrictions on remittance of income and proceeds of disposal.
- f. The investment properties which are leasehold properties, realisability of the same is subject to the terms and conditions under the respective lease agreements.
- g. The Company's Investment Properties are given on cancellable lease for a period 1-10 years.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

NOTE 20 : OTHER CURRENT ASSETS

(₹ in Lakhs)

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|-------------------------|-------------------------|
| (Unsecured, considered good) | | |
| Advance to contractors/suppliers | 1,429.90 | 651.87 |
| Balances with Statutory/Government authorities: | | |
| - Excise & Custom | 250.80 | 13.58 |
| - GST | 904.09 | 216.59 |
| - VAT/Sales Tax | 486.14 | 486.14 |
| Prepaid expenses (refer note (a)) | 418.84 | 322.32 |
| Lease equalisation | 68.24 | 66.33 |
| Right to recover return goods (refer note (b)) | 146.12 | 166.14 |
| Total | 3,704.13 | 1,922.97 |

Notes:

- (a) Prepaid expenses includes amount of ₹ 47 Lakhs towards amount available for set off in pursuant of sub-rule(3) of rule 7 of the Companies (Corporate social responsibility policy) rules, 2014 (refer note no. 57).
- (b) In certain cases, the Company provides its customers right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, the Company recognises liability for expected sales return, a receivables on expected sales return (and corresponding adjustment to change in inventory is also recognised for the receivables on expected sales return from a customer).

NOTE 21 : EQUITY SHARE CAPITAL

| Cash flow hedge reserve | | |
| Opening balance | - | - |
| Loss on cash flow hedge reserve (net of tax) | (260.25) | - |
| Closing balance | (260.25) | - |

Notes:

(a) Capital reserve

During amalgamation of the subsidiaries in the year 2012-13, the excess of net assets taken, over the cost of consideration paid was treated as capital reserve. During the year, Company had issued bonus share in the ratio of 1:1 out of capital reserve of ₹328.57 Lakhs.

(b) General reserve

The Company had transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. During the year, Company had issued bonus share in the ratio of 1:1 out of general reserve of ₹1,716.27 Lakhs.

(c) Cash flow hedge reserve

The cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated hedging instruments entered into for cash flow hedges. The cumulative gain or loss arising on changes in fair value of the hedging instruments that are recognised and accumulated under the heading of cash flow hedge reserve will be reclassified to profit or loss only when the hedged transaction affects the profit or loss.

Note 32.1 : DISAGGREGATED REVENUE INFORMATION

Set out below is the disaggregation of the Company's revenue from contracts with customers:

| Particulars | (₹ in Lakhs) | |
|--|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Geographical Revenue | | |
| Type of goods | | |
| Revenue from external customers | 2,00,908.46 | 2,00,027.38 |
| Total revenue from contracts with customers | | |
| India | 1,99,653.77 | 1,95,442.02 |
| Outside India | 1,254.69 | 4,585.36 |
| | 2,00,908.46 | 2,00,027.38 |
| Type of services (IT Support Services) | | |
| Revenue from external customers | 631.68 | 605.13 |
| Total revenue from contracts with customers | | |
| India | 205.90 | 179.45 |
| Outside India | 425.78 | 425.68 |
| | 631.68 | 605.13 |
| Total revenue from contracts with customers | 2,01,540.14 | 2,00,632.51 |

NOTE 32.2 : CONTRACT BALANCES

The following table provides information about receivables and contract liabilities from contract with customers.

| Particulars | (₹ in Lakhs) | |
|--|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Contract Liabilities | | |
| Advance from customers (refer note no. 31) | 3,753.61 | 3,518.65 |
| Receivables | | |
| Trade Receivables (refer note no. 15) | 16,400.40 | 13,601.78 |

Note :

Receivables is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the Company's obligation to transfer goods or services to a customer for which the Company has received consideration from the customer in advance.

Note 32.3 : RECONCILING THE AMOUNT OF REVENUE RECOGNISED IN THE STATEMENT OF PROFIT AND LOSS WITH THE CONTRACTED PRICE

| Particulars | (₹ in Lakhs) | |
|--|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Revenue as per contracted price (goods and services) | 2,20,422.42 | 2,17,616.54 |
| Less: Adjustments: | | |
| Sales return | 793.37 | 1,260.72 |
| Rebate and discount | 18,088.91 | 15,723.31 |
| Revenue from contracts with customers | 2,01,540.14 | 2,00,632.51 |

NOTE 32.4 : PERFORMANCE OBLIGATIONS

The performance obligation for sale of product is considered as fulfilled according to the terms agreed with the respective customer.

The performance obligation for sale of services is satisfied over the period of time as per contract with customers.

| Basic and diluted earnings per share | 19.97 | 20.22 |

NOTE 43 :

There are no title deeds of Immovable Properties, which are not held in name of the Company.

NOTE 44 : EMPLOYEE BENEFITS

A. Defined contribution plans

Company's employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which the Company makes a defined contribution measured as a fixed percentage of salary. During the year, amount of ₹ 712.80 Lakhs (March 31, 2022: ₹ 654.37 Lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Employer's contribution towards Provident Fund (PF) | 621.20 | 564.52 |
| Employer's contribution towards Employees State Insurance (ESI) | 46.99 | 55.03 |
| Employer's contribution towards National Pension Scheme (NPS) | 44.61 | 34.82 |
| Total (refer note no. 38) | 712.80 | 654.37 |

B. Long Term Benefits

Long service award

Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. During the year Company had discontinued this policy. An amount of ₹ Nil (March 31, 2022: ₹ 146.01 Lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

C. Post employment benefits

Defined benefit plans

Gratuity

The employees' gratuity fund scheme, which is a defined benefit plan, is managed by a trust with effect from 2019 and is being maintained by SFL Employees gratuity trust. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure on 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

This plan is governed by the Payment of Gratuity Act, 1972, which requires that each employee who has completed 5 years of service shall be entitled to gratuity which is equal to salary of 15 days for each completed year of service.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--------------------------------------|--------------------------------------|
| Discount rate | 7.36% | 7.51% |
| Future salary increase/salary escalation | 7.00% | 7.00% |
| Retirement age (years) | 60 | 60 |
| Mortality Tables | | |
| <i>Employee turnover</i> | | |
| 18 to 30 years | 3.40% | 3.00% |
| From 31 to 45 years | 3.70% | 2.00% |
| Above 45 years | 0.80% | 1.00% |

Notes:

- The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- Information given for retirement age is based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

Quantitative sensitivity analysis for significant assumptions as at March 31, 2023 is shown below:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Increase/(Decrease) on present value of defined benefits obligations at the end of the year | | |
| Discount rate | | |
| Increase by 1.00% | (296.17) | (270.71) |
| Decrease by 1.00% | 335.73 | 314.81 |
| Salary increase | | |
| Increase by 1.00% | 333.59 | 313.27 |
| Decrease by 1.00% | (299.67) | (274.26) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss, Other Comprehensive Income and the funded status and amounts recognised in the Balance Sheet for the gratuity plan. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

Expense recognised in Statement of Profit and Loss and Other Comprehensive Income:

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Service cost: | | |
| Current service cost | 215.04 | 163.83 |
| Past service cost and (gain)/loss from settlements | - | - |
| Net interest expense | 58.73 | 3.47 |
| Components of defined benefit costs recognised in profit or loss | 273.77 | 167.30 |
| Remeasurement on the net defined benefit liability: | | |
| Actuarial (gains)/losses arising from changes in financial assumptions | 50.67 | 483.82 |
| Actuarial (gains)/losses arising from experience adjustments | 135.84 | (9.79) |
| Return on Plan Asset | (21.24) | 5.37 |
| Components of defined benefit costs recognised in other comprehensive income | 165.27 | 479.40 |
| Total | 439.04 | 646.70 |

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the Statement of Profit and Loss.

The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the Balance Sheet arising from the entity's obligation in respect of its defined benefit plan is as follows:

(₹ in Lakhs)

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|-------------------------|-------------------------|
| Present value of funded defined benefit obligation | 2,908.65 | 2,441.60 |
| Fair value of plan assets | (2,469.61) | (1,838.56) |
| Net deficit in funded plan (refer note no. 25) | 439.04 | 603.04 |

Notes to Standalone Financial Statements

for the year ended March 31, 2023

Movements in the present value of the defined benefit obligation are as follows:

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--------------------------------------|--------------------------------------|
| Opening defined benefit obligation | 2,441.60 | 1,821.01 |
| Current service cost | 215.04 | 163.83 |
| Interest cost | 183.36 | 128.93 |
| Remeasurement (gains)/losses: | | |
| Actuarial gains and losses arising from changes in demographic assumptions | 1.35 | - |
| Actuarial gains and losses arising from changes in financial assumptions | 49.32 | 415.32 |
| Actuarial gains and losses arising from experience adjustments | 135.84 | (9.79) |

Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

a. Asset volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments are in fixed income securities with high grades and in government securities. These are subject to interest rate risk. A portion of the funds are invested in equity securities. The Company has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a

Notes to Standalone Financial Statements

for the year ended March 31, 2023

fixed range. Any deviations from the range are corrected by rebalancing the portfolio.

The Company intends to maintain the above investment mix in the continuing years.

b. Changes in discount rate:

A decrease in discount rate will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' assets holdings.

c. Inflation risks

Gratuity payments are not linked to inflation, so this is a less material risk.

The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within this framework, the Company's ALM objective is to match assets to the pension obligations by investing in long-term fixed interest securities with maturities that match the benefit payments as they fall due and in the appropriate currency.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The Company uses derivatives to manage some of its risk. Investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.

A large portion of assets consists of unit linked group insurance plan which further invests in government and corporate bonds, equities, money market instruments & public deposits. The plan asset mix is in compliance with the requirements of the respective local regulations.

NOTE 47 : FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as loans, investment in preference shares, trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

NOTE 48 : FAIR VALUE HIERARCHY

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- **Level 1** - The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.
- **Level 2** - The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- **Level 3** - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investment in preference shares, other investments, loans receivables and lease receivables included in level 3.

Valuation Processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO) including Board of Directors. Discussions of valuation processes and results are held between the CFO and the valuation team every month. The Company takes the help of independent valuers for valuation purposes.

Fair Valuation Technique

The carrying amounts of trade receivables, trade payables, creditors towards capital goods, cash and cash equivalents, investment in pref. share, other investment and other bank balances are considered to be the same as their fair values, due to their short-term nature.

The fair values of financial assets and liabilities consisting of loans receivable, lease receivable, lease liabilities, security deposits receivable and security deposit payable were calculated based on cash flows discounted using estimated borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

NOTE 49 : FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities, comprise of deposits from dealers, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. Further, the Company has financial risk / exposure of financial guarantees given to the banks towards security against the loans taken by its subsidiaries, however, considering that there is no expected credit losses, there is no financial liability as at the year end on this account. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include deposits from dealers, investments and foreign currency receivables and payables.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

The analysis exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations, provisions and the non-financial assets and liabilities.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023 and March 31, 2022.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies. The Company is exposed to foreign currencies such as "USD", "AED", "AUD", "GBP" and "EURO".

The carrying amount of the foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| (₹ in Lakhs) | | | |
|---------------------------------|----------|-------------------------|-------------------------|
| Particulars | Currency | As at March 31, 2023 | As at March 31, 2022 |
| Trade payables | USD | (2,358.02) | (1,961.53) |
| | EURO | (32.36) | (47.79) |
| | GBP | (20.00) | (19.28) |
| | AUD | (0.15) | (0.16) |
| Trade receivables | USD | 204.06 | 178.82 |
| | AUD | 285.35 | 135.89 |
| | AED | 166.55 | - |
| | EURO | - | 59.39 |
| Interest Accrued | EURO | 239.69 | 83.27 |
| Loan to Subsidiary Company | EURO | 7,168.61 | 6,570.40 |
| Bank balance | USD | - | 1.36 |
| | AED | - | 0.11 |
| Net Assets/(Liabilities) | | 5,653.73 | 5,000.48 |

Foreign currency sensitivity analysis

The Company is mainly exposed to USD, EURO, GBP, AED and AUD. The following table demonstrate the sensitivity to a reasonably possible change in respective exchange rates, with all other variables held constant.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for sensitivity change in foreign currency rates. A positive number below indicates an increase in profit or equity and vice-versa.

Foreign currency sensitivity

| (₹ in Lakhs) | | | | |
|--------------|-----|-------------------------|-----|-------------------------|

| AED | 2% | 3.33 | 2% | 0.00 |
| AED | -2% | (3.33) | -2% | (0.00) |

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(ii) Interest risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises mainly of interest-bearing deposits with dealers, however, these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Company has entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

(i) Trade receivables

Customer credit risk is managed by the Company through its established policies and procedures which involve setting up credit limits based on credit profiling of individual customers, credit approvals for enhancement of limits and regular monitoring of important developments viz. payment history, change in credit limits, regulatory changes, industry outlook etc. Outstanding receivables are regularly monitored and an impairment analysis is performed at each reporting date on an individual basis for each major customer. In accordance with Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or reversal thereof. Concentration of credit risk with respect to trade receivables are limited, due to Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on monthly basis.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the Balance Sheet at March 31, 2023 and March 31, 2022 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

| Particulars | (₹ in Lakhs) | |
|------------------------------------|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |

| | As at March 31, 2023 | As at March 31, 2022 |
| Bank balances other than cash and cash equivalents | 26.65 | 31.58 |
| Loans | 59.07 | 555.07 |
| Other current financial asset | 640.00 | 2,817.77 |
| Total | 108,384.83 | 89,404.27 |

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits and short term investments. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be very low.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

| Particulars | (₹ in Lakhs) | | |
|-----------------------------|------------------|------------------|------------------|
| | Less than 1 Year | More than 1 Year | Total |
| As at March 31, 2023 | | | |

| Other financial liabilities | 4,130.88 | 5,034.08 | 9,164.96 |
| Lease Liabilities | 113.12 | 1,826.72 | 1,939.84 |
| | 23,625.86 | 6,864.97 | 30,490.83 |

NOTE 50: CAPITAL MANAGEMENT

The Company's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The Company considers the following components of its Balance Sheet to be managed capital: 1) Share Capital and 2) Other Reserves comprising of General Reserve and Retained Earnings. The Company's capital structure is based on the Management's assessment of the balances of key elements to ensure strategic decisions and day to day activities.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. The capital structure of the Company is managed with a view of the overall macro economic conditions and the risk characteristics of the underlying assets. The Company's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Company, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Company. The Company's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Company. In order, to maintain or adjust the capital structure, the Company will take appropriate steps as may be necessary.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2023 and March 31, 2022.

NOTE 51 : COMMITMENTS FOR EXPENDITURE

| Particulars | (₹ in Lakhs) | |
|---|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Estimated amount of contracts remaining to be executed on capital account and not provided for (Net of advances of ₹ 137.83 Lakhs (March 31,2022: ₹ 181.20 Lakhs)) | 67.52 | 379.12 |

| Within India | 2,00,301.09 | 1,95,809.95 |
| Outside India | 1,680.47 | 5,011.04 |
| Total revenue | 2,01,981.56 | 2,00,820.99 |

The revenue information is based on location of customers.

Non-current operating assets

The Company has common non-current operating assets for domestic as well as overseas market. Hence, separate figures for these assets are not required to be furnished.

NOTE 55 : TRANSFER PRICING

The Company has appointed an independent consultant for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises undertaken during the financial year are on an “arm’s length basis”. The Transfer Pricing study under the Income Tax Act, 1961 in respect of transaction with the group companies for the financial year ended March 31, 2023 is not yet complete. Adjustments, if any, arising from Transfer Pricing study shall be accounted for as and when the study is completed. The management confirms that all international transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms. During the current year, the Transfer Pricing certificate under section 92E of Income Tax Act, 1961 for the year ended March 31, 2022 has been obtained and there are no adverse comments requiring adjustments.

NOTE 56 : EXPOSURE TOWARDS MICRO, SMALL AND MEDIUM ENTERPRISES

| Particulars | (₹ in Lakhs) | |
|--|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| I The details of amounts outstanding to Micro, Small and Medium Enterprises based on available information with the Company are as under: | | |
| (i) The principal amount and the interest due thereon remaining unpaid to any supplier | | |
| Principal amount: | 630.91 | 444.61 |
| Interest: | - | - |
| (ii) The amount of interest paid by the Company along with the amounts of the payment made to the supplier beyond the appointed day for the year ended | - | - |
| (iii) The amount of interest due and payable for the period of delay in making payment (beyond the appointed day during the year) | - | - |
| (iv) The amount of interest accrued and remaining unpaid for the year ended | - | - |
| (v) The amount of further interest remaining due and payable for the earlier years | - | - |

The Information has been given in respect of such suppliers to the extent they could be identified as “Micro and Small” enterprises on the basis of information available with the Company. Further, the amount payable to these parties is not overdue hence no interest is required to provided/accrued as at March 31, 2023 and March 31, 2022.

II The credit period for purchase of goods and services are normally up to 30 days. No interest is chargeable on trade payables.

Notes to Standalone Financial Statements

Note:

Corporate social responsibility expenses of Company are managed by related party - Sleepwell foundation (refer note no. 45).

NOTE 58 : DERIVATIVES AND HEDGING

(i) Classification of derivatives

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are accounted for at fair value through profit or loss. Information about the derivatives used by the Company and outstanding as at the end of the financial year is provided below:

(₹ in Lakhs)

| Particulars | Financial Assets | | Financial liabilities | |
|---|-------------------------|-------------------------|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 | As at March 31, 2023 | As at March 31, 2022 |
| Derivatives designated as Hedging Instruments: | | | | |
| Cross currency interest rate swap | - | - | 945.98 | - |
| Derivatives not designated as Hedging Instruments: | | | | |
| Principal only swap | - | - | 1,322.29 | - |

(ii) Hedging activities

Foreign Currency Risk

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

Derivatives designated as hedging instruments are accounted for as cash flow hedges.

(iii) Hedge Effectiveness

For derivatives designated as hedging instruments, there is an economic relationship between the hedged items and the hedging instruments as the terms of the hedge contracts match the terms of hedge items. The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange and interest rate are identical to the hedged risk components. To test the hedge effectiveness, the Company compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

(iv) Source of Hedge ineffectiveness

For derivatives designated as hedging instruments, in case of foreign currency risk and interest rate risk, the main source of hedge ineffectiveness is the effect of the counterparty's credit risk on the fair value of hedge contracts, which is not reflected in the fair value of the hedged items. The effect of this is not expected to be material.

(v) Disclosures of effects of Cash Flow Hedge Accounting:

Hedging instruments

The Company has taken derivatives to hedge its loan given to its related party.

| Effective Tax Rate | 25.25% | 25.42% |

NOTE 60 : THE CODE ON SOCIAL SECURITY 2020

The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued. The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

Independent Auditor's Report

To the Members of Sheela Foam Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of Sheela Foam Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2023, of consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and on consideration of audit reports of other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

DESCRIPTION OF KEY AUDIT MATTER

| Sr. No | Key Audit Matter | How the Key Audit Matter was addressed in our audit |
|--------|--|---|
| 1 | <p>Impairment of Goodwill</p> <p>Refer Note 2.1(d)(6) to the consolidated financial statements Group has a Goodwill on account of consolidation of ₹ 26,366.16 Lakhs as on March 31, 2023. In determining the fair value/value in use of subsidiaries, the Group has applied judgment in estimating future revenues, operating profit margins, longterm growth rate and discount rates. The carrying value of goodwill is tested annually for impairment. The Group performed its annual impairment test of goodwill and determined that there was no impairment.</p> <p>Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, we have identified this as a key audit matter</p> | <p>Description of Auditor's response:</p> <ul style="list-style-type: none"> • Obtained an understanding from the management with respect to process and controls followed by the Group and tested the design, implementation and operating effectiveness of controls over • the process of impairment assessment to perform annual impairment test related to goodwill. • Obtained the impairment analysis model from the management and reviewed their conclusions. • Tested the inputs used in the Model by examining the underlying data and validating the future projections by comparing past projections with actual results. |

| Sr. No | Key Audit Matter | How the Key Audit Matter was addressed in our audit |
|--------|--|--|
| | | <ul style="list-style-type: none"> Assessed the reasonableness of the assumptions used and appropriateness of the valuation methodology applied. Tested the discount rate and long term growth rates used in the forecast including comparison to economic and industry forecasts where appropriate. Reconciled the future operating cash flow forecasts with the business plan approved by the Company's board of directors. Evaluated the appropriateness of the disclosures made in the consolidated financial statement in relation to the above as required under applicable accounting standards. Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards. |
| 2 | <p>Revenue recognition - Discounts and rebates</p> <p>Refer Note 2.10 to the consolidated financial statements, revenue is measured net of any trade discounts and volume rebates to customers (i.e, to the Wholesale traders and Retail traders).</p> <p>As per the secondary scheme, discounts and rebates are passed on to the customers only on secondary sales made by wholesaler to retailer. Further, certain discounts and rebates for goods sold during the year are only finalised when the precise amounts are known, and revenue therefore includes an estimate of variable consideration. This includes establishing an accrual at year end, particularly in arrangements with customers involving varying terms which are based on annual contracts or shorter-term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end. The unsettled portion of the variable consideration, results in accrual of discounts and rebates due to customers as at year end.</p> <p>Significant judgement is required in estimating accruals relating to secondary schemes recognized, based on sales made during the year.</p> <p>In view of above, accrual for discounts and rebates in relation to revenue recognition is identified as a key audit matter.</p> | <p>Description of Auditor's response:</p> <ul style="list-style-type: none"> Assessed the appropriateness of the Company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates as required under the applicable accounting standards. Understood the process followed by the Company to determine the amount of accrual for discounts and rebates. Verified the design and implementation and tested operating effectiveness of key application controls over the Company's automated systems and manual controls over rebates agreements/ arrangements, rebate payments / settlements and Company's review over the rebate accruals. Verified on a test check basis, key customer contracts to identify the relevant terms and conditions related to discounts and rebates. Verified on test check basis, discounts and rebates transactions recorded during the year including period end discounts and rebates accruals and ensured the computation is in accordance with the policy and relevant source documents. Examined historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and compared the same with the accrual for the year ended March 31, 2023. Verified completeness and accuracy of the data used by the Company for accrual of discounts and rebates through test of controls. Verified on a test check basis, rebate accruals after the reporting date to validate whether the accrual is recorded in the correct period. Verified payments made after reporting/year end date and where relevant, comparing the payment to the related rebate accrual. |

| Sr. No | Key Audit Matter | How the Key Audit Matter was addressed in our audit |
|--------|------------------|---|
| | | <ul style="list-style-type: none"> • Verified the credit notes for rebates and discounts issued subsequent to the balance sheet date to assess the reasonableness of the amounts recognised and to identify any significant unaccounted secondary trade accruals. • Verified manual journal entries posted to revenue, on a test check basis, to identify unusual items and examining the underlying documentation. • Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards. |

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. but does not include the consolidated financial statements and our auditor's report thereon. The Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. is expected to be made available to us subsequent to this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc., if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the

accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in “Annexure A” a detailed description of Auditor’s responsibilities for Audit of the Consolidated Financial Statements.

OTHER MATTERS

We did not audit the financial statements of ten subsidiaries whose financial statements reflect total assets of Rs. 1,05,539.17 Lakhs as at March 31, 2023, total revenues of Rs. 87,152.57 Lakhs and net cash flows amounting to Rs. 162 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries, are located outside India whose financial statements and/or other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company’s management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company’s management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement

of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

- d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group Companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in “Annexure B”.
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 53 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies incorporated in India.
 - iv. (1) The respective Managements of the Holding Company and its subsidiaries which are incorporated in India, whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries that, to the best of their knowledge and belief, as disclosed in the Note 64 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other persons or entities, including foreign entities (“intermediaries”) with the

- understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (2) The respective Managements of the Holding Company and its subsidiaries, which are companies which are incorporated in India and whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in Note 64 to the Consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiaries, from any persons or entities, including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (3) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies whose financial statements have been audited under the Act, and according to the information and explanations provided to us by the Management of the Holding company in this regard nothing has come to our or other auditors' notice that
- has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement
- v. The Holding Company and its subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.
- vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company, and its subsidiary companies incorporated in India only w.e.f. April 1, 2023, reporting under this clause is not applicable.
2. As required by the Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Holding Company and the subsidiary companies to the extent applicable to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.
3. According to the information and explanations given to us and based on the Company (Auditor's Report) Order, 2020 (hereinafter referred as "CARO Reports") issued by us for the Holding Company and on consideration of CARO reports issued by the statutory auditors of subsidiaries included in the consolidated financial statements of the Group to which reporting under CARO is applicable, we report that there are no Qualifications/adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sheela Foam Limited on the consolidated Financial Statements for the year ended March 31, 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls reference to consolidated financial statements of Sheela Foam Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may

occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to four subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

1. GROUP INFORMATION

Sheela Foam Limited ('the Holding Company') is a ISO 9001:2000 public limited Group incorporated in India with its registered office in New Delhi. The Holding Group is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Holding Company, pioneered in the manufacturing of polyurethane foams, has eleven subsidiary companies (including step down subsidiaries) (two Foreign Subsidiaries 'Joyce Foam PTY Ltd., Australia and its Controlled Entity Joyce W C NSW Pty Limited' and 'International Foam Technologies Spain, S.L.U and its Controlled Entity Interplasp S.L') and (four Indian Subsidiaries 'Divya Software Solutions Private Limited', 'Sleepwell Enterprises Private Limited', 'International Comfort Technologies Private Limited' and 'Staqa World Private Limited and its three Controlled Foreign Entities 'Staqa World Kft, Hungry, Staqa Incorporated, USA and Staqa Technologies L.L.C, Dubai').

The accompanying Consolidated Financial Statements relate to Sheela Foam Limited ('the Holding Company') and its eleven subsidiary companies (including step down subsidiaries) (together referred as "the Group").

The consolidated financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on May 17, 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation:

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The consolidated financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments), measured at fair value (refer accounting policy regarding financial instruments).

- defined benefit plans – plan asset measured at fair value.

b. Functional and presentation currency

The consolidated financial statements are prepared in Indian Rupees ('Rs. '), which is the Holding Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is -

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is:

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Group has identified twelve months as its operating cycle.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

d. Use of estimates and judgments

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying consolidated financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the consolidated financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

1. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rate basis on written down value basis, in case of Holding Group (Sheela Foam Limited) and Indian Subsidiaries and on a straight line basis, in the case of foreign Subsidiaries, over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.3 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

2. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations.

The mortality rate is based on publically available mortality table for the specific countries. Future salary, seniority, promotion and other relevant factors and pension increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 44.

3. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

4. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

5. Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

6. Impairment of Goodwill

Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Subsequently, intangible assets are carried at cost

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

less any accumulated amortisation and accumulated impairment losses, if any.

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a Cash Generating Unit is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The value in use calculation is based on a discounted future cash flows model. The recoverable amount is sensitive to the discount rate used for the discounted future cash flows model as well as the expected future cash-inflows.

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell.

Determination of Cash Generating Unit

While assessing impairment, the management has identified every company in which goodwill has generated on acquisition of its subsidiary as the cash generating unit for the purposes of determining the recoverable value.

Significant Cash Generating Units (CGUs)

The management has determined one of the foreign step down subsidiary company located in Spain that is Interplasp S.L. as the significant cash generating unit for the purposes of determining the recoverable value.

| Particular | March 31, 2023 | March 31, 2022 |
|-------------------|----------------|----------------|
| Acquired Goodwill | 26,366.16 | 24,165.95 |

Following key assumptions were considered while performing impairment testing:

| Factors tested | March 31, 2023 | March 31, 2022 |
|---------------------------------------|----------------|----------------|
| Average Sales Growth rate for 5 years | 10% | 10% |

| Factors tested | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Average terminal growth rate | 1.5% | 1.5% |
| Margin | 10.8% | 10.8% |
| Weighted Average Cost Capital % (WACC) post tax (Discount rate) | 8.25% | 8% |

The projections cover a period of five years, as the Company believes this to be the most appropriate timescale over which to review and consider annual performances before applying a terminal value multiple to the final year cash flows. The growth rates and segmental margins used to estimate cash flows for the first five years are based on past performance, and on the Company's five-year strategic plan.

Weighted Average Cost of Capital % (WACC) for the Company = Risk free return + (Market risk premium x Beta).

Impairment

As per the computation, the value in use exceeds the carrying value of subsidiary company and accordingly the management has concluded that no impairment needs to be recognised for the current year.

The Company has performed sensitivity analysis and has concluded that there are no reasonably possible changes to key assumptions that would cause the carrying amount of a CGU to exceed its recoverable amount.

2.2 BASIS OF CONSOLIDATION

Control is achieved when the group is exposed or has rights to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of a subsidiary begins with the group obtains control over the subsidiary and ceases when group loses control of the subsidiary. The Consolidated Financial Statements have been prepared on the following basis: -

Basis of Accounting:

- The financial statements of all subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on 31 March. When the end of the reporting period of the holding company is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

as the financial statements of the holding company to enable the holding company to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

- ii) In case of foreign Subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rates prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- iii) The consolidated financial statements have been prepared in accordance with Indian Accounting Standard - 110 "Consolidated Financial Statements".

Principles of Consolidation:

- i) The financial statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets,

liabilities, income and expenses after fully eliminating the intra-group balances and intra-group transactions and unrealized profits or losses in accordance with Indian Accounting Standard - 110 on "Consolidated Financial Statements". Non - controlling interests in the results and equity of subsidiaries are shown separately in the consolidated financials statement .

- ii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Holding Group's separate financial statements except as otherwise stated in the Significant Accounting Policies.
- iii) The difference between the costs of investments in the Subsidiaries over the net assets at the time of acquisition of shares in the Subsidiaries is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve as the case may be.

The Consolidated Financial Statements of the Holding Group includes the results of following entities:

| Name of Company | Country of Incorporation | Proportion (%) of Shareholding as on 31.03.2023 | Proportion (%) of Shareholding as on 31.03.2022 |
|--|--------------------------|---|---|
| Subsidiary Companies | | | |
| Joyce Foam Pty. Limited and its Controlled Entity (Joyce W C NSW Pty Limited) | Australia | 100% | 100% |
| International Foam Technologies SL, Spain and its Controlled Entity (Interplasp S.L) | Spain | 100% | 100% |
| Divya Software Solutions Private Limited | India | 100% | 100% |
| Sleepwell Enterprises Private Limited | India | 100% | 100% |
| Staqo World Pvt. Ltd. and its 3 Controlled Entities (Staqo Technologies L.L.C. , Staquo World LLC and Staquo Incorporated) | India | 100% | 100% |
| International Comfort Technologies Private Limited | India | 100% | 100 % |

2.3 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till the date of commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful life of assets .

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited, Sleepwell Enterprises Private Limited, Staquo World Private Limited and International Comfort Technologies Private Limited)

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs. 5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Group (No. of Years) |
|-------------------------------------|--|---|
| Buildings : | | |
| - Factory (including roads & lanes) | 30 | 29 |
| - Office | 60 | 4-59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles : | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment : | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern, technical evaluation and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entities, and International Foam Technologies SL, Spain and its Controlled Entities)

The depreciable amount of all fixed assets including capitalised lease assets, is depreciated on a straight line basis over the estimated useful lives to the Group commencing from time the assets is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

| Asset | Useful Life range |
|----------------------------|-------------------|
| Buildings | 34 to 36 years |
| Technical Installations | 10 to 20 years |
| Plant & Machinery | 8 to 20 years |
| Furniture & Furnishings | 3 to 7 years |
| Tooling & Other Facilities | 10 years |
| Data Processing Equipment | 4 to 6 years |
| Vehicles | 6 to 7 years |
| Other Assets | 8 to 9 years |

Transition to Ind AS

On transition to Ind AS, the Group (in respect of companies incorporated in India) has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.4 Investment Property

Property that is held for long- term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Though the Group measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rata basis on written down value basis, over the useful life of the property estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The property's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Group (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern, technical evaluation and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to / from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

Transition to Ind AS

On transition to Ind AS, since there is no change in the functional currency, the Group (in respect of companies incorporated in India) has elected to continue with the carrying value for all of its investment property as recognized in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 01, 2016.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and
- c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- Business Model Test: The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

This category is most relevant to the Group. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit or loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- Business Model Test: The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss.

(c) Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible defaults events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits and employee loans etc.
- Financial assets that are debt instruments, and are measured at FVTOCI,

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-months ECL.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred, or
- b. The Group retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Group has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit or Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of Profit and Loss.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in Statement of profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

Financial guarantee contracts issued by the Holding Group are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Group towards purchase of raw material and other

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(iv) Derivative Financial Instruments :

Initial recognition and subsequent measurement

The Holding Company uses derivative financial instruments to hedge its foreign currency risk and interest rate risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Statement of Profit or Loss and Other Comprehensive Income. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge Accounting

The Holding Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements: -

There is an economic relationship between the hedged items and the hedging instruments,

- the effect of credit risk does not dominate the value changes that result from that economic relationship,

- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Holding Company documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Holding Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit or Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit or Loss upon the occurrence of the underlying transaction.

2.6 Inventories

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

value. Cost of work in progress and manufactured finished goods comprises is determined on weighted average and its cost comprises of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods includes cost of purchase and such other costs.

In determining the cost of inventories, first-in-first-out cost method is used.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realizable value is made on item-by-item basis.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short- term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets, other than deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the 'cash generating unit' to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGU's. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit or Loss and Other Comprehensive Income. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU on a pro rata basis. Refer note 3 for the use of estimates and judgments for assessing impairment of goodwill.

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Provision for Warranty

Warranty provision is determined based on the historical percentage of warranty expense to sales for the same types of goods depending upon the warranty period offered. The percentage to the sales is applied to derive the warranty expense to be accrued. Actual warranty claims are settled against warranty provision. The warranty claims may not exactly match the historical warranty percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence. Closing warranty provision is bifurcated into Current and Non-current based on the past settlement trend with the non-current portion being discounted to derive the present value. The assumptions are consistent with prior years.

c) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

IND As 115 five step model is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer.

Step 2: Identify the performance obligation in contract.

Step 3: Determine the transaction price.

Step 4: Allocate the transaction price to the performance obligations in the contract.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Sales are recognized at the fair value of the consideration that can be reliably measured and reduced by variable consideration. Variable consideration includes sales returns, trade discounts, volume based incentives, and cost of promotional programs, indirect taxes as may be applicable.

The Group provides various volume based rebates to certain customers once the goods are purchased by them above a certain threshold as specified in the scheme letter. Rebates outstanding at the balance sheet date are adjusted against the amount receivable from the customer. To estimate and recognise the liability for the incentives the Group used the methods which best predicts the amount of incentives and is primarily driven by the number of volume thresholds mentioned in the contracts.

i) Sale of goods – distributors

The Group operates via chain of distributors selling mattresses and home comfort products. Revenue from the such sales is recognised when control of the products being sold is transferred to distributor and when there are no longer any unfulfilled obligations. As per Group's policies the performance obligations are fulfilled at the time of dispatch from the factory or warehouse.

Group's contract with trade customers do not have financing component or non-cash consideration and the Group does not have any unbilled revenue or deferred revenue.

It is the Group's policy to sell its products to the end customer with a right of return within a stipulated time period. Therefore, a refund liability (included in other current liabilities) and a right to recover the returned goods (included in other current assets) are recognised for the products expected to be returned, based on estimate. Historical data and past trends are used to estimate such returns. Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

The Group's obligation to replace faulty products under the standard warranty terms is recognised as a provision (Refer Note 25).

ii) Sale of goods – B2B

The Group manufactures and sells a range of industrial foam and cushioning foam to B2B segment. Sales are recognised when control of the products has transferred, that is when the products are dispatched from the factory or the warehouse.

iii) Sale of services

The IT consulting division provides business IT management, design, implementation and support services under fixed-price and variable-price contracts. Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. This is determined based on the actual labour hours spent relative to the total expected labour hours.

Some contracts include multiple deliverables, such as the sale of hardware and related installation services. However, the installation is simple, does not include an integration service and could be performed by another party. It is therefore accounted for as a separate performance obligation. Where the contracts include multiple performance obligations, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Where these are not directly observable, they are estimated based on expected cost plus margin. If contracts include the installation of hardware, revenue for the hardware is recognised at a point in time when the hardware is delivered, the legal title has passed and the customer has accepted the hardware.

Other Income

i) Interest income from Bonds

Interest income from bonds at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

ii) Rental income

Rental income from operating leases where the Group's entity is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

iii) Income from sale of investments

The Group earns profit/loss on sale of bonds and mutual funds. When these investments are sold, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

2.11 Government Grants / Subsidy

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.12 Employee Benefits

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited, Sleepwell Enterprises Private Limited, Staqa World Private Limited and International Comfort Technologies Private Limited)

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc. and the same are recognized in the period in which the employee renders the related services.

b. Long Term Benefit

The employees are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till

retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

Approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. There is no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. Defined benefit plan:

Gratuity

Gratuity, being a defined benefit plan (the 'Gratuity Plan') covers eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise. The Holding Company Liability is funded through a separate Gratuity Trust. The short/excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ asset as at the Balance Sheet date.

d. Other Long Term Benefits

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

ii. Employees State Insurance Scheme

Contribution towards employees' state insurance scheme is made to the regulatory authorities, as applicable and has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entity, and International Foam Technologies SL, Spain and its Controlled Entity)

Provision is made for the liability for employee benefits arising from services rendered by employees to balance sheet date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those of benefits.

2.13 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Group as a lessee

The Group's lease assets classes primarily consist of leases for Land & Buildings. The Group assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset and a corresponding lease

liability for all lease arrangements in which it is a lessee, except for short-term leases and leases of low value assets. For these short-term and leases of low value assets, the Group recognises the lease payments as an operating expense in the statement of profit and loss.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group separately recognizes the interest expense on the lease liability as finance cost and the depreciation expense on the right-of-use asset.

Group as a lessor

Lease income from operating lease is recognized on a straight-line basis or another systematic basis as per the terms of the relevant lease. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised over the lease term on the same basis as lease income.

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing as at the balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions.

2.15 Taxation

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

b) Deferred Tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in consolidated financial statements. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.16 Dividend Distribution:

The group recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Entity and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 Goodwill

Business Combinations are accounted for using the acquisition method of accounting, except for common control transactions which are accounted using the pooling of interest method that is accounted at carrying values.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities assumed at their acquisition date i.e. the date on which control is acquired. Contingent consideration to be transferred is recognised at fair value and included as part of cost of acquisition. Transaction related costs are expensed in the period in which the costs are incurred.

For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any

Goodwill is not amortized; however, it is tested annually for impairment and whenever there is an indication that the unit may be impaired and carried at cost less any accumulated impairment losses.

For the purpose of impairment testing, the goodwill is allocated to a cash-generating-unit ("CGU") or group of CGUs ("CGUs"), which are expected to benefit from the acquisition-related synergies and represent the lowest level within the entity at which the goodwill is monitored for internal management purposes, within an operating segment. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying value of a CGU / CGUs including the goodwill, exceeds the estimated recoverable amount of the CGU / CGUs. The recoverable amount of a CGU / CGUs is the higher of its fair value less costs to sell and its value in use. Value in use is the present value of future cash flows expected to be derived from the CGU / CGUs.

The total impairment loss of a CGU / CGUs is allocated first to reduce the carrying value of goodwill allocated to that CGU / CGUs and then to the other assets of that CGU / CGUs - on pro-rata basis of the carrying value of each asset.

2.19 Transactions within Group

Transactions including expenses to be shared between the companies within the Group are initially recorded under operational heads by the respective Group, and reduced on actual or proportionate (where those are not directly attributable) basis during consolidation.

2.20 Business Combinations

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

2.21 Contributed equity

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

2.22 Standards (including amendments) issued but not yet effective.

The Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standard) Amendment Rules, 2023 dated March 31, 2023, to amend certain Ind ASs which are effective from April 01, 2023: Below is a summary of such amendments:

(i) Disclosure of Accounting Policies - Amendment to Ind AS 1 Presentation of financial statements

The MCA issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

(ii) Definition of Accounting Estimates - Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors

The amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The amendments are not expected to have a material impact on the Company's financial statements.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

2.23 Standards that became effective during the year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from April 01, 2022

(i) Onerous Contracts- Cost of Fulfilling a Contract - Amendments to Ind AS 37

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

These amendments have no impact on the financial statements of the Company.

(ii) References to the Conceptual Framework - Amendments to Ind AS 103

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.

The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

These amendments have no impact on the financial statements of the Company.

(iii) Property, Plant and Equipment: Proceeds Before Intended Use- Amendment to Ind AS 16

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

(iv) Ind AS 109 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Notes:

- Refer 'Para- 2.4' of Significant Accounting Policies for depreciation and measurement of Investment property.
- The leasehold land has been amortised during the year by ₹ 0.91 Lakhs (March 31, 2022: ₹ 0.91 Lakhs) as per the accounting policy in terms of the Ind AS 40 on 'Investment Property'.
- Income from investment property :

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Rental Income derived from investment property | 216.63 | 214.73 |
| Profit arising from investment property before depreciation | 216.63 | 214.73 |
| (Less): Depreciation for the year | (278.30) | (288.36) |
| Net profit/(loss) arising from investment property | (61.67) | (73.63) |

- The Group has obtained independent valuation for its investment properties at ₹ 11,431.96 Lakhs as on March 31, 2023 and ₹ 10,857.04 Lakhs as on March 31, 2022. These valuations are based on valuations performed by K.S. Agrawal Associates, an accredited independent valuer. K.S. Agrawal Associates is a specialist in valuing these types of investment properties and reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence. Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Group shall continue to operate and run the assets to have economic utility. The fair value is on 'as is where is' basis.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

- e. There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restriction on remittance of income and proceeds of disposal.
- f. The investment properties which are leasehold properties, realisability of the same is subject to the terms and conditions under the respective lease agreements.
- g. The Group's Investment Properties are given on cancellable lease for a period 1-10 years.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

NOTE 20 : OTHER CURRENT ASSETS

(₹ in Lakhs)

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|-------------------------|-------------------------|
| (Unsecured, considered good) | | |
| Advance to contractors/suppliers | 1,874.32 | 1,425.74 |
| Balances with Statutory/Government authorities: | | |
| - Excise & Custom | 250.80 | 13.58 |
| - GST | 2,804.17 | 1,046.54 |
| - VAT/Sales Tax | 488.11 | 742.08 |
| Prepaid expenses (refer note (a)) | 625.29 | 490.89 |
| Lease equalisation | 68.24 | 66.33 |
| Other loans and advances | 123.97 | 70.68 |
| Right to recover return goods (refer note (b)) | 146.12 | 166.14 |
| Total | 6,381.02 | 4,021.98 |

Notes:

- Prepaid expenses includes amount of ₹ 47 Lakhs towards amount available for set off in pursuant of sub-rule(3) of rule 7 of the Companies (Corporate social responsibility policy) rules, 2014 (refer note no. 58).
- In certain cases, the Company provides its customers right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Company will be entitled.

The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, the Company recognises Liability for expected sales return, a receivables on expected sales return (and corresponding adjustment to change in inventory is also recognised for the receivables on expected sales return from a customer).

for the year ended March 31, 2023

(c) Cash flow hedge reserve

The cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated hedging instruments entered into for cash flow hedges. The cumulative gain or loss arising on changes in fair value of the hedging instruments that are recognised and accumulated under the heading of cash flow hedge reserve will be reclassified to profit or loss only when the hedged transaction affects the profit or loss.

(d) Foreign currency translation reserve

The amount represents reserve arising from gain/loss on translation of the financial statements of foreign subsidiaries in the presentation currency of the Holding Company.

NOTE 45 : EMPLOYEE BENEFITS (IN RESPECT OF COMPANIES INCORPORATED IN INDIA)

A. Defined contribution plans

Employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which companies makes a defined contribution measured as a fixed percentage of salary. During the year, amount of ₹ 774.14 Lakhs (March 31, 2022: ₹ 696.42 Lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Employer's contribution towards Provident Fund (PF) | 681.92 | 605.11 |
| Employer's contribution towards Employees State Insurance (ESI) | 47.61 | 56.49 |
| Employer's contribution towards National Pension Scheme (NPS) | 44.61 | 34.82 |
| Total (Refer note no. 40) | 774.14 | 696.42 |

B. Long Term Benefit

Long service award

Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. During the year, the Group had discontinued this policy. An amount of ₹ Nil (March 31, 2022: ₹ 146.01 Lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

C. Post employment benefits

Defined benefit plans

Gratuity

The employees' gratuity fund scheme, which is a defined benefit plan, is managed by a trust with effect from 2019 and is being maintained by SFL Employees gratuity trust. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure on 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

This plan is governed by the Payment of Gratuity Act, 1972, which requires that each employee who has completed 5 years of service shall be entitled to gratuity which is equal to salary of 15 days for each completed year of service.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--------------------------------------|--------------------------------------|
| Discount rate | 7.36% | 7.51% |
| Future salary increase/salary escalation | 7.00% | 7.00% |
| Retirement age (years) | 60 | 60 |
| Mortality Tables | | |
| <i>Employee turnover</i> | | |
| 18 to 30 years | 3.40% | 3.00% |
| From 31 to 45 years | 3.70% | 2.00% |
| Above 45 years | 0.80% | 1.00% |

Notes:

- The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- Information given for retirement age is based on India's standard mortality table with modification to reflect expected changes in mortality/others.

Quantitative sensitivity analysis for significant assumptions as at March 31, 2023 is shown below:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Increase / (decrease) on present value of defined benefits obligations at the end of the year | | |
| Discount rate | | |
| Increase by 1.00% | (316.43) | (284.20) |
| Decrease by 1.00% | 360.67 | 331.38 |
| Salary increase | | |
| Increase by 1.00% | 358.37 | 329.76 |
| Decrease by 1.00% | (320.17) | (288.20) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss, Other Comprehensive Income and the funded status and amounts recognised in the Balance Sheet for the gratuity plan. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Expense recognised in Statement of Profit and Loss and Other Comprehensive Income:

(₹ in Lakhs)

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|--------------------------------------|--------------------------------------|
| Service cost: | | |
| Current service cost | 241.43 | 178.11 |
| Net interest expense | 66.51 | 7.28 |
| Components of defined benefit costs recognised in profit or loss | 307.94 | 185.39 |
| Remeasurement on the net defined benefit liability: | | |
| Actuarial (gains) / losses arising from changes in financial assumptions | 52.63 | 431.36 |
| Actuarial (gains) / losses arising from changes in demographic assumptions | 1.35 | - |
| Actuarial (gains) / losses arising from experience adjustments | 148.43 | (11.05) |
| Return on Plan Asset | (21.24) | 5.37 |
| Components of defined benefit costs recognised in other comprehensive income | 181.17 | 425.68 |
| Total | 489.11 | 611.07 |

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the Statement of Profit and Loss.

The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

(₹ in Lakhs)

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|--|-------------------------|-------------------------|
| Present value of funded defined benefit obligation | 3,060.57 | 2,545.11 |
| Fair value of plan assets | (2,469.63) | (1,838.56) |

| 5 Year onwards | 2,400.71 | 2116.54 |

Expected contribution to the fund in next year (₹ in Lakhs)

688.52 823.87

Risk exposure

Through its defined benefit plans, the group is exposed to a number of risks, the most significant of which are detailed below:

a. Asset volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yields. If plan assets underperform this yield, this will create a deficit. Most of the plan asset investments are in fixed income securities with high grades and in government securities. These are subject to interest rate risk. A portion of the funds are invested in equity securities. The Group has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a fixed range. Any deviations from the range are corrected by rebalancing the portfolio. The Group intends to maintain the above investment mix in the continuing years.

b. Changes in discount rate:

A decrease in discount rate will increase plan liabilities, although this will be partially offset by an increase in the value of the plan's assets holdings.

c. Inflation risks:

Gratuity payments are not linked to inflation, so this is a less material risk.

The Group ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within this framework, the Group's ALM objective is to match assets to the pension obligations by investing in long-term fixed interest securities with maturities that match the benefit payments as they fall due and in the appropriate currency.

The Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Group has not changed the processes used to manage its risks from previous periods. The Group uses derivatives to manage some of its risk. Investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.

A large portion of assets consists of unit linked group insurance plan which further invests in government and corporate bonds, equities, money market instruments & public deposits. The plan asset mix is in compliance with the requirements of the respective local regulations.

(B) Group as lessor

The Group has entered into lease agreements to lease the following properties which have been treated as "Investment Property".

| | |
|--|--|
| Land & Factory Building situated at Sikkim | The lease agreement was executed on 1st December, 2016. The said lease is for a term of 10 years with a clause to enable upward revision of the rental charge after every 3 years. The total rent recognized as income during the year is ₹ 160.60 Lakhs (March 31, 2022: ₹ 158.40 Lakhs). |
| Residential Flat situated at Greater Noida | The lease agreement was executed w.e.f. 15th September, 2018. The said lease was initially for a term of 11 months with a clause of subsequent renewal by mutual consent and the same being ongoing renewed. The total rent recognized as income during the year is ₹ 8.52 Lakhs (March 31, 2022: ₹ 7.20 Lakhs). |
| Land & Factory Building situated at Silvassa | The lease agreement was executed w.e.f. 31st August, 2020. The said lease is for an initial period of 3 years with a clause of automatically renewal for year-on-year basis until receive termination from party. Lease rent will be increased by 5% if both parties agreed on year-on-year basis. The total rent recognized as income during the year is ₹ 47.51 Lakhs (March 31, 2022: ₹ 49.13 Lakhs). |

NOTE 48 : FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Group has disclosed financial instruments such as trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

NOTE 49 : FAIR VALUE HIERARCHY

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard.

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- **Level 1** - The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.
- **Level 2** - The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- **Level 3** - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investment in preference shares, other investments, loans receivables and lease receivables included in level 3.

Valuation Processes

The finance department of the Group includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Group Chief Financial Officer (CFO) including Board of Directors. Discussions of valuation processes and results are held between the CFO and the valuation team every month. The Group takes the help of independent valuers for valuation purposes.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Fair Valuation Technique

The carrying amounts of trade receivables, trade payables, creditors towards capital goods, cash and cash equivalents, investment in pref. share, other investment and other bank balances are considered to be the same as their fair values, due to their short-term nature.

The fair values of financial assets and liabilities consisting of loans receivable, lease receivable, lease liabilities, security deposits receivable and security deposit payable were calculated based on cash flows discounted using estimated borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

NOTE 50 : FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial liabilities comprises of borrowings , lease liabilities, deposits from dealers, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group is exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Group are accountable to the Board of Directors and Audit Committee. This process provides assurance to Group's senior management that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Group policies and Group risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include deposits from dealers, investments and foreign currency receivables and payables.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

The analysis exclude the impact of movements in market variables on, the carrying values of gratuity and other post-retirement obligations, provisions and the non-financial assets and liabilities.

The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023 and March 31, 2022.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in foreign currency). The Group evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies. The Group is exposed to foreign currencies such as "USD", "AED", "GBP", "NZD" and "EURO".

The carrying amount of the foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| (₹ in Lakhs) | | | |
|-----------------------------------|----------|-------------------------|-------------------------|
| Particulars | Currency | As at March 31, 2023 | As at March 31, 2022 |
| Financial assets: | | | |
| Trade receivables | USD | 817.82 | 778.46 |
| Trade receivables | AED | 205.88 | - |
| Bank balances | AED | - | 0.11 |
| Bank balances | USD | - | 268.87 |
| Financial liabilities: | | | |
| Trade payables | USD | (2,358.02) | (2,030.66) |
| Trade payables | EURO | (33.08) | (79.48) |
| Trade payables | GBP | (20.00) | (19.28) |
| Trade payables | NZD | - | (127.14) |
| Creditors for Capital Goods | EURO | (59.44) | - |
| Term Loan | USD | (7,736.33) | (7,247.32) |
| Net assets / (liabilities) | | (9,183.17) | (8,456.44) |

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Foreign currency sensitivity analysis

The Group is mainly exposed to USD, EURO, GBP, AUD, AED and NZD. The following table demonstrate the sensitivity to a reasonably possible change in respective exchange rates, with all other variables held constant.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for sensitivity change in foreign currency rates. A positive number below indicates an increase in profit or equity and vice-versa.

Foreign currency sensitivity

(₹ in Lakhs)

| Currency | % | As at March 31, 2023 | % | As at March 31, 2022 |
|----------|-----|-------------------------|-----|-------------------------|
| USD | 2% | (185.53) | 2% | (164.61) |
| USD | -2% | 185.53 | -2% | 164.61 |
| EURO | 3% | (2.78) | 3% | (2.38) |
| EURO | -3% | 2.78 | -3% | 2.38 |
| GBP | 2% | (0.40) | 2% | (0.39) |
| GBP | -2% | 0.40 | -2% | 0.39 |
| NZD | 5% | - | 5% | (6.36) |
| NZD | -5% | - | -5% | 6.36 |
| AED | 2% | 4.12 | 2% | 0.00 |
| AED | -2% | (4.12) | -2% | (0.00) |

(ii) Interest risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Group's financial liabilities comprises mainly of interest-bearing project term loans. However, these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) Commodity price risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Group has entered into various purchase contracts for these material for which there is an active market. The Group's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Group partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further, the Group increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

(i) Trade receivables

Customer credit risk is managed by the Group through its established policies and procedures which involve setting up credit limits based on credit profiling of individual customers, credit approvals for enhancement of limits and regular monitoring of important developments viz. payment history, change in credit limits, regulatory changes, industry outlook etc. Outstanding receivables are regularly monitored and an impairment analysis is performed at each reporting date on an individual basis for each major customer. In accordance with Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or reversal thereof. Concentration of credit risk with respect to trade receivables are limited, due to Group's customer base being large and diverse. All trade receivables are reviewed and assessed for default on monthly basis.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group's finance department in accordance with the Group's policy. Surplus funds are invested in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Group's maximum exposure to credit risk for the components of the Balance sheet at March 31, 2023 and March 31, 2022 is the carrying amounts which are given below. Trade receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Group.

| (₹ in Lakhs) | | |
|--|-------------------------|-------------------------|
| Particulars | As at March 31, 2023 | As at March 31, 2022 |
| Non-current assets | | |
| Investments | 5,641.29 | 52,883.17 |
| Loans | 193.91 | 7.59 |
| Other financial assets | 518.97 | 453.61 |
| Current assets | | |
| Investments | 71,195.73 | 8,938.05 |
| Trade receivables | 28,197.60 | 26,939.30 |
| Cash and cash equivalents | 4,227.05 | 4,081.28 |
| Bank balances other than cash and cash equivalents | 26.65 | 31.58 |
| Loans | 67.05 | 557.36 |
| Other financial assets | 99.98 | 2,634.23 |
| Total | 1,10,168.23 | 96,526.17 |

(c) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. The Group's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits, short term investments and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Group's liquidity position through rolling forecasts on the basis of expected cash flows. The Group assessed the concentration of risk with respect to its debt and concluded it to be very low.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

| (₹ in Lakhs) | | | |
|-----------------------------|------------------|------------------|------------------|
| Particulars | Less than 1 Year | More than 1 Year | Total |
| As at March 31, 2023 | | | |
| Trade payables | 25,922.27 | 19.11 | 25,941.38 |
| Other financial liabilities | 9,170.50 | 2,593.96 | 11,764.46 |
| Borrowings | 18,380.43 | 28,380.63 | 46,761.06 |

| Lease liability | 2,306.18 | 10,564.79 | 12,870.97 |
| | 46,204.68 | 38,421.22 | 84,625.90 |

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

NOTE 51 : CAPITAL MANAGEMENT

The Group's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The Group considers the following components of its Balance Sheet to manage capital:

1) Share Capital and 2) Other Reserves comprising of General Reserve and Retained Earnings. The Group capital structure is based on the Management's assessment of the balances of key elements to ensure strategic decisions and day to day activities.

(₹ in Lakhs, unless otherwise stated)

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|-------------------------|-------------------------|
| Equity | 4,878.28 | 2,439.14 |
| Other equity | 1,55,987.36 | 1,37,580.81 |
| Total equity (i) | 1,60,865.64 | 1,40,019.95 |
| Borrowings | 46,761.06 | 33,775.50 |
| Less: Cash and cash equivalents | 4,227.05 | 4,081.28 |
| Total debt (ii) | 42,534.01 | 29,694.22 |
| Overall financing (iii) = (i) + (ii) | 2,03,399.65 | 1,69,714.17 |
| Gearing ratio (In %) | (ii) / (iii) 21% | 17% |

The Holding Company has not distributed any dividend to its shareholders. The Group monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. The capital structure of the Group is managed with a view of the overall macro economic conditions and the risk characteristics of the underlying assets. The Group's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Group, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Group. The Group's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Group. In order, to maintain or adjust the capital structure, the Group will take appropriate steps as may be necessary.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2023 and March 31, 2022.

NOTE 52 : COMMITMENTS FOR EXPENDITURE

NOTE 56 : TRANSFER PRICING

The Group has appointed an independent consultant for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arm's length basis". The Transfer Pricing study under the Income Tax Act, 1961 in respect of transaction with the group companies for the financial year ended March 31, 2023 is not yet complete. Adjustments, if any, arising from Transfer Pricing study shall be accounted for as and when the study is completed. The management confirms that all international transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms. During the current year, the Transfer Pricing certificate under section 92E of Income Tax Act, 1961 for the year ended March 31, 2022 has been obtained and there are no adverse comments requiring adjustments.

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| I The details of amounts outstanding to Micro, Small and Medium Enterprises based on available information with the Group are as under: | | |
| (i) The principal amount and the interest due thereon remaining unpaid to any supplier: | | |
| Principal amount | 722.01 | 506.29 |
| Interest | - | - |
| (ii) The amount of interest paid by the Company along with the amounts of the payment made to the supplier beyond the appointed day for the year ended | - | - |
| (iii) The amount of interest due and payable for the period of delay in making payment (beyond the appointed day during the year) | - | - |
| (iv) The amount of interest accrued and remaining unpaid for the year ended | - | - |
| (v) The amount of further interest remaining due and payable for the earlier years | - | - |

The information has been given in respect of such suppliers to the extent they could be identified as "Micro and Small" enterprises on the basis of information available with the Group. Further, the amount payable to these parties is not overdue, hence no interest is required to provided/accrued as at March 31, 2023 and March 31, 2022.

II The credit period for purchase of goods and services are from up to 30 days. No interest is chargeable on trade payables.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

NOTE 58 : CORPORATE SOCIAL RESPONSIBILITY EXPENDITURE

As per provisions of Section 135 of the Companies Act, 2013, the Holding Company has to incur at least 2% of average net profits of the preceding three financial years towards Corporate Social Responsibility ("CSR"). Accordingly, a CSR committee has been formed by the Holding company for carrying out CSR activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation and rural development projects as per the Schedule VII of the Companies Act, 2013.

(₹ in Lakhs)

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

NOTE 61 : DERIVATIVES AND HEDGING

(i) Classification of derivatives

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are accounted for at fair value through profit or loss. Information about the derivatives used by the Company and outstanding as at the end of the financial year is provided below:

(₹ in Lakhs)

| Particulars | Financial Assets | | Financial liabilities | |
|---|-------------------------|-------------------------|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 | As at March 31, 2023 | As at March 31, 2022 |
| Derivatives designated as Hedging Instruments: | | | | |
| Cross currency interest rate swap | - | - | 945.98 | - |
| Derivatives not designated as Hedging Instruments: | | | | |
| Principal only swap | - | - | 1,322.29 | - |

(ii) Hedging activities

Foreign Currency Risk

The Holding Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.

Derivatives designated as hedging instruments are accounted for as cash flow hedges.

(iii) Hedge Effectiveness

For derivatives designated as hedging instruments, there is an economic relationship between the hedged items and the hedging instruments as the terms of the hedge contracts match the terms of hedge items. The Holding Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange and interest rate are identical to the hedged risk components. To test the hedge effectiveness, the Holding Company compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

(iv) Source of Hedge ineffectiveness

For derivatives designated as hedging instruments, in case of foreign currency risk and interest rate risk, the main source of hedge ineffectiveness is the effect of the counterparty's credit risk on the fair value of hedge contracts, which is not reflected in the fair value of the hedged items. The effect of this is not expected to be material.

(v) Disclosures of effects of Cash Flow Hedge Accounting:

Hedging instruments

The Holding Company has taken derivatives to hedge its loan given to its subsidiary.

(₹ in Lakhs)

| Particulars | Less than 1 year | 1 to 5 year | More than 5 Years |
|--|------------------|-------------|-------------------|
| Cross currency interest rate swap | | | |

INDEPENDENT AUDITOR'S REPORT

To the Members of Kurlon Enterprise Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of Kurlon Enterprise Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive income/(loss), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including other comprehensive income/(loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income/(loss), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books except that the Company does not have server physically located in India for the daily backup of the books of account and other books and papers maintained in electronic mode.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income/(loss), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act;

- (f) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 39 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 46 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 46 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- v. As disclosed in note 15(g) to the standalone financial statements, the final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 15(g) to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

Annexure '1' referred to in paragraph under the heading "Report on other legal and regulatory requirements" of our report of even date on the Standalone Financial Statements of Kurlon Enterprise Limited

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i)(a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification to cover all the items in a phased manner over period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of immovable properties of Free hold land included in property, plant and equipment are held in the name of the Company and in respect of immovable properties of land and buildings that have taken on lease and disclosed as Right-of-use assets in the standalone financial statements, the lease agreements are in the name of the Company.
- (d) The Company has not revalued its property, plant and equipment or intangible assets (including Right-of - use assets) during the year ended March 31, 2023.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder as disclosed in Note 46 to the standalone financial statements.
- (ii)(a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Discrepancies of 10% or more in aggregate for each class of inventory have not been noted during the physical verification by the management. There are no inventories lying with third parties.
- (b) As disclosed in Note 21 to the standalone financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks in respect of gross value of collateral security (excluding the impact of period end cut off adjustments) are in agreement with the books of accounts of the Company.

- (iii)(a) During the year, the Company has provided loans, advances in the nature of loans to companies and other parties as follows:

| Particulars | Loans (Rs. in Lakhs) | Advances in the nature of Loans (Rs. in Lakhs) |
|---|----------------------|--|
| Aggregate amount granted/provided during the year | | |
| - Subsidiaries | 883.12 | - |
| - Others | - | 63.83 |
| Balance outstanding(principal) as at March 31, 2023 | | |
| - Subsidiaries * | 215.89 | - |
| - Others | 10.00 | 54.24 |

* The aforesaid Balance outstanding as at balance sheet date in respect of subsidiaries is net of provision made for doubtful recovery of loans given to subsidiaries amounting to Rs 2,973.75 lakhs. Also, refer note 8 and 9 in the standalone financial statements.

The Company has not provided Guarantees or securities to companies, firms, Limited Liability Partnerships or any other parties.

- (b) During the year, the terms and conditions of the grant of loans to subsidiaries and advances in nature of loans given to other parties (i.e., employees) are not prejudicial to the Company's interest. Other than above, the Company has not made investments, not provided Guarantees or not provided securities to companies, firms, Limited Liability Partnerships or any other parties. Also refer note 8 and 9 in the standalone financial statements as regards to interest rate, accrual of interest and terms of repayment.
- (c) The Company has granted loans and advances in the nature of loans during the year to companies or any other parties where the schedule of repayment of principal and payment of interest has been stipulated. Loans provided to subsidiaries are repayable on demand along with interest and the Company has not demanded the same during the year. Also, refer note 8 and 9 in the standalone financial statements.
- (d) There are no amounts of loans and advances in the nature of loans granted to companies or other parties which are overdue for more than ninety days. Also, refer note 8 and 9 in the standalone financial statements.
- (e) There were no loans granted to subsidiary companies which had fallen due during the year. There were no loans or advance in the nature of loans granted to companies (other than subsidiaries) or other parties which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties. Also, refer note 8 and 9 in the standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (f) As disclosed in note 8 in the standalone financial statements, the Company has granted loans which are repayable on demand to subsidiary companies. Following are the details of the aggregate amount of loans granted to related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

| | Related Parties (Amount Rs' lakhs) |
|--|---------------------------------------|
| Aggregate amount of loans/ advances in nature of loans - Repayable on demand (Gross amount) | 3,189.64 |
| Percentage of loans/ advances in nature of loans to the total loans | 99.70% |

Except for the above, the Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies or any other parties. Also, refer note 8 and 9 in the standalone financial statements.

- (iv) The provisions of section 185 and 186 of the Act in respect of loans and investments have been complied with by the Company. There are no guarantees and security in respect of which provisions of sections 186 of the Act are applicable. Also, refer note 8 and 9 in the standalone financial statements.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of mattresses and other products and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii)(a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

| Name of the Statute | Nature of Dues | Amount Disputed (Rs. in Lakhs) * | Period to which the amount relates to | Forum where Dispute is Pending |
|--|--|----------------------------------|---------------------------------------|---|
| The Central Excise Act, 1944 | Excise Duty | 1,440.18 | 2011-14 | Central Excise and Service Tax Appellate Tribunal |
| The Income Tax act, 1961 | Income tax | 1,072.45 | 2017-18 | Commissioner Of Income Tax (Appeals) |
| Goods and Services Tax Act, 2018 | Goods and Services Tax | 546.15 | 2017-18 | Office of Deputy Commissioners of State Tax Jurisdiction, Mumbai, Gujarat, Uttarakhand and Pune |
| | | 5.37 | 2018-19 | |
| | | - | 2020-21 | |
| | | 0.40 | 2022-23 | |
| Value Added Tax, Sales Tax and Entry Tax | Value Added Tax, Sales Tax and Entry Tax | 24.97 | 2014-15 | The Joint Commissioner - Commercial Taxes |
| | | 3379.28 | 2014-15 | |
| | | 252.42 | 2015-16 | |
| | | 382.14 | 2016-17 | |
| | | 101.30 | 2017-18 | |

* net of Rs 238.73 lakhs paid under protest.

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year as disclosed in Note 46 to the standalone financial statements. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix)(a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) On an overall examination of the standalone financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. The Company does not have any associate or joint venture.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries companies. The company does not have any associate or joint venture.
- (x)(a) The Company has not raised any money during the year by way of initial public offer/further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi)(a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor, secretarial auditor or by us in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii)(a) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.
- (b) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.
- (c) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.
- (xiv)(a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (xvi)(a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in Note 45 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx)(a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in Note 40 to the standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) There are no ongoing projects and hence the requirement to report on clause (xx)(b) of the Order is not applicable to the Company. This matter has been disclosed in note 40 to the standalone financial statements.

ANNEXURE '2' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF KURLON ENTERPRISE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Kurlon Enterprise Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

| Balance as at March 31, 2023 | 14,860.49 | 1,286.11 | 29,835.74 | 45,982.34 |

Securities premium - This reserve is used to record premium on issue of shares and can be utilized only for limited purposes in accordance with the provisions of the Companies Act, 2013.

General reserve - Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilized only in accordance with the specific requirements of Companies Act, 2013.

Retained earnings - Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss/(gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

1. Corporate information

Kurlon Enterprise Limited (the 'Company') was incorporated in Mumbai, India on October 03, 2011, as a public limited company under the Companies Act. The Company is a subsidiary of Kurlon Limited and is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

The Company's standalone financial statements for the year ended March 31, 2023, were approved by Board of Directors on August 29, 2023.

1.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable.

This note provides a list of the significant accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The standalone financial statements have been prepared on an accrual basis under the historical cost convention except for the following that are measured at fair value as required by relevant Ind AS:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

These standalone financial statements are presented in Indian Rupee, which is also functional currency of the Company. All the values are rounded off to the nearest lakhs, unless otherwise indicated.

The Company has prepared the standalone financial statements on the basis that it will continue to operate as a going concern.

(a) Measurement of fair values

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

-Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(c) Use of estimates and judgements

In preparing these standalone financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and liabilities at the date of the standalone financial statements and reported amounts of income and expenses during the period. Actual results may differ from these estimates.

Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding estimate. Changes in estimate are reflected in the standalone financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements is included in the following notes:

- Note 3.1 and Note 3.2 - Useful life of property, plant and equipment and intangible assets;
- Note 3.8 - Measurement of defined benefit obligations: key actuarial assumptions.
- Note 3.9 - Provision for income tax and valuation of deferred tax assets/liabilities.
- Note 3.14 - Valuation of financial instrument; and
- Note 3.15 - Lease classification and determination of lease term;

Kurlon Enterprise Limited
Notes to the standalone financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

Assumption and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment is included in the following notes:

- Note 2(a) - Fair value measurement
- Note 3.3 - Impairment of financial assets
- Note 3.3 - Impairment test of non-financial assets; key assumptions underlying recoverable amounts including the recoverability of expenditure on internally-generated intangible assets;
- Note 3.9 - Recognition of deferred tax assets: based upon likely timing and the level of future taxable profits together with future tax planning strategies;
- Note 3.11 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

2. Summary of significant accounting policies

3.1. Property, plant and equipment

Recognition and measurement

Property, plant and equipment are stated at historical cost less accumulated depreciation, and accumulated impairment loss, if any. Historical cost comprises of the purchase price including duties and non-refundable taxes, borrowing cost if capitalisation criteria's are met, directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management and initial estimate of decommissioning, restoring and similar liabilities.

Capital work in progress is stated at cost, net of accumulated impairment loss if any.

Subsequent costs related to an item of property, plant and equipment are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are recognised in statement of profit and loss during the reporting period when they are incurred.

An item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Depreciation is calculated using the straight-line method over their estimated useful lives as follows:

| Asset description | Useful life in years as per Schedule II | Useful life as per Company |
|------------------------|---|----------------------------|
| Buildings | 30 | 30 |
| Plant and equipment | 15 | 10 and 15 |
| Furniture and fixtures | 10 | 10 |
| Office equipment | 5 | 5 |
| Vehicles | 8 | 8 |
| Computers | 3 and 6 | 3 and 6 |

The useful lives have been determined based on managements' internal technical assessment, which in certain instances are different from those specified by Schedule II to the Act, in order to reflect the actual usage of the assets.

The assets residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

3.2. Goodwill and other intangible assets

Recognition and measurement

Goodwill

Goodwill being the excess of the aggregate consideration transferred over the net identifiable assets acquired and liabilities assumed, is stated at cost, less impairment, if any. Any goodwill that arises from business combination is tested for impairment annually.

Other intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

An item of intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

| Asset description | Useful life in years |
|-------------------|----------------------|
| Computer software | 6 |

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of the each financial year and the amortisation period is revised to reflect the changed pattern, if any.

3.3. Impairment

Impairment of financial assets

In accordance with Ind AS - 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS - 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's cash generating unit's (CGU's) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to other comprehensive income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or cash generating unit's (CGU's) recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.4. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.5. Foreign currency transactions

i) Functional and presentation currency:

Items included in the standalone financial statements of the company are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The standalone financial statements are presented in Indian rupee (INR), which is functional and presentation currency of the Company.

ii) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in statement of profit and loss.

3.6. Revenue recognition

Revenue from contracts with customer is recognised upon transfer of control of promised goods/services to customers at an amount that reflects the consideration to which the Company expect to be entitled for those goods/services.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenues when a performance obligation is satisfied.

Revenue is measured at the fair value of the consideration received or receivable net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Others

- The Company accounts for variable consideration like volume discounts, rebates, returns and pricing incentives to customers as reduction of revenue on a systematic and rationale basis over the period of the contract. The Company estimates an amount of such variable consideration using expected value method or the single most likely amount in a range possible consideration depending on which method better predicts the amount of consideration to which the Company may be entitled.

- Revenues are shown net of allowances /returns, goods and service tax and applicable discounts and allowances.

- The Company typically provides warranties for general repairs of defects that existed at the time of sale. These assurance- type warranties are accounted under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

Trade receivable

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets.

Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Interest income is included under the head 'other income' in the statement of profit and loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate, which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

Dividend income

Dividend income on investments is accounted when the right to receive the dividend is established, which is generally when shareholders approve the dividend. Dividend income is included under the head "Other income" in the statement of profit and loss account.

3.7. Interest expense

Interest expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortised cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

3.8. Employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current financial liabilities in the balance sheet.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The liabilities for leave balance are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined benefit plans - gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have term approximating the term of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Such accumulated re-measurement balances are never reclassified into the statement of profit and loss subsequently.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service costs.

Defined contribution plan

Retirement benefit in the form of provident fund scheme, ESI, Superannuation, are the defined contribution plans. The Company has no obligation, other than the contribution payable. The Company recognizes contribution payable to these schemes as an expenditure, when an employee renders the related service.

3.9. Income taxes

Income tax comprises of current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to an item recognised directly in the other comprehensive income.

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income (OCI) or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts, and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in statement of profit and loss.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.10. Earnings/(loss) per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the period (including treasury share).

The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Ordinary shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share from the date the contract is entered into.

3.11. Provision and contingent liabilities

Provisions

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for warranty-related cost are recognized when the product is sold to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses it in the standalone financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

3.12. Cash and cash equivalents

Cash and cash equivalents in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Standalone Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.13. Cash flow statement

Cash flows are reported using the indirect method, whereby net (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.14. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at either at amortised cost, FVTPL or fair value in other comprehensive income (FVOCI). Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at investment level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for each of such investments and the operation of those policies in practice.
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

Financial assets at FVTOCI

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.15. Leases

The Company has lease contracts for various buildings used in its operations. Lease terms generally ranges between 3 and 9 years.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 3.3 for policy on impairment of non-financial assets.

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Extension and termination option

The Company has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised. Management have not considered any future cash outflow for which they are potentially exposed arising due to extension and termination options.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Lease income from operating lease is recognized on a straight-line basis over the term of the relevant lease.

3.16. Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average basis.
- Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.17. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Company has identified one reportable segment based on the dominant source, nature of risks and return and the internal organisation and management structure and for which discrete financial information is available. The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. The Company has only one reportable business segment, which is manufacture, purchase and sale of coir, foam and related products which constitutes a single business segment. Accordingly, the amounts appearing in the standalone financial statements relate to the company's single business segment.

3.18. Use of judgements, estimates and assumptions

The preparation of the standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The areas involving significant estimates or critical judgements are:

(i) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate and future salary increases. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. The mortality rate is based on publicly available mortality table in India. The mortality tables tend to change only at interval in response to demographic changes. Further salary increases and gratuity increases are based on expected future inflation rates. Further details about the gratuity obligations are given in Note 41.

(ii) Impairment of financial and non-financial assets:

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

3.19. Insurance claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is certain to expect ultimate collection.

3.20. Business Combination

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

The Company determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

i) Deferred tax assets or liabilities, and the liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

ii) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

iii) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

3.21. Changes in accounting policies and disclosures – New and amended standards

The Company applied for the first time the following standards and amendments, which are effective for annual periods beginning on or after April 1, 2022, as per the Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 notified by the Ministry of Corporate Affairs:

(a) Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of other costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

(b) Reference to the Conceptual Framework – Amendments to Ind AS 103

The amendments replaced the reference to the ICAI’s “Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards” with the reference to the “Conceptual Framework for Financial Reporting under Indian Accounting Standard” without significantly changing its requirements. The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential ‘day 2’ gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

(c) Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(d) Ind AS 109 Financial Instruments – Fees in the ‘10 per cent’ test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other’s behalf.

The aforesaid standards and amendments did not have any material impact on the standalone financial statements of the Company.

3.22. Standards notified but not yet effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023, to amend the following Ind AS which are effective from April 1, 2023:

(a) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

(b) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. Consequential amendments have been made in Ind AS 107.

(c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101.

The aforesaid amendments are not expected to have any material impact on the Company's standalone financial statements.

| At March 31, 2023 | 2,103.16 | 129.77 | 2,232.93 |

*Goodwill of Rs. 2,103.16 lakhs was recognised upon amalgamation of Spring Air Bedding Company India Limited ("SABCIL") with the Company pursuant to the scheme of amalgamation approved by National Company Law Tribunal ("NCLT"), Mumbai and NCLT, Delhi vide their orders dated March 12, 2020 and May 05, 2020 respectively with an appointed date of April 01, 2018 ("Effective Date").

In view of the synergies, the Company including SABCIL has been considered as a single cash generating unit. The Company tests whether goodwill has suffered any impairment on an annual basis. There is no impairment as per the assessment performed by the management at the year end. Management has performed sensitivity analysis around the basic assumption and have concluded that no reasonable/possible change in key assumptions would cause the recoverable amount lower than the carrying amount of goodwill. In estimating the value in use, the management of Holding Company considered terminal growth rate of 5% and discount rate of 10.19% as assumptions.

Kurlon Enterprise Limited
Notes to the standalone financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

7. Investment (contd.)

- (i) As at March 31, 2023, the carrying value of investment in 15,265,466 equity shares of Rs. 5 each of Kurlon Retail Limited amounting to Rs. 1,760.00 lakhs is tested for decline other than temporary in view of negative networth. The management has assessed the value in use of the subsidiary and considering the expected volume of sales, margins earned and future profitability, the carrying value is considered appropriate. However, the loan receivable of Rs 23,98.69 has been provided for (refer note 8(a)).

8. Loans

| Total | | | 3,189.64 | (2,973.75) | 3,032.44 | (418.08) |

- (b) The Company has granted various loans to its subsidiary companies to meet their working capital requirements which has been approved by the Board of Directors. The aforesaid loans are repayable on demand along with interest and management believes that these terms are not prejudicial to the Company's interests. The Company has not demanded the aforesaid loans along with interest during the year.
- (c) Considering the financial position of these subsidiaries, the Company has provided loss allowance on the aforesaid outstanding loan amount and same has been disclosed as exceptional item (Refer note 33A).
- (d) Except as disclosed above, there are no loans to Directors or other officers of the Company or any of them either severally or jointly with any other person or loans to any firm in which director is a partner.
- (e) As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited (formerly known as Kulron Limited) and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable and hence Rs 173.93 lakhs provided earlier has been reversed.

Pertains to interest on loan given to subsidiaries which are payable on demand along with respective principal amounts. Considering the financial position of these subsidiaries, the Company has provided loss allowance on the interest accrued on loan given to subsidiaries on outstanding interest amount as of March 31, 2023. Refer Note 8(a) for details.

* During the year, there is fire accident occurred at one of the Company's factory located at Jhagadia. In such fire accident, various assets including inventories, property, plant & equipment were damaged/burnt against which the Company has filed claim with the insurer for Rs 4,177.98 lakhs of which, the Company has received interim claim of Rs 465 lakhs. Insurance receivable of Rs 2,022.29 lakhs as of 31 March 2023 represents book of value of damaged/burn assets including inventories. The Company is confident of realising the aforesaid claim in near future.

Includes lease deposit amount of Rs 15,300 lakhs paid by the Company to Kanara Consumer Products Limited during the year 2022-23, towards various premises taken on lease from Kanara Consumer Products Limited basis renegotiation of terms and conditions of on-going lease arrangements. As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable. Hence, the carrying value is considered recoverable.

| Total | 1,510.85 | 2,149.04 | 10,180.13 | 6,056.71 |

(i) Capital advances includes the following :

- (a) During the year 2013-2014, the Kanara Consumer Products Limited (formerly known as "Kulron Limited" or "Holding Company") had paid an advance of Rs. 1,222.76 lakhs to Maharashtra Apex Corporation Limited (MRACL) (a related party) for purchase of land. In an earlier year, the Honorable Karnataka High Court (The court) had vide its order dated October 08, 2004 had stated that sale of land can be carried out only with its permission. Subsequently, the court vide its order dated April 20, 2012 accorded its consent for the sale of land to Kanara Consumer Products Limited. During the financial year 2014-2015, the advance was transferred by Holding Company to the Company and has been carried in the books till date.

As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited (formerly known as Kulron Limited) and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable. Hence, the carrying value is considered recoverable.

- (b) Out of Capital advances as of March 31, 2022, Rs 622.07 lakhs has been adjusted against security deposit towards modified lease agreement entered with the Holding Company.

Kurlon Enterprise Limited

| Earnings per share (Basic and diluted) | (3.60) | 0.98 |

35. Segment reporting

The Company primarily is in the business of manufacture, purchase and sale of mattress, foam and related products. The Company does not distinguish revenues and expenses between different businesses in its internal reporting and reports costs and expenses by nature as a whole. The CODM reviews the results when making decision about allocating resources and assessing performance of the Company as a whole and hence, the Company has only one reportable segment. The Company operates and manages its business as a single segment. As the Company's assets are all located in India and the Company's revenues are derived from India, no geographical information is presented.

37. Details of dues to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year | | |
| Principal amount due to micro and small enterprises | 279.97 | 323.91 |
| Interest due on above | 33.12 | 31.54 |
| | 313.09 | 355.45 |
| The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year | - | - |
| The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006. | 1.58 | 21.32 |
| The amount of interest accrued and remaining unpaid at the end of each accounting year | 33.12 | 31.54 |
| The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006 | 31.54 | - |

The information given above is to the extent such parties have been identified by the Company on the basis of information disclosed by the suppliers.

38. Leases**Short-term leases and lease of low-value assets**

The Company also has certain leases with lease terms of 12 months or less and leases of properties with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases. Rental expenses of Rs. 2,186.26 lakhs (March 31, 2022: Rs. 58.96 lakhs) have been recognised in the statement of profit and loss.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

39. Contingent liabilities and capital commitments**(a) Contingent liabilities**

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Claims against the Company not acknowledged as debts | | |
| Disputed demands under appeal not provided | | |
| - Income tax | 1,072.45 | 1,072.45 |
| - Sales tax | 4,293.80 | 4,394.26 |
| - Excise duty | 2,212.13 | 2,212.13 |
| - GST | 636.97 | - |

The Company is contesting these demands and the management, based on the advise from its tax consultants, believes that its position will likely be upheld in the appellate process. No expense has been accrued in the financial statements for these demands raised as of March 31, 2023. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations.

(b) Capital commitments

| | March 31, 2023 | March 31, 2022 |
|---------------------------------------|----------------|----------------|
| Capital commitments (net of advances) | 21.04 | 35.21 |

40. Corporate social responsibility

As per Section 135 of the Companies Act, 2013, a Corporate Social Responsibility (CSR) committee has been formed by the Company. The primary function of the Committee is to assist the Board of Directors in formulating a CSR Policy and review the implementation and progress of the same from time to time. The CSR policies focus on enhancing the quality of life and economic well being of the communities in accordance with the Schedule VII of the Companies Act, 2013. The Company has spent towards various schemes of corporate social responsibility as prescribed under Section 135 of the Companies Act, 2013, as approved by the Board of Directors of the Company.

| | March 31, 2023 | March 31, 2022 |
|--|----------------|----------------|
| Gross amount required to be spent by the Company during the year | 142.94 | 217.01 |

Amount spent during the year ended March 31, 2023

| | In cash | Yet to be paid in cash | Total |
|------------------------------------|---------|------------------------|--------|
| Construction/acquisition of assets | - | - | - |
| On purpose other than above | 135.46 | - | 135.46 |

Amount spent during the year ended March 31, 2022

| | In cash | Yet to be paid in cash | Total |
|------------------------------------|---------|------------------------|--------|
| Construction/acquisition of assets | - | - | - |
| On purpose other than above | 202.99 | - | 202.99 |

In case of Section 135(5) (Other than ongoing projects)

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Opening balance | 7.98 | 22.00 |
| Amount required to be spent during the year | 142.94 | 217.01 |
| Amount spent during the year | 135.46 | 202.99 |
| Closing balance * | 0.50 | 7.98 |

* Represents excess amount spent on the corporate social responsibility which will be utilised in subsequent period.

The Company does not have any ongoing project as per section 135(6) of the Companies Act, 2013.

41. Employee benefits

Defined contribution plans

The Company makes contributions for qualifying employees to Provident Fund, Employee state insurance and labour welfare fund. During the year, the Company recognised Rs. 213.58 lakhs (March 31, 2022 : Rs 230.18 lakhs) towards Provident fund contributions, Rs 8.13 lakhs (March 31, 2022 : Rs 14.66 lakhs) towards Employee State Insurance scheme contributions and Rs. 0.06 (March 31, 2022 : Rs 0.13 lakhs) lakhs towards Labour Welfare fund.

Post-employment obligation - Gratuity

The Company has a defined benefit gratuity plan as per the Payment of Gratuity Act, 1972 ('Gratuity Act') under which an employee who has completed five years of service is entitled to specific benefit. The amount of benefit provided depends on the employee's length of service and salary at retirement/termination date. The plan is funded by the company.

The following tables summarises the amounts recognised in the standalone financial statements :

Balance Sheet

| | March 31, 2023 | March 31, 2022 |
|----------------------------|----------------|----------------|
| Defined benefit obligation | 731.30 | 673.94 |
| Plan assets | 612.39 | 460.78 |
| Net liability | 118.91 | 213.16 |
| Current | 74.45 | 86.69 |
| Non-current | 44.46 | 126.47 |

Changes in the present value of defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|--|----------------|----------------|
| Balance at the beginning of the year | 673.94 | 523.48 |
| Service cost | 57.36 | 57.36 |
| Interest cost | 44.94 | 30.09 |
| Remeasurements - Actuarial loss/(gain) | 42.39 | 187.02 |
| Benefit paid | (87.33) | (124.01) |
| Balance at end of the year | 731.30 | 673.94 |

Changes in the fair value of plan assets

| | March 31, 2023 | March 31, 2022 |
|--------------------------------------|----------------|----------------|
| Balance at the beginning of the year | 460.78 | 506.26 |
| Contributions made | 201.67 | 11.85 |
| Interest income | 36.93 | 29.35 |
| Payments | (87.33) | (124.01) |
| Return on plan assets | 0.34 | 37.33 |
| Balance at end of the year | 612.39 | 460.78 |

Statement of profit and loss

| | March 31, 2023 | March 31, 2022 |
|-----------------------------|----------------|----------------|
| Service cost | 57.36 | 57.36 |
| Interest cost net of income | 8.01 | 0.74 |
| Total | 65.37 | 58.10 |

Other comprehensive (income)/loss

| | March 31, 2023 | March 31, 2022 |
|--|----------------|----------------|
| Remeasurements - Actuarial loss/(gain) | 42.39 | 187.02 |
| Return on plan assets | (0.34) | (37.33) |
| Total | 42.05 | 149.69 |

Principal assumptions used in determining defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|--------------------------------|----------------|----------------|
| Discount rate | 7.50% | 7.13% |
| Expected return on plan assets | 7.13% | 6.52% |
| Salary escalation | 5.00% | 5.00% |
| Employee turnover | 10.00% | 10.00% |

The categories of plan assets as a percentage of the fair value of total plan assets are as follows :

| | March 31, 2023 | March 31, 2022 |
|-------------------------------------|----------------|----------------|
| Investment with insurance companies | 100.00% | 100.00% |

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The discount rate is based on the government securities yield.

41. Employee benefits - (Contd)

Sensitivity analysis of significant assumptions

The following table presents a sensitivity analysis to one of the relevant actuarial assumptions, holding other assumptions constant, showing how the defined benefit obligation would have been affected by changes in the relevant actuarial assumptions that were reasonably possible at the reporting date.

| | March 31, 2023 | March 31, 2022 |
|--------------------------|----------------|----------------|
| Discount rate | | |
| 1% increase | (43.27) | (43.67) |
| 1% decrease | 48.87 | 49.56 |
| Salary escalation | | |
| 1% increase | 45.59 | 46.90 |
| 1% decrease | (41.89) | (42.27) |
| Employee turnover | | |
| 1% increase | 5.54 | 4.51 |
| 1% decrease | (6.17) | (5.05) |

Maturity profile of defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|------------------|----------------|----------------|
| Within 1 year | 78.52 | 50.67 |
| 1-2 year | 72.77 | 63.75 |
| 2-3 year | 78.48 | 57.15 |
| 3-4 year | 77.43 | 65.81 |
| 4-5 year | 32.98 | 54.16 |
| 5-10 year | 219.11 | 192.20 |
| 10 years onwards | 172.02 | 190.19 |

The average duration of the defined benefit obligation at the end of the reporting year is 9.12 years (March 31, 2022: 9.73 years).

(This space has intentionally been left blank)

42. Financial instruments

All financial assets and liabilities for which fair value is measured or disclosed in these standalone financial statements are categorised within the fair value hierarchy as below, based on the lowest level input that is significant to the fair value measurement as a whole :

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The carrying values and fair value measurement hierarchy of the Company's financial assets and financial liabilities are as below :

| | March 31, 2023 | | March 31, 2022 | |
|--|------------------|------------------|------------------|------------------|
| | Carrying value | Fair value | Carrying value | Fair value |
| Financial assets measured at fair value through profit and loss | | | | |
| Current assets | | | | |
| Investments | 1,602.30 | 1,602.30 | 10,710.91 | 10,710.91 |
| | 1,602.30 | 1,602.30 | 10,710.91 | 10,710.91 |
| Financial assets measured at amortised cost | | | | |
| Non-current assets | | | | |
| Investments | 1,785.57 | 1,785.57 | 1,785.57 | 1,785.57 |

| | 21,721.94 | 21,721.94 | 19,807.42 | 19,807.42 |

43. Financial risk management objectives and policies

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse and set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Company's Board of Directors is assisted in its oversight role by the internal audit who undertakes regular reviews of risk management controls and procedures, the results of which are reported to the Board of Directors. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(a) Market risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates which will affect the Company's income or the value of its financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency payables.

43. Financial risk management objectives and policies (contd.)

i. Currency risk

The Company's exposure to currency risk as at year end is as below :

| | March 31, 2023 | | | March 31, 2022 | | |
|-------------------------|----------------|------------------|-----------|----------------|------------------|-----------|
| | Currency | Foreign currency | Rs. Lakhs | Currency | Foreign currency | Rs. Lakhs |
| Trade payables | USD | 119,988 | 99.59 | USD | 360,732 | 272.58 |
| | EUR | 31,113 | 27.03 | EUR | 40,529 | 34.89 |
| Advances from customers | USD | - | - | USD | 2,242 | 1.70 |
| Advance to suppliers | USD | - | - | USD | 53,257 | 40.81 |
| | EUR | - | - | EUR | 6,223 | 5.42 |
| Trade receivables | USD | 27,732 | 22.39 | USD | 24,859 | 18.70 |

Basis point

+5%

-5%

| | March 31, 2023 | March 31, 2022 |
|------------------------------------|----------------|----------------|
| Effect on profit before tax | | |
| | (5.21) | (12.21) |
| | 5.21 | 12.21 |

ii. Interest rate risk

Interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's borrowings are at fixed and floating interest rate and are carried at amortised cost.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows :

Basis point

+1%

-1%

| | March 31, 2023 | March 31, 2022 |
|------------------------------------|----------------|----------------|
| Effect on profit before tax | | |
| | (10.11) | - |
| | 10.11 | - |

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables, loans and other assets.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The loans to subsidiaries are unsecured loans. The management makes an assessment, of the credit risk on the loans based on the evaluation of the subsidiary's ability to repay the loans, as at date of reporting. The Company uses expected credit loss model to assess the impairment loss. Based on an evaluation of the credit risk of the subsidiaries, loss allowance on the loans and on interest accrued thereon have been recognised.

Cash and cash equivalents, investments and other bank balances are neither past due nor impaired. Cash and cash equivalents include short-term highly liquid fixed deposits with banks which having maturity less than three months.

The movement in respect of allowance for expected credit losses is as follows :

| | Trade receivables | | Loans & other financial assets | | Other assets | |
|--|-------------------|-----------------|--------------------------------|----------------|----------------|----------------|
| | March 31, 2022 | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 | March 31, 2023 |
| At the beginning of the year | 1,592.89 | 1,045.17 | 434.90 | - | 24.92 | - |
| Allowance created/(reversed) during the year | 73.53 | 547.72 | 2,580.97 | 434.90 | - | 24.92 |
| At the end of the year | 1,666.42 | 1,592.89 | 3,015.87 | 434.90 | 24.92 | 24.92 |

43. Financial risk management objectives and policies (contd.)

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the undiscounted contractual maturities of financial liabilities :

| | Less than 1 year | 1 to 5 years | More than 5 years | Total |
|-----------------------------|------------------|-----------------|-------------------|------------------|
| March 31, 2023 | | | | |
| Borrowings | 1,660.91 | - | - | 1,660.91 |
| Lease liabilities | 430.23 | 1,073.13 | 100.94 | 1,604.30 |
| Trade payables | 12,027.30 | - | - | 12,027.30 |
| Other financial liabilities | 917.38 | 5,781.90 | - | 6,699.28 |
| Total | 15,035.82 | 6,855.03 | 100.94 | 21,991.79 |
| March 31, 2022 | | | | |
| Borrowings | 687.56 | - | - | 687.56 |
| Lease liabilities | 474.40 | 554.08 | 162.18 | 1,190.66 |
| Trade payables | 11,670.22 | - | - | 11,670.22 |
| Other financial liabilities | 1,085.21 | 5,361.77 | - | 6,446.98 |
| Total | 13,917.39 | 5,915.85 | 162.18 | 19,995.42 |

The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no significant liquidity risk is perceived.

INDEPENDENT AUDITOR'S REPORT

To the Members of Kurlon Enterprise Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of Kurlon Enterprise Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive income/(loss), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including other comprehensive income/(loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income/(loss), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books except that the Company does not have server physically located in India for the daily backup of the books of account and other books and papers maintained in electronic mode.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income/(loss), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act;

- (f) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 39 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 46 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 46 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

S.R. BATLIBOI & ASSOCIATES LLP

Annexure '1' referred to in paragraph under the heading "Report on other legal and regulatory requirements" of our report of even date on the Standalone Financial Statements of Kurlon Enterprise Limited

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i)(a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification to cover all the items in a phased manner over period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of immovable properties of Free hold land included in property, plant and equipment are held in the name of the Company and in respect of immovable properties of land and buildings that have taken on lease and disclosed as Right-of-use assets in the standalone financial statements, the lease agreements are in the name of the Company.
- (d) The Company has not revalued its property, plant and equipment or intangible assets (including Right-of - use assets) during the year ended March 31, 2023.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder as disclosed in Note 46 to the standalone financial statements.
- (ii)(a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Discrepancies of 10% or more in aggregate for each class of inventory have not been noted during the physical verification by the management. There are no inventories lying with third parties.
- (b) As disclosed in Note 21 to the standalone financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks in respect of gross value of collateral security (excluding the impact of period end cut off adjustments) are in agreement with the books of accounts of the Company.

- (iii)(a) During the year, the Company has provided loans, advances in the nature of loans to companies and other parties as follows:

| Particulars | Loans (Rs. in Lakhs) | Advances in the nature of Loans (Rs. in Lakhs) |
|---|----------------------|--|
| Aggregate amount granted/provided during the year | | |
| - Subsidiaries | 883.12 | - |
| - Others | - | 63.83 |
| Balance outstanding(principal) as at March 31, 2023 | | |
| - Subsidiaries * | 215.89 | - |
| - Others | 10.00 | 54.24 |

* The aforesaid Balance outstanding as at balance sheet date in respect of subsidiaries is net of provision made for doubtful recovery of loans given to subsidiaries amounting to Rs 2,973.75 lakhs. Also, refer note 8 and 9 in the standalone financial statements.

The Company has not provided Guarantees or securities to companies, firms, Limited Liability Partnerships or any other parties.

- (b) During the year, the terms and conditions of the grant of loans to subsidiaries and advances in nature of loans given to other parties (i.e., employees) are not prejudicial to the Company's interest. Other than above, the Company has not made investments, not provided Guarantees or not provided securities to companies, firms, Limited Liability Partnerships or any other parties. Also refer note 8 and 9 in the standalone financial statements as regards to interest rate, accrual of interest and terms of repayment.
- (c) The Company has granted loans and advances in the nature of loans during the year to companies or any other parties where the schedule of repayment of principal and payment of interest has been stipulated. Loans provided to subsidiaries are repayable on demand along with interest and the Company has not demanded the same during the year. Also, refer note 8 and 9 in the standalone financial statements.
- (d) There are no amounts of loans and advances in the nature of loans granted to companies or other parties which are overdue for more than ninety days. Also, refer note 8 and 9 in the standalone financial statements.
- (e) There were no loans granted to subsidiary companies which had fallen due during the year. There were no loans or advance in the nature of loans granted to companies (other than subsidiaries) or other parties which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties. Also, refer note 8 and 9 in the standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (f) As disclosed in note 8 in the standalone financial statements, the Company has granted loans which are repayable on demand to subsidiary companies. Following are the details of the aggregate amount of loans granted to related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

| | Related Parties (Amount Rs' lakhs) |
|--|---------------------------------------|
| Aggregate amount of loans/ advances in nature of loans - Repayable on demand (Gross amount) | 3,189.64 |
| Percentage of loans/ advances in nature of loans to the total loans | 99.70% |

Except for the above, the Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies or any other parties. Also, refer note 8 and 9 in the standalone financial statements.

- (iv) The provisions of section 185 and 186 of the Act in respect of loans and investments have been complied with by the Company. There are no guarantees and security in respect of which provisions of sections 186 of the Act are applicable. Also, refer note 8 and 9 in the standalone financial statements.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of mattresses and other products and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii)(a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

| Name of the Statute | Nature of Dues | Amount Disputed (Rs. in Lakhs) * | Period to which the amount relates to | Forum where Dispute is Pending |
|--|--|----------------------------------|---------------------------------------|---|
| The Central Excise Act, 1944 | Excise Duty | 1,440.18 | 2011-14 | Central Excise and Service Tax Appellate Tribunal |
| The Income Tax act, 1961 | Income tax | 1,072.45 | 2017-18 | Commissioner Of Income Tax (Appeals) |
| Goods and Services Tax Act, 2018 | Goods and Services Tax | 546.15 | 2017-18 | Office of Deputy Commissioners of State Tax Jurisdiction, Mumbai, Gujarat, Uttarakhand and Pune |
| | | 5.37 | 2018-19 | |
| | | - | 2020-21 | |
| | | 0.40 | 2022-23 | |
| Value Added Tax, Sales Tax and Entry Tax | Value Added Tax, Sales Tax and Entry Tax | 24.97 | 2014-15 | The Joint Commissioner - Commercial Taxes |
| | | 3379.28 | 2014-15 | |
| | | 252.42 | 2015-16 | |
| | | 382.14 | 2016-17 | |
| | | 101.30 | 2017-18 | |

* net of Rs 238.73 lakhs paid under protest.

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year as disclosed in Note 46 to the standalone financial statements. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix)(a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) On an overall examination of the standalone financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. The Company does not have any associate or joint venture.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries companies. The company does not have any associate or joint venture.
- (x)(a) The Company has not raised any money during the year by way of initial public offer/further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi)(a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor, secretarial auditor or by us in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii)(a) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.
- (b) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.
- (c) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.
- (xiv)(a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (xvi)(a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in Note 45 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx)(a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in Note 40 to the standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) There are no ongoing projects and hence the requirement to report on clause (xx)(b) of the Order is not applicable to the Company. This matter has been disclosed in note 40 to the standalone financial statements.

ANNEXURE '2' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF KURLON ENTERPRISE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Kurlon Enterprise Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

| Balance as at March 31, 2023 | 14,860.49 | 1,286.11 | 29,835.74 | 45,982.34 |

Securities premium - This reserve is used to record premium on issue of shares and can be utilized only for limited purposes in accordance with the provisions of the Companies Act, 2013.

General reserve - Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilized only in accordance with the specific requirements of Companies Act, 2013.

Retained earnings - Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss/(gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

1. Corporate information

Kurlon Enterprise Limited (the 'Company') was incorporated in Mumbai, India on October 03, 2011, as a public limited company under the Companies Act. The Company is a subsidiary of Kurlon Limited and is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

The Company's standalone financial statements for the year ended March 31, 2023, were approved by Board of Directors on August 29, 2023.

1.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable.

This note provides a list of the significant accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The standalone financial statements have been prepared on an accrual basis under the historical cost convention except for the following that are measured at fair value as required by relevant Ind AS:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

These standalone financial statements are presented in Indian Rupee, which is also functional currency of the Company. All the values are rounded off to the nearest lakhs, unless otherwise indicated.

The Company has prepared the standalone financial statements on the basis that it will continue to operate as a going concern.

(a) Measurement of fair values

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

-Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(c) Use of estimates and judgements

In preparing these standalone financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and liabilities at the date of the standalone financial statements and reported amounts of income and expenses during the period. Actual results may differ from these estimates.

Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding estimate. Changes in estimate are reflected in the standalone financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements is included in the following notes:

- Note 3.1 and Note 3.2 - Useful life of property, plant and equipment and intangible assets;
- Note 3.8 - Measurement of defined benefit obligations: key actuarial assumptions.
- Note 3.9 - Provision for income tax and valuation of deferred tax assets/liabilities.
- Note 3.14 - Valuation of financial instrument; and
- Note 3.15 - Lease classification and determination of lease term;

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Assumption and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment is included in the following notes:

- Note 2(a) - Fair value measurement
- Note 3.3 - Impairment of financial assets
- Note 3.3 - Impairment test of non-financial assets; key assumptions underlying recoverable amounts including the recoverability of expenditure on internally-generated intangible assets;
- Note 3.9 - Recognition of deferred tax assets: based upon likely timing and the level of future taxable profits together with future tax planning strategies;
- Note 3.11 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

2. Summary of significant accounting policies

3.1. Property, plant and equipment

Recognition and measurement

Property, plant and equipment are stated at historical cost less accumulated depreciation, and accumulated impairment loss, if any. Historical cost comprises of the purchase price including duties and non-refundable taxes, borrowing cost if capitalisation criteria's are met, directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management and initial estimate of decommissioning, restoring and similar liabilities.

Capital work in progress is stated at cost, net of accumulated impairment loss if any.

Subsequent costs related to an item of property, plant and equipment are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are recognised in statement of profit and loss during the reporting period when they are incurred.

An item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Depreciation is calculated using the straight-line method over their estimated useful lives as follows:

| Asset description | Useful life in years as per Schedule II | Useful life as per Company |
|------------------------|---|----------------------------|
| Buildings | 30 | 30 |
| Plant and equipment | 15 | 10 and 15 |
| Furniture and fixtures | 10 | 10 |
| Office equipment | 5 | 5 |
| Vehicles | 8 | 8 |
| Computers | 3 and 6 | 3 and 6 |

The useful lives have been determined based on managements' internal technical assessment, which in certain instances are different from those specified by Schedule II to the Act, in order to reflect the actual usage of the assets.

The assets residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

3.2. Goodwill and other intangible assets

Recognition and measurement

Goodwill

Goodwill being the excess of the aggregate consideration transferred over the net identifiable assets acquired and liabilities assumed, is stated at cost, less impairment, if any. Any goodwill that arises from business combination is tested for impairment annually.

Other intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

An item of intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

| Asset description | Useful life in years |
|-------------------|----------------------|
| Computer software | 6 |

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of the each financial year and the amortisation period is revised to reflect the changed pattern, if any.

3.3. Impairment

Impairment of financial assets

In accordance with Ind AS - 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS - 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's cash generating unit's (CGU's) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to other comprehensive income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or cash generating unit's (CGU's) recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.4. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.5. Foreign currency transactions

i) Functional and presentation currency:

Items included in the standalone financial statements of the company are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The standalone financial statements are presented in Indian rupee (INR), which is functional and presentation currency of the Company.

ii) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in statement of profit and loss.

3.6. Revenue recognition

Revenue from contracts with customer is recognised upon transfer of control of promised goods/services to customers at an amount that reflects the consideration to which the Company expect to be entitled for those goods/services.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenues when a performance obligation is satisfied.

Revenue is measured at the fair value of the consideration received or receivable net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Others

- The Company accounts for variable consideration like volume discounts, rebates, returns and pricing incentives to customers as reduction of revenue on a systematic and rationale basis over the period of the contract. The Company estimates an amount of such variable consideration using expected value method or the single most likely amount in a range possible consideration depending on which method better predicts the amount of consideration to which the Company may be entitled.

- Revenues are shown net of allowances /returns, goods and service tax and applicable discounts and allowances.

- The Company typically provides warranties for general repairs of defects that existed at the time of sale. These assurance- type warranties are accounted under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

Trade receivable

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets.

Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Interest income is included under the head 'other income' in the statement of profit and loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate, which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

Dividend income

Dividend income on investments is accounted when the right to receive the dividend is established, which is generally when shareholders approve the dividend. Dividend income is included under the head "Other income" in the statement of profit and loss account.

3.7. Interest expense

Interest expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortised cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

3.8. Employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current financial liabilities in the balance sheet.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The liabilities for leave balance are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined benefit plans - gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have term approximating the term of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Such accumulated re-measurement balances are never reclassified into the statement of profit and loss subsequently.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service costs.

Defined contribution plan

Retirement benefit in the form of provident fund scheme, ESI, Superannuation, are the defined contribution plans. The Company has no obligation, other than the contribution payable. The Company recognizes contribution payable to these schemes as an expenditure, when an employee renders the related service.

3.9. Income taxes

Income tax comprises of current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to an item recognised directly in the other comprehensive income.

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income (OCI) or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts, and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in statement of profit and loss.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.10. Earnings/(loss) per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the period (including treasury share).

The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Ordinary shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share from the date the contract is entered into.

3.11. Provision and contingent liabilities

Provisions

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for warranty-related cost are recognized when the product is sold to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses it in the standalone financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

3.12. Cash and cash equivalents

Cash and cash equivalents in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Standalone Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.13. Cash flow statement

Cash flows are reported using the indirect method, whereby net (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.14. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at either at amortised cost, FVTPL or fair value in other comprehensive income (FVOCI). Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at investment level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for each of such investments and the operation of those policies in practice.
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

Financial assets at FVTOCI

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.15. Leases

The Company has lease contracts for various buildings used in its operations. Lease terms generally ranges between 3 and 9 years.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 3.3 for policy on impairment of non-financial assets.

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Extension and termination option

The Company has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised. Management have not considered any future cash outflow for which they are potentially exposed arising due to extension and termination options.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Lease income from operating lease is recognized on a straight-line basis over the term of the relevant lease.

3.16. Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average basis.
- Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.17. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Company has identified one reportable segment based on the dominant source, nature of risks and return and the internal organisation and management structure and for which discrete financial information is available. The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. The Company has only one reportable business segment, which is manufacture, purchase and sale of coir, foam and related products which constitutes a single business segment. Accordingly, the amounts appearing in the standalone financial statements relate to the company's single business segment.

3.18. Use of judgements, estimates and assumptions

The preparation of the standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The areas involving significant estimates or critical judgements are:

(i) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate and future salary increases. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. The mortality rate is based on publicly available mortality table in India. The mortality tables tend to change only at interval in response to demographic changes. Further salary increases and gratuity increases are based on expected future inflation rates. Further details about the gratuity obligations are given in Note 41.

(ii) Impairment of financial and non-financial assets:

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

3.19. Insurance claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is certain to expect ultimate collection.

3.20. Business Combination

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

The Company determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

i) Deferred tax assets or liabilities, and the liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

ii) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

iii) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

3.21. Changes in accounting policies and disclosures – New and amended standards

The Company applied for the first time the following standards and amendments, which are effective for annual periods beginning on or after April 1, 2022, as per the Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 notified by the Ministry of Corporate Affairs:

(a) Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of other costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

(b) Reference to the Conceptual Framework – Amendments to Ind AS 103

The amendments replaced the reference to the ICAI’s “Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards” with the reference to the “Conceptual Framework for Financial Reporting under Indian Accounting Standard” without significantly changing its requirements. The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential ‘day 2’ gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

(c) Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(d) Ind AS 109 Financial Instruments – Fees in the ‘10 per cent’ test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other’s behalf.

The aforesaid standards and amendments did not have any material impact on the standalone financial statements of the Company.

3.22. Standards notified but not yet effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023, to amend the following Ind AS which are effective from April 1, 2023:

(a) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

(b) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. Consequential amendments have been made in Ind AS 107.

(c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101.

The aforesaid amendments are not expected to have any material impact on the Company's standalone financial statements.

(This space has intentionally been left blank)

*Goodwill of Rs. 2,103.16 lakhs was recognised upon amalgamation of Spring Air Bedding Company India Limited ("SABCIL") with the Company pursuant to the scheme of amalgamation approved by National Company Law Tribunal ("NCLT"), Mumbai and NCLT, Delhi vide their orders dated March 12, 2020 and May 05, 2020 respectively with an appointed date of April 01, 2018 ("Effective Date").

In view of the synergies, the Company including SABCIL has been considered as a single cash generating unit. The Company tests whether goodwill has suffered any impairment on an annual basis. There is no impairment as per the assessment performed by the management at the year end. Management has performed sensitivity analysis around the basic assumption and have concluded that no reasonable/possible change in key assumptions would cause the recoverable amount lower than the carrying amount of goodwill. In estimating the value in use, the management of Holding Company considered terminal growth rate of 5% and discount rate of 10.19% as assumptions.

Kurlon Enterprise Limited
Notes to the standalone financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

7. Investment (contd.)

- (i) As at March 31, 2023, the carrying value of investment in 15,265,466 equity shares of Rs. 5 each of Kurlon Retail Limited amounting to Rs. 1,760.00 lakhs is tested for decline other than temporary in view of negative networth. The management has assessed the value in use of the subsidiary and considering the expected volume of sales, margins earned and future profitability, the carrying value is considered appropriate. However, the loan receivable of Rs 23,98.69 has been provided for (refer note 8(a)).

8. Loans

| Kanvas Concepts Private Limited | 8.50% | On demand | 162.91 | (162.91) | 162.76 | (162.76) |
| Komfort Universe Products and Services Private Limited | 8.50% | On demand | 412.15 | (412.15) | 81.40 | (81.40) |
| Sirar Solar Energies Private Limited (refer note (e)) | 8.50% | On demand | 98.71 | - | 74.59 | (74.59) |
| Sirar Dhotre Solar Private Limited (refer note (e)) | 8.50% | On demand | 81.78 | - | 68.81 | (68.81) |
| Sevalal Solar Private Limited (refer note (e)) | 8.50% | On demand | 22.08 | - | 30.53 | (30.53) |
| Belvedere International Limited | 8.50% | On demand | 13.31 | - | 13.01 | - |
| Total | | | 3,189.64 | (2,973.75) | 3,032.44 | (418.08) |

- (b) The Company has granted various loans to its subsidiary companies to meet their working capital requirements which has been approved by the Board of Directors. The aforesaid loans are repayable on demand along with interest and management believes that these terms are not prejudicial to the Company's interests. The Company has not demanded the aforesaid loans along with interest during the year.
- (c) Considering the financial position of these subsidiaries, the Company has provided loss allowance on the aforesaid outstanding loan amount and same has been disclosed as exceptional item (Refer note 33A).
- (d) Except as disclosed above, there are no loans to Directors or other officers of the Company or any of them either severally or jointly with any other person or loans to any firm in which director is a partner.
- (e) As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited (formerly known as Kulron Limited) and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable and hence Rs 173.93 lakhs provided earlier has been reversed.

(This space has been intentionally left blank)

Pertains to interest on loan given to subsidiaries which are payable on demand along with respective principal amounts. Considering the financial position of these subsidiaries, the Company has provided loss allowance on the interest accrued on loan given to subsidiaries on outstanding interest amount as of March 31, 2023. Refer Note 8(a) for details.

* During the year, there is fire accident occurred at one of the Company's factory located at Jhagadia. In such fire accident, various assets including inventories, property, plant & equipment were damaged/burnt against which the Company has filed claim with the insurer for Rs 4,177.98 lakhs of which, the Company has received interim claim of Rs 465 lakhs. Insurance receivable of Rs 2,022.29 lakhs as of 31 March 2023 represents book of value of damaged/burn assets including inventories. The Company is confident of realising the aforesaid claim in near future.

Includes lease deposit amount of Rs 15,300 lakhs paid by the Company to Kanara Consumer Products Limited during the year 2022-23, towards various premises taken on lease from Kanara Consumer Products Limited basis renegotiation of terms and conditions of on-going lease arrangements. As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable. Hence, the carrying value is considered recoverable.

(i) Capital advances includes the following :

- (a) During the year 2013-2014, the Kanara Consumer Products Limited (formerly known as "Kulron Limited" or "Holding Company") had paid an advance of Rs. 1,222.76 lakhs to Maharashtra Apex Corporation Limited (MRACL) (a related party) for purchase of land. In an earlier year, the Honorable Karnataka High Court (The court) had vide its order dated October 08, 2004 had stated that sale of land can be carried out only with its permission. Subsequently, the court vide its order dated April 20, 2012 accorded its consent for the sale of land to Kanara Consumer Products Limited. During the financial year 2014-2015, the advance was transferred by Holding Company to the Company and has been carried in the books till date.

As detailed in note 48 with respect to Share purchase agreement dated July 17, 2023 entered by Sheela Foam Limited for acquiring shares held by Kanara Consumer Products Limited (formerly known as Kulron Limited) and Kurlon Trading and Invest management Private Limited in the company and conditions precedent mentioned there in, the Company is required to recover/settle all the related party receivables/payables as applicable. Hence, the carrying value is considered recoverable.

- (b) Out of Capital advances as of March 31, 2022, Rs 622.07 lakhs has been adjusted against security deposit towards modified lease agreement entered with the Holding Company.

Kurlon Enterprise Limited

| Issued during the year | - | - | - | - |
| Outstanding at the end of the year | 36,552,261 | 1,827.62 | 36,552,261 | 1,827.62 |

b. Terms and rights attached to equity shares

The Company has only one class of equity shares having par value of Rs. 5 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

| Earnings per share (Basic and diluted) | (3.60) | 0.98 |

35. Segment reporting

The Company primarily is in the business of manufacture, purchase and sale of mattress, foam and related products. The Company does not distinguish revenues and expenses between different businesses in its internal reporting and reports costs and expenses by nature as a whole. The CODM reviews the results when making decision about allocating resources and assessing performance of the Company as a whole and hence, the Company has only one reportable segment. The Company operates and manages its business as a single segment. As the Company's assets are all located in India and the Company's revenues are derived from India, no geographical information is presented.

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year | | |
| Principal amount due to micro and small enterprises | 279.97 | 323.91 |
| Interest due on above | 33.12 | 31.54 |
| | 313.09 | 355.45 |
| The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year | - | - |
| The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006. | 1.58 | 21.32 |
| The amount of interest accrued and remaining unpaid at the end of each accounting year | 33.12 | 31.54 |
| The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006 | 31.54 | - |

The information given above is to the extent such parties have been identified by the Company on the basis of information disclosed by the suppliers.

38. Leases**Short-term leases and lease of low-value assets**

The Company also has certain leases with lease terms of 12 months or less and leases of properties with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases. Rental expenses of Rs. 2,186.26 lakhs (March 31, 2022: Rs. 58.96 lakhs) have been recognised in the statement of profit and loss.

Kurlon Enterprise Limited

Notes to the standalone financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

39. Contingent liabilities and capital commitments**(a) Contingent liabilities**

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Claims against the Company not acknowledged as debts | | |
| Disputed demands under appeal not provided | | |
| - Income tax | 1,072.45 | 1,072.45 |
| - Sales tax | 4,293.80 | 4,394.26 |
| - Excise duty | 2,212.13 | 2,212.13 |
| - GST | 636.97 | - |

The Company is contesting these demands and the management, based on the advise from its tax consultants, believes that its position will likely be upheld in the appellate process. No expense has been accrued in the financial statements for these demands raised as of March 31, 2023. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations.

(b) Capital commitments

| | March 31, 2023 | March 31, 2022 |
|---------------------------------------|----------------|----------------|
| Capital commitments (net of advances) | 21.04 | 35.21 |

40. Corporate social responsibility

As per Section 135 of the Companies Act, 2013, a Corporate Social Responsibility (CSR) committee has been formed by the Company. The primary function of the Committee is to assist the Board of Directors in formulating a CSR Policy and review the implementation and progress of the same from time to time. The CSR policies focus on enhancing the quality of life and economic well being of the communities in accordance with the Schedule VII of the Companies Act, 2013. The Company has spent towards various schemes of corporate social responsibility as prescribed under Section 135 of the Companies Act, 2013, as approved by the Board of Directors of the Company.

| | March 31, 2023 | March 31, 2022 |
|--|----------------|----------------|
| Gross amount required to be spent by the Company during the year | 142.94 | 217.01 |

Amount spent during the year ended March 31, 2023

| | In cash | Yet to be paid in cash | Total |
|------------------------------------|---------|------------------------|--------|
| Construction/acquisition of assets | - | - | - |
| On purpose other than above | 135.46 | - | 135.46 |

Amount spent during the year ended March 31, 2022

| | In cash | Yet to be paid in cash | Total |
|------------------------------------|---------|------------------------|--------|

| On purpose other than above | 202.99 | - | 202.99 |

In case of Section 135(5) (Other than ongoing projects)

| | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Opening balance | 7.98 | 22.00 |
| Amount required to be spent during the year | 142.94 | 217.01 |
| Amount spent during the year | 135.46 | 202.99 |
| Closing balance * | 0.50 | 7.98 |

* Represents excess amount spent on the corporate social responsibility which will be utilised in subsequent period.

The Company does not have any ongoing project as per section 135(6) of the Companies Act, 2013.

41. Employee benefits

Defined contribution plans

The Company makes contributions for qualifying employees to Provident Fund, Employee state insurance and labour welfare fund. During the year, the Company recognised Rs. 213.58 lakhs (March 31, 2022 : Rs 230.18 lakhs) towards Provident fund contributions, Rs 8.13 lakhs (March 31, 2022 : Rs 14.66 lakhs) towards Employee State Insurance scheme contributions and Rs. 0.06 (March 31, 2022 : Rs 0.13 lakhs) lakhs towards Labour Welfare fund.

Post-employment obligation - Gratuity

The Company has a defined benefit gratuity plan as per the Payment of Gratuity Act, 1972 ('Gratuity Act') under which an employee who has completed five years of service is entitled to specific benefit. The amount of benefit provided depends on the employee's length of service and salary at retirement/termination date. The plan is funded by the company.

The following tables summarises the amounts recognised in the standalone financial statements :

Balance Sheet

| | March 31, 2023 | March 31, 2022 |

| Balance at the beginning of the year | 460.78 | 506.26 |
| Contributions made | 201.67 | 11.85 |
| Interest income | 36.93 | 29.35 |
| Payments | (87.33) | (124.01) |
| Return on plan assets | 0.34 | 37.33 |
| Balance at end of the year | 612.39 | 460.78 |

Statement of profit and loss

| | March 31, 2023 | March 31, 2022 |
|-----------------------------|----------------|----------------|
| Service cost | 57.36 | 57.36 |
| Interest cost net of income | 8.01 | 0.74 |
| Total | 65.37 | 58.10 |

Other comprehensive (income)/loss

| | March 31, 2023 | March 31, 2022 |
|--|----------------|----------------|
| Remeasurements - Actuarial loss/(gain) | 42.39 | 187.02 |
| Return on plan assets | (0.34) | (37.33) |
| Total | 42.05 | 149.69 |

Principal assumptions used in determining defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|--------------------------------|----------------|----------------|
| Discount rate | 7.50% | 7.13% |
| Expected return on plan assets | 7.13% | 6.52% |
| Salary escalation | 5.00% | 5.00% |
| Employee turnover | 10.00% | 10.00% |

The categories of plan assets as a percentage of the fair value of total plan assets are as follows :

| | March 31, 2023 | March 31, 2022 |
|-------------------------------------|----------------|----------------|
| Investment with insurance companies | 100.00% | 100.00% |

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The discount rate is based on the government securities yield.

41. Employee benefits - (Contd)

Sensitivity analysis of significant assumptions

The following table presents a sensitivity analysis to one of the relevant actuarial assumptions, holding other assumptions constant, showing how the defined benefit obligation would have been affected by changes in the relevant actuarial assumptions that were reasonably possible at the reporting date.

| | March 31, 2023 | March 31, 2022 |
|--------------------------|----------------|----------------|
| Discount rate | | |
| 1% increase | (43.27) | (43.67) |
| 1% decrease | 48.87 | 49.56 |
| Salary escalation | | |
| 1% increase | 45.59 | 46.90 |
| 1% decrease | (41.89) | (42.27) |
| Employee turnover | | |
| 1% increase | 5.54 | 4.51 |
| 1% decrease | (6.17) | (5.05) |

Maturity profile of defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|------------------|----------------|----------------|
| Within 1 year | 78.52 | 50.67 |
| 1-2 year | 72.77 | 63.75 |
| 2-3 year | 78.48 | 57.15 |
| 3-4 year | 77.43 | 65.81 |
| 4-5 year | 32.98 | 54.16 |
| 5-10 year | 219.11 | 192.20 |
| 10 years onwards | 172.02 | 190.19 |

The average duration of the defined benefit obligation at the end of the reporting year is 9.12 years (March 31, 2022: 9.73 years).

(This space has intentionally been left blank)

42. Financial instruments

All financial assets and liabilities for which fair value is measured or disclosed in these standalone financial statements are categorised within the fair value hierarchy as below, based on the lowest level input that is significant to the fair value measurement as a whole :

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The carrying values and fair value measurement hierarchy of the Company's financial assets and financial liabilities are as below :

| | March 31, 2023 | | March 31, 2022 | |
|--|------------------|------------------|------------------|------------------|
| | Carrying value | Fair value | Carrying value | Fair value |
| Financial assets measured at fair value through profit and loss | | | | |
| <u>Current assets</u> | | | | |
| Investments | 1,602.30 | 1,602.30 | 10,710.91 | 10,710.91 |
| | 1,602.30 | 1,602.30 | 10,710.91 | 10,710.91 |
| Financial assets measured at amortised cost | | | | |
| <u>Non-current assets</u> | | | | |
| Investments | 1,785.57 | 1,785.57 | 1,785.57 | 1,785.57 |
| Loans | 215.89 | 215.89 | 2,614.36 | 2,614.36 |
| Other financial assets | 2,590.03 | 2,590.03 | 665.71 | 665.71 |
| <u>Current assets</u> | | | | |
| Trade receivables | 5,868.23 | 5,868.23 | 5,446.95 | 5,446.95 |
| Cash and cash equivalents | 214.01 | 214.01 | 147.50 | 147.50 |
| Other bank balances | 149.31 | 149.31 | 4,247.50 | 4,247.50 |
| Loans | 10.00 | 10.00 | 56.74 | 56.74 |
| Other financial assets | 15,568.74 | 15,568.74 | 158.79 | 158.79 |
| | 26,401.78 | 26,401.78 | 15,123.12 | 15,123.12 |
| Financial liabilities measured at amortised cost | | | | |
| <u>Non-current liabilities</u> | | | | |
| Lease liabilities | 921.21 | 921.21 | 547.88 | 547.88 |
| Other financial liabilities | 5,781.90 | 5,781.90 | 5,361.77 | 5,361.77 |
| <u>Current liabilities</u> | | | | |
| Borrowings | 1,660.91 | 1,660.91 | 687.56 | 687.56 |

| Other financial liabilities | 917.38 | 917.38 | 1,085.21 | 1,085.21 |
| | 21,721.94 | 21,721.94 | 19,807.42 | 19,807.42 |

43. Financial risk management objectives and policies

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse and set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Company's Board of Directors is assisted in its oversight role by the internal audit who undertakes regular reviews of risk management controls and procedures, the results of which are reported to the Board of Directors. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(a) Market risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates which will affect the Company's income or the value of its financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency payables.

43. Financial risk management objectives and policies (contd.)

i. Currency risk

The Company's exposure to currency risk as at year end is as below :

| | March 31, 2023 | | | March 31, 2022 | | |
|-------------------------|----------------|------------------|-----------|----------------|------------------|-----------|
| | Currency | Foreign currency | Rs. Lakhs | Currency | Foreign currency | Rs. Lakhs |
| Trade payables | USD | 119,988 | 99.59 | USD | 360,732 | 272.58 |
| | EUR | 31,113 | 27.03 | EUR | 40,529 | 34.89 |
| Advances from customers | USD | - | - | USD | 2,242 | 1.70 |
| Advance to suppliers | USD | - | - | USD | 53,257 | 40.81 |
| | EUR | - | - | EUR | 6,223 | 5.42 |
| Trade receivables | USD | 27,732 | 22.39 | USD | 24,859 | 18.70 |

Basis point

+5%

-5%

| | March 31, 2023 | March 31, 2022 |
|------------------------------------|----------------|----------------|
| Effect on profit before tax | | |
| | (5.21) | (12.21) |
| | 5.21 | 12.21 |

ii. Interest rate risk

Interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's borrowings are at fixed and floating interest rate and are carried at amortised cost.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows :

Basis point

+1%

-1%

| | March 31, 2023 | March 31, 2022 |
|------------------------------------|----------------|----------------|
| Effect on profit before tax | | |
| | (10.11) | - |
| | 10.11 | - |

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables, loans and other assets.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The loans to subsidiaries are unsecured loans. The management makes an assessment, of the credit risk on the loans based on the evaluation of the subsidiary's ability to repay the loans, as at date of reporting. The Company uses expected credit loss model to assess the impairment loss. Based on an evaluation of the credit risk of the subsidiaries, loss allowance on the loans and on interest accrued thereon have been recognised.

Cash and cash equivalents, investments and other bank balances are neither past due nor impaired. Cash and cash equivalents include short-term highly liquid fixed deposits with banks which having maturity less than three months.

The movement in respect of allowance for expected credit losses is as follows :

| | Trade receivables | | Loans & other financial assets | | Other assets | |
|--|-------------------|-----------------|--------------------------------|----------------|----------------|----------------|
| | March 31, 2022 | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 | March 31, 2023 |
| At the beginning of the year | 1,592.89 | 1,045.17 | 434.90 | - | 24.92 | - |
| Allowance created/(reversed) during the year | 73.53 | 547.72 | 2,580.97 | 434.90 | - | 24.92 |
| At the end of the year | 1,666.42 | 1,592.89 | 3,015.87 | 434.90 | 24.92 | 24.92 |

43. Financial risk management objectives and policies (contd.)

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the undiscounted contractual maturities of financial liabilities :

| | Less than 1 year | 1 to 5 years | More than 5 years | Total |
|-----------------------------|------------------|-----------------|-------------------|------------------|
| March 31, 2023 | | | | |
| Borrowings | 1,660.91 | - | - | 1,660.91 |
| Lease liabilities | 430.23 | 1,073.13 | 100.94 | 1,604.30 |
| Trade payables | 12,027.30 | - | - | 12,027.30 |
| Other financial liabilities | 917.38 | 5,781.90 | - | 6,699.28 |
| Total | 15,035.82 | 6,855.03 | 100.94 | 21,991.79 |
| March 31, 2022 | | | | |
| Borrowings | 687.56 | - | - | 687.56 |
| Lease liabilities | 474.40 | 554.08 | 162.18 | 1,190.66 |
| Trade payables | 11,670.22 | - | - | 11,670.22 |
| Other financial liabilities | 1,085.21 | 5,361.77 | - | 6,446.98 |
| Total | 13,917.39 | 5,915.85 | 162.18 | 19,995.42 |

The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no significant liquidity risk is perceived.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Belvedere International Limited.**,

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of **Belvedere International Limited** (the "Company"), which comprise the balance sheet as at March 31, 2023, and the statement of profit and loss (including other comprehensive income), and the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

1. We draw attention to Note.47 to the financial statements, as at 31st March 2023, which explains in detail the Business Transfer transaction and accounting treatment in the books of the transferee company, and the impact adjusted in other equity. Accordingly, the restatement of the Financials Statements is made from the first day of the comparative period presented. Our opinion is not modified in this regard.

2. We draw attention to Note.51 to the financial statements, as at 31st March 2023, the net worth of the company stands completely eroded and its current liabilities exceeds its current assets, these conditions indicate the existence of material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However, the financial statement of the company has been prepared by the management, on the basis of internal assessment and is reasonably certain that the company would operate as a going concern and accordingly no adjustments are considered necessary in these financial statements. Our opinion is not modified in this matter.

Information Other than Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Director's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatement in the financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the written representations received from the directors as on March 31, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- (g) With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act, in our opinion, according to the information and explanation give to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act, and
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has does not have any pending litigations as at March 31, 2023, on its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 48 to the financial statement, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company, or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 48 to the financial statement, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

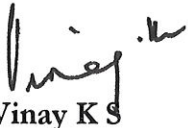

- (c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under para (iv) (a) & (b) above contain any material misstatement.
- v. The dividend declared/ paid during the year by the company is in compliance with section 123 of the Act.
- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from April 1, 2023, reporting under clause (g) of Rule 11 is not applicable.

Annexure - A to the Independent Auditors' Report for the year ended 31st March 2023

As referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' of our report of even date

- (i)
 - a) According to the information and explanations given to us and audit procedures performed by us, the Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Intangible Assets.
 - b) The property, plant and equipment were physically verified during the year by the management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) According to information and explanations given to us and audit procedures performed by us, the title deeds of all of the immovable properties (other than properties where the company is the lessee, and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
 - d) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
 - e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii)
 - a) The company does not hold any physical inventories during the year. Accordingly reporting under clause 3(ii)(a) of the Order is not applicable.
 - b) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any time during the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, and Limited Liability partnerships or any other parties. Accordingly, reporting under clause 3(iii)(a) to 3(iii)(f) of the Order is not applicable.

- (iv) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has neither made any investments nor has given loans or provided guarantee or security and therefore the relevant provisions of Section 185 and 186 of the Companies Act, 2013 are not applicable to the Company. Accordingly, reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, reporting under clause 3(v) of the Order is not applicable.
- (vi) According to information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the products manufactured by it and/ or services provided by it. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii)
 - a) According to the information provided and explanations given to us and based on our examination of the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues applicable to it. There are no material outstanding statutory dues existing as on the last day of the financial year which is outstanding for more than six months from the day these become payable.
 - b) According to the information provided and explanations given to us, there are no statutory dues relating to Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) According to the information provided and explanations given to us, and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessment under the Income Tax Act, 1961 as income during the year and accordingly reporting under clause 3(viii) of the Order is not applicable.
- (ix)
 - a) According to the information and explanations given to us and on the basis of our examination of the records made available to us, The Company has not availed any loans and borrowings during the year. Accordingly, reporting under clause (ix)(a) of the Order is not applicable.
 - b) According to the information and explanations given to us, the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

- c) According to the information and explanations given to us, the Company has not obtained any term loans during the year. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable.
 - d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the company has not raised any funds on short term basis during the current year. Accordingly, reporting under clause 3(ix)(d) of the Order is not applicable.
 - e) The Company does not hold any investment in any subsidiary, associate or joint venture as defined under the Companies Act, 2013 during the year. Accordingly, reporting under clause 3(ix)(e) of the Order is not applicable.
 - f) The Company does not hold any investment in any subsidiary, associate or joint venture as defined under the Companies Act, 2013 during the year. Accordingly, reporting under clause 3(ix)(f) of the Order is not applicable.
- (x)
- a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable.
 - b) According to the information provided and explanations given to us, and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable.
- (xi)
- a) According to the information and explanations given by the management and based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements, we report that no fraud by the Company or any fraud on the Company has been noticed or reported during the year.
 - b) According to the information and explanations available with us, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - c) As represented to us by the management, there have been no whistleblower complaints received by the Company during the year.

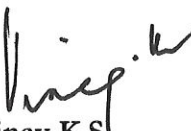

- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions entered with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and details have been disclosed in the financial statements as required by the applicable Indian accounting standards.
- (xiv) a) According to the information and explanations given to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Companies Act, 2013.
 b) The Company is not required to and does not have an internal audit system as per Section 138 of the Companies Act, 2013. Accordingly, reporting under clause 3(xiv)(b) of the Order is not applicable.
- (xv) According to the information and explanations given to us, in our opinion the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.
 b) According to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.
 c) The Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clause 3(xvi)(c) and (d) of the Order are not applicable.
- (xvii) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly reporting under clause 3(xviii) of the Order is not applicable.

- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The requirements as stipulated by the provisions of Section 135 of the Companies Act, 2013 are not applicable to the company. Accordingly, reporting under clause 3(XX)(a) and (b) of the order are not applicable.

Annexure - B to the Independent Auditors' Report for the year ended 31st March 2023.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Belvedere International Limited** (the "Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

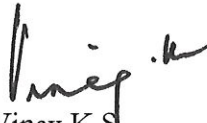

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

BELVEDORE INTERNATIONAL LIMITED

Notes to accounts

1. CORPORATE INFORMATION

Belvedere International Limited was incorporated in Karnataka on 21.12.2020. The address of its registered office is N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road Bangalore Bangalore KA 560042 The Company is a wholly owned subsidiary company of Kurlon Enterprise Limited and is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, manufacturing or supplying, trading, dealing in any manner whatsoever in all type of goods including Mattresses, Pillows, Furniture and other related Products and Services of International Brands on retail and B2B basis in India.

The Company's Board of Directors authorised these standalone financial statements for issue on 25th July 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

A. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India.

B. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared on a historical cost convention and on an accrual basis of accounting, except for Investments classified as Fair Value Through Profit or Loss ('FVTPL') /Fair Value Through Other Comprehensive Income ('FVTOCI'). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current and non-current as per the Companies' normal operating cycle of 12 months. Current assets do not include assets which are not expected to be realised within 12 months and current liabilities include only items where the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

The financial statements are presented in Indian Rupees lakhs unless otherwise stated.

The statements of cash flows have been prepared under the indirect method.

The Company has consistently applied the following accounting policies to all periods presented in these financial statements.

The company has prepared its financial statements as at 31st March 2023, by giving effect to the business transfer. We have applied pooling of interest method under Ind AS 103 (Business combinations) for accounting the transferor company's assets and liabilities in the books of the company. The acquisition date is considered of first date of comparative reporting period as specified under point 9(iii) of Appendix C of Ind AS 103. (Refer Note 47 for further Details)

Business combinations between entities under common control is accounted based on pooling of interest method, at carrying value of the assets acquired and liabilities assumed in the financial statements.

The identity of the reserves are preserved and appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor.

The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately as Common Control Transactions Capital reserve.

BASIS OF MEASUREMENT

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items, which have been measured at fair value as required by relevant Ind AS:

a) The defined benefit liability/(asset) is recognised as the present value of defined benefit obligation less fair value of plan assets;

C. USE OF ESTIMATES

In preparation of the financial statements in conformity with the recognition and measurement principles of Ind AS, the Management has made estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities, as at the date of the financial statements, and the reported amounts of revenue and expenses during the year under report. Contingencies are recorded, when it is probable that a liability will be incurred and the amount can be reasonably estimated. Appropriate changes in the estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Actual results could differ from those estimates.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense prospectively.

Provisions and Contingent Liabilities

A provision is recognized when the Company has a present obligation arising out of past events and it is probable that an outflow of economic resources would be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimates required to settle the obligation as at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements but are disclosed appropriately. A contingent asset is neither recognized nor disclosed in the financial statements.

D. REVENUE RECOGNITION

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when in the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of Govt. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

To recognise revenues, the Company applies the following five step approach:

- (1) Identify the contract with a customer,
- (2) identify the performance obligations in the contract,
- (3) determine the transaction price,
- (4) allocate the transaction price to the performance obligations in the contract, and
- (5) Recognise revenues when a performance obligation is satisfied.

Sale of goods:

Revenue from the sale of goods is recognised when i) the Company has transferred to the buyer the significant risks and rewards of ownership of the goods, (ii) effective control over the goods sold, (iii) the amount of revenue can be measured reliably; (iv) it is probable that the economic benefits associated with the transaction will flow to the Company; and (v) the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sales returns are recognized as and when ascertained and are reduced from the sales turnover of the year. Amounts disclosed as revenue are net of Goods & Service Tax, trade allowances, rebates and value added items.

Other Income

Interest income- Interest Income is recognised and accounted on the basis of the effective Interest rate method.

Dividend Income- Dividend income is accounted for when the right to receive is established.

E. TAXATION

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

a) Income Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years (Temporary Differences) and items that are never taxable or deductible (Permanent Differences). The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

b) Deferred Tax

Deferred Tax assets and liabilities are recognized for the future tax consequences attributable to the timing differences that result between the profit offered for the income tax and profit as per financial statement of the company. Deferred tax assets on timing differences are recognized only if there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period that includes the enactment/ substantive enactment date.

F. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at costs less accumulated depreciation (other than freehold land) and impairment loss, if any.

The cost includes purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation is provided for property, plant and equipment on the straight-line method over the estimated useful life from the date the assets are ready for intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

Capital work in progress

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress.

G. INTANGIBLE ASSETS

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets are amortized on a straight line basis over their estimated useful lives from the date that they are available for use. The estimated useful lives of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization period is revised to reflect the changed pattern, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from Derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised/disposed.

Depreciation and amortization

Depreciation on Property, plant and equipment is calculated on a straight-line basis using the rates arrived at, based on the useful lives estimated by the management. Intangible assets are amortized on a straight-line basis over the estimated useful economic life.

The useful lives estimated by the management are given below:

| Asset | Useful life (In Years) estimated by the management |
|----------|--|
| Vehicles | 8 |

In respect of plant and equipment, furniture and fixtures and vehicles, the management, basis internal assessment of usage pattern believes that the useful lives as mentioned above best represent the period over which management expects to use these assets.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Project specific assets are depreciated over the period of contract or useful life of the asset, whichever is lower.

Impairment of assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

H. FINANCIAL INSTRUMENTS

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through statement of profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

A) Financial assets

Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit and loss (FVTPL)

Financial assets are measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss are immediately recognized in statement of profit and loss.

Foreign exchange gains and losses

The fair value of foreign assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For the foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in statement of profit and loss.

B) Financial liabilities and Equity

Financial liabilities at amortized cost

Financial liabilities are measured at amortized cost using effective interest method.

Equity instruments

An equity instrument is contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Equity instruments

recognised by the Company are recognised at the proceeds received net off direct issue costs.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognized in "Other income". The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in the profit and loss.

I. CASH FLOW STATEMENT

The entity reports the cash flow from

a) Operating activities using indirect method by adjusting the profit or loss for the effects of transactions of non-cash nature, deferrals or accruals of past or future cash receipts or payments and item of income or expense associated with investing or financing cash flows.

b) From investing and financing activities by reporting separately the major cash receipts and cash payments that arises from investing and financing activities except to the extent permitted to be reported on net basis by IND AS -7.

J. RETIREMENT AND OTHER EMPLOYEE BENEFITS

Employee benefits

Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits.

These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

Post-employment benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in statement of profit and loss in the periods during which the related services are rendered by employees.

Gratuity

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan(GratuityPlan)covering all employees. The Gratuity plan provides a lumpsum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary and the year so employment with the Company. The Company makes provision. Gratuity is accrued based on an actuarial valuation at the balance sheet date, carried out by an independent actuary. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with charge or credit recognised in other comprehensive income in the period in which they occur.

Compensated absences

The cost of short term compensated absences are provided for based on estimates. The expected cost of accumulating compensated absences is determined by actuarial valuation at each balance sheet date measured based on the amounts expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Such compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss. The Company presents the entire obligation for compensated absences as a current liability in the balance sheet since it does not have an unconditional right to defer its settlement beyond 12 months from the reporting date.

K. EARNINGS PER SHARE (EPS)

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

L. PROVISIONS AND CONTINGENT LIABILITIES

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimates required to settle each obligation at balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

M. RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

| Accounting profit before income tax | (95.14) | (44.21) |
| Effective tax rate in India | 26.00% | 26.00% |

25 Earnings per share ['EPS']

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--------------------------------------|--------------------------------------|
| Profit after tax attributable to equity holders of the Company (a) (INR in lakhs) | -93.66 | -44.21 |
| Weighted average number of equity shares outstanding during the year for basic/diluted EPS (b) | 50,000 | 50,000 |
| Basic/diluted earnings per share (in INR) (a/b) | -187.33 | -88.42 |

BELVEDORE INTERNATIONAL LIMITED**Notes to financial statements****(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)****26 Employee benefits expenses****a. Defined contribution plans**

The Company has defined contribution plan in form of Provident Fund for qualifying employees. Contributions are made to provident fund for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or constructive obligation. The expense recognised during the year towards defined contribution plan is INR 2.19 Lakhs (March 31, 2022: INR Nil).

b. Defined benefit plans**i. Gratuity**

The Company has a defined benefit gratuity plan (unfunded). The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on retirement or termination at 15 days salary (last drawn salary) for each completed years of service.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, Demographic risk and salary risk.

Interest risk :

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase. Thus the plan exposes the Company to the risk of fall in interest rates. Some times, the fall can be permanent, due to a paradigm shift in interest rate scenarios because of economic or fiscal reasons. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements). Even for funded schemes, a paradigm downward shift in bond yields may affect the reinvestment yields and may increase ultimate costs.

Salary inflation risk:

The present value of the defined benefit plan is calculated with the assumption of salary escalation rate(SER), which is applied to find the salary of plan participants in future, at the time of separation Higher than expected increases in salary will increase the defined benefit obligation and will have an exponential effect.

Demographic risks:

Demographic assumptions are required to assess the timing and probability of a payment taking place. This is the risk of volatility of results due to unexpected nature of decrements that include mortality, attrition, disability and retirement. The effects of this decrement on the DBO depend upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short serving employees will be less compared to long service employees.

Investment risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the amounts recognised in the balance sheet for the gratuity plan:

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--|--|
| Gratuity | 2.55 | - |
| Non current | 2.54 | - |
| Current | 0.01 | - |
| <i>Gratuity cost charged to profit or loss</i> | | |
| Current service cost | 2.55 | - |
| Past service cost | - | - |
| Net interest expense | - | - |
| | 2.55 | - |
| <i>Gratuity cost charged to other comprehensive income</i> | | |
| Actuarial (gains)/losses | - | - |
| | - | - |

BELVEDORE INTERNATIONAL LIMITED

Notes to financial statements

(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)

| | As at March 31, 2023 | As at March 31, 2022 |
|--|-------------------------|-------------------------|
| Changes in the defined benefit obligation as at March 31, 2023 and March 31, 2022 | | |
| Opening balance | - | - |
| Current service cost | 2.55 | - |
| Past service cost | - | - |
| Net interest expense | - | - |
| Fund management charges | - | - |
| Total amount recognised in profit or loss | 2.55 | - |
| Benefits paid | - | - |
| Remeasurement (gains)/losses in other comprehensive income | | |
| Actuarial changes arising from changes in financial assumptions | - | - |
| Experience adjustments | - | - |
| Total amount recognised in OCI | - | - |
| Closing balance | 2.55 | - |
| Discount rate | 7.53% | - |
| Future salary increases | 7.00% | - |
| Attrition Rate | 10.00% | - |
| Retirement age | 60 years | - |

Mortality rate : Standard Indian Assured Lives (2012-14) Ultimate Table

Discount rate: Market yields on Government bonds as at balance sheet date for the estimated term of the obligation

The above numbers for the year ended March 31, 2023 is as per the actuarial valuation obtained for the year ended March 31, 2023.

A quantitative sensitivity analysis for significant assumption is as shown below:

Sensitivity level

| | Impact on defined benefit obligation | |
|-------------------------------|---|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| <i>Discount Rate</i> | | |
| 1% increase | -0.26 | - |
| 1% decrease | 0.30 | - |
| <i>Salary escalation rate</i> | | |
| 1% increase | 0.29 | - |
| 1% decrease | -0.25 | - |
| <i>Attrition rate</i> | | |
| 1% increase | -0.07 | - |
| 1% decrease | 0.07 | - |
| <i>Mortality rate</i> | | |
| 10% UP | -0.00 | - |

Above sensitivity analysis computed based on, if 100 basis points changes in the actuarial assumptions namely discount rates, salary growth, Attrition & Mortality.

Used P.U.C method. If an employee's service in later years will lead to a materially higher level of benefit than in earlier years, these benefits are attributed on a straight-line basis. The limitations are that in assessing the change other parameters are kept constant. As some of the assumptions may be correlated, it is unlikely that changes in assumptions will occur in isolation of one another.

The following represents maturity profile - future expected payments

| | As at March 31, 2023 | As at March 31, 2022 |
|--|-------------------------|-------------------------|
| Within the next 12 months (next annual reporting period) | 0.01 | - |
| Between 2 and 5 years | 0.03 | - |
| Beyond 5 years | 0.64 | - |
| Above 10 Years | 6.29 | - |
| Total expected cash flow profile (payments) | 6.96 | - |

BELVEDORE INTERNATIONAL LIMITED**Notes to financial statements****(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)****ii. Leave encashment**

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each Balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the Balance sheet date.

Employee Benefit expenses for the year include Rs. 0.40 Lakhs (FY 2021-22: Nil) towards compensated absences.

Provision for compensated absences as on 31st March, 2023 is Rs. 0.54 Lakhs(31st March, 2022: Nil).

Terms and conditions of transactions with related parties

Transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended March 31, 2023, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2022: Nil lakhs).

BELVEDORE INTERNATIONAL LIMITED**Notes to financial statements****(All amounts in Indian rupees lakhs, unless otherwise stated)****30 Financial instruments- accounting classification and fair value measurement**

The management assessed that cash and cash equivalents, trade receivables, trade payables, borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following table presents the fair value hierarchy of assets and liabilities measured at fair value Level 3 - Unobservable inputs for the assets or liabilities:

| | As at March 31, 2023 | | As at March 31, 2022 | |
|------------------------------|----------------------|------------------|----------------------|------------------|
| | Total carrying value | Total fair value | Total carrying value | Total fair value |
| Financial assets | | | | |
| Cash and cash equivalents | 43.65 | 43.65 | 13.62 | 13.62 |
| Trade receivables | 184.07 | 184.07 | 199.62 | 199.62 |
| Other financial assets | 0.06 | 0.06 | - | - |
| | 227.78 | 227.78 | 213.25 | 213.25 |
| Financial liabilities | | | | |
| Borrowings | 16.39 | 16.39 | 13.09 | 13.09 |
| Trade payables | 234.61 | 234.61 | 217.02 | 217.02 |
| Other financial liabilities | 64.84 | 64.84 | 41.46 | 41.46 |
| | 315.83 | 315.83 | 271.57 | 271.57 |

31 Fair value hierarchy

Ind AS 113 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

a. Level 1 - Quoted prices (unadjusted) in an active market for identical assets or liabilities that the Company can assess at the measurement date.

b. Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

c. Level 3 - Unobservable inputs for the assets or liabilities.

Fair value measurements that use inputs of different hierarchy levels are categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire management.

BELVEDORE INTERNATIONAL LIMITED**Notes to financial statements****(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)****32 a) Capital Management**

The Company's objective when managing capital is to:

1. Safeguard its ability to continue as going concern so that the Company is able to provide maximum return to stakeholders and benefits for other stakeholders; and
2. Maintain an optimal capital structure to reduce the cost of capital.

The company maintains its financial framework to support the pursuit of value growth for shareholders, while ensuring a secure financial base. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The capital structure of the Company consists of total equity. The Company is not subject to any externally imposed capital requirements.

b) Gearing Ratio

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|--|---------------------|---------------------|
| Borrowings | 16.39 | 13.09 |
| Less: Cash and cash equivalents (note 5) | 43.65 | 13.62 |
| Net debt | (27.26) | (0.53) |
| Equity | 5.00 | 5.00 |
| Total capital | 5.00 | 5.00 |
| Capital and net debt | -22.26 | 4.47 |
| Gearing ratio | -122.46% | -11.90% |

33 Financial risk management objectives and policies

The Company's principal financial liabilities comprises borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents, trade and other receivables that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below. There has been no change to the Company's exposure to the financial risks or the manner in which it manages and measures the risks.

a. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The Company is not exposed to other price risk.

The sensitivity analyses in the following sections relate to the position as at March 31, 2023 and March 31, 2022. The analysis exclude the impact of movement in market variables on the carrying values of gratuity and other provisions.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Company are carried out mainly in India. However, the Company pays the Royalty to foreign vendors which are denominated in USD. Hence the Company is currently exposed to the currency risk arising from fluctuation of the above foreign currency and Indian rupee exchange rates. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting year is NIL which is unhedged.

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

BELVEDORE INTERNATIONAL LIMITED

Notes to financial statements

(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company does not have significant debt obligations with floating interest rates, hence, is not exposed to significant interest rate risk.

The sensitivity analyses have been prepared on the basis that the amount of net debt and derivatives and the proportion of financial instruments in foreign currencies are NIL as at March 31, 2023.

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not have significant foreign currency exposure and hence, is not exposed to any significant foreign currency risk.

b. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating (primarily trade receivables) and from its financing activities (primarily cash and cash equivalents).

The Company monitors the exposure to credit risk on an ongoing basis through ageing analysis and historical collection experience. Outstanding customer receivables are regularly monitored by the Managing director.

i) Trade receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivable. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security.

c. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's financing activities are managed centrally by maintaining an adequate level of cash and cash equivalents to finance the Company's operations. The Company has substantial trade receivable balance which is expected to be recovered within 12 months.

The below table detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods.

| | On demand | Less than 1 year | More than 1 year | Total |
|-----------------------------|-----------|------------------|------------------|--------|
| As at March 31, 2023 | | | | |
| Trade payables | - | 234.61 | - | 234.61 |
| Borrowings | - | 16.39 | - | 16.39 |
| Other financial liabilities | - | 11.13 | 53.70 | 64.84 |
| As at March 31, 2022 | | | | |
| Trade payables | - | 217.02 | - | 217.02 |
| Borrowings | - | 13.09 | - | 13.09 |
| Other financial liabilities | - | 0.11 | 41.35 | 41.46 |

BELVEDORE INTERNATIONAL LIMITED**Notes to financial statements****(All amounts are disclosed in Indian rupees lakhs, unless otherwise stated)****34 Segment reporting**

The Company is engaged in trading of mattresses, being the only operating segment and the operations are mainly in India. All assets of the Company are located in India. Accordingly there are no reportable segments as defined by the Ind AS 108 'Operating Segments'.

Kanvas Concepts Private Limited

Notes to the financial statements for the year ended March 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1 CORPORATE INFORMATION

Kanvas Concepts Private Limited was incorporate in Karnataka on 22.09.2020. The company is a wholly owned subsidiary of Kurlon Enterprise Limited and is engaged in the business of interiors & exteriors of Homes, stage designer, furnishing, designing, decorating, renovating and remodeling of bungalows, houses, shops, show rooms, complexes, apartments, offices, hotels, restaurants and other commercials and residential houses and for other purpose to act as organiser, consultant, advisor, trader, buyer, seller, supervisor, surveyor, broker, agent and to do all other incidental acts and things necessary for the attainment of above objects.

2 Summary of Significant Accounting Policies:

2A Statement of Compliance

The financial statements have been prepared in accordance with the provisions of Companies Act 2013 ("the Act") and Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015, issued by the Ministry of Corporate Affairs in exercise of powers conferred by section 133 of the Act.

2C Basis of preparation of financial statements

The Financial Statements have been prepared on an accrual basis and under the historical cost convention, except for certain Financial instruments that are measured at fair value at the end of each reporting period, as explained in the Accounting policies below. The accounts of the company have been prepared on a going concern basis.

Ministry of Corporate Affairs ("MCA") through a notification dated March 24, 2021, amended Division II of Schedule III of the Companies Act, 2013 and applicable for the reporting period beginning on or after April 1, 2021. The amendment encompasses certain additional disclosure requirements. The Company has applied and incorporated the requirements of amended Division II of Schedule III of the Companies Act, 2013, to the extent applicable on it while preparing these financial statements.

The operating cycle in the normal course has been identified to have a duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS - 1 "Presentation of Financial Statements" and Schedule - III to the Companies Act, 2013.

The Balance sheet, the Statement of Profit and Loss and the statements of Changes in Equity are prepared in the format prescribed in Schedule III to the Act. The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the Ind AS.

The Financial Statements are presented in Indian Rupees Lakhs and all values are rounded off to two decimal lakh except as otherwise stated.

2D Significant accounting policies

i Use of Estimates

In preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

iii Property, plant and equipment and depreciation/amortisation

A. Property, plant and equipment

Property, plant and equipment are stated at costs less accumulated depreciation (other than freehold land) and impairment loss, if any.

The cost includes purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Lease rentals and premium for lease hold are amortized over the primary lease period.

Depreciation is provided for property, plant and equipment on the reducing balance method over the estimated useful life from the date the assets are ready for intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss

Capital work in progress

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress.

B. Depreciation and amortisation methods, estimated useful lives and residual value

I a) Depreciation is provided on a pro rata basis on the Reducing Balance method to allocate the cost, net of residual value over the estimated useful lives of the assets.

b) Where a significant component (in terms of cost) of an asset has an estimated economic useful life shorter than that of its corresponding asset, the component is depreciated over its shorter life.

c) Useful life of assets are determined by the Management by internal technical assessments except in case where such assessment suggests a life significantly different from those prescribed by Schedule II- Part 'C', the useful life is as assessed and certified by a technical expert.

II Assets which are depreciated over useful life/residual value indicated by Schedule II are as follows:

Assets Class

Office Equipments-5 Years

Furniture and Fixtures - 10 Years

Computer and Accessories - 3Years

Software - 6 Years

III Depreciation on additions and deletions is being provided on pro rata basis from the month of such additions or deletions.

IV Depreciation on assets sold, discarded or demolished during the year is being provided up to the month in which such assets are sold, discarded or demolished.

C. Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

iv Intangible assets and amortisation

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life of computer software is 5 years. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Intangible assets are derecognised when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the carrying amount of the asset (net of disposal proceeds, if applicable) and recognised in the Statement of Profit and Loss when the asset is derecognised.

v Inventories

Inventories are valued at the lower of cost and the net realizable value. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Cost of inventories are determined on a weighted average basis. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

vi Investments & financial assets

i) Classification

The Company classifies its financial assets in the following measurement categories :-

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost.

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value in the case of financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at 'fair value through profit or loss' are expensed in profit or loss.

Financial assets carried at amortised cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income:

A financial asset is subsequently measured at fair value through other comprehensive income (FVOCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

iii) Derecognition of financial assets

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

vii Income recognition

Interest Income

Interest income from Financial assets (Rent deposits) is recognised using the effective interest rate method.

Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

viii Foreign currency transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing at balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction of monetary items are recognized as income or expenses in the year in which they arise. Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

ix Cash & Cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

x Revenue Recognition

The Company has adopted IndAS 115-"Revenue from Contracts with Customer ", with effect from 01 April 2018. Company has applied the following accounting policy in the preparation of its financial statements:

The Company recognises revenue from contracts with customers based on a five step model as set out in IndAS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer that are distinct.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

Company recognises revenue at a point in time when it satisfies a performance obligation by transferring promised goods/service to a customer. An asset is transferred when the customer obtains control of the same.

When the company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

xi Cash Flow Statements

The entity reports the cash flow from

a) operating activities using indirect method by adjusting the profit or loss for the effects of transactions of non-cash nature, deferrals or accruals of past or future cash receipts or payments and item of income or expense associated with investing or financing cash flows.

b) From investing and financing activities by reporting separately the major cash receipts and cash payments that arises from investing and financing activities except to the extent permitted to be reported on net basis by IND AS -7.

Kanvas Concepts Private Limited

Notes to the financial statements for the year ended March 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

xii Borrowing costs

Borrowing costs include interest expense calculated using the effective interest method.

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

All other borrowing costs are charged to the Statement of Profit or Loss in the year in which it is incurred.

xiv Earnings Per Share

Basic earnings per share amounts are computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

xvii Taxation

Current tax is determined based on the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognized on timing differences: being the difference between the taxable incomes and accounting income that originate in one year and are capable of reversal in one or more subsequent years. Deferred tax assets and liabilities are recognised at the rate that have been enacted or substantively enacted by the Balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

xviii Contingent Liabilities & Provisions

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

xix Leases

The lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:

- (1) the contract involves the use of an identified asset;
- (2) the company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

xx Functional Currency

Currency of the primary economic environment in which the Company operates ("the functional currency") is Indian Rupee (₹) in which the company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (₹).

Kanvas Concepts Private Limited

Notes to the financial statements for the year ended March 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

24. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company's gearing ratio, which is total net borrowings divided by total capital employed is as below:

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|--|------------------------|------------------------|
| Borrowings (note 10) | 153.30 | 153.30 |
| Less: Cash and cash equivalents (note 5) | 0.27 | 0.90 |
| Net debt | 153.03 | 152.40 |
| Equity | (112.84) | (112.20) |
| Total capital | (112.84) | (112.20) |
| Capital and net debt | 40.18 | 40.20 |
| Gearing ratio | 380.82% | 379.09% |

25. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

a) Fair value of financial assets:

| Particulars | Carrying values | | Fair values | |
|--|------------------------|------------------------|---------------------------|------------------------|
| | As at 31 March 2023 | As at 31 March 2022 | As at 31 March 2023 | As at 31 March 2022 |
| Financial assets measured at amortised cost | | | | |
| Cash and cash equivalents (refer note 5) | | | | |
| Other assets | 0.27 | 0.90 | 0.27 | 0.90 |
| Total | 0.05 | 6.11 | 0.05 | 6.11 |
| | 0.32 | 7.01 | 0.32 | 7.01 |

b) Fair value of financial liabilities:

| Particulars | Carrying values | | Fair values | |
|---|------------------------|------------------------|---------------------------|------------------------|
| | As at 31 March 2023 | As at 31 March 2022 | As at 31 March 2023 | As at 31 March 2022 |
| Financial liabilities measured at amortised cost | | | | |
| Borrowings (refer note 10) | 153.30 | 153.30 | 153.30 | 153.30 |
| Trade Payables | 1.23 | 2.65 | 1.23 | 2.65 |
| Total | 154.53 | 155.95 | 154.53 | 155.95 |

Management has assessed that remaining financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Discount rate used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of borrower which in case of financial liabilities is average market cost of borrowings of the Company and in case of financial asset is the average market rate of similar credit rated instrument. The company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

26. Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

The fair value hierarchy of assets and liabilities measured at fair value as of 31 March 2023 is as follows:

| Particulars | Total (Carrying Value) | Quoted prices in active markets (Level 1) | Significant observable inputs (Level 2) | Significant unobservable inputs (Level 3) |
|--|---------------------------|--|--|--|
| Assets | | | | |
| Cash and cash equivalents (refer note 5) | 0.27 | - | - | 0.27 |
| Other assets | 0.05 | - | - | 0.05 |

The fair value hierarchy of assets and liabilities measured at fair value as of 31 March 2023 is as follows: (continued)

| Particulars | Total (Carrying Value) | Quoted prices in active markets (Level 1) | Significant observable inputs (Level 2) | Significant unobservable inputs (Level 3) |
|--------------------|---------------------------|--|--|--|
| Liabilities | | | | |
| Borrowings | 153.30 | - | - | 153.30 |
| Trade Payables | 1.23 | - | - | 1.23 |

The fair value hierarchy of assets and liabilities measured at fair value as of 31 March 2022 is as follows:

| Particulars | Total (Carrying Value) | Quoted prices in active markets (Level 1) | Significant observable inputs (Level 2) | Significant unobservable inputs (Level 3) |
|--|---------------------------|--|--|--|
| Assets | | | | |
| Cash and cash equivalents (refer note 5) | 0.90 | - | - | 0.90 |
| Other assets | 6.11 | - | - | 6.11 |
| Liabilities | | | | |
| Borrowings (refer note 10) | 153.30 | - | - | 153.30 |
| Trade Payables | 2.65 | - | - | 2.65 |

27. Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade and other payables, borrowings, lease liability and payables for property, plant and equipment. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, cash, fixed deposits and security deposits that are derived directly from its operations.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk.

The sensitivity analyses in the following sections relate to the position as at 31 March 2023 and 31 March 2022.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's interest bearing financial liabilities includes borrowings with fixed interest rates. The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The Company transacts business only in local currency as well as in foreign currency therefore, not exposed to foreign exchange risk.

B. Credit risk

It is the risk of loss that may arise on the outstanding financial instruments should a counterparty default on its obligation.

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|--|---------------------------|------------------------|
| Balance at the beginning of the year | - | - |
| Provision recognised/(reversed) during the year, net | - | - |
| Balance at the end of the year | - | - |

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings.

Kanvas Concepts Private Limited

Notes to the financial statements for the year ended March 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

27. Financial risk management objectives and policies (continued)**C. Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

| As at 31 March 2023 | Amount | Less than 1 year | 1 to 5 years | > 5 years | Total |
|--------------------------------|---------------|------------------|---------------|-----------|---------------|
| Financial liabilities : | | | | | |
| Borrowings (refer note 10) | 153.30 | - | 153.30 | - | 153.30 |
| Trade Payables | 1.23 | 1.23 | - | - | 1.23 |
| | 154.53 | 1.23 | 153.30 | - | 154.53 |

| As at 31 March 2022 | Amount | Less than 1 year | 1 to 5 years | > 5 years | Total |
|--------------------------------|---------------|------------------|---------------|-----------|---------------|
| Financial liabilities : | | | | | |
| Borrowings (refer note 10) | 153.30 | - | 153.30 | - | 153.30 |
| Trade Payables | 2.65 | 2.65 | - | - | 2.65 |
| | 155.95 | 2.65 | 153.30 | - | 155.95 |

28. Segment reporting

Since the company falls under the small company under section 2(85) of the Companies Act, 2013, the segment reporting is not applicable.

- 29 The company has accumulated losses of 113.84 Lakhs and networth being negative amounting to 112.84 Lakhs as on 31st March 2023. The company has also taken a loan from Kurl On Enterprise Limited to support its business which shall be repaid in the near future. And the company does not have any future business outlook as on date. Accordingly the financial statements have been prepared on going concern basis.

30 Other statutory information

- (i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- (ii) The Company does not have any transactions with companies struck off.
- (iii) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- (iv) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.
- (v) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
- (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (vi) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (vii) The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

32 Corporate Social Responsibility

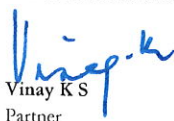

The Company is not required to contribute towards Corporate Social Responsibility ("CSR") as required by Schedule VII of the Act, as the Company does not meet criteria specified in the applicable rules and regulations relevant for contributions towards CSR.

- 33 The Company has reclassified/regrouped previous year figures in standalone balance sheet, wherever necessary, to confirm to current year's classification.

The accompanying notes form an integral part of these Standalone Ind-AS Financial Statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Kurlon Retail Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Kurlon Retail Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income/(loss), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including other comprehensive income/(loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

CERTIFIED TRUE COPY

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income/(loss), cash flows and change in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books except that the Company does not have server physically located in India for the daily back-up of the books of account and other books and papers maintained in electronic mode.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income/(loss), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

S.R. BATLIBOI & ASSOCIATES LLP
Chartered Accountants

- (g) In our opinion, the managerial remuneration for the year ended March 31, 2023, has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act as applicable;
- (h) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

S.R. BATLIBOI & ASSOCIATES LLP

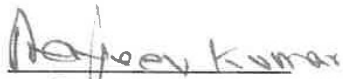

Chartered Accountants

- v. No dividend has been declared or paid during the year by the Company.
- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 01, 2023, reporting under this clause is not applicable.

ANNEXURE '1' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF KURLON RETAIL LIMITED

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i)(a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification to cover all the items in a phased manner over period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) There are no immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company.
- (d) The Company has not revalued its property, plant and equipment or intangible assets during the year ended March 31, 2023.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder as disclosed in Note 38 to the financial statements.
- (ii)(a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Discrepancies of 10% or more in aggregate for each class of inventory have not been noted during the physical verification by the management. There are no Inventories lying with third parties.
 - (b) The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii)(a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.
 - (b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.
- (d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.
- (e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products of the Company.
- (vii)(a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income tax, duty of customs and other statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (b) There are no dues of goods and services tax, provident fund, employees' state insurance, income tax, sales-tax, duty of customs, service tax, excise duty, value added tax, cess, and other statutory dues which have not been deposited on account of any dispute.
- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year as disclosed in Note 38 to the financial statements. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (ix)(a) Loans availed from its holding company amounting to Rs. 2,398.69 Lakhs are repayable on demand and terms and conditions for payment of interest thereon have not been stipulated. Such loans and interest thereon have not been demanded for repayment during the relevant financial year. The Company did not have any other outstanding loans or borrowings or interest thereon due to any lender except for aforementioned during the year.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) On an overall examination of the financial statements of the Company, the Company has used funds raised on short term basis aggregating to Rs 2,390.72 lakhs for long term purposes i.e. funding of operations.
- (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.
- (x)(a) The Company has not raised any money during the year by way of initial public offer/further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi)(a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by us in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii)(a) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.
- (b) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (c) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to section 177 of the Act is not applicable to the Company.
- (xiv)(a) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(a) of the Order is not applicable to the Company.
- (b) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(b) of the Order is not applicable to the Company.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi)(a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (d) There is no Core investment Company as a part of the Group, hence the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (xvii) The Company has incurred cash losses amounting to Rs. 242.31 lakhs in the current year and amounting to Rs. 305.10 lakhs in the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (xix) On the basis of the financial ratios disclosed in note 37 to the financial statements, the ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions and considering the Company's current liabilities exceeds the current assets by Rs. 2,390.72 lakhs, the Company has obtained the letter of financial support from the Holding Company, nothing has come to our attention, which causes us to believe that Company is not capable of meeting its liabilities, existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.

We, further state that this is not an assurance as to the future viability of the Company and our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The provisions of section 135 of the Act in relation to Corporate Social Responsibility are not applicable to the Company. Accordingly, the requirement to report on clause (xx)(a) and (b) of the Order are not applicable to the Company.

ANNEXURE '2' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF KURLON RETAIL LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Kurlon Retail Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

Meaning of Internal Financial Controls With Reference to these Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

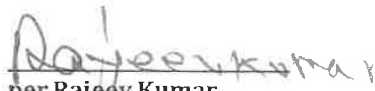

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Cash Flow Statement for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

| | March 31, 2023 | March 31, 2022 |
|--|-----------------|-----------------|
| A. Cash flow from operating activities | | |
| Loss before tax | (59.21) | (1,236.38) |
| Non cash adjustment to reconcile loss before tax to net cash flows | | |
| Depreciation and amortisation expense | 304.50 | 929.07 |
| Loss on sale of property, plant and equipment | 12.47 | 186.88 |
| Provision for doubtful advances | - | 20.39 |
| Security deposits written off | - | 31.46 |
| Finance costs | 108.46 | 251.62 |
| Gain on termination of lease | (61.75) | (362.91) |
| Operating cash flow before working capital changes | 304.47 | (179.87) |
| Working capital adjustments | | |
| Increase/(decrease) in trade payables | (52.27) | 31.04 |
| Increase/(decrease) in other financial liabilities | (13.39) | 18.57 |
| Increase/(decrease) in other liabilities | (24.22) | 12.75 |
| Increase/(decrease) in provisions | 6.46 | (18.36) |
| Decrease/(increase) in inventories | 276.67 | 269.41 |
| Decrease/(increase) in trade receivables | 0.54 | (69.70) |
| Decrease/(increase) in other financial assets | 109.08 | (26.07) |
| Decrease/(increase) in other assets | 6.62 | 34.51 |
| Cash generated from operations | 613.96 | 72.28 |
| Direct taxes paid (net of refunds) | (14.36) | (0.22) |
| Net cash flow from operating activities (A) | 599.60 | 72.06 |
| B. Cash flows from investing activities | | |
| Purchase of property, plant and equipment, including capital work in progress and capital advances | (7.75) | - |
| Proceeds from sale of property, plant and equipment | 30.92 | 66.98 |
| Movement in earmarked bank balances | (0.17) | (0.16) |
| Net cash flow (used in)/from investing activities (B) | 23.00 | 66.82 |
| C. Cash flows from financing activities | | |
| Interest paid | (108.46) | (251.62) |
| Net proceeds/(repayment) from borrowings | (203.16) | 585.04 |
| Repayment of lease liabilities | (298.72) | (479.53) |
| Net cash flow used in financing activities (C) | (610.34) | (146.11) |
| Net decrease in cash and cash equivalents (A + B + C) | 12.26 | (7.23) |
| Cash and cash equivalents at the beginning of the year | 14.82 | 22.05 |
| Cash and cash equivalents at the end of the year | 27.08 | 14.82 |
| Components of cash and cash equivalents as at end of the year | | |
| Cash in hand | 1.70 | 2.53 |
| Balances with banks : | | |
| In current accounts | 25.38 | 12.29 |
| Total cash and cash equivalents (Refer Note 12) | 27.08 | 14.82 |

Kurlon Retail Limited
Statement of Changes in Equity for year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

(a) Equity share capital

Equity shares of Rs. 5 each issued, subscribed and fully paid up

| | March 31, 2023 | | March 31, 2022 | |
|-------------------------------|-------------------|---------------|-------------------|---------------|
| | Nos. | Amount | Nos. | Amount |
| At the beginning of the year | 15,266,666 | 763.33 | 15,266,666 | 763.33 |
| Changes during the year | - | - | - | - |
| At the end of the year | 15,266,666 | 763.33 | 15,266,666 | 763.33 |

(b) Other equity

| | Securities premium | Retained earnings | Total |
|-------------------------------------|--------------------|-------------------|-------------------|
| Balance as at April 01, 2021 | 996.66 | (2,358.19) | (1,361.53) |
| Loss for the year | - | (1,238.84) | (1,238.84) |
| Other comprehensive Income/(loss) | - | 4.67 | 4.67 |
| Balance as at March 31, 2022 | 996.66 | (3,592.36) | (2,595.70) |
| Loss for the year | - | (59.21) | (59.21) |
| Other comprehensive income/(loss) | - | (2.98) | (2.98) |
| Balance as at March 31, 2023 | 996.66 | (3,654.55) | (2,657.89) |

Securities premium - This reserve is used to record premium on issue of shares and can be utilised only for limited purposes in accordance with the provisions of the Companies Act, 2013.

Retained earnings - Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss/(gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

The accompanying notes form an integral part of these financial statements.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

1. Corporate information

Kurlon Retail Limited was incorporated in Karnataka on August 31, 2012. The Company is a subsidiary of Kurlon Enterprise Limited and is engaged in the business of buying, selling, storing, promoting, marketing, supplying, trading and dealing in mattresses, pillow, sofa and furniture on retail in India.

The Company's financial statements for the year ended March 31, 2023, were approved by Board of Directors on August 29, 2023.

1.1 Basis of preparation

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable.

This note provides a list of the significant accounting policies adopted in the preparation of the Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The Financial Statements have been prepared on an accrual basis under the historical cost convention except for the following that are measured at fair value as required by relevant Ind AS:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

These Financial Statements are presented in Indian Rupee, which is also functional currency of the Company. All the values are rounded off to the nearest lakhs, unless otherwise indicated.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

(a) Measurement of fair values

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

(b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(c) Use of estimates and judgements

In preparing these Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and liabilities at the date of the Financial Statements and reported amounts of income and expenses during the period. Actual results may differ from these estimates.

Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding estimate. Changes in estimate are reflected in the financial statement in the period in which changes are made and, if material, their effects are disclosed in the notes to the Financial Statements.

Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the Financial Statements is included in the following notes:

- Note 2.1 and Note 2.2 - Useful life of property, plant and equipment and intangible assets;
- Note 2.6 - Measurement of defined benefit obligations: key actuarial assumptions.
- Note 2.7 - Provision for income tax and valuation of deferred tax assets/liabilities.
- Note 2.12 - Valuation of financial instrument; and
- Note 2.13 - Lease classification and determination of lease term;

Assumption and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment is included in the following notes:

- Note 1.1 (a) - Fair value measurement
- Note 2.3 - Impairment of financial assets
- Note 2.3 - Impairment test of non-financial assets; key assumptions underlying recoverable amounts including the recoverability of expenditure on internally-generated intangible assets;
- Note 2.7 - Recognition of deferred tax assets: based upon likely timing and the level of future taxable profits together with future tax planning strategies;
- Note 2.9 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

1.2 Funding of operations

The Company has accumulated losses of Rs. 3,654.55 lakhs as at March 31, 2023 (March 31, 2022: Rs. 3,592.36 lakhs) and the net worth of the Company has been fully eroded by such amount. The holding company has committed to provide financial and operational support to the Company for its continued operations in the foreseeable future. Hence, the financial statements have been prepared under going concern assumption and consequently, no adjustments have been made to the carrying values or classification of assets and liabilities.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

2. Summary of significant accounting policies

2.1 Property, plant and equipment

Recognition and measurement

Property, plant and equipment are stated at historical cost less accumulated depreciation, and accumulated impairment loss, if any. Historical cost comprises of the purchase price including duties and non-refundable taxes, borrowing cost if capitalisation criteria's are met, directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management and initial estimate of decommissioning, restoring and similar liabilities.

Capital work in progress is stated at cost, net of accumulated impairment loss if any.

Subsequent costs related to an item of property, plant and equipment are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are recognised in statement of profit and loss during the reporting period when they are incurred.

An item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Depreciation is calculated using the straight-line method over their estimated useful lives as follows:

| Asset description | Useful life in years as per Schedule II | Useful life as per Company |
|------------------------|---|----------------------------|
| Furniture and fixtures | 10 | 10 |
| Office equipment | 5 | 5 |
| Computers | 3 | 3 |

The useful lives have been determined based on managements' internal technical assessment, which in certain instances are different from those specified by Schedule II to the Act, in order to reflect the actual usage of the assets.

The assets residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

2.2 Intangible assets

Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

An item of intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

| Asset description | Useful life in years |
|-------------------|----------------------|
| Computer software | 6 |

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

2.3 Impairment

Impairment of financial assets

In accordance with Ind AS - 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS - 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's cash generating unit's (CGU's) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to other comprehensive income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or cash generating unit's (CGU's) recoverable amount. A previously recognised

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

2.4 Revenue recognition

Revenue from contracts with customer is recognised upon transfer of control of promised goods/services to customers at an amount that reflects the consideration to which the Company expect to be entitled for those goods/services.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenues when a performance obligation is satisfied.

Revenue is measured at the fair value of the consideration received or receivable net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Others

- The Company accounts for variable consideration like volume discounts, rebates, returns and pricing incentives to customers as reduction of revenue on a systematic and rationale basis over the period of the contract. The Company estimates an amount of such variable consideration using expected value method or the single most likely amount in a range possible consideration depending on which method better predicts the amount of consideration to which the Company may be entitled.

- Revenues are shown net of allowances /returns, goods and service tax and applicable discounts and allowances.

Trade receivable

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets.

Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Interest income is included under the head 'other income' in the statement of profit and loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate, which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

2.5 Interest expense

Interest expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortised cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

2.6 Employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current financial liabilities in the balance sheet.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The liabilities for leave balance are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined benefit plans - gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that

have term approximating the term of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Such accumulated re-measurement balances are never reclassified into the statement of profit and loss subsequently.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service costs.

Defined contribution plan

Retirement benefit in the form of provident fund scheme, Employee state insurance are the defined contribution plans. The Company has no obligation, other than the contribution payable. The Company recognizes contribution payable to these schemes as an expenditure, when an employee renders the related service.

2.7 Income Taxes

Income tax comprises of current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to an item recognised directly in the other comprehensive income.

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income (OCI) or directly in equity. Management periodically

Kurlon Retail Limited

Notes to the financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts, and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The Company has significant unabsorbed depreciation and carry forward losses. No deferred tax asset has been recognised at the year-end as it is not reasonably certain that sufficient taxable income will be available in the foreseeable future against which such deferred tax asset can be utilised.

2.8 Earnings/(loss) per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the period.

The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Ordinary shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share from the date the contract is entered into.

2.9 Provision and contingent liabilities

Provisions

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses it in the Financial Statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

2.10 Cash and cash equivalents

Cash and cash equivalents in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are readily convertible to a known amount and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.11 Cash flow statement

Cash flows are reported using the indirect method, whereby net (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.12 Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at either at amortised cost, FVTPL or fair value in other comprehensive income (FVOCI). Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

Financial assets at FVTOCI

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of the investments.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expires, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

Offsetting

Financial assets and financial liabilities are off-set and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.13 Leases

The Company has lease contracts for various buildings used in its operations. Lease terms generally ranges between 3 and 9 years.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 2.3 for policy on impairment of non-financial assets.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Extension and termination option

The Company has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised. Management have not considered any future cash outflow for which they are potentially exposed arising due to extension and termination options.

2.14 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.15 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Company has identified one reportable segment based on the dominant source, nature of risks and return and the internal organisation and management structure and for which discrete financial information is available. The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. The Company has only one reportable business segment, which is purchase and sale of coir, foam and related products which constitutes a single business segment. Accordingly, the amounts appearing in the financial statements relate to the company's single business segment. Refer Note 30 for segment information and segment reporting.

2.16 Use of judgements, estimates and assumptions

The preparation of the Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The areas involving significant estimates or critical judgements are:

Kurlon Retail Limited

Notes to the financial statements for the year ended March 31, 2023

All amounts in Rs. Lakhs, unless otherwise stated

(i) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate and future salary increases. Due to complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. The mortality rate is based on publicly available mortality table in India. The mortality tables tend to change only at interval in response to demographic changes. Further salary increases and gratuity increases are based on expected future inflation rates.

Further details about the gratuity obligations are given in Note 34.

(ii) Impairment of financial and non-financial assets:

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

2.17 Changes in accounting policies and disclosures – New and amended standards

The Company applied for the first time the following standards and amendments, which are effective for annual periods beginning on or after April 1, 2022, as per the Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 notified by the Ministry of Corporate Affairs:

(a) Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of other costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

(b) Reference to the Conceptual Framework – Amendments to Ind AS 103

The amendments replaced the reference to the ICAI's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements. The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

(c) Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(d) Ind AS 109 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

The aforesaid standards and amendments did not have any material impact on the financial statements of the Company.

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

2.18 Standards notified but not yet effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023, to amend the following Ind AS which are effective from April 1, 2023:

(a) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

(b) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. Consequential amendments have been made in Ind AS 107.

(c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101.

The aforesaid amendments are not expected to have any material impact on the Company's financial statements.

b. Terms and rights attached to equity shares

The Company has only one class of equity shares having par value of ₹ 5 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

| Loss per share (Basic and diluted (In Rs.)) | (0.39) | (8.11) |

30. Segment reporting

The Company primarily is in the business of purchase and sale of mattress, foam and related products. The Company does not distinguish revenues and expenses between different businesses in its internal reporting and reports costs and expenses by nature as a whole. The CODM reviews the results when making decision about allocating resources and assessing performance of the Company as a whole and hence, the Company has only one reportable segment. The Company operates and manages its business as a single segment. As the Company's long-lived assets are all located in India and the Company's revenues are derived from India, no geographical information is presented.

32. Details of dues to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006

Based on the information available with the Company and the nature of the transaction with Micro, Small and Medium Enterprises, there are no dues which are outstanding for more than 45 days as at March 31, 2023 to these enterprises. Further, no interest has been paid or payable during the year under the terms of the MSMED Act, 2006.

33. Contingent liabilities and capital commitments

There are no contingent liabilities and capital commitments as on March 31, 2023 and March 31, 2022.

(This space has been intentionally left blank)

Kurlon Retail Limited
Notes to the financial statements for the year ended March 31, 2023
All amounts in Rs. Lakhs, unless otherwise stated

34. Employee benefits

Defined contribution plans

The Company makes contributions for qualifying employees to Provident Fund, Employee state insurance and labour welfare fund. During the year, the Company recognised Rs. 15.53 lakhs (March 31, 2022 : Rs 27.80 lakhs) towards Provident fund contributions, Rs 1.01 lakhs (March 31, 2022 : Rs 3.74 lakhs) towards Employee State Insurance scheme contributions and Rs. Nil (March 31, 2022 : Rs 1.11 lakhs) towards Labour Welfare fund.

Post-employment obligation - Gratuity

The Company has a defined benefit gratuity plan as per the Payment of Gratuity Act, 1972 ('Gratuity Act') under which an employee who has completed five years of service is entitled to specific benefit. The amount of benefit provided depends on the employee's length of service and salary at retirement/termination date. The plan is funded by the company.

The following tables summarises the amounts recognised in the financial statements :

|-------------------------------------|----------------|----------------|
| Investment with insurance companies | 100.00% | 100.00% |

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The discount rate is based on the government securities yield.

Sensitivity analysis of significant assumptions

The following table presents a sensitivity analysis to one of the relevant actuarial assumptions, holding other assumptions constant, showing how the defined benefit obligation would have been affected by changes in the relevant actuarial assumptions that were reasonably possible at the reporting date.

| | March 31, 2023 | March 31, 2022 |
|--------------------------|----------------|----------------|
| Discount rate | | |
| 1% increase | (2.62) | (1.47) |
| 1% decrease | 3.28 | 1.79 |
| Salary escalation | | |
| 1% increase | 3.10 | 1.74 |
| 1% decrease | (2.53) | (1.45) |
| Employee turnover | | |
| 1% increase | (0.83) | 0.18 |
| 1% decrease | 0.97 | (0.25) |

Maturity profile of defined benefit obligation

| | March 31, 2023 | March 31, 2022 |
|------------------|----------------|----------------|
| Within 1 year | 0.83 | 0.12 |
| 1-2 year | 0.73 | 0.11 |
| 2-3 year | 0.67 | 0.10 |
| 3-4 year | 0.60 | 0.10 |
| 4-5 year | 0.52 | 0.09 |
| 5-10 year | 1.83 | 0.37 |
| 10 years onwards | 14.54 | 11.61 |

The average duration of the defined benefit obligation at the end of the reporting year is 16.76 years (March 31, 2022 : 14.84 years).

35. Financial Instruments

All financial assets and liabilities for which fair value is measured or disclosed in these financial statements are categorised within the fair value hierarchy as below, based on the lowest level input that is significant to the fair value measurement as a whole :

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The carrying values and fair value measurement hierarchy of the Company's financial assets and financial liabilities are as below :

| | March 31, 2023 | | March 31, 2022 | |
|---|-----------------|-----------------|-----------------|-----------------|
| | Carrying value | Fair value | Carrying value | Fair value |
| Financial assets measured at amortised cost | | | | |
| Non-current assets | | | | |
| Other financial assets | 128.15 | 128.15 | 272.18 | 272.18 |
| Current assets | | | | |
| Trade receivables | 76.80 | 76.80 | 77.34 | 77.34 |
| Cash and cash equivalents | 27.08 | 27.08 | 14.82 | 14.82 |
| Other bank balances | 3.38 | 3.38 | 3.21 | 3.21 |
| Other financial assets | 34.96 | 34.96 | - | - |
| | 270.37 | 270.37 | 367.55 | 367.55 |
| Financial liabilities measured at amortised cost | | | | |
| Non-current liabilities | | | | |
| Lease liabilities | 556.43 | 556.43 | 965.06 | 965.06 |
| Current liabilities | | | | |
| Lease liabilities | 279.80 | 279.80 | 369.58 | 369.58 |
| Borrowings | 2,400.37 | 2,400.37 | 2,603.53 | 2,603.53 |
| Trade payables | 101.82 | 101.82 | 154.09 | 154.09 |
| Other financial liabilities | 27.26 | 27.26 | 40.65 | 40.65 |
| | 3,365.68 | 3,365.68 | 4,132.91 | 4,132.91 |

36. Financial risk management objectives and policies

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse and set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Company's Board of Directors is assisted in its oversight role by the internal audit who undertakes regular reviews of risk management controls and procedures, the results of which are reported to the Board of Directors. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(a) Market risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates which will affect the Company's income or the value of its financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency payables.

i. Currency risk

The Company does not have any foreign currency risk exposure.

ii. Interest rate risk

Interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's borrowings are at fixed interest rate and are carried at amortised cost. The Company does not have any interest risk exposure.

36. Financial risk management objectives and policies (Continued)

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables, loans and other assets.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Cash and cash equivalents and other bank balances are neither past due nor impaired. Cash and cash equivalents include short-term highly liquid fixed deposits with banks which having maturity less than three months.

The movement in respect of allowance for expected credit losses is as follows :

| | Trade receivables | | Other assets | |
|--|-------------------|----------------|----------------|----------------|
| | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 |
| At the beginning of the year | - | - | 20.39 | - |
| Allowance created/(reversed/written off) during the year | - | - | (20.39) | 20.39 |
| At the end of the year | - | - | - | 20.39 |

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's

The table below provides details regarding the contractual maturities of financial liabilities :

| | Less than 1 year | 1 to 5 years | More than 5 years | Total |
|-----------------------------|------------------|-----------------|-------------------|-----------------|
| | | | years | |
| March 31, 2023 | | | | |
| Borrowings | 2,400.37 | - | - | 2,400.37 |
| Lease liabilities | 272.01 | 688.84 | - | 960.85 |
| Trade payables | 101.82 | - | - | 101.82 |
| Other financial liabilities | 27.26 | - | - | 27.26 |
| Total | 2,801.46 | 688.84 | - | 3,490.30 |
| March 31, 2022 | | | | |
| Borrowings | 2,603.53 | - | - | 2,603.53 |
| Lease liabilities | 385.85 | 1,098.07 | 36.83 | 1,520.75 |
| Trade payables | 154.09 | - | - | 154.09 |
| Other financial liabilities | 40.65 | - | - | 40.65 |
| Total | 3,184.12 | 1,098.07 | 36.83 | 4,319.02 |

The Company believes that the working capital is sufficient to meet its current requirements basis commitment and support from Kurlon Enterprise Limited, the Holding Company.

37. Ratio analysis and its elements

| Ratio | Numerator | Denominator | March 31, 2023 | March 31, 2022 | % change | Reason for variance exceeding 25% as compared to the preceding period |
|---------------------------------|---|---|----------------|----------------|----------|---|
| Current ratio | Current assets | Current liabilities | 0.16 | 0.22 | -25% | |
| Debt equity ratio | Total debt | Shareholder's equity | (1.27) | (1.42) | 11% | |
| Debt service coverage ratio | Earnings for debt service = Net profits after taxes + Non cash operating expenses + Finance costs | Debt service = Interest and lease payments + Principal repayments | 0.50 | (1.25) | 140% | Decrease in Losses during the year resulted in Improvement of debt coverage. |
| Return on equity ratio | Net profits after taxes - Preference dividend | Average shareholder's equity | (0.03) | (1.02) | 97% | Decrease in losses during the year resulted in Improvement of return on equity. |
| Inventory turnover ratio | Cost of goods sold | Average inventory | 3.53 | 1.74 | 104% | Decrease in inventories during the year resulted in improvement of inventory turnover. |
| Trade receivable turnover ratio | Net credit sales = Gross credit sales - sales return | Average trade receivable | 24.04 | 38.04 | -38% | On account of increase in trade receivables, turnover is decreased. |
| Trade payable turnover ratio | Net credit purchases = Gross credit purchases - purchase return | Average trade payables | 8.72 | 10.62 | -18% | |
| Net capital turnover ratio | Net sales = Total sales - sales return | Working capital = Current assets - Current liabilities | (0.78) | (0.65) | -19% | |
| Net profit ratio | Net profit | Net sales = Total sales - Sales return | (0.03) | (0.75) | 96% | Decrease in losses during the year resulted in improvement of net profit ratio. |
| Return on capital employed | Earnings before interest and taxes | Capital employed = Tangible net worth + Total debt + Deferred tax liability | 0.10 | (1.28) | 108% | Decrease in losses during the year resulted in improvement of return on capital employed. |

Note: Since the company does not have any investment, return on investment has not been disclosed.

38. Other statutory information

- (i) The Company do not have any benami property, where any proceeding has been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- (ii) The Company did not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.
- (iii) The Company do not have any charges or satisfaction which is yet to be registered with the Registrar of Companies ("ROC") beyond the statutory period.
- (iv) The Company have not traded or invested in crypto currency or virtual currency during the financial year.
- (v) The Company have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (vi) The Company have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (vii) The Company have not entered into any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as Income during the period in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

39. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves. The primary objective of the Company's capital management is to maximize the shareholders value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or may issue new shares. The Company includes within net debt, borrowings net of cash and cash equivalents and other bank balances.

| | March 31, 2023 | March 31, 2022 |
|---|-------------------|-------------------|
| Borrowings | 2,400.37 | 2,603.53 |
| Lease liabilities | 836.23 | 1,334.64 |
| Less: Cash and cash equivalents and other bank balances | (27.08) | (14.82) |
| Net debt (A) | 3,209.52 | 3,923.35 |
| Equity | (1,894.56) | (1,832.37) |
| Total equity capital (B) | (1,894.56) | (1,832.37) |
| Total debt and equity (C)=(A)+(B) | 1,314.96 | 2,090.98 |
| Gearing ratio (A)/(C) | 244% | 188% |

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2023 and March 31, 2022.

40. The comparative figures have been regrouped/reclassified, where necessary, to confine to this period's classification as per the amendments in Schedule III to the Companies Act, 2013, which are effective April 1, 2022.

Notes forming part of the Financial Statements

Significant Accounting Policies

1 Corporate Information

Komfort Universe Products And Services Limited was incorporated in Karnataka on 18.01.2021. The Company is a wholly owned subsidiary company of Kurlon Enterprise Limited and is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, supplying, dealing and trading of Semi-finished Goods (SFG), foam products, RC Pads, EPE Products and other related Products and Services on B2B basis in India and outside India.

2 Significant Accounting Policies

2.1 Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS" notified under the Companies (Indian Accounting Standards) Rules, 2015. The Company has prepared its financial statements in accordance with accounting standards notified under the Section 133 of the Companies, Act, 2013 read together with paragraph 7 of Companies Rules, 2014 ("Indian GAAP").

2.2 Basis of Preparation and Presentation

These Financial Statements are prepared in accordance with Division II of schedule III of Companies Act, 2013 , under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Financial Statements are presented in Indian Rupees Lakhs unless otherwise stated. Further deferred benefit plans and plan assets are measured at fair value at the end of the each reporting period as explained in the accounting policies below:

Historical cost is generally based on the fair value of the consideration given in exchange for goods.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. The fair value measurement is based on the presumption that the transactions to sell the asset or transfer the liability takes place either in the principle market for the asset or liability, or in the absence of principle market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability and the assumptions the market participants would consider when pricing the asset or liability at the measurement date, assuming that market participants act in their best economic interest. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

Fair value measurement :

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Use of Estimates and Judgement

In preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS, management of the Company has made estimates, judgements and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income, expenses and disclosures relating to contingent liabilities as at the date of the financial statements. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively, judgements are made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements. Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment are reviewed on an ongoing basis.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year in respect of percentage of completion of contracts and recognition of probable loss, useful lives of property, plant and equipment, provision for income tax and valuation of deferred tax assets/ liabilities, provision for warranty and other provisions and contingent liabilities.

Provisions and Contingent Liabilities

A provision is recognized when the Company has a present obligation arising out of past events and it is probable that an outflow of economic resources would be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements but are disclosed appropriately. A contingent asset is neither recognized nor disclosed in the financial statements.

2.4 Revenue recognition

Sale of goods

Revenue from the sale of goods is recognized when (i) the Company has transferred to the buyer the significant risks and rewards of ownership of the goods, (ii) effective control over the goods sold, (iii) the amount of revenue can be measured reliably; (iv) it is probable that the economic benefits associated with the transaction will flow to the Company; and (v) the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sales returns are recognized as and when ascertained and are reduced from the sales turnover of the year. Amounts disclosed as revenue are net of Sales Tax, Goods & Service Tax, trade allowances, rebates and value added items.

Other income

Interest income- Interest Income is recognized and accounted on the basis of the effective Interest rate method.

Dividend Income- Dividend income is accounted for when the right to receive is established.

2.5 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ' Profit before tax ' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years (Temporary Differences) and items that are never taxable or deductible (Permanent Differences). The company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Notes forming part of the Financial Statements

Significant Accounting Policies

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternate Tax ("MAT") paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set-off against future tax liability. Accordingly, MAT is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

2.6 Inventory

Items of Inventories are valued at the lower of cost and the net realizable value. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Cost of inventories are determined on a weighted average basis.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

2.7 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.8 Financial Instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through statement of profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

A) Financial Assets

Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Financial Assets at Amortized Cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Significant Accounting Policies

Derecognition of financial assets A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Financial Assets at Fair Value Through Profit and Loss (FVTPL)

Financial assets are measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss are immediately recognized in statement of profit and loss.

B) Financial Liabilities and Equity

Financial Liabilities at Amortized Cost

Financial liabilities are measured at amortized cost using effective interest method.

Equity Instruments

An equity instrument is contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments recognized by the Company are recognized at the proceeds received net off direct issue cost.

2.9 Earnings Per Share (EPS)

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.10 Critical Accounting Judgments, Assumptions and Key Sources of Estimation Uncertainty

Inherent in the application of many of the accounting policies used in preparing the Financial Statements is the need for Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Key source of judgments, assumptions and estimation uncertainty if the preparation of the Financial Statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of Oil impairment, useful lives of Property, Plant and Equipment, depletion of oil and gas assets, decommissioning provision, employee benefit obligations, provisions, provision for income tax, measurement of deferred tax assets and contingent assets.

2.11 Critical judgments in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the Management have made in the process of applying the company's accounting policies and that have the significant on the amounts recognized in the Financial Statements.

2.12 Determination of functional currency

Currency of the primary economic environment in which the company operates ("the functional currency") is Indian Rupee (₹) I which the company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee(₹).

2.13 Impact Assessment on Ind AS amendments applicable for FY 2023-24

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Significant Accounting Policies

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

KOMFORT UNIVERSE PRODUCTS AND SERVICES LIMITED**Notes forming part of the Financial Statements**

(Amount in Rs. Lakhs, unless otherwise stated)

26 Financial Instruments**A) Capital Management**

The company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The company monitors the return on capital as well as the level of dividends on its equity shares. The company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

| Particulars | As at 31-Mar-23 | As at 31-Mar-22 |
|---|--------------------|--------------------|
| Total equity attributable to the equity shareholders of the company | (381.47) | (388.84) |
| As a percentage of total capital | 100% | 100% |
| Current borrowings | - | - |
| Non-current borrowings | - | - |
| Total borrowings | - | - |
| As a percentage of total capital | 0% | 0% |
| Total Capital | (381.47) | (388.84) |

The company is predominantly equity financed which is evident from the capital structure table.

B) Categories of financial instruments

The carrying amounts and fair values of the financial instruments by class are as follows:

| Particulars | Carrying amount | Carrying amount |
|-----------------------------------|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Financial assets | | |
| Measured at Amortized Cost | | |
| Current assets | | |
| - Trade receivables | 65.02 | 91.95 |
| - Cash and cash equivalents | 7.18 | 0.46 |
| Total | 72.20 | 92.41 |
| Financial Liabilities | | |
| Measured at Amortized Cost | | |
| Current liabilities | | |
| - Trade payables | 372.11 | 330.46 |
| - Other financial liabilities | 48.39 | 18.00 |
| Total | 420.50 | 348.46 |

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The company has disclosed financial instruments which comprise of deposits, trade and other payables, trade and other receivables, cash and cash equivalents and other bank balances at carrying value because their carrying value are a reasonable approximation of the fair values due to their short term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken into the account for the expected losses of these receivables.

C) Financial Risk Management

The company's principal financial liabilities, comprise of deposits, trade and other payables.

The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets include trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The company's financial risk management is an integral part of how to plan and execute its business strategies. The company is exposed to market risk, credit risk and liquidity risk.

The company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the company are accountable to the Board of Directors and Audit Committee.

This process provides assurance to company's senior management that the company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with company policies and company risk objective.

KOMFORT UNIVERSE PRODUCTS AND SERVICES LIMITED

Notes forming part of the Financial Statements

(Amount in Rs. Lakhs, unless otherwise stated)

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk. Financial instruments affected by market risks include borrowings, security deposits, investments and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at March 31, 2023. The analysis exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023.

i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the company's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is partly balanced by purchasing of goods from various countries. The company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign currency risk sensitivity

This is not applicable as there is no Foreign currency exposure on the company.

ii) Interest Rate Risk

Interest rate is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises of trade payables and security deposits; however these are not exposed to risk of fluctuation in market interest rates as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

Interest rate risk management

Interest rate risk arises from borrowings. Debt issued at variable rates exposes the company to cash flow risk. Debt issued at fixed rate exposes the company to fair value risk. At the reporting date there are no interest-bearing financial instruments of the company, so this is not applicable.

Interest rate sensitivity analysis

Financial instruments affected by interest rate changes include Secured Long term loans from banks, Secured Long term loans from others and Secured Short term loans from banks. This is not applicable for the company as there are no borrowings.

(b) Credit Risk :

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

i) Trade Receivables

Customer credit risk is managed by each business unit subject to the company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The company does not hold collateral as security. The company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

KOMFORT UNIVERSE PRODUCTS AND SERVICES LIMITED

Notes forming part of the Financial Statements

(Amount in Rs. Lakhs, unless otherwise stated)

(Amount in Rs. Lakhs, unless otherwise stated)

ii) Financial instruments and cash & bank deposits

Credit risk from balances with banks and financial institutions is managed by the company's finance department in accordance with the company's policy. Investments of surplus funds are made in bank deposits, bonds and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the company.

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|-----------------------------|-------------------------|-------------------------|
| Current assets | | |
| - Trade receivables | 65.02 | 91.95 |
| - Cash and cash equivalents | 7.18 | 0.46 |
| Total | 72.20 | 92.41 |

Balances with banks is subject to low credit risks due to good credit ratings assigned to these banks.

The ageing analysis and loss allowance of trade receivables given below has been considered from the date the invoice falls due:

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|----------------------------|-------------------------|-------------------------|
| Not Due | - | - |
| Due from 0 to 180 days | 14.22 | 91.95 |
| Due for more than 180 days | 50.80 | - |
| Less: Loss Allowance | - | - |
| Total | 65.02 | 91.95 |

(c) Liquidity risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits. Processes and policies related to such risks are overseen by senior management. Management monitors the company's liquidity position through rolling forecasts on the basis of expected cash flows. The company assessed the concentration of risk with respect to its debt and concluded it to be very low.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date:

| Particulars | Carrying Value | Less than 1 year | 1 to 5 years |
|-------------------------------------|----------------|------------------|---------------|
| As at March 31, 2023 | | | |
| Trade payables | 372.11 | 239.32 | 132.79 |
| Other current financial liabilities | 48.39 | 48.39 | - |
| Total | 420.50 | 287.71 | 132.79 |

| Particulars | Carrying Value | Less than 1 year | 1 to 5 years |
|-------------------------------------|----------------|------------------|--------------|
| As at March 31, 2022 | | | |
| Trade payables | 330.46 | 330.46 | - |
| Other current financial liabilities | 18.00 | 18.00 | - |
| Total | 348.46 | 348.46 | - |

D) Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Disclosures of fair value measurement hierarchy for financial instruments are given below:

| Particulars | Carrying amount/Fair value | | | Carrying amount/Fair value | | |
|---------------------------------------|----------------------------|----------|---------------|----------------------------|----------|---------------|
| | As at March 31, 2023 | | | | | |

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)
Notes to the financial statements as of and for the year ended March 31, 2023

1. CORPORATE INFORMATION

Starship Value chain and Manufacturing Private Limited was incorporated in Karnataka on 09.10.2020. The Company is a wholly owned subsidiary company of Kurlon Enterprise Limited and is engaged in the business as a manufacturer, designers, buyers, sellers, importers, exporters, workers, transporters, suppliers of all types of home comfort products, home decor items including furniture, mattresses, pillows, cushions, perfumers on retail and to manufacture of all types of furniture equipment appliances for domestic, office, industrial as well as on wholesale basis in India as well as outside India.

2. SIGNIFICANT ACCOUNTING POLICIES

A. Application of Indian Accounting Standards

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the Financial Statements are authorised have been considered in preparing these Financial Statements. There is no other Indian Accounting Standard that has been issued as of that date, but not mandatorily effective.

B. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with the provisions of Companies Act 2013 ("the Act") and Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015, issued by the Ministry of Corporate Affairs in exercise of powers conferred by section 133 of the Act.

C. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Financial Statements have been prepared on an accrual basis and under the historical cost convention basis. The accounts of the company have been prepared on a going concern basis.

Ministry of Corporate Affairs ("MCA") through a notification dated March 24, 2021, amended Division II of Schedule III of the Companies Act, 2013 and applicable for the reporting period beginning on or after April 1, 2021. The amendment encompasses certain additional disclosure requirements. The Company has applied and incorporated the requirements of amended Division II of Schedule III of the Companies Act, 2013, to the extent applicable on it while preparing these financial statements.

The operating cycle in the normal course has been identified to have a duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS – 1 "Presentation of Financial Statements" and Schedule – III to the Companies Act, 2013.

The Balance sheet, the Statement of Profit and Loss and the statements of Changes in Equity are prepared in the format prescribed in Schedule III to the Act. The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the Ind AS.

The Financial Statements are presented in Indian Rupees and all values are rounded off to two decimal lakh except as otherwise stated.

D. USE OF ESTIMATES

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense prospectively.

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)
Notes to the financial statements as of and for the year ended March 31, 2023

E. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at costs less accumulated depreciation (other than freehold land) and impairment loss, if any.

The cost includes purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Lease rentals and premium for lease hold are amortized over the primary lease period.

Depreciation is provided for property, plant and equipment on the straight-line method over the estimated useful life from the date the assets are ready for intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss

Capital work in progress

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress.

The capital work- in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

II Assets which are depreciated over useful life/residual value indicated by Schedule II are as follows:

| Asset Class | Life as per Schedule II |
|-----------------------------------|-------------------------|
| Office Equipment's | 05 years |
| Furniture & Fixtures | 10 years |
| Computers & data processing units | 03 years |

Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

F INTANGIBLE ASSETS

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets are amortized on a straight line basis over their estimated useful lives from the date that they are available for use.

The estimated useful lives of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization period is revised to reflect the changed pattern, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from Derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised/disposed

G Investments & financial assets

i) Classification

The Company classifies its financial assets in the following measurement categories :-

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value in the case of financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at 'fair value through profit or loss' are expensed in profit or loss.

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)

Notes to the financial statements as of and for the year ended March 31, 2023

Financial assets carried at amortised cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income:

A financial asset is subsequently measured at fair value through other comprehensive income (FVOCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

iii) Derecognition of financial assets

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

H. REVENUE RECOGNITION

The Company recognises revenue from contracts with customers based on a five step model as set out in IndAS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer that are distinct.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

Company recognises revenue at a point in time when it satisfies a performance obligation by transferring promised goods to a customer. An asset is transferred when the customer obtains control of the same.

When the company satisfies a performance obligation by delivering the promised service it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

Other Income

Other Income shall be required when company satisfies the respective performance obligation.

Interest Income

Interest income from Financial assets (Rent deposits) is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial asset but does not consider the expected credit losses.

I. TAXATION

Current tax is determined based on the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognized on timing differences: being the difference between the taxable incomes and accounting income that originate in one year and are capable of reversal in one or more subsequent years. Deferred tax assets and liabilities are recognised at the rate that have been enacted or substantively enacted by the Balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

J PROVISIONS AND CONTINGENT LIABILITIES

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

K EARNINGS PER SHARE (EPS)

Basic earnings per share amounts are computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

L Retirement Benefits- Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plans. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The entity determines the defined benefit liability/asset annually by referring the same for valuation by a qualified actuary. The qualified actuary valued the defined benefit obligation by using the projected unit credit method. The amounts recognised in the financial statements are based on such actuarial valuation. Such determination of defined benefit obligations takes into account any practices of constructive obligations. The obligations (in respect of each material plan) are recognised in the financial statements

In Statement of Profit & Loss

- (i) Current service cost
- (ii) Any past service cost and gain or loss on settlement
- (iii) Net interest on net defined benefit liability

In Other comprehensive income

- (i) Actuarial gains and losses
- (ii) Return on plan assets, excluding amounts included in net interest on the net defined benefit liability
- (iii) Any change in the effect of asset ceiling

In the Balance sheet, the net defined benefit/asset is separately recognised and in respect of surplus in a defined plan, the net defined asset is measured at lower of

- a) Surplus in the defined benefit plan and
- b) The asset ceiling

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Corporation recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Long-term employee benefits

The Other long-term benefits that arise consequent to employment contracts are recognised in Statement of Profit & Loss as

- (i) Service cost
- (ii) Net interest on net defined benefit liability
- (iii) Re-measurements of the net defined benefit liability

Long term paid absences and other long-term employee benefits are provided for on the basis of an actuarial valuation, using projected unit credit method, as at each balance sheet date.

M CASH AND CASH EQUIVALENTS

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

N CASH FLOW STATEMENT

The entity reports the cash flow from

- a) operating activities using indirect method by adjusting the profit or loss for the effects of transactions of non-cash nature, deferrals or accruals of past or future cash receipts or payments and item of income or expense associated with investing or financing cash flows.
- b) From investing and financing activities by reporting separately the major cash receipts and cash payments that arises from investing and financing activities except to the extent permitted to be reported on net basis by IND AS -7.

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)
Notes to the financial statements as of and for the year ended March 31, 2023

O Leases

The lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:

- (1) the contract involves the use of an identified asset;
- (2) the company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

P. Impact Assessment on Ind AS amendments applicable for FY 2023-24:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

| Face value per share | 10 | 10 |

28 Contingent liabilities and Capital commitments

There are no capital commitments and contingent liabilities at the end of the year

29 Disclosure pursuant to Indian Accounting Standard – 19 'Employee Benefits'
Gratuity (Defined benefit plan)

In accordance with the Payment of Gratuity Act, 1972 applicable for the Indian Companies, the company provides for a lumpsum payment to eligible employees at the termination or retirement of employment based on last drawn salary and years of employment with the company. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Liabilities with respect to these defined benefit plan are determined by actuarial valuation, performed by external actuary, at each Balance Sheet using projected unit credit method. These defined benefit plan exposes the company to actuarial risks such as liquidity risks, interest rate risk, demographic risk, regulatory risk and salary escalation risk.

Liquidity Risks

This is the risk that the Company is not able to meet the short term gratuity payouts. This may arise due to non availability of enough cash/cashequivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Interest Risk

The plan exposes the Company to the risk off all in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Demographic Risks

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risks

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

Salary escalation Risk

The present value of the defined plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have bearing on the plan's liability.

The following tables set out disclosures prescribed by Indian Accounting Standard – 19 'Employee Benefits' in respect of the Company's unfunded gratuity plan.

A) Net employee benefit expense recognized in the employee cost

| Particulars | For the year ended 31st March 2023 | For the year ended 31st March 2022 |
|---|---------------------------------------|---------------------------------------|
| Current service cost | 15.22 | 16.08 |
| Interest cost on benefit obligation | 1.21 | - |
| Net actuarial gain recognized in the year | - | - |
| Net benefit expense | 16.43 | 16.08 |

Balance Sheet

B) Benefit asset/ liability

| Particulars | As at 31st March 2023 | As at 31st March 2022 |
|---|--------------------------|--------------------------|
| Present value of defined benefit obligation | 33.31 | 16.08 |
| Plan liability | 33.31 | 16.08 |

C) Changes in the present value of the defined benefit obligation are as follows:

| Particulars | As at 31st March 2023 | As at 31st March 2022 |
|---|--------------------------|--------------------------|

31 Financial Instruments

A- Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company's gearing ratio, which is total net borrowings divided by total capital employed is as below:

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|---|------------------------|------------------------|
| Total Equity Attributable to the Equity Shareholders of the Company | 788.19 | 545.24 |
| As a percentage of Total Capital | 99.73% | 99.30% |
| Current Borrowings | 2.16 | 3.83 |
| Non-Current Borrowings | - | - |
| Total Borrowings | 2.16 | 3.83 |
| As a percentage of Total Capital | 0.27% | 0.70% |
| Total Capital Structure | 790.35 | 549.07 |

The Company is predominantly equity financed which is evident from the capital structure table.

B - Categories of Financial Instruments

The carrying amounts and fair values of the financial instruments by class are as follows:

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|-----------------------------------|------------------------|------------------------|
| Financial Assets | | |
| Measured at Amortised Cost | | |
| - Trade Receivables | 856.22 | 1,268.63 |
| - Cash and Cash Equivalents | 46.10 | 334.45 |
| - Other Financial Assets | 247.74 | 311.30 |
| TOTAL | 1,150.06 | 1,914.38 |
| Financial Liabilities | | |
| Measured at Amortised Cost | | |
| - Trade Payables | 537.28 | 1,271.99 |
| - Lease Liability | 2,685.54 | - |
| TOTAL | 3,222.82 | 1,271.99 |

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as trade and other payables, trade receivables, cash and cash equivalents and other bank balances at carrying value because their carrying are a reasonable approximation of the fair values due to their short term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

C - Financial Risk Management

The Company's principal financial liabilities, comprise of trade and other payables.

The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors.

This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk. The sensitivity analyses in the following sections relate to the position as at 31st March, 2023. The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of 31st March, 2023.

(i) Interest Rate Risk

Interest rate is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. However there are no instruments that are exposed to risk of fluctuation in market interest rates.

(ii) Interest rate risk management & Sensitivity Analysis

There are no interest bearing financial instrument as at the reporting date.

(b) Credit Risk :

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables)

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)
Notes to the financial statements as of and for the year ended March 31, 2023
(All the amounts are in Indian rupees lakhs, unless and otherwise stated)
Financial Instruments and Cash & Bank Deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31st March 2022 is the carrying amounts which are given below.

| Particulars | As at 31 March 2023 | As at 31 March 2022 |
|-----------------------------|------------------------|------------------------|
| Current Assets | | |
| - Cash and Cash Equivalents | 46.10 | 334.45 |
| Total | 46.10 | 334.45 |

Balances with banks is subject to low credit risks due to good credit ratings assigned to these banks.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits, Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be very low.

Maturity Profile of Financial Liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date:

| Particulars | Carrying Value | Less than 1 year | 1 to 5 years |
|-----------------------------|-----------------|------------------|--------------|
| As at 31 March, 2023 | | | |
| Current Liabilities | | | |
| Trade Payables | 537.28 | 537.28 | - |
| Total | 537.28 | 537.28 | - |
| As at 31 March, 2022 | | | |
| Current Liabilities | | | |
| Trade Payables | 1,271.99 | 1,271.99 | - |
| Total | 1,271.99 | 1,271.99 | - |

32 Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

The fair value hierarchy of assets and liabilities measured at fair value as of 31 March 2023 is as follows:

| Particulars | Total (Carrying Value) | Quoted prices in active markets (Level 1) | Significant observable inputs (Level 2) | Significant unobservable inputs (Level 3) |
|--|------------------------|---|---|---|
| Financial Assets | | | | |
| Measured at Amortised Cost | | | | |
| Current Assets | | | | |
| Trade receivables (refer note 8) | 856.22 | - | - | 856.22 |
| Cash and cash equivalents (refer note 9) | 46.10 | - | - | 46.10 |
| Total | 902.32 | - | - | 902.32 |
| Financial Liabilities | | | | |
| Measured at Amortised Cost | | | | |
| Current Liabilities | | | | |
| Trade Payables (refer note 15) | 537.28 | - | - | 537.28 |
| Total | 537.28 | - | - | 537.28 |

33 Cash and non - cash changes in liabilities arising from financing activities

| | 1st April 2022 | Cash Flow | Non Cash Changes Addition to lease liabilities | Foreign exchange movements | 31st March 2023 |
|---|----------------|-----------|---|-------------------------------|-----------------|
| Lease Liabilities(Non Current) | - | - | 2,040.96 | - | 2040.96 |
| Lease Liabilities(Current) | 0.00 | 652.55 | -7.97 | - | 644.58 |
| Cash and non - cash changes in liabilities arising from financing activities | | | | | |
| | 1st April 2021 | Cash Flow | Non Cash Changes Addition to lease liabilities | Foreign exchange movements | 31st March 2022 |
| Lease Liabilities(Non Current) | - | - | - | - | - |
| Lease Liabilities(Current) | - | - | - | - | - |

Starship Value Chain & Manufacturing Private Limited (Formerly known as Starship Manufacturing and Services Private Limited)
Notes to the financial statements as of and for the year ended March 31, 2023
(All the amounts are in Indian rupees lakhs, unless and otherwise stated)

34 Ratio Analysis and its element

| Ratio | Numerator | Denominator | As at March 31, 2023 | As at March 31, 2022 | % of change | Reason for variance (where the change in the ratio is more than 25% as compared to the preceding year) |
|---------------------------------|--|---|----------------------|----------------------|-------------|---|
| Current Ratio | Current Assets | Current Liabilities | 0.52 | 0.83 | -37.47% | Cash balances 289.15 and in other current assets balance with govt Authorities is reduced by 85.64 L and Trade payables is decreased by 1781.26 which led to lower working capital ratio. |
| Debt-Equity Ratio | Total Debt | Shareholder's Equity | - | 0.01 | -100.00% | OD has been paid off in the current year |
| Debt Service Coverage Ratio | Earnings for debt service = Net profit after taxes + Non-cash operating expenses | Debt service = Interest & Lease Payments + Principal Repayments | - | - | - | Company does not have any debt |
| Return on Equity Ratio | Net Profits after taxes - Preference Dividend | Average Shareholder's Equity | 0.36 | 1.08 | -66.15% | Pvt Ltd company is in existence from the period 2021-22, Hence the last year closing balance is considered as the avg due to which the ratio is not comparable. |
| Inventory Turnover Ratio | Cost of goods sold | Average Inventory | - | - | - | |
| Trade Receivable Turnover Ratio | Net credit sales = Gross credit sales - sales return | Average Trade Receivable | 9.93 | 15.00 | -33.83% | Pvt Ltd company is in existence from the period 2021-22, Hence the last year closing balance is considered as the avg due to which the ratio is not comparable. |
| Trade Payable Turnover Ratio | Net credit purchases = Gross credit purchases - purchase return | Average Trade Payables | 7.56 | 11.02 | -31.38% | Pvt Ltd company is in existence from the period 2021-22, Hence the last year closing balance is considered as the avg due to which the ratio is not comparable. |
| Net Capital Turnover Ratio | Net sales = Total sales - sales return | Working capital = Current assets - Current liabilities | -11.61 | -26.54 | -56.27% | |
| Net Profit Ratio | Net Profit | Net sales = Total sales - sales return | 0.02 | 0.03 | -25.21% | Interest Expense on lease Liability & Dep on ROU has booked in the current year, because of which Profit is reduced |
| Return on Capital Employed | Earnings before interest and taxes | Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax Liability | 459.41 | 311.67 | 47.40% | Because of interest on Lease liability, in the current year: Int Exp has increased. |
| Return on Investment | Interest (Finance Income) | Investment | - | - | - | |

Sub: Prior history of any Scheme of Arrangement concerning the Company

Dear Sir/ Madam

We hereby submit that Sheela Foam Limited (hereinafter referred to as the "Company") had filed a petition under Section 230 to 232 of the Companies Act, 2013 read with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, before the Jurisdictional National Company Law Tribunal, New Delhi Bench ("NCLT"), for the approval of Scheme of Amalgamation between the Sheela Foam Limited ("Transferee Company") and International Comfort Technologies Private Limited ("Transferor Company") and their respective Shareholders and Creditors ("Scheme"). The Transferor Company is a wholly owned subsidiary of the Transferee Company.

Further, the Company has received the certified copy of order passed by the NCLT approving the Scheme of Amalgamation of Transferor Company with the Company and their respective Shareholders and Creditors ("Order") on February 19, 2024.

The Order has been filed with the Registrar of Companies, Delhi & Haryana in e-Form INC – 28 on March 01, 2024, along with the Scheme.

According to the statutory provisions and the terms stated under the Scheme, the Scheme becomes effective from the Appointed Date and becomes operative from the Effective Date which will be March 01, 2024, i.e., the date of filing of certified copy of the Order with the Registrar of Companies, Delhi & Haryana.

Upon the Scheme becoming effective, the entire business and whole of the undertaking of the Transferor Company stand transferred to and is vested and/or deemed to have been vested in the Company, as a going concern without any further deed or act.
