It may be noted that since the new registered office would be located in the State of Maharashtra, the jurisdictional NCLT for filing the application and petition pursuant to this Composite Scheme of Arrangement would be NCLT Mumbai.

⁵ **SVC MPL** has initiated the process of shifting its registered office from the State of Karnataka to the State of Maharashtra. It is in the process of obtaining the requisite approvals in accordance with applicable provisions of the Companies Act, 2013. It may be noted that since the new registered office would be located in the State of Maharashtra, the jurisdictional NCLT for filing the application and petition pursuant to this Composite Scheme of Arrangement would be NCLT Mumbai.

International A Opp. Hotel Leela, Andheri (East), Mumbai, Maharashtra, India, 400059 (“hereinafter referred to as **Transferee Company**” or the **“Amalgamating Company”**). KEL is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

- 1.7 Sheela Foam Limited (“**SFL**”) was incorporated as a public limited company on May 18, 1971, under the provisions of the Companies Act, 2013 with corporate identification number L74899DL1971PLC005679 and having its registered office⁶ situated at 604 Ashadeep, 9 Hailey Road, New Delhi, New Delhi, Delhi, India, 110001 (“hereinafter referred to as **“Amalgamated Company”**”). The equity shares of SFL are listed on BSE Limited (“**BSE**”) and National Stock Exchange of India Limited (“**NSE**”) (collectively hereinafter referred to as **“Stock Exchanges”**). SFL is engaged in the business of manufacture flexible, semi-flexible and rigid Poly-Urethane Foam slabs and allied products and processing and fabrication thereof and mattresses and cushions upholstery material, manufacture of furniture; packing material and insulation material, moulding of rigid Poly- Urethane for various shapes and size and manufacture of jackets and such other items by way of lamination of Poly-Urethane Foam with fabric and manufacture of products that may be allied or may be usefully combined with manufacture of any of the material mentioned above.

2. OVERVIEW OF THE SCHEME

This Composite Scheme of Arrangement (“**Scheme**”) provides for (i) Amalgamation of Transferor Company 1, Transferor Company 2, Transferor Company 3, Transferor Company 4, Transferor Company 5 (collectively hereinafter referred to as the **Transferor Companies**), respectively into Transferee Company, with effect from the Appointed Date (as defined hereinafter) and the consequent dissolution of the Transferor Companies without being wound up and (ii) Amalgamation of Amalgamating Company with Amalgamated Company with effect from the Appointed Date (as defined hereinafter) and the consequent dissolution of the Amalgamating Company without being wound up; and issuance of the shares New Equity Shares (as defined hereinafter) to the equity shareholders of Amalgamating Company in accordance with Share Exchange Ratio (as defined hereinafter), pursuant to section 230-232, and other relevant provisions of the Companies Act, in the matter provided for in this Scheme and in compliance with the provisions of the Income Tax Act (as defined hereinafter) (“**Amalgamation**”).

⁶ SFL has initiated the process of shifting its registered office from the State of Delhi to the State of Maharashtra and has filed the requisite MCA forms before Regional Director, Northern Region. It is in the process of obtaining the requisite approval in accordance with applicable provisions of the Companies Act, 2013. It may be noted that since the new registered office would be located in the State of Maharashtra, the jurisdictional NCLT for filing the application and petition pursuant to this Composite Scheme of Arrangement would be NCLT Mumbai.

3. RATIONALE OF THE SCHEME

3.1 The rationale for the Composite Scheme of Amalgamation is set out below:

3.1.1 The Amalgamating Company, alongwith Transferor Companies, has been the second largest mattress manufacturer, with leadership position in southern and eastern parts of the country, apart from sizeable presence in other parts. Also, the Amalgamating Company is approximately 70-year-old company with a very strong brand.

The Board of Directors of the Amalgamated Company in its meeting held on July 17, 2023, had approved the acquisition of the Amalgamating Company, along with Transferor Companies, with a view to further strengthen the leadership position in the mattress and foam segments across the country.

The intent of acquisition of the Amalgamating Company, alongwith Transferor Companies was always to run all the companies, as one-operation going forward i.e. subsequently amalgamate the companies into a single entity.

The Scheme would *inter-alia* have the following benefits:

- (a) Procurement synergies arising on account of higher volume discounts, and ability to negotiate best possible prices;
- (b) Deeper manufacturing footprint, as materials of both the business can be made in any plant location, resulting in enhanced efficiency as well as reduction in servicing time;
- (c) Rationalization of logistic costs considering the combined volume;
- (d) Open-up the door for a new sales channel strategy, enhancing penetration/coverage and leading to better sales;
- (e) Structured, sharper and better management focusing on holistic growth of the businesses;
- (f) Optimum and efficient utilization of resources and sharing of ancillary facilities;
- (g) Common governance structure and effective management of compliances;
- (h) Enhancing shareholder value and leveraging on synergies in doing the business; and
- (i) Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency.

3.1.2 Given the above, and similarity in nature of businesses of the Transferor Companies, the Amalgamating Company and the Amalgamated Company, it is proposed to merge the Transferor Companies with Amalgamating Company (pursuant to Part C of this Scheme)

and

(post Part C comes into effect) merge the Amalgamating company with Amalgamated Company (pursuant to Part D of this Scheme). The merger shall result in greater business synergies and reduced administrative and other costs.

4. This Scheme is divided into following parts and further details thereunder:

- 4.1 **Part A** – Deals with the general description of the companies that are parties to the Scheme, overview of the Scheme and the rationale and benefits of the Scheme
- 4.2 **Part B** – Deals with the definitions and interpretations and sets out the share capital of the respective parties to the Scheme
- 4.3 **Part C** – Deals with the amalgamation of Transferor Companies with the Transferee Company
- 4.4 **Part D** – Deals with the amalgamation of Amalgamating Company with the Amalgamated Company
- 4.5 **Part E** – Deals with the general terms and conditions applicable to this Scheme

The Scheme also provides for various other matters consequential, incidental or otherwise integrally connected herewith.

PART B – DEFINITIONS, INTERPRETATIONS AND SHARE CAPITAL

5. DEFINITIONS

5.1 In this Part B of the Scheme, unless repugnant to the meaning or context thereof, the following expressions shall have the following meaning:

- (a) **“Act” or “the Act” or “the Companies Act” or “the Companies Act, 2013”** means the Companies Act, 2013 and rules made thereunder or any statutory modification, amendment or re-enactment thereof;
- (b) **“Amalgamated Company”** shall have the meaning set forth in Clause 1.6;
- (c) **“Amalgamating Company”** or the **“Transferee Company”** shall have the meaning set forth in Clause 1.5;
- (d) **“Amalgamation”** shall have the meaning set forth in Clause 2.1;
- (e) **“Appointed Date”** means October 20, 2023, or such other date as may be approved by the Hon'ble NCLT;
- (f) **“Applicable Law”** means all applicable (a) statutes, enactments, acts of legislature or parliament, laws, ordinances, codes, rules, byc-laws, regulations, listing agreements, notifications, guidelines or policies of any applicable country and/or jurisdiction; (b) administrative interpretation, writ, injunction, directions, directives, judgment, arbitral award, decree, orders or governmental approvals of, or agreements with, any Governmental Authority or recognized stock exchange; and (c) international treaties, conventions and protocols, as may be in force from time to time;
- (g) **“Board of Directors”**, in relation to a Party, shall mean the Board of Directors of such Party, and shall include a committee of directors or any person authorized by such board of directors or such committee of directors;
- (h) **“Composite Scheme of Arrangement”** or **“this Scheme”** or **“the Scheme”** means this Scheme of Arrangement, pursuant to Section 230 to 232 and other applicable provisions of the Act, in its present form with such modifications and amendments as may be made in accordance with the terms thereof;

after the last of the approvals or events specified in Clause 38 of the Scheme are satisfied or have occurred or obtained or the requirement of which have been waived (in writing) in accordance with this Scheme. Reference in this Scheme to the date of "**coming into effect of this Scheme**" or "**coming into effect of the Scheme**" or "**effectiveness of this Scheme**" or "**effect of this Scheme**" or "**upon the Scheme becoming effective**" or "**the Scheme coming into effect**" shall mean the Effective Date;

- (j) "**Encumbrance**" or "**Encumbered**" means: (i) any mortgage, charge (whether fixed or floating), pledge, lien, negative lien, power of attorney (conferring power to create charge or security), agreement to create charge or security, any contractual restriction on ability to dispose assets, hypothecation, assignment, deed of trust, title retention, security interest or other encumbrance or interest of any kind securing, or conferring any priority of payment in respect of any obligation of any Person, including any right granted by a transaction which, in legal terms, is not the granting of security but which has an economic or financial effect similar to the granting of security under Applicable Law; (ii) a contract to give or refrain from giving any of the foregoing; (iii) any voting agreement, interest, option, right of first offer, refusal or transfer restriction in favour of any Person; and (iv) any adverse claim as to title, possession or use;
- (k) "**Governmental Authority**" means any governmental or statutory or regulatory or administrative authority, government department, agency, commission, board, tribunal or court or other entity authorized to make laws, rules or regulations or pass directions, having or purporting to have jurisdiction over any state or other sub-division thereof or any municipality, district or other sub-division thereof having jurisdiction pursuant to the Applicable Law, including SEBI
- (l) "**Income Tax Act**" means the Income Tax Act, 1961, including any statutory modifications, enactments or amendments thereof for the time being in force;
- (m) "**New Equity Shares**" shall have the meaning set forth in Clause 27.1;
- (n) "**NCLT**" or "**The Tribunal**" shall mean the Hon'ble National Company Law Tribunal at Mumbai, having applicable jurisdiction;
- (o) "**Parties**" shall mean collectively, the Transferor Companies, the Amalgamating Company and the Amalgamated Company, and "**Party**" shall mean any one of them, as the case may be
- (p) "**Record Date**" means such date after the Effective Date as may be fixed by the Board of Directors of the Amalgamated Company for determining the equity shareholders of the

Amalgamating Company who will be allotted New Equity Shares of the Amalgamated Company pursuant to the Scheme being effective.

- (q) "**SEBI**" means the Securities and Exchange Board of India, constituted under the Securities and Exchange Board of India Act, 1992;
- (r) "**SEBI Circular**" means the circular issued by the SEBI, being Master Circular No. SEBI/HO/CFD/DIL1/CIR/P/2021/0000000665 dated November 23, 2021 read with SEBI circular No. SEBI/HO/DDHS/DDHS-RACPODI/P/CIR/2022/156 dated November 17, 2022 and any amendments thereof issued pursuant to Regulations 11, 37, 59A, 94 and 94A of the SEBI LODR Regulations or any other circular(s) issued by SEBI with respect to scheme of amalgamation or arrangement;
- (s) "**SEBI LODR Regulations**" means the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time;
- (t) "**Stock Exchanges**" means BSE Limited ("BSE"), National Stock Exchange of India Limited ("NSE") and any other recognized stock exchange, as the case may be.
- (u) "**Tax**" or "**Taxes**" means: (a) all forms of direct tax and indirect tax, surcharge, fee, levy, duty, tariff, charge, impost and other charges of any kind, withholding or other amount whenever or wherever created or imposed by, or payable to any tax authority; (b) all charges, interest, penalties and fines incidental or relating to any tax falling within (a) above or which arise as a result of the failure to pay any tax on the due date or to comply with any obligation relating to tax; and (c) all credits/refunds/benefits in relation to direct tax and indirect tax, surcharge, fee, levy, duty, tariff, charge, impost and other credits/refunds/benefits of any kind, withholding or other amount whenever or wherever entitled from any tax authority;
- (v) "**Transferor Companies**" shall have the meaning set forth in Clause 2.1, and "Transferor Company" shall mean any one of them, as the case may be;
- (w) "**Tribunal**" means the National Company Law Tribunal, Mumbai Bench and shall include, if applicable, such other forum or authority as may be vested with the powers of a National Company Law Tribunal under the Companies Act
- (x) "**Undertakings**" means and includes the whole of the business, undertakings, assets, properties, investments and all the liabilities of the Transferor Companies, of whatsoever nature and kind and wherever situated, on a going concern and with continuity of business of each of the Transferor Companies which shall mean and shall include (without limitation):

- All their assets and properties (tangible or intangible, moveable or immovable (if any), real or personal, corporeal or incorporeal, present, future or contingent) of the respective Transferor Companies, including, without being limited to, computers, equipment, offices and other premises, sundry debtors, furniture, fixtures, interiors, office equipment, accessories, deposits, all stocks, assets, investments of all kinds (including shares, scripts, stocks, bonds, debenture stocks, units or pass through certificates), cash balances or deposits with banks, loans, advances, contingent rights or benefits, book debts, receivables, Taxes paid, actionable claims, earnest moneys, margin moneys, security deposits, advances or deposits paid by the respective Transferor Companies, financial assets, leases (including but not limited to leasehold rights of the respective Transferor Companies), and assets, lending contracts, rights and benefits under any agreement, benefit of any security arrangements or under any guarantees, reversions, powers, municipal permissions, tenancies or licenses in relation to the offices, fixed and other assets, intangible assets (including but not limited to software) and intellectual property rights of any nature whatsoever; rights to use and avail of telephones, telexes, facsimile, email, internet, leased line connections, and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interest held in trust, registrations, contracts, engagements, arrangements of all kind, privileges and all other rights, title, interests, other benefits (including Tax benefits), credits (including Tax credits), credit arising from advance Tax, self-assessment Tax, withholding Tax credits, foreign Tax credits, any Tax refunds and credits, minimum alternate Tax credit entitlement, Central Value Added Tax ("CENVAT") credit, goods and service Tax credit, other indirect Tax credits, any Tax incentives, benefits (including claims for carried forward Tax losses and unabsorbed Tax depreciation), advantages, privileges, exemptions, credits, Tax holidays, remission, reductions and any other claims under any Tax laws; subsidies, easements, privileges, liberties and advantages of whatsoever nature and wheresoever situate belonging to or in the ownership, power or possession and in the control of or vested in or granted in favour of or enjoyed by the respective Transferor Companies or in connection with or relating to the respective Transferor Companies and all other interests of whatsoever nature belonging to or in the ownership, power, possession or the control of or vested in or granted in favour of or held for the benefit of or enjoyed by the respective Transferor Companies
- All contracts (including but not limited to the agreements with respect to the immovable properties being used by the respective Transferor Companies by way of lease and/or license and/or business arrangements), rights, agreements, memoranda of understanding, memoranda of undertakings, memoranda of agreements, memoranda of agreed points, minutes of meetings, letters of intent, understanding, equipment

purchase agreement, agreements with customers, purchase and other agreement with the supplier/manufacturer of goods/service providers, undertakings, deeds, bonds and schemes; entitlements, licenses (including the licenses granted by any Governmental Authority for the purpose of carrying on the respective businesses of the Transferor Companies or in connection therewith), permits, clearances, permissions, incentives, approvals (including municipal approvals), allocations, registrations, Tax benefits, subsidies, concessions, grants, credits, awards, exemptions, qualifications, bid acceptances, tenders, certificates, rights, statutory rights, claims, leases, licenses, right to use and/ or access, tenancy rights, liberties, special status and other benefits or privileges; quota rights, engagements, arrangements, authorities, allotments and security arrangements (to the extent provided herein); benefits of any guarantees, reversions, powers and all other approvals, sanctions and consents of every kind, nature and description whatsoever relating to the respective Transferor Companies' business activities and operations and that may be required to carry on the operations of the respective Transferor Companies;

- All intellectual property rights, registrations, trademarks, trade names, computer programmes, manuals, data, service marks, copyrights, patents, designs, domain names, applications for trademarks, trade names, service marks, copyrights, designs and domain names and all software, and all the website contents (including text, graphics, images, audio, video and data) exclusively used by or held for use by the respective Transferor Companies in their respective businesses, activities and operations carried on by the Transferor Companies;
- All books, records, files, papers, engineering and process information, application software, software licenses (whether proprietary or otherwise), test reports, computer programmes, drawings, manuals, data, databases including databases for procurement, commercial and management, catalogues, quotations, sales and advertising materials, product registrations, dossiers, lists of present and former borrowers, lenders and suppliers including service providers, other borrower information, customer credit information, customer/supplier pricing information, and all other books and records, whether in physical or electronic form;
- All amounts claimed by the respective Transferor Companies whether or not so recorded in the books of account of the respective Transferor Companies from any Governmental Authority, under any law, act or rule in force, as refund of any Tax, duty, cess or of any excess payment;
- All rights to any claim not preferred or made by the respective Transferor Companies in respect of any refund of Tax, duty, cess or other charge, including any erroneous or

excess payment thereof made by the respective Transferor Companies and any interest thereon, with regard to any law, act or rule or scheme made by the Governmental Authority, and in respect of set-off, carry forward of un-absorbed losses and unabsorbed Tax depreciation, deferred revenue expenditure, deduction, exemption, rebate, allowance, amortization benefit, incentives, benefits, Tax holidays, credits, etc. under the Income Tax Act, sales Tax, value added Tax, service Tax, custom duties, and goods and service Tax or any other or like benefits under the said acts or under and in accordance with Applicable Law;

- All debts and liabilities, both present and future, whether or not provided in the books of accounts or disclosed in the balance sheet of the respective Transferor Companies, including all secured, if any, and unsecured debts (whether denominated in Indian rupees or a foreign currency), liabilities (including deferred Tax liabilities, contingent liabilities) of every kind, nature and description whatsoever and howsoever arising, raised or incurred or utilized for their respective business activities and operations along with any charge, guarantees, assurances, deposits, time and demand liabilities, borrowings, bills payable, interest accrued, Tax liabilities, debentures, duties, leases of the respective Transferor Companies, guarantees, sundry creditors, and all other obligations of whatsoever kind, nature and description whatsoever and howsoever arising, raised or incurred or utilized, whether or not contingent or disputed or the subject matter of any court, arbitration, tribunal, forum or other proceedings including before any Governmental Authority. Provided that, any reference in the security documents or arrangements entered into by the respective Transferor Companies, if any, and under which, the assets of the respective Transferor Companies stand offered as a security, for any financial assistance or obligation, the said reference shall be construed as a reference to the assets pertaining to the respective Undertakings of the Transferor Companies only as are vested in the Transferee Company by virtue of Part C of the Scheme and the Scheme shall not operate to enlarge the security for any loan, deposit or facility created by the respective Transferor Companies which shall vest in the Transferee Company by virtue of the Scheme and the Transferee Company shall not be obliged to create any further or additional security thereof after the Effective Date or otherwise
- All of their respective staff and employees, if any, who are on their respective payrolls, including those employed at their respective offices, and other obligations of whatsoever kind, including liabilities of each of the Transferor Companies, with regard to their staff and employees, with respect to the payment of gratuity, superannuation, pension benefits and the provident fund or compensation, if any, and any other benefit

in the event of resignation, death, voluntary retirement or retrenchment and any other obligations under any licenses and/ or permits; and

- All Proceedings of whatsoever nature involving the respective Transferor Companies

It is intended that the definition of Undertakings under this clause would enable the transfer of all property, assets, liabilities, employees, etc. of the Transferor Companies to the Transferee Company pursuant to this Scheme.

(y) **“Undertaking of Amalgamating Company”** means the Amalgamating Company together with the Undertakings of the respective Transferor Companies, transferred to and vested in the Amalgamating Company, upon effectiveness of Part C of the Scheme and with effect from the Appointed Date, and includes all the business, undertakings, assets, properties, investments and all liabilities of the Amalgamating Company, of whatsoever nature and kind and wherever situated, on a going concern basis, and with continuity of business of the Amalgamating Company, which shall mean and include without limitation:

- All the assets and properties (tangible or intangible, moveable or immovable, real or personal, corporeal or incorporeal, present, future or contingent) of the Amalgamating Company, including, without being limited to, computers, equipment, offices and other premises, sundry debtors, furniture, fixtures, interiors, office equipment, including other equipment, accessories, deposits, all stocks, assets, investments of all kinds (including shares, scripts, stocks, bonds, debenture stocks, units or pass through certificates), cash balances or deposits with banks, loans, advances, contingent rights or benefits, book debts, receivables, Taxes paid, actionable claims, earnest moneys, margin moneys, security deposits, advances or deposits paid by the Amalgamating Company, financial assets, leases (including but not limited to leasehold rights of the Amalgamating Company), and assets, lending contracts, rights and benefits under any agreement, benefit of any security arrangements or under any guarantees, reversions, powers, municipal permissions, tenancies or licenses in relation to the offices, fixed and other assets, intangible assets (including but not limited to software) and intellectual property rights of any nature whatsoever; rights to use and avail of telephones, telexes, facsimile, email, internet, leased line connections and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interest held in trust, registrations, contracts, engagements, arrangements of all kind, privileges and all other rights, title, interests, other benefits (including Tax benefits), credits (including Tax credits), credit arising from advance Tax, self-assessment Tax, withholding Tax credits, foreign Tax credits, any Tax refunds and credits, minimum alternate Tax credit entitlement, CENVAT credit, goods and service Tax credit, other indirect Tax credits, any Tax incentives, benefits

(including claims for carried forward Tax losses and unabsorbed Tax depreciation) advantages, privileges, exemptions, credits, Tax holidays, remission, reductions and any other claims under any Tax laws; subsidies, easements, privileges, liberties and advantages of whatsoever nature and wheresoever situate belonging to or in the ownership, power or possession and in the control of or vested in or granted in favour of or enjoyed by the Amalgamating Company or in connection with or relating to the Amalgamating Company and all other interests of whatsoever nature belonging to or in the ownership, power, possession or the control of or vested in or granted in favour of or held for the benefit of or enjoyed by the Amalgamating Company;

- All contracts (including but not limited to the agreements with respect to the immovable properties being used by the Amalgamating Company by way of lease and/or license and/or business arrangements), rights, agreements, memoranda of understanding, memoranda of undertakings, memoranda of agreements, memoranda of agreed points, minutes of meetings, letters of intent, understanding, equipment purchase agreement, agreements with customers, purchase and other agreement with the supplier/manufacturer of goods/service providers, undertakings, deeds, bonds and schemes; entitlements, licenses (including the licenses granted by any Governmental Authority for the purpose of carrying on the business of the Amalgamating Company or in connection therewith), permits, permissions, incentives, approvals (including municipal approvals), allocations, registrations, Tax benefits, subsidies, concessions, grants, credits, awards, exemptions, qualifications, bid acceptances, tenders, certificates, rights, statutory rights, claims, leases, licenses, right to use and/ or access, tenancy rights, liberties, special status and other benefits or privileges; quota rights, engagements, arrangements, authorities, allotments and security arrangements (to the extent provided herein); benefits of any guarantees, reversions, powers and all other approvals, sanctions and consents of every kind, nature and description whatsoever relating to the Amalgamating Company's business activities and operations and that may be required to carry on the operations of the Amalgamating Company;
- All intellectual property rights, registrations, trademarks, trade names, computer programmes, manuals, data, service marks, copyrights, patents, designs, domain names, applications for trademarks, trade names, service marks, copyrights, designs and domain names and all software, and all the website contents (including text, graphics, images, audio, video and data) exclusively used by or held for use by the Amalgamating Company in the business, activities and operations carried on by the Amalgamating Company;

- All books, records, files, papers, engineering and process information, application software, software licenses (whether proprietary or otherwise), test reports, computer programmes, drawings, manuals, data, databases including databases for procurement, commercial and management, catalogues, quotations, sales and advertising materials, product registrations, dossiers, lists of present and former borrowers, lenders and suppliers including service providers, other borrower information, customer credit information, customer/supplier pricing information, and all other books and records, whether in physical or electronic form;
- All amounts claimed by the Amalgamating Company whether or not so recorded in the books of account of the Amalgamating Company from any Governmental Authority, under any law, act or rule in force, as refund of any Tax, duty, cess or of any excess payment;
- All rights to any claim not preferred or made by the Amalgamating Company in respect of any refund of Tax, duty, cess or other charge, including any erroneous or excess payment thereof made by the Amalgamating Company and any interest thereon, with regard to any law, act or rule or scheme made by the Governmental Authority, and in respect of set-off, carry forward of un-absorbed losses and unabsorbed Tax depreciation, deferred revenue expenditure, deduction, exemption, rebate, allowance, amortization benefit, incentives, benefits, Tax holidays, credits, etc., under the Income Tax Act, sales Tax, value added Tax, service Tax, custom duties, and goods and service Tax or any other or like benefits under the said acts or under and in accordance with Applicable Law;
- All debts and liabilities, both present and future, whether or not provided in the books of accounts or disclosed in the balance sheet of the Amalgamating Company, including all secured and unsecured debts (whether denominated in Indian rupees or a foreign currency), liabilities (including deferred Tax liabilities, contingent liabilities) of every kind, nature and description whatsoever and howsoever arising, raised or incurred or utilized for its business activities and operations along with any charge, assurances, deposits, time and demand liabilities, borrowings, bills payable, interest accrued, Tax liabilities, debentures, bonds, notes, duties, leases of the Amalgamating Company, guarantees, sundry creditors, and all other obligations of whatsoever kind, nature and description whatsoever and howsoever arising, raised or incurred or utilized, whether or not contingent or disputed or the subject matter of any court, arbitration, tribunal, forum or other proceedings including before any Governmental Authority. Provided that, any reference in the security documents or arrangements entered into by the Amalgamating Company and under which, the assets of the Amalgamating Company stand offered as a security, for any financial assistance or obligation, the said reference

shall be construed as a reference to the assets pertaining to that Undertaking of the Amalgamating Company only as are vested in the Amalgamated Company by virtue of the Scheme and the Scheme shall not operate to enlarge the security for any loan, deposit or facility created by the Amalgamating Company which shall vest in the Amalgamated Company by virtue of the Scheme and the Amalgamated Company shall not be obliged to create any further or additional security thereof after the Effective Date or otherwise

- All of its staff and employees, who are on its payrolls, including those employed at its offices and branches, including overseas offices, employees/personnel engaged on contract basis and contract labourers and interns/trainees, as are primarily engaged in or in relation to the business, activities and operations carried on by the Amalgamating Company and other obligations of whatsoever kind, including liabilities of the Amalgamating Company with regard to its staff and employees, with respect to the payment of gratuity, superannuation, pension benefits, the provident fund or compensation, if any, and any other employee benefit scheme/plan in the event of resignation, death, voluntary retirement or retrenchment and any other obligations under any licenses and/ or permits; and
- All Proceedings whatsoever nature involving the Amalgamating Company

6. INTERPRETATIONS

- 6.1 The expressions which are used in this Scheme and not defined, shall, unless repugnant or contrary to the context or meaning hereof, have the same meaning ascribed to them under the Act, the Securities Contracts (Regulation) Act, 1956, the Securities and Exchange Board of India Act, 1992, the Depositories Act, 1996 and other applicable laws, rules, regulations, bye-laws, as the case may be, or any statutory modification or re-enactment thereof from time to time..
- 6.2 References to any law or legislation or regulation shall include amendment(s), circulars, notifications, clarifications or supplement(s) to, or replacement or amendment of, that law or legislation or regulation.
- 6.3 References to any of the terms Taxes, duty, levy or cess in the Scheme shall be construed as reference to all of them whether jointly or severally.
- 6.4 The words "include" and "including" are to be construed without limitation.
- 6.5 The terms "hereof", "herein", "hereby", "hereto" and derivative or similar words shall refer to this entire Scheme or specified Clauses of this Scheme, as the case may be.

6.6 Any reference to the Recital or Clause shall be a reference the Recital or Clause of this Scheme

7. DATE OF COMING INTO EFFECT

7.1 The Scheme set out herein, in its present form or with such modifications or amendments, approved or imposed or directed by the NCLT or other appropriate authority, shall be effective from the Appointed Date herein, although it shall be operative from the Effective Date.

7.2 The amalgamation of the Transferor Companies with the Transferee Company, and the amalgamation of the Amalgamating Company with the Amalgamated Company shall be in accordance with Section 2(1B) of the Income Tax Act. If any terms or provisions of the Scheme are found to be or interpreted to be inconsistent with Section 2(1B) of the Income Tax Act at a later date, whether as a result of any amendment of law or any judicial or executive interpretation or for any other reason whatsoever, the aforesaid provision of the Income Tax Act shall prevail. The Scheme shall then stand modified to the extent deemed necessary to comply with the said provisions. Such modification will however not affect other parts of the Scheme.

**PART C – AMALGAMATION OF TRANSFEROR COMPANIES WITH
THE TRANSFEREE COMPANY**

9. TRANSFER AND VESTING OF THE RESPECTIVE ASSETS OF THE TRANSFEROR COMPANIES WITH THE TRANSFEREE COMPANY

- 9.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date and subject to the provisions of the Scheme, each of the Transferor Companies, shall stand amalgamated into the Transferee Company and their respective Undertakings shall, pursuant to the sanction of the Scheme by the Tribunal and pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, be and stand transferred to and vested in and/ or be deemed to have been transferred to and vested in the Transferee Company, as a going concern, in accordance with Section 2(1B) of the Income Tax Act, without any further act, instrument, deed, matter or thing so as to become, as and from the Appointed Date, the undertakings of the Transferee Company by virtue of and in the manner provided in this Scheme.
- 9.2 Without prejudice to the generality of Clause 9.1 above, upon coming into effect of the Scheme and with effect from the Appointed Date, and subject to the provisions of this Scheme, all the estate, assets, properties, rights, claims, title, interest and authorities including accretions and appurtenances of the respective Undertakings of the Transferor Companies, of whatsoever nature and wherever situate, whether or not included in the respective books of the Transferor Companies, shall, subject to the provisions of this Clause 9 in relation to the mode of vesting and pursuant to Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, and without any further act, deed, matter or thing, be and stand transferred to and vested in or shall be deemed to have been transferred to and vested in the Transferee Company as a going concern so as to become as and from the Appointed Date, the estates, assets, rights, claims, title, interest and authorities of the Transferee Company, subject to the provisions of this Scheme.
- 9.3 In respect of such of the assets of the respective Transferor Companies, as are movable in nature or otherwise capable of transfer by physical or constructive delivery and/or by endorsement and delivery or by vesting and recordal of whatsoever nature, the same shall be so transferred by the respective Transferor Companies, and shall become the property of the Transferee Company with effect from the Appointed Date pursuant to the provisions of Section 230 to 232 of the Companies Act without requiring any deed or instrument of conveyance for the same. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery or by vesting and recordal, pursuant to this Scheme, as appropriate to the property being vested and title to the property shall be deemed to have been transferred accordingly

- 9.4 In respect of such of the assets belonging to the respective Transferor Companies, other than those mentioned in Clause 9.3 above, the same shall, as more particularly provided in Clause 9.2 above, without any further act, instrument or deed, be transferred to and vested in and/ or be deemed to be transferred to and vested in the Transferee Company upon the coming into effect of the Scheme and with effect from the Appointed Date pursuant to the provisions of Section 230 to 232 of the Companies Act
- 9.5 Upon the effectiveness of this Scheme, and with effect from the Appointed Date, all assets of the respective Transferor Companies that are owned / leased / licensed immovable properties, if any, including any right or interest in the buildings and structures standing thereon and all lease/ license or rent agreements, together with security deposits and advance / prepaid lease/ license fee, rights and easements in relation to such properties shall stand transferred to and be vested in, or be deemed to have been transferred to and vested in the Transferee Company, without any further act or deed, pursuant to the provisions of Part C of this Scheme. Further, the relevant landlords, owners and lessors shall continue to comply with the terms, conditions and covenants under all relevant lease/ license or rent agreements and shall, in accordance with the terms of such agreements, refund the security deposits and advance / prepaid lease / license fee to the Transferee Company. The Transferee Company shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties, if any, and shall be liable, as may be required, to pay the ground rent and Taxes and fulfil all obligations in relation to or applicable to such immovable properties. The mutation or substitution of the title to the immovable properties shall, upon this Scheme becoming effective and with effect from the Appointed Date 1, be made and duly recorded in the name of the Transferee Company by the appropriate authorities pursuant to the sanction of this Scheme by the Tribunal and upon the coming into effect of this Scheme in accordance with the terms hereof. Further the mere filing thereof with the appropriate registrar or sub-registrar or with the relevant Government Authority shall suffice as a record of continuing title with Amalgamating Company and shall be constituted as a deemed mutation and substitution thereof. The Transferee Company shall upon the Scheme becoming effective be entitled to the delivery and possession of all documents of title to such immovable property in this regard. Further, at the discretion of Transferee Company, such immovable properties including leasehold rights can be vested pursuant to a separate conveyance or any other agreement as well.
- 9.6 All estate, assets, rights, titles or interests acquired by the respective Transferor Companies, after the Appointed Date but prior to the Effective Date shall also, without any further act, instrument or deed stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company upon coming into effect of this Scheme and with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Companies Act.
- 9.7 All trademarks, trade names, service marks, copyrights, logos, corporate names, brand names, domain names and all registrations, applications and renewals in connection therewith, and

software and all website content (including text, graphics, images, audio, video and data), trade secrets, confidential business information and other proprietary information of the respective Transferor Companies shall stand transferred to and vested in the Transferee Company

10. TRANSFER AND VESTING OF THE RESPECTIVE LIABILITIES OF THE TRANSFEROR COMPANIES WITH THE TRANSFEE COMPANY

- 10.1 Upon coming into effect of this Scheme and with effect from the Appointed Date, all the liabilities, debts, loans raised and used, duties, losses and obligations of the respective Transferor Companies, whether or not recorded in their respective books of accounts, shall, under the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, without any further act, instrument, deed, matter or thing, stand transferred to and vested in the Transferee Company to the extent they are outstanding on the Effective Date so as to become as and from the Appointed Date the liabilities, debts, loans, duties and obligations of the Transferee Company on the same terms and conditions as were applicable to the concerned Transferor Companies, and the Transferee Company shall meet, discharge and satisfy the same and further it shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such liabilities, duties and obligations have arisen in order to give effect to the provisions of this Clause.
- 10.2 Upon the Scheme becoming effective and with effect from the Appointed Date, all the liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a liability including contingent liability in whatever form), if any, due on the Effective Date between the respective Transferor Companies and the Transferee Company shall automatically stand discharged and come to an end and there shall be no liability in that behalf on either of the Transferor Companies or the Transferee Company and the appropriate effect shall be given in the books of accounts and records of the Transferee Company.
- 10.3 All Encumbrances, if any, existing prior to the Effective Date over the assets of the respective Transferor Companies, shall, after the Effective Date, without any further act, instrument or deed, continue to relate and attach to such assets or any part thereof to which they are related or attached prior to the Effective Date. Provided that if any of the assets of the concerned Transferor Companies, which are being transferred to the Transferee Company pursuant to this Scheme have not been Encumbered as aforesaid, such assets shall remain unencumbered and the existing Encumbrances referred to above shall not be extended to and shall not operate over

such assets. The absence of any formal amendment or approval which may be required by a lender or trustee or third party shall not affect the operation of the above.

- 10.4 Without prejudice to the provisions of the foregoing Clauses and upon the effectiveness of this Scheme and with effect from the Appointed Date, the Transferee Company shall execute any instrument/s and/or document/s and/or do all the acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the Registrar of Companies to give formal effect to the above provisions, if required.
- 10.5 It is expressly provided that, save as mentioned in this Clause, no other term or condition of the liabilities, loans, duties and obligations transferred to the Transferee Company as part of the Scheme shall be modified by virtue of this Scheme.
- 10.6 Subject to the necessary consents being obtained, if required, in accordance with the terms of this Scheme, the provisions of this Clause shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security document, all of which instruments, deeds or writings shall stand modified and/or superseded by the foregoing provisions.

11. CONTRACTS AND PERMITS

- 11.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, and subject to the provisions of the Scheme, all contracts (including but not limited to customer contracts, service contracts and supplier contracts), deeds, bonds, indemnities, agreements, schemes, licenses, memoranda of undertakings, memoranda of agreements, memoranda of agreed points, letters of intent, arrangements and other instruments of whatsoever nature, to which the respective Transferor Companies, are a party or to the benefit of which the respective Transferor Companies, may be eligible or for the obligations of which the respective Transferor Companies, may be liable, and which are subsisting or having effect immediately before the Effective Date, shall continue in full force and effect against or in favour, as the case may be, of the Transferee Company and may be enforced as fully and effectually as if, instead of the respective Transferor Companies, the Transferee Company had been a party or beneficiary or obligee or obligor thereto.
- 11.2 Without prejudice to the other provisions of this Scheme and notwithstanding the fact that vesting of the Undertakings of the respective Transferor Companies occur by virtue of this Scheme itself, the Transferee Company may, at any time after the coming into effect of this Scheme in accordance with the provisions hereof, if so required under any Applicable Law or otherwise, execute deeds (including deeds of adherence), confirmations or other writings or tripartite agreements with any party to any contract or arrangement to which the respective Transferor Companies, are a party or any writings as may be necessary to be executed in order to give

formal effect to the above provisions. The Transferee Company shall, under the provisions of Part C of this Scheme, be deemed to be authorized to execute any such writings on behalf of the respective Transferor Companies and to carry out or perform all such formalities or compliances referred to above on the part of the respective Transferor Companies to be carried out or performed.

11.3 For the avoidance of doubt and without prejudice to the generality of the foregoing, it is clarified that upon the coming into effect of this Scheme and with effect from the Appointed Date, and subject to the Applicable Law, all approvals, including municipal approvals, allocations, allotments, consents, authorities (including for the operation of bank accounts), concessions, clearances, credits, awards, sanctions, exemptions, subsidies, registrations, no-objection certificates, permits, quotas, rights, entitlements, authorization, statutory rights, pre-qualifications, bid acceptances, tenders, licenses (including the licenses granted by any governmental, statutory or regulatory bodies for the purpose of carrying on their respective business or in connection therewith), permissions and certificates of every kind and description whatsoever in relation to the respective Transferor Companies including powers of attorney given by the respective Transferor Companies, or to the benefit of which the respective Transferor Companies may be eligible/entitled, and which are subsisting or having effect immediately before the Effective Date, shall stand transferred to the Transferee Company as if the same were originally given by, issued to or executed in favour of the Transferee Company, and the Transferee Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Transferee Company. It is hereby clarified that if the consent of any third party or authority is required to give effect to the provisions of this Clause, the said third party or authority shall make and duly record the necessary substitution/endorsement in the name of the Transferee Company pursuant to the sanction of this Scheme by the Tribunal, and upon this Scheme becoming effective and with effect from the Appointed Date, in accordance with the terms hereof. The Transferee Company shall be entitled to make applications to any Governmental Authority as may be necessary in this behalf.

11.4 Upon the effectiveness of the Scheme and with effect from the Appointed Date, the Transferee Company shall be entitled to operate all bank accounts, realise all monies and complete and enforce all pending contracts and transactions in the name of the respective Transferor Companies to the extent necessary until the transfer of the rights and obligations of the respective Transferor Companies to the Transferee Company under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received and presented for encashment which are in the name of the respective Transferor Companies after the Effective Date, shall be accepted by the bankers of the Transferee Company and credited to the accounts of the Transferee Company, if presented by the Transferee Company. Similarly, the bankers of the

Transferee Company shall honour all cheques issued by the respective Transferor Companies for payment after the Effective Date.

- 11.5 Upon the effectiveness of this Scheme and with effect from the Appointed Date, all letters of intent, requests for proposal, pre-qualifications, bid acceptances, tenders, and other instruments of whatsoever nature to which the concerned Transferor Companies are a party to or to the benefit of which the Transferor Companies may be eligible, shall remain in full force and effect against or in favour of the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Companies, the Transferee Company had been a party or beneficiary or obligee thereto. Upon coming into effect of this Scheme and with effect from the Appointed Date, the past track record of the respective Transferor Companies shall be deemed to be the track record of the Transferee Company for all purposes, including commercial and regulatory purposes.
- 11.6 Upon effectiveness of the Scheme and with effect from the Appointed Date, all bank accounts operated or entitled to be operated by the respective Transferor Companies shall be deemed to have transferred and shall stand transferred to the Transferee Company and name of the respective Transferor Companies shall be substituted by the name of the Transferee Company in the bank's records.
- 11.7 Without prejudice to the other provisions of this Scheme, upon effectiveness of this Scheme and with effect from the Appointed Date, all transactions between the respective Transferor Companies and between the respective Transferor Companies and the Transferee Company, that have not been completed, shall stand cancelled.

12. TAXATION MATTERS

- 12.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, all Taxes paid, payable, received or receivable by or on behalf of the respective Transferor Companies, including but not limited to all or any refunds, claims or entitlements or credits (including credits for income Tax, withholding Tax, advance Tax, self-assessment Tax, minimum alternate Tax, foreign Tax credits, CENVAT credit, goods and services Tax credits, other indirect Tax credits and other Tax receivables) shall, for all purposes, be treated as the Tax liability, refund, claims, including but not limited to claims under section 43B, section 40 of the Income Tax Act, or credit, as the case may be, of the Transferee Company, and any Tax incentives, benefits (including claims for unabsorbed Tax losses and unabsorbed Tax depreciation), advantages, privileges, elections, exemptions, credits, Tax holidays, benefits of exercise of any option, remissions or reduction which would have been available to the respective Transferor Companies, shall be available to the Transferee Company, and following the Effective Date, the Transferee Company

shall be entitled to initiate, raise, add or modify any claims in relation to such Taxes on behalf of the respective Transferor Companies.

- 12.2 Upon the Scheme becoming effective and with effect from the Appointed Date, the Transferee Company is expressly permitted to revise its financial statements and returns along with prescribed forms, filings and annexures under the Income Tax Act, central sales Tax law, applicable state value added Tax law, service Tax laws, excise duty laws, goods and services Tax laws and other Tax laws, and to claim refunds and/or credit for Taxes paid (including, tax deducted at source, wealth tax, etc.) and for matters incidental thereto, if required, to give effect to the provisions of the Scheme.
- 12.3 All compliances with respect to Taxes or any other Applicable Law between the Appointed Date and the Effective Date, undertaken by the respective Transferor Companies, shall, upon the effectiveness of this Scheme and with effect from the Appointed Date, be deemed to have been complied with, by the Transferee Company. Any Taxes deducted by the Transferee Company from payments made to the respective Transferor Companies, shall be deemed to be advance tax paid by the Transferee Company

13. LEGAL PROCEEDINGS

- 13.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, all legal, taxation or other proceedings whether civil or criminal including but not limited to suits, summary suits, indigent petitions, assessments, appeals, or other proceedings of whatever nature (hereinafter called the "**Proceedings**"), if any, by or against the respective Transferor Companies, pending as on the Effective Date, shall not abate or be discontinued or be in any way prejudicially affected in any way by reason of the Scheme or by anything contained in the Scheme, but the Proceedings shall be continued, prosecuted and enforced, as the case may be, by or against the Transferee Company, in the same manner and to the same extent as they would or might have been continued, prosecuted or enforced by or against the respective Transferor Companies, if the Scheme had not been made. On and from the Effective Date, the Transferee Company may initiate, defend, compromise or otherwise deal with any Proceedings for and on behalf of the respective Transferor Companies. The Transferee Company undertakes to have all the Proceedings specified in this Clause, initiated by or against the respective Transferor Companies, transfer to its name and to have such Proceedings continued, prosecuted and enforced, as the case may be, by or against the Transferee Company, subject to Applicable Law.

14. EMPLOYEES OF THE RESEPECTIVE TRANFEROR COMPANIES

- 14.1 With effect from the Effective Date, all the staff and employees, if any, of the respective Transferor Companies, who are in such employment as on the Effective Date, shall become and be deemed to have become, the staff and employees of the Transferee Company, without any break in or

interruption of service and on terms and conditions not less favourable than those on which they are engaged by the respective Transferor Companies, as a result of the transfer and vesting of the Undertakings of the Transferor Companies to the Transferee Company. Services of the staff and employees shall be taken into account from the date of their respective appointment with the Transferor Companies, for the purposes of all retirement benefits and all other entitlements for which they may be eligible. For the purpose of payment of any retrenchment compensation or other termination benefits, if any, such past services with the respective Transferor Companies shall also be taken into account by the Transferee Company.

- 14.2 With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created by the respective Transferor Companies, if any, which exist immediately prior to the Effective Date, the Transferee Company shall stand substituted for the respective Transferor Companies for all purposes whatsoever, upon the coming into effect of this Scheme, including with regard to the obligation to make contributions to relevant authorities, such as the Regional Provident Fund Commissioner or to such other funds maintained by the respective Transferor Companies, in accordance with Applicable Law. It is hereby clarified that upon the coming into effect of this Scheme, such benefits and schemes shall continue to be provided to the transferred employees and the service of all transferred employees of the respective Transferor Companies for such purpose shall be treated as having been continuous.
- 14.3 It is provided that as far as the provident fund, gratuity fund, pension, superannuation fund or any other special fund created or existing, including any payments towards state insurance, for the benefit of such employees of the respective Transferor Companies are concerned, upon the Scheme becoming effective and with effect from the Appointed Date, each of the Transferor Companies shall stand substituted by the Transferee Company for all purposes whatsoever relating to the administration or operation of such funds or trusts or in relation to the obligation to make contribution to the said funds or trusts in accordance with the provisions of such funds or trusts as provided in the respective trust deeds or other documents. Upon the Scheme becoming effective and with effect from the Appointed Date, the contributions made by the respective Transferor Companies to the said funds and trusts for the period after the Appointed Date shall be deemed to be made by the Transferee Company. It is the aim and the intent of the Scheme that all the rights, duties, powers and obligations of the respective Transferor Companies, in relation to such funds or trusts shall become those of the Transferee Company. The trustees including the Boards of the respective Transferor Companies and the Transferee Company or through any committee / person duly authorized by the Boards in this regard shall be entitled to adopt such course of action in this regard as may be advised provided however that there shall be no discontinuation or breakage in the services of the employees.

15. CONSIDERATION

15.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, and in consideration of the transfer of and vesting of the Undertakings of the Transferor Companies in the Transferee Company, in terms of the Scheme, all the equity shares issued by the respective Transferor Companies and held by the Transferee Company and its nominees shall stand cancelled and extinguished and in lieu thereof, there shall be no allotment of equity shares in the Transferee Company or payment of any consideration

16. ACCOUNTING TREATMENT IN THE BOOKS OF TRANSFEEE COMPANY

16.1 Notwithstanding anything to the contrary herein, the Transferee Company shall account for the amalgamation of the each of the Transferor Companies with the Transferee Company, on completion of all substantial conditions for the transfer, in accordance with "Pooling of Interests Method" laid down in Appendix C of Ind AS-103 (Business Combinations of entities under common control) notified under Section 133 of the Companies Act, under the Companies (Indian Accounting Standard) Rules, 2015, as may be amended from time to time, such that:

16.1.1 The Transferee Company shall record the assets, liabilities and reserves, if any, of the respective Transferor Companies vested in it pursuant to this Scheme, at the respective book values and in the same form as appearing in the Consolidated financial statement of Transferee Company.

16.1.2 The identity of the reserves shall be preserved and the Transferee Company shall record the reserves of the respective Transferor Companies in the same form and at the carrying amount as appearing in the consolidated financial statement of Transferee Company.

16.1.3 The value of investment held by the Transferee Company in the respective Transferor Companies shall stand cancelled pursuant to the amalgamation.

16.1.4 Pursuant to the amalgamation of the respective Transferor Companies with the Transferee Company, the inter-company balances between the Transferee Company and the respective Transferor Companies, if any, appearing in the books of the Transferee Company and the value of all investments held by the Transferee Company in each of the Transferor Companies shall stand cancelled.

16.1.5 The surplus/deficit, if any arising after taking the effect of clause 16.1.1, clause 16.1.2, clause 16.1.3 and after giving the effect of the adjustments referred to in clause 16.1.4, shall be transferred to the "Capital Reserve" in the financial statements of the Transferee

Company and shall be presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

- 16.1.6 In case of any difference in the accounting policy between the respective Transferor Companies and the Transferee Company, the accounting policies followed by the Transferee Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies.
- 16.1.7 Comparative financial information in the financial statements of the Transferee Company shall be restated for the accounting impact of amalgamation, as stated above, as if the amalgamation had occurred from the beginning of the comparative period.
- 16.1.8 Any matter not dealt with in the Clause hereinabove shall be dealt with in accordance with the accounting standards applicable to the Transferee Company.

17. CONDUCT OF BUSINESS UNTIL THE EFFECTIVE DATE

- 17.1 From the date on which the Boards of the respective Transferor Companies and the Transferee Company approve the Scheme, each of the Transferor Companies shall carry on their respective businesses with reasonable diligence and business prudence in the ordinary course consistent with past practice, in accordance with Applicable Law and as mutually agreed between the Transferor Companies and the Transferee Company. Notwithstanding anything contained in the Scheme to the contrary, each of the respective Transferor Companies and the Transferee Company shall be able to raise capital from the date on which the Boards of the Transferor Companies and the Transferee Company approve the Scheme, as it may deem fit.

18. DISSOLUTION OF TRANSFEROR COMPANIES

- 18.1 Upon the coming into effect of Part C of this Scheme and with effect from the Appointed Date, each of the Transferor Companies shall stand dissolved without being wound up, without any further act or deed and no specific accounting is prescribed in the Indian Accounting Standards specified under Section 133 of the Act for such transfer.

19. REORGANISATION OF THE AUTHORISED SHARE CAPITAL OF TRANSFEROR COMPANY 1, TRANSFEROR COMPANY 2, TRANSFEROR COMPANY 4 AND TRANSFEROR COMPANY 5

- 19.1 Upon Part C of the Scheme becoming effective and with effect from the Appointed Date, and as an integral part of the Scheme, the authorized share capital of Transferor Company 1, Transferor Company 2, Transferor Company 4 and Transferor Company 5 shall be reclassified/reorganized

such that each equity share of Rs. 10/- (Rupees Ten only) shall stand reclassified/reorganized as 2 (Two) equity shares of Rs. 5/- (Rupees Five only) each.

19.2 It is clarified that the approval of the respective equity shareholders of the Transferor Company 1, Transferor Company 2, Transferor Company 4 and Transferor Company 5 to this Scheme shall be deemed to be their consent/approval to the reclassification of the authorized share capital envisaged under this Clause of the Scheme, as required under Sections 13, 61 and other applicable provisions of the Companies Act.

20. CONSOLIDATION OF THE RESPECTIVE AUTHORISED SHARE CAPITAL OF THE TRANSFEROR COMPANIES WITH THE AUTHORISED SHARE CAPITAL OF THE TRANSFEREE COMPANY

20.1 Upon Part C of the Scheme becoming effective and with effect from the Appointed Date, and pursuant to the reclassification and reorganization of the resultant authorized share capital of the respective Transferor Company 1, Transferor Company 2, Transferor Company 4 and Transferor Company 5 as set out in Clause 19 above, the resultant authorized share capital of each of the Transferor Companies shall stand transferred to and be amalgamated/combined with the authorized share capital of the Transferee Company. The fees or stamp duty, if any, paid by each of the Transferor Companies on their respective authorized share capitals shall be deemed to have been so paid by the Transferee Company on the combined authorized share capital, and the Transferee Company shall not be required to pay any fee/ stamp duty for the increase of the authorized share capital. The authorized share capital of the Transferee Company will automatically stand increased to that effect by simply filing the requisite forms with the Registrar of Companies and no separate procedure or instrument or deed shall be required to be followed under the Companies Act.

Clause V. of the memorandum of association of the Transferee Company shall, upon the Scheme becoming effective, and without any further act, instrument or deed, be replaced by the following clause:

“V. The Authorised Share Capital of the Corporation is Rs. 95,55,50,000/- (Rupees Ninety-Five Crores Fifty-Five Lakhs and Fifty Thousand Only) comprising of 19,11,10,000 (Nineteen Crores Eleven Lakhs Ten Thousand Only) equity shares of the face value of Rs. 5/- (Rupees Two only) each.”

20.2 For the avoidance of doubt, it is hereby clarified that if the authorized share capital of the respective Transferor Companies or the Transferee Company undergoes any change, either as

a consequence of any corporate action or otherwise, then, this Clause 20 shall automatically stand modified to take into account the effect of such change.

20.3 The approval of this Scheme by the equity shareholders of the Transferee Company under Sections 230 to 232 of the Companies Act, shall be deemed to have been an approval under Section 13, Section 61 and Section 64 or any other applicable provisions under the Companies Act and no further resolution(s) would be required to be separately passed in this regard.

**PART D – AMALGAMATION OF AMALGAMATING COMPANY WITH
THE AMALGAMATED COMPANY**

**21. TRANSFER AND VESTING OF THE ASSETS OF THE AMALGAMATING COMPANY WITH
THE AMALGAMATED COMPANY**

- 21.1 Upon the coming into effect of the Scheme and with effect from the Appointed Date and subject to the provisions of the Scheme, the Amalgamating Company, shall (after Part C of the Scheme has come into effect), stand amalgamated into the Amalgamated Company and the Undertaking of the Amalgamating Company shall, pursuant to the sanction of the Scheme by the Tribunal and pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, be and stand transferred to and vested in and/ or be deemed to have been transferred to and vested in the Amalgamated Company, as a going concern, in accordance with Section 2(1B) of the Income Tax Act, without any further act, instrument, deed, matter or thing so as to become as and from the Appointed Date, the undertaking of the Amalgamated Company by virtue of and in the manner provided in this Scheme.
- 21.2 Without prejudice to the generality of Clause 21.1 above, upon the coming into effect of the Scheme and with effect from the Appointed Date (after Part C of the Scheme has come into effect), and subject to the provisions of this Scheme, all the estate, assets, properties, rights, claims, title, interest and authorities including accretions and appurtenances of the Undertaking of the Amalgamating Company, of whatsoever nature and wherever situate, whether or not included in the books of the Amalgamating Company shall, subject to the provisions of this Clause 21 in relation to the mode of vesting and pursuant to Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, and without any further act, deed, matter or thing, be and stand transferred to and vested in or shall be deemed to have been transferred to and vested in the Amalgamated Company as a going concern so as to become as and from the Appointed Date, the estates, assets, rights, claims, title, interest and authorities of the Amalgamated Company, subject to the provisions of this Scheme.
- 21.3 In respect of such of the assets of the Amalgamating Company as are movable in nature or otherwise capable of transfer by physical or constructive delivery or by endorsement and delivery or by vesting and recordal of whatsoever nature, the same shall be so transferred by the Amalgamating Company, and shall become the property of the Amalgamated Company with effect from the Appointed Date pursuant to the provisions of Section 230 to 232 of the Companies Act without requiring any deed or instrument of conveyance for the same. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery or by vesting and recordal, pursuant to this Scheme, as appropriate to

the property being vested and title to the property shall be deemed to have been transferred accordingly.

21.4 In respect of such of the assets belonging to the Amalgamating Company other than those mentioned in Clause 21.3 above, the same shall, as more particularly provided in Clause 21.2 above, without any further act, instrument or deed, be transferred to and vested in and/ or be deemed to be transferred to and vested in the Amalgamated Company upon the coming into effect of the Scheme and with effect from the Appointed Date pursuant to the provisions of Section 230 to 232 of the Companies Act.

21.5 Upon the effectiveness of this Scheme, and with effect from the Appointed Date, all assets of the Amalgamating Company that are owned / leased / licensed immovable properties, including any right or interest in the buildings and structures standing thereon and all lease/ license or rent agreements, together with security deposits and advance / prepaid lease/ license fee, rights and easements in relation to such properties shall stand transferred to and be vested in, or be deemed to have been transferred to and vested in the Amalgamated Company, without any further act or deed, pursuant to the provisions of Part D of this Scheme. Further, relevant landlords, owners and lessors shall continue to comply with the terms, conditions and covenants under all relevant lease/ license or rent agreements and shall, in accordance with the terms of such agreements, refund the security deposits and advance / prepaid lease / license fee to the Amalgamated Company. The Amalgamated Company shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties and shall be liable, as may be required, to pay the ground rent and Taxes and fulfil all obligations in relation to or applicable to such immovable properties. The mutation or substitution of the title to the immovable properties shall, upon this Scheme becoming effective and with effect from the Appointed Date 2, be made and duly recorded in the name of the Amalgamated Company by the appropriate authorities pursuant to the sanction of this Scheme by the Tribunal and upon the coming into effect of this Scheme in accordance with the terms hereof. Further the mere filing thereof with the appropriate registrar or sub-registrar or with the relevant Government Authority shall suffice as a record of continuing title with Amalgamated Company and shall be constituted as a deemed mutation and substitution thereof. The Amalgamated Company shall upon the Scheme becoming effective be entitled to the delivery and possession of all documents of title to such immovable property in this regard. Further, at the discretion of Amalgamated Company, such immovable properties including leasehold rights can be vested pursuant to a separate conveyance or any other agreement as well.

21.6 All the security interest over any moveable and/or immovable properties and security in any other form (both present and future) including but not limited to any pledges, or guarantees, if any, created/executed by any person in favour of the Amalgamating Company or any other person acting on behalf of or for the benefit of the Amalgamating Company for securing the

obligations of the persons to whom the Amalgamating Company has advanced loans and granted other funded and non-funded financial assistance, by way of letter of comfort or through other similar instruments shall without any further act, instrument or deed stand vested in and be deemed to be in favour of the Amalgamated Company and the benefit of such security shall be available to the Amalgamated Company as if such security was ab initio created in favour of the Amalgamated Company. The mutation or substitution of the charge in relation to the movable and immovable properties of the Amalgamating Company shall, upon this Scheme becoming effective and with effect from the Appointed Date, be made and duly recorded in the name of the Amalgamated Company by the appropriate authorities and third parties (including any depository participants) pursuant to the sanction of this Scheme by the Tribunal and upon the Scheme becoming effective in accordance with the terms hereof.

- 21.7 All trademarks, trade names, service marks, copyrights, logos, corporate names, brand names, domain names and all registrations, applications and renewals in connection therewith, and software and all website content (including text, graphics, images, audio, video and data), trade secrets, confidential business information and other proprietary information of the Amalgamating Company shall stand transferred to and vested in the Amalgamated Company

22. TRANSFER AND VESTING OF THE LIABILITIES OF THE AMALGAMATING COMPANY WITH THE AMALGAMATED COMPANY

- 22.1 Upon coming into effect of this Scheme and with effect from the Appointed Date, all the liabilities, debts, loans raised and used, duties, losses and obligations of the Undertaking of the Amalgamating Company, whether or not recorded in their respective books of accounts, shall, under the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, without any further act, instrument, deed, matter or thing, stand transferred to and vested in the Amalgamated Company to the extent they are outstanding on the Effective Date so as to become as and from the Appointed Date the liabilities, debts, loans, duties and obligations of the Amalgamated Company on the same terms and conditions as were applicable to the Amalgamating Company, and the Amalgamated Company shall meet, discharge and satisfy the same and further it shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such liabilities, duties and obligations have arisen in order to give effect to the provisions of this Clause.

- 22.2 Upon the Scheme becoming effective and with effect from the Appointed Date, all the liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a liability including contingent liability in whatever form), if any, due on the Effective Date between the Amalgamating Company and the Amalgamated Company shall automatically stand discharged and come to an end and there shall be no liability in that behalf on either the Amalgamating Company or the

Amalgamated Company and the appropriate effect shall be given in the books of accounts and records of the Amalgamated Company.

- 22.3 All Encumbrances, if any, existing prior to the Effective Date over the assets of the Amalgamating Company, shall, after the Effective Date, without any further act, instrument or deed, continue to relate and attach to such assets or any part thereof to which they are related or attached prior to the Effective Date. Provided that if any of the assets of the Amalgamating Company, which are being transferred to the Amalgamated Company pursuant to this Scheme have not been Encumbered as aforesaid, such assets shall remain unencumbered and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The absence of any formal amendment or approval which may be required by a lender or trustee or third party shall not affect the operation of the above.
- 22.4 Without prejudice to the provisions of the foregoing Clauses and upon the effectiveness of this Scheme and with effect from the Appointed Date, the Amalgamated Company shall execute any instrument/s and/or document/s and/or do all the acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the Registrar of Companies to give formal effect to the above provisions, if required.
- 22.5 It is expressly provided that, save as mentioned in this Clause, no other term or condition of the liabilities, loans, duties and obligations transferred to the Amalgamated Company as part of the Scheme shall be modified by virtue of this Scheme.
- 22.6 Subject to the necessary consents being obtained, if required, in accordance with the terms of this Scheme, the provisions of this Clause shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security document, all of which instruments, deeds or writings shall stand modified and/or superseded by the foregoing provisions.

23. CONTRACTS AND PERMITS

- 23.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, and subject to the provisions of the Scheme, all contracts (including but not limited to customer contracts, service contracts and supplier contracts), deeds, bonds, indemnities, agreements, schemes, licenses, memoranda of undertakings, memoranda of agreements, memoranda of agreed points, letters of intent, arrangements and other instruments of whatsoever nature, to which the Amalgamating Company is a party or to the benefit of which the Amalgamating Company, may be eligible or for the obligations of which the Amalgamating Company, may be liable, and which are subsisting or having effect immediately before the Effective Date, shall continue in full force and effect against or in favour, as the case may be, of the Amalgamated Company and may be

enforced as fully and effectually as if, instead of the Amalgamating Company, the Amalgamated Company had been a party or beneficiary or obligee or obligor thereto.

- 23.2 Without prejudice to the other provisions of this Scheme and notwithstanding the fact that vesting of the Undertaking of the Amalgamating Company occur by virtue of this Scheme itself, the Amalgamated Company may, at any time after the coming into effect of this Scheme in accordance with the provisions hereof, if so required under any Applicable Law or otherwise, execute deeds (including deeds of adherence), confirmations or other writings or tripartite agreements with any party to any contract or arrangement to which the Amalgamating Company, are a party or any writings as may be necessary to be executed in order to give formal effect to the above provisions. The Amalgamated Company shall, under the provisions of Part D of this Scheme, be deemed to be authorized to execute any such writings on behalf of the Amalgamating Company and to carry out or perform all such formalities or compliances referred to above on the part of the Amalgamating Company to be carried out or performed.
- 23.3 For the avoidance of doubt and without prejudice to the generality of the foregoing, it is clarified that upon the coming into effect of this Scheme and with effect from the Appointed Date, and subject to the Applicable Law, all approvals, including municipal approvals, allocations, allotments, consents, authorities (including for the operation of bank accounts), concessions, clearances, credits, awards, sanctions, exemptions, subsidies, registrations, no-objection certificates, permits, quotas, rights, entitlements, authorization, statutory rights, pre-qualifications, bid acceptances, tenders, licenses (including the licenses granted by any governmental, statutory or regulatory bodies for the purpose of carrying on their respective business or in connection therewith), permissions and certificates of every kind and description whatsoever in relation to the Amalgamating Company including powers of attorney given by the Amalgamating Company, or to the benefit of which the Amalgamating Company may be eligible/entitled, and which are subsisting or having effect immediately before the Effective Date, shall stand transferred to the Amalgamated Company as if the same were originally given by, issued to or executed in favour of the Amalgamated Company, and the Amalgamated Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Amalgamated Company. It is hereby clarified that if the consent of any third party or authority is required to give effect to the provisions of this Clause, the said third party or authority shall make and duly record the necessary substitution/endorsement in the name of the Amalgamated Company pursuant to the sanction of this Scheme by the Tribunal, and upon this Scheme becoming effective and with effect from the Appointed Date, in accordance with the terms hereof. The Amalgamated Company shall be entitled to make applications to any Governmental Authority as may be necessary in this behalf.
- 23.4 Upon effectiveness of the Scheme, the Amalgamated Company shall be entitled to operate all bank accounts, realise all monies and complete and enforce all pending contracts and

transactions in the name of the Amalgamating Company to the extent necessary until the transfer of the rights and obligations of the Amalgamating Company to the Amalgamated Company under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received and presented for encashment which are in the name of the Amalgamating Company, after the Effective Date, shall be accepted by the bankers of the Amalgamated Company and credited to the accounts of the Amalgamated Company, if presented by the Amalgamated Company. Similarly, the bankers of the Amalgamated Company shall honour all cheques issued by the Amalgamating Company for payment after the Effective Date

- 23.5 Upon the effectiveness of this Scheme and with effect from the Appointed Date, all letters of intent, requests for proposal, pre-qualifications, bid acceptances, tenders, and other instruments of whatsoever nature to which the Amalgamating Company is a party to or to the benefit of which the Amalgamating Company may be eligible, shall remain in full force and effect against or in favour of the Amalgamated Company and may be enforced as fully and effectually as if, instead of the Amalgamating Company, the Amalgamated Company had been a party or beneficiary or obligee thereto. Upon coming into effect of this Scheme and with effect from the Appointed Date, the past track record of the Amalgamating Company shall be deemed to be the track record of the Amalgamated Company for all purposes, including commercial and regulatory purposes.
- 23.6 Upon effectiveness of the Scheme and with effect from the Appointed Date, all bank accounts operated or entitled to be operated by the Amalgamating Company shall be deemed to have transferred and shall stand transferred to the Amalgamated Company and name of the Amalgamating Company shall be substituted by the name of the Amalgamated Company in the bank's records.
- 23.7 Without prejudice to the other provisions of this Scheme, upon effectiveness of this Scheme and with effect from the Appointed Date, all transactions between the Amalgamating Company and the Amalgamated Company, that have not been completed, shall stand cancelled.

24. TAXATION MATTERS

- 24.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, all Taxes paid, payable, received or receivable by or on behalf of the Amalgamating Company, including but not limited to all or any refunds, claims or entitlements or credits (including credits for income Tax, withholding Tax, advance Tax, self-assessment Tax, minimum alternate Tax, foreign Tax credits, CENVAT credit, goods and services Tax credits, other indirect Tax credits and other Tax receivables) shall, for all purposes, be treated as the Tax liability, refund, claims, including but not limited to claims under section 43B, section 40 of the Income Tax Act, or credit, as the case may be, of the Amalgamated Company, and any Tax incentives, benefits (including claims for

unabsorbed Tax losses and unabsorbed Tax depreciation), advantages, privileges, elections, exemptions, credits, Tax holidays, benefits of exercise of any option, remissions or reduction which would have been available to the Amalgamating Company, shall be available to the Amalgamated Company, and following the Effective Date, the Amalgamated Company shall be entitled to initiate, raise, add or modify any claims in relation to such Taxes on behalf of the respective Amalgamating Company.

- 24.2 Upon the Scheme becoming effective and with effect from the Appointed Date, the Amalgamated Company is expressly permitted to revise its financial statements and returns along with prescribed forms, filings and annexures under the Income Tax Act, central sales Tax law, applicable state value added Tax law, service Tax laws, excise duty laws, goods and services Tax laws and other Tax laws, and to claim refunds and/or credit for Taxes paid (including, tax deducted at source, wealth tax, etc.) and for matters incidental thereto, if required, to give effect to the provisions of the Scheme.
- 24.3 All compliances with respect to Taxes or any other Applicable Law between the Appointed Date and the Effective Date, undertaken by the Amalgamating Company, shall, upon the effectiveness of this Scheme and with effect from the Appointed Date, be deemed to have been complied with, by the Amalgamated Company. Any Taxes deducted by the Amalgamated Company from payments made to the Amalgamating Company, shall be deemed to be advance tax paid by the Amalgamated Company

25. LEGAL PROCEEDINGS

- 25.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, all legal, taxation or other proceedings whether civil or criminal including but not limited to suits, summary suits, indigent petitions, assessments, appeals, or other proceedings of whatever nature (hereinafter called the "Proceedings"), if any, by or against the Amalgamating Company, pending as on the Effective Date, shall not abate or be discontinued or be in any way prejudicially affected in any way by reason of the Scheme or by anything contained in the Scheme, but the Proceedings shall be continued, prosecuted and enforced, as the case may be, by or against the Amalgamated Company, in the same manner and to the same extent as they would or might have been continued, prosecuted or enforced by or against the Amalgamating Company, if the Scheme had not been made. On and from the Effective Date, the Amalgamated Company may initiate, defend, compromise or otherwise deal with any Proceedings for and on behalf of the Amalgamating Company. The Amalgamated Company undertakes to have all the Proceedings specified in this Clause, initiated by or against the Amalgamating Company, transfer to its name and to have such Proceedings continued, prosecuted and enforced, as the case may be, by or against the Amalgamated Company, subject to Applicable Law.

26. EMPLOYEES OF THE RESEPECTIVE TRANFEROR COMPANIES

- 26.1 With effect from the Effective Date, all the staff and employees, if any, of the Amalgamating Company, who are in such employment as on the Effective Date, shall become and be deemed to have become, the staff and employees of the Amalgamated Company, without any break in or interruption of service and on terms and conditions not less favourable than those on which they are engaged by the Amalgamating Company, as a result of the transfer and vesting of the Undertaking of the Amalgamating Company to the Amalgamated Company. Services of the staff and employees shall be taken into account from the date of their respective appointment with the Amalgamating Company, for the purposes of all retirement benefits and all other entitlements for which they may be eligible. For the purpose of payment of any retrenchment compensation or other termination benefits, if any, such past services with the Amalgamating Company shall also be taken into account by the Amalgamated Company.
- 26.2 With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created by the Amalgamating Company, if any, which exist immediately prior to the Effective Date, the Amalgamated Company shall stand substituted for the Amalgamating Company for all purposes whatsoever, upon the coming into effect of this Scheme, including with regard to the obligation to make contributions to relevant authorities, such as the Regional Provident Fund Commissioner or to such other funds maintained by the Amalgamating Company, in accordance with Applicable Law. It is hereby clarified that upon the coming into effect of this Scheme, such benefits and schemes shall continue to be provided to the transferred employees and the service of all transferred employees of the Amalgamating Company for such purpose shall be treated as having been continuous.
- 26.3 It is provided that as far as the provident fund, gratuity fund, pension, superannuation fund or any other special fund created or existing, including any payments towards state insurance, for the benefit of such employees of the Amalgamating Company are concerned, upon the Scheme becoming effective and with effect from the Appointed Date, the Amalgamating Company shall stand substituted by the Amalgamated Company for all purposes whatsoever relating to the administration or operation of such funds or trusts or in relation to the obligation to make contribution to the said funds or trusts in accordance with the provisions of such funds or trusts as provided in the respective trust deeds or other documents. Upon the Scheme becoming effective and with effect from the Appointed Date, the contributions made by the Amalgamating Company to the said funds and trusts for the period after the Appointed Date shall be deemed to be made by the Amalgamated Company. It is the aim and the intent of the Scheme that all the rights, duties, powers and obligations of the Amalgamating Company, in relation to such funds or trusts shall become those of the Amalgamated Company. The trustees including the Boards of the Amalgamating Company and the Amalgamated Company or through any committee / person duly authorized by the Boards in this regard shall be entitled to adopt such course of action in this

regard as may be advised provided however that there shall be no discontinuation or breakage in the services of the employees.

27. CONSIDERATION

- 27.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, and in consideration of the transfer of and vesting of the Undertaking of the Amalgamating Company in the Amalgamated Company pursuant to Part D of this Scheme (after coming into effect of Part C of the Scheme, i.e. after transfer and vesting of the Undertaking of the Transferor Companies with the Transferee Company), the Amalgamated Company shall, without any further application, act or deed, issue and allot to the equity shareholders of the Amalgamating Company whose names are recorded in the register of members as a member of the Amalgamating Company on the Record Date (or to such of their respective heirs, executors, administrators or other legal representatives or other successors in title as may be recognized by the Board of the Amalgamated Company) Fifty (In words) equity shares, credited as fully paid-up, for every One Hundred (In words) equity shares of the face value of Rs. 5 (Rupees Five) each fully paid-up held by such member in the Amalgamating Company ("**Share Exchange Ratio**"). The equity shares to be issued by the Amalgamated Company to the shareholders of Amalgamating Company in accordance with this Clause 27.1 shall be hereinafter referred to as "**New Equity Shares**".
- 27.2 In the event of there being any pending share transfers, whether lodged or outstanding, of any equity shareholder of the Amalgamating Company, the Board of the Amalgamated Company shall be empowered in appropriate cases, prior to or even subsequent to the Record Date, as the case may be, to effectuate such a transfer as if such changes in the registered holder were operative as on the Record Date, in order to remove any difficulties arising to the transfer of the shares in the Amalgamating Company and in relation to the shares issued by the Amalgamated Company, after the effectiveness of the Scheme. The Board of the Amalgamated Company shall be empowered to remove such difficulties as may arise in the course of implementation of this Scheme and registration of new shareholders in the Amalgamated Company on account of difficulties faced in the transition period. Where New Equity Shares of the Amalgamated Company are to be allotted to heirs, executors or administrators, as the case may be, to successors of deceased equity shareholders or legal representatives of the equity shareholders of the Amalgamating Company, the concerned heirs, executors, administrators, successors or legal representatives shall be obliged to produce evidence of title satisfactory to the Board of the Amalgamated Company.
- 27.3 Where New Equity Shares of the Amalgamated Company are to be allotted to heirs, executors or administrators, as the case may be, to successors of deceased equity shareholders or legal representatives of the equity shareholders of the Amalgamating Company, the concerned heirs,

executors, administrators, successors or legal representatives shall be obliged to produce evidence of title satisfactory to the Board of the Amalgamated Company.

- 27.4 The New Equity Shares of the Amalgamated Company allotted and issued in terms of Clause 27.1 above, shall be listed and/ or admitted to trading on the Stock Exchanges, where the equity shares of the Amalgamated Company are listed and/ or admitted to trading as on the Effective Date. The New Equity Shares of the Amalgamated Company shall, however, be listed subject to the Amalgamated Company obtaining the requisite approvals from all the relevant Governmental Authorities pertaining to the listing of the New Equity Shares of the Amalgamated Company. The Amalgamated Company shall enter into such arrangements and give such confirmations and/or undertakings as may be necessary in accordance with Applicable Law for complying with the formalities of the Stock Exchanges.
- 27.5 Upon the Scheme becoming effective and upon the New Equity Shares of the Amalgamated Company being allotted and issued by it to the shareholders of the Amalgamating Company whose names appear on the register of members as a member of the Amalgamating Company on the Record Date or whose names appear as the beneficial owners of the equity shares of the Amalgamating Company in the records of the depositories/ register of members, as the case may be, as on the Record Date, the equity shares of the Amalgamating Company, both in electronic form and in the physical form, shall be deemed to have been automatically cancelled and be of no effect on and from the Record Date.
- 27.6 The New Equity Shares of the Amalgamated Company to be allotted and issued to the shareholders of the Amalgamating Company as provided in Clause 27.1 above shall be subject to the provisions of the memorandum and articles of association of the Amalgamated Company and shall rank pari-passu in all respects with the existing equity shares after the Effective Date including in respect of dividend, if any, that may be declared by the Amalgamated Company on or after the Effective Date.
- 27.7 The issue and allotment of the New Equity Shares by the Amalgamated Company to the equity shareholders of the Amalgamating Company as provided in the Scheme, is an integral part thereof and shall be deemed to have been carried out without requiring any further act on the part of the Amalgamated Company or its shareholders and as if the procedure laid down under Section 62 or any other applicable provisions of the Companies Act, as may be applicable, and such other statutes and regulations as may be applicable were duly complied with.
- 27.8 For the purposes of allotment of the New Equity Shares, pursuant to this Scheme, in case any Amalgamating Company's shareholder becomes entitled to any fractional shares, entitlements or credit on the issue and allotment of the New Equity Shares by the Amalgamated Company in accordance with Clause 27.1 above, the Amalgamated Company shall not issue fractional shares

to such shareholder and shall consolidate all such fractional entitlements and round up the aggregate of such fractions to the next whole number and shall, without any further application, act, instrument or deed, issue and allot such consolidated equity shares directly to an individual trust or a board of trustees or a corporate trustee nominated by the Amalgamated Company ("**Trustee**"), who shall hold such New Equity Shares with all additions or accretions thereto in trust for the benefit of the respective shareholders, to whom they belong and their respective heirs, executors, administrators or successors for the specific purpose of selling such equity shares in the market at such price or prices at any time within a period of 90 (ninety) days from the date of allotment, and on such sale, distribute the net sale proceeds (after deduction of the expenses incurred and applicable income Tax) to the respective shareholders in the same proportion of their fractional entitlements. Any fractional entitlements from such net proceeds shall be rounded off to the next Rupee. It is clarified that any such distribution shall take place only on the sale of all the fractional shares of the Amalgamated Company by the Trustee pertaining to the fractional entitlements.

- 27.9 Unless otherwise notified in writing on or before such date as may be determined by the Board of the Amalgamated Company or a committee thereof, the New Equity Shares issued to the equity shareholders of the Amalgamating Company by the Amalgamated Company shall be issued in dematerialized form by the Amalgamated Company, provided that the details of the depository accounts of the members of the Amalgamating Company are made available to the Amalgamated Company by the Amalgamating Company at least 2 (Two) working days prior to the Effective Date. In case of equity shareholders for whom such details are not available with the Amalgamated Company and in case of the equity shareholders of the Amalgamating Company who hold equity shares in physical form, the Amalgamated Company shall deal with the issuance of the relevant New Equity Shares in such manner as may be permissible under the Applicable Law, including by way of issuing the said New Equity Shares in dematerialised form to a demat account held by a trustee nominated by the Board of the Amalgamated Company or into an escrow account opened by the Amalgamated Company or an escrow agent nominated by it, with a depository, as determined by the Board of the Amalgamated Company, where such New Equity Shares of the Amalgamated Company shall be held on for the benefit of such shareholders (or to such of their respective heirs, executors, administrators or other legal representatives or other successors in title) of the Amalgamated Company. The New Equity Shares so held in such trustee's account or escrow account, as the case may be, shall be transferred to the respective shareholders once such shareholder provides details of his/ her/ its demat account to the Amalgamated Company, along with such documents as may be required by the Amalgamated Company. The respective shareholders shall have all the rights of the shareholders of the Amalgamated Company, including the right to receive dividend, voting rights and other corporate benefits, pending such transfer of the said New Equity shares from the said trustee's account or

the escrow account, as the case may be. All costs and expenses incurred in this respect shall be borne by Amalgamated Company.

27.10 The New Equity Shares to be issued by the Amalgamated Company pursuant to Clause 27.1 above in respect of such equity shares of the Amalgamating Company as are subject to lock-in pursuant to Applicable Law, if applicable, shall remain locked-in as required under the Applicable Law.

27.11 The New Equity Shares to be issued by the Amalgamated Company pursuant to Clause 27.1 above in respect of such equity shares of the Amalgamating Company, the allotment or transfer of which is held in abeyance under the Applicable Law shall, pending allotment or settlement of dispute by order of the appropriate court or otherwise, also be kept in abeyance in like manner by the Amalgamated Company.

27.12 The Amalgamated Company shall enter into such arrangements and give such confirmations and/ or undertakings as may be necessary in accordance with Applicable Law for complying with the formalities of the concerned Stock Exchanges.

27.13 The New Equity Shares allotted pursuant to the Scheme shall remain frozen in the depositories system until listing/trading permission is given by the Stock Exchanges, as the case may be.

27.14 In the event, the Amalgamating Company or the Amalgamated Company restructures their equity share capital by way of share split / consolidation / issue of bonus shares during the pendency of the Scheme, the Share Exchange Ratio, per Clause 27.1 above shall be adjusted accordingly, to consider the effect of any such corporate actions.

28. CANCELLATION OF EQUITY SHARES HELD BY THE AMALGAMATED COMPANY IN THE AMALGAMATING COMPANY

28.1 Simultaneous with the issuance of the New Equity Shares, in accordance with Clause 27 of this Scheme, the existing issued and paid-up equity share capital of the Amalgamating Company, as held by the Amalgamated Company, shall, without any further application, act, instrument or deed, be automatically cancelled.

28.2 The cancellation of the equity share capital held by the Amalgamated Company in the Amalgamating Company, in accordance with Clause 28.1 of this Scheme, shall be effected as a part of this Scheme itself and not under a separate procedure, in terms of Section 66 of the Companies Act and the order of the Tribunal sanctioning this Scheme shall be deemed to be an order under Section 66 of the Companies Act, or any other applicable provisions, confirming the reduction. The consent of the shareholders of Amalgamating Company to this Scheme shall be deemed to be the consent of its shareholders for the purpose of effecting the reduction under the

provisions of Section 66 of the Companies Act as well and no further compliances would be separately required.

29. ACCOUNTING TREATMENT IN THE BOOKS OF AMALGAMATED COMPANY

29.1 The Amalgamated Company, shall, upon this Scheme becoming effective and with effect from the Appointed Date, account for the amalgamation of the Amalgamating Company with the Amalgamated Company, on completion of all substantial conditions for the transfer, in accordance with "Pooling of Interests Method" laid down in Appendix C of Ind AS-103 (Business Combinations of entities under common control) notified under Section 133 of the Companies Act, under the Companies (Indian Accounting Standard) Rules, 2015, as may be amended from time to time, such that:

29.1.1 The Amalgamated Company shall record the assets, liabilities and reserves, if any, of the Amalgamating Company vested in it pursuant to this Scheme, at the respective book values and in the same form as appearing in the Consolidated financials of Amalgamated Company

29.1.2 The identity of the reserves shall be preserved and the Amalgamated Company shall record the reserves of the Amalgamating Company in the same form and at the carrying amount as appearing in the consolidated financial statements of Amalgamated Company

29.1.3 The value of investment held by the Amalgamated Company in the Amalgamating Company shall stand cancelled pursuant to the amalgamation.

29.1.4 Pursuant to the amalgamation of the Amalgamating Company with the Amalgamated Company, the inter-company balances between the Amalgamated Company and the Amalgamating Company, if any, appearing in the books of the Amalgamated Company and the value of all investments held by the Amalgamated Company in the Amalgamating Company shall stand cancelled.

29.1.5 The surplus/deficit, if any arising after taking the effect of clause 29.1.1, clause 29.1.2, clause 29.1.3 and after giving the effect of the adjustments referred to in clause 29.1.4, shall be transferred to the "Capital Reserve" in the financial statements of the Amalgamated Company and shall be presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

29.1.6 In case of any difference in the accounting policy between the Amalgamating Company and the Amalgamated Company, the accounting policies followed by the Amalgamated

Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies.

29.1.7 Comparative financial information in the financial statements of the Amalgamated Company shall be restated for the accounting impact of amalgamation, as stated above, as if the amalgamation had occurred from the beginning of the comparative period. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

29.1.8 Any matter not dealt with in the Clause hereinabove shall be dealt with in accordance with the accounting standards applicable to the Amalgamated Company.

30. CONDUCT OF BUSINESS UNTIL THE EFFECTIVE DATE

30.1 From the date on which the Boards of the Amalgamating Company and the Amalgamated Company approve the Scheme until the Effective Date, the Amalgamating Company and the Amalgamated Company shall carry on their respective businesses with reasonable diligence and business prudence in the ordinary course consistent with past practice, in accordance with Applicable Law and as mutually agreed between the Amalgamating Company and the Amalgamated Company. Notwithstanding anything contained in the Scheme to the contrary, the Amalgamating Company and the Amalgamated Company shall be able to raise capital from the date on which the Boards of the Amalgamating Company and the Amalgamated Company approve the Scheme, as it may deem fit.

31. DISSOLUTION OF THE AMALGAMATING COMPANY

31.1 Upon the coming into effect of Part D of this Scheme and with effect from the Appointed Date, of the Amalgamating Company shall stand dissolved without being wound up, without any further act or deed and no specific accounting is prescribed in the Indian Accounting Standards specified under Section 133 of the Act for such transfer.

32. CONSOLIDATION OF THE AUTHORISED SHARE CAPITAL OF THE AMALGAMATING COMPANY WITH THE AUTHORISED SHARE CAPITAL OF THE AMALGAMATED COMPANY

32.1 Upon Part D of the Scheme becoming effective and with effect from the Appointed Date, the resultant authorized share capital of the Amalgamating Company (i.e., after consolidation of authorised share capital of Transferor Companies with the Transferee Company pursuant of Part C of the Scheme) shall stand transferred to and be amalgamated/combined with the authorized share capital of the Amalgamated Company. The fees or stamp duty, if any, paid by the Amalgamating Company on their authorized share capital shall be deemed to have been so paid by the Amalgamated Company on the combined authorized share capital, and the Amalgamated

Company shall not be required to pay any fee/ stamp duty for the increase of the authorized share capital. The authorized share capital of the Amalgamated Company will automatically stand increased to that effect by simply filing the requisite forms with the Registrar of Companies and no separate procedure or instrument or deed shall be required to be followed under the Companies Act.

Clause V. of the memorandum of association of the Amalgamated Company shall, upon the Scheme becoming effective, and without any further act, instrument or deed, be replaced by the following clause:

“V. The Authorised Share Capital of the Company is Rs. 2,25,55,50,000/- (Rupees Two Hundred Twenty-Five Crores Fifty-Five Lakhs and Fifty Thousand Only) comprising of 45,11,10,000 (Forty-Five Crores Eleven Lakhs Ten Thousand Only) equity shares of the face value of Rs. 5/- (Rupees Five only) each.”

- 32.2 For the avoidance of doubt, it is hereby clarified that if the authorized share capital of the Amalgamating Company or the Amalgamated Company undergoes any change, either as a consequence of any corporate action or otherwise, then, this Clause 32.1 shall automatically stand modified to take into account the effect of such change.
- 32.3 The approval of this Scheme by the equity shareholders of the Amalgamated Company under Sections 230 to 232 of the Companies Act, shall be deemed to have been an approval under Section 13, Section 61 and Section 64 or any other applicable provisions under the Companies Act and no further resolution(s) would be required to be separately passed in this regard.

PART E – GENERAL TERMS AND CONDITIONS APPLICABLE TO THIS SCHEME

33. SEQUENCE OF EVENTS

33.1 Upon the coming into effect of the Scheme and with effect from the Appointed Date and subject to the provisions of the Scheme, the following shall be deemed to have occurred, only in the sequence and in the order mentioned hereunder:

- a. filing of certified copies of the order(s) of the Tribunal with the Registrar of Companies by each of the Transferor Companies and the Transferee Company, pursuant to which, the amalgamation of the Transferor Companies into and with the Transferee Company, in accordance with Part C of this Scheme shall become effective;
- b. reorganization/reclassification of the respective authorized share capital of the Transferor Companies, in accordance with Part C of the Scheme;
- c. transfer of the respective authorized share capital of the Transferor Companies to the Transferee Company and consequential increase in the authorized share capital of the Transferee Company in accordance with Part C of the Scheme;
- d. cancellation of the equity shares issued by the respective Transferor Companies to the Transferee Company, in accordance with Part C of the Scheme;
- e. dissolution of the respective Transferor Companies without being wound up, in accordance with Part C of the Scheme;
- f. filing of certified copies of the order(s) of the Tribunal with the Registrar of Companies by the Amalgamating Company and the Amalgamated Company, pursuant to which, the amalgamation of the Amalgamating Company into and with the Amalgamated Company, in accordance with Part D of this Scheme shall become effective;
- g. transfer of the authorized share capital of the Amalgamating Company to the Amalgamated Company and consequential increase in the authorized share capital of the Amalgamated Company in accordance with Part D of the Scheme;
- h. dissolution of the Amalgamating Company without being wound up, in accordance with Part D of the Scheme;

- i. cancellation of the shareholding of the Amalgamated Company in the Amalgamating Company in its entirety, without any further act or deed, in accordance with Part D of the Scheme;
- j. issue and allotment of New Equity Shares of the Amalgamated Company to the shareholders of the Amalgamating Company as of the Record Date in accordance with Part D of this Scheme; and

34. DIVIDEND

34.1 The Parties shall be entitled to declare and pay dividends to their respective shareholders in the ordinary course of business, whether interim or final, as per their respective dividend policies consistent with the past practice (except any years for which dividend declaration and payout was restricted by any Governmental Authority) in respect of the accounting period after the date of approval of the Scheme by the Board of the Parties and prior to the Effective Date.

34.2 It is clarified that the aforesaid provisions in respect of declaration of dividends (whether interim or final) are enabling provisions only and shall not be deemed to confer any right on any shareholder of the Transferor Companies, Amalgamating Company and/or the Amalgamated Company to demand or claim any dividends which, subject to Clause 34.1 and the provisions of the Companies Act, shall be entirely at the discretion of the Board of the Transferor Companies, Amalgamating Company and/or Amalgamated Company, as the case may be, and subject, wherever necessary, to the approval of the respective shareholders.

35. APPLICATION AND PETITION TO THE TRIBUNALS AND APPROVALS

35.1 Each of the Transferor Companies, Amalgamating Company and the Amalgamated Company, respectively, shall, with all reasonable dispatch, make and file all applications/petitions under Sections 230 to 232 read with other applicable provisions of the Companies Act, to the Tribunal, for sanction of this Scheme and for dissolution of the Transferor Companies and the Amalgamating Company, respectively.

35.2 The Amalgamated Company shall be entitled, pending the sanction of the Scheme, to apply to any Governmental Authority, if required, under any Applicable Law for such consents and approvals which the Amalgamated Company may require to own the Undertaking of the Amalgamating Company and to carry on the business of the Amalgamating Company

36. MODIFICATION OR AMENDMENT TO THE SCHEME

36.1 The Parties by their respective Boards, acting jointly but not individually, at any time, may make and/ or consent to any modifications/ amendments to the Scheme, or to any conditions or

limitations that the Tribunal or any other Governmental Authority may deem fit to direct or impose or which may otherwise be considered necessary, desirable or appropriate by the Tribunal or such other Governmental Authority, whether in pursuance of a change in Applicable Law or otherwise. The Parties by their respective Boards, shall be authorized to take all such steps as may be necessary, desirable or proper to resolve any doubts, difficulties or questions whether by reason of any directive or orders of any other authorities or otherwise howsoever arising out of or under or by virtue of the Scheme and/ or any matter concerned or connected therewith.

36.2 For the purpose of giving effect to this Scheme or to any modifications or amendments thereof or additions thereto, the delegate(s) of the Parties, acting jointly, may give and are hereby authorized to determine and give all such directions as are necessary including directions for settling or removing any question of doubt or difficulties that may arise and such determination or directions, as the case may be, shall be binding on all the Parties, in the same manner as if the same were specifically incorporated in this Scheme.

37. VALIDITY OF EXISTING RESOLUTIONS, ETC.

37.1 Upon the coming into effect of the Scheme, the resolutions of each of the Transferor Companies and the Amalgamating Company as are considered necessary by the Board of Amalgamated Company which are validly subsisting on the Effective Date, be considered as resolutions of Amalgamated Company. If any such resolutions have any monetary limits approved under the provisions of the Companies Act or of any other applicable statutory provisions, then the said limits, as are considered necessary by the Board of Amalgamated Company, shall be added to the limits, if any, under the like resolutions passed by Amalgamated Company.

38. CONDITIONALITY OF SCHEME

38.1 Unless otherwise decided (or waived) by the Parties, the effectiveness of this Scheme is and shall be conditional upon and subject to the fulfilment or waiver (to the extent permitted under the Applicable Law) of the following conditions precedent -

- a. the requisite consent, approval or permission of relevant Governmental Authorities including but not limited to the Stock Exchanges approval, in relation to the Scheme having been obtained by the relevant Parties;
- b. this Scheme being approved by the requisite majorities of the various classes of the shareholders and creditors (where applicable) of each of the Parties, as required under the Companies Act or dispensation having been received from the Tribunal in relation to obtaining such approval from the members and/or creditors or any Applicable Law

permitting the respective Parties not to convene the meetings of its members and/or creditors;

- c. the sanctions and orders of the Tribunal for the Scheme, under Sections 230 to 232 of the Companies Act being obtained by the Parties and the Parties having received a certified true copy of order of the Tribunal approving the Scheme;
- d. such other conditions as may be mutually agreed between the Amalgamating Company and the Amalgamated Company

38.2 It is hereby clarified that (i) Part C of this Scheme will take effect prior to Part D of this Scheme; and (iii) submission of this Scheme to the Tribunal and to the Governmental Authorities for their respective approvals is without prejudice to all rights, interests, titles or defenses that Parties may have under or pursuant to all Applicable Law.

38.3 On the approval of this Scheme by each class of shareholders of the Parties and such other classes of Persons of the Parties, if any, such classes of shareholders and classes of Persons shall also be deemed to have resolved and accorded all relevant consents under the Companies Act or under any contract, arrangement/agreement subsisting between such Persons and the Parties, for the Scheme and/or any action taken in terms of or pursuant to the Scheme.

39. EFFECT OF NON-SATISFACTION OF THE CONDITIONS/ NON-RECIPT OF APPROVALS/ SANCTIONS

39.1 In the event of any of the said approvals referred to in Clause 38 above not being obtained and/ or complied with and/ or satisfied and/ or this Scheme not being sanctioned by the Tribunal and/ or order or orders not being passed as aforesaid before the expiry of 24 (Twenty Four) months from the last of the dates of approval of the Scheme by the respective Boards of each of the Parties, any Party may terminate this Scheme and upon such termination this Scheme shall stand revoked, cancelled and be of no effect. Provided that, in case of non-satisfaction of any other conditions precedent, the Parties shall proceed in such manner as may be mutually agreed between them.

39.2 If any provision of this Scheme hereof is invalid, ruled illegal by the Tribunal, or unenforceable under present or future Applicable Laws, then such provision (so far as it is invalid or unenforceable) shall be severable from the remainder of the Scheme. Further, if the deletion of such part of this Scheme may cause this Scheme to become materially adverse to either any of the Parties, then in such case the Parties shall attempt to bring about a modification in the

Scheme, as will best preserve for the Amalgamated Company the benefits and obligations of the Scheme, including but not limited to such provision.

- 39.3 If any proposed modification/ amendment to this Scheme under Clause 36, materially adversely affects the interest of any of the Transferor Companies, Amalgamating Company or the Amalgamated Company, then such modification/ amendment shall not be binding on such affected Party, and such Party shall have the right to withdraw the Scheme.
- 39.4 Parties, acting jointly and not individually, shall be at liberty to withdraw the Scheme from the Tribunal, any time before the coming into effect of this Scheme.

40. COSTS, CHARGES AND EXPENSES

- 40.1 All costs, charges, Taxes including duties, levies and all other expenses, if any (save as expressly otherwise agreed), incurred by any of Parties in carrying out and implementing this Scheme and matters incidentals thereto, shall be respectively borne by such Parties, till the Effective Date.
- 40.2 All costs, charges, Taxes including duties, levies and all other expenses, if any (save as expressly otherwise agreed), incurred by any of Parties in carrying out and implementing this Scheme and matters incidentals thereto, after the Effective Date, shall be borne by the Amalgamated Company.

Subject: Recommendation of share exchange ratio

Dear Sir,

In accordance with the terms of our engagement, we have prepared a valuation report to recommend the fair share exchange ratio (the "Share Exchange Ratio") for the proposed amalgamation of Kurlon Enterprise Limited ("KEL") with Sheela Foam Limited ("SFL") on a going concern basis with effect from the appointed date (as defined in the scheme) ("**Proposed Amalgamation**"), as more particularly provided for in the Composite Scheme of Arrangement Belvedere International Limited ("**BIL**" or "**Transferor Company 1**"), Kanvas Concepts Private Limited ("**KCPL**" or "**Transferor Company 2**"), Kurlon Retail Limited ("**KRL**" or "**Transferor Company 3**"), Komfort Universe Products And Services Limited ("**KUPSL**" or "**Transferor Company 4**"), Starship Value Chain and Manufacturing Private Limited ("**SVC MPL**" or "**Transferor Company 5**"), Kurlon Enterprise Limited ("**KEL**" or "**Transferee Company**" or "**Amalgamating Company**") and Sheela Foam Limited ("**SFL**" or "**Amalgamated Company**" or "**Company**") and their respective shareholders and creditors (the "**Scheme**") as per the provisions of Section 230 to 232 and other applicable provisions of the Companies Act, 2013, as explained below.

Sheela Foam Limited ("SFL") is engaged in the business of manufacture flexible, semi-flexible and rigid Poly-Urethane Foam slabs and allied products and processing and fabrication thereof and mattresses and cushions upholstery material, manufacture of furniture; packing material and insulation material, molding of rigid Poly- Urethane for various shapes and size and manufacture of jackets and such other items by way of lamination of Poly-Urethane Foam with fabric and manufacture of products that may be allied or may be usefully combined with manufacture of any of the material mentioned above.

Kurlon Enterprise Limited ("KEL") is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

Pursuant to the Proposed Amalgamation and subject to necessary approvals, KEL (the "Transferee Company") is proposed to be merged into SFL (the "Amalgamated Company") with effect from **20th October, 2023 ("Appointed Date")**.

For this report, Transferee Company and Amalgamated Company are collectively referred to as the "Companies" (as of the valuation date).

We have been appointed by the management of "Sheela Foam Limited" or the "Amalgamated Company" and "Kurlon Enterprise Limited" or the "Amalgamating Company" as the Registered Valuer on **24th February 2024** to carry out equity share valuation of companies and to recommend the fair Share Exchange Ratio for the Proposed Amalgamation for the compliance of the requirements of Securities Exchange Board of India and the Companies Act, 2013.

For this valuation, we have carried out relative valuations of the Companies and the valuation is based on 'going concern' premise.

Our analysis and report are in conformity with the "**International Valuation Standards**" (IVS). In addition to the general standards/ guidelines issued by the ICSI RVO.

The report sets out our recommendation of the fair Share Exchange Ratio and discusses the methodologies and approach considered in the computation of the relative fair values of the Companies.

This report must be considered in the above-mentioned context only and is not an advisory document for any other purpose. The report may not be distributed, reproduced, or used, without our express written consent for any purpose other than mentioned above.

In rendering the advisory services, we reviewed and relied upon various materials/ information provided by the management and its advisors. Our report is based on the historical financial information provided to us by the management. Because of the limited purpose of this report, the financial information presented in this report may be incomplete and contain departures from generally accepted accounting principles. We have not audited, reviewed, or compiled the financial information provided by the management and express no assurance on it.

Based on our study and analytical review procedures, and subject to the limitations expressed within this report, the recommended fair Share Exchange Ratio for the Proposed Amalgamation of KEL with SFL, is:

"52 equity shares of SFL of INR 5 each fully paid up for every 100 equity shares of KEL of INR 5 each fully paid up."

We have no present or contemplated financial interest in SFL, KEL and their subsidiaries and/or associate companies. Our fees for this valuation are based upon our normal billing rates and are in no way contingent upon the results of our findings. We have no responsibility to update this report for events and circumstances occurring subsequent to the date of this report. This report is not to be copied or made available to any persons without the express written consent.

(Arunesh Kumar Dubey)
Registered Valuer (Securities or Financial Assets)
IBBI Registration No. IBBI/RV/03/2020/12786

ENGAGEMENT OVERVIEW

Arunesh Kumar Dubey, Valuer registered with Insolvency and Bankruptcy Board of India under Securities or Financial Assets class, has been engaged to prepare and deliver a report for recommendation of share exchange ratio (hereinafter referred to as "Fair Equity Share Exchange Ratio") for the Proposed Amalgamation of Kurlon Enterprise Limited into Sheela Foam Limited (hereinafter jointly referred to as "Companies") on going concern basis. Accordingly, Registered Valuer has prepared the report on the recommendation of fair equity share exchange ratio for Proposed Amalgamation.

A. PURPOSE AND SCOPE

The purpose of this report is to arrive at the proposed Share Exchange Ratio to be computed based on the relative valuation of the equity shares of the Companies as of the Valuation Date to comply with the valuation requirements of Securities Exchange Board of India and the Companies Act, 2013 with respect to the Proposed Amalgamation of the Companies.

The scope of services includes conducting relative valuation (not absolute valuation) of the equity shares of the Companies without considering the effect of Proposed Amalgamation and to provide a recommendation on Shares Exchange Ratio.

B. PREMISE OF VALUE

The present valuation of the company is undertaken by **Going Concern** (the company will continue to operate in future and earn cash flows).

C. RELEVANT DATE AND VALUATION DATE

For Sheela Foam Limited Relevant date is 28th March, 2024
For Kurlon Enterprise Limited Valuation date is 31st December, 2023

D. CONFLICT OF INTEREST

The Valuer is not related to the Company or its promoters or its director or their relatives, the valuer has not any interest or conflict of interest with respect to the valuation under consideration

E. VALUATION STANDARD

We have prepared our report as per the **International Valuation Standards (IVS)**

F. SCOPE LIMITATIONS, ASSUMPTIONS, QUALIFICATIONS, EXCLUSIONS AND DISCLAIMERS

This report is subject to the scope limitations detailed hereinafter. As such the report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein and in the context of the purpose for which it is made. Further our report on recommendation of fair equity share exchange ratio is in accordance with International Valuation Standards

- This report has been prepared for board of directors of the Companies solely for the purpose of recommending a fair Share Exchange Ratio for the Proposed Amalgamation.
- Valuation is not a precise science, and the conclusions arrived at will be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single value. While we have provided an assessment of value by applying certain formulae which are based on the information available, others may place a different value
- The Management has represented that the Companies have clear and valid title of assets. No investigation on the Companies' claim to title of assets has been made for the purpose of this valuation and their claim to such rights has been assumed to be valid.
- The draft of the present report (excluding the recommended fair equity share exchange ratio) was circulated to the management to confirm the facts stated in the report and to confirm that the information or facts stated are not erroneous.
- For this exercise, we were provided with both written and verbal information including information detailed in the section 'Sources of Information' of this report. Further, the responsibility for the accuracy and completeness of the information provided to us by the Companies/auditors/consultants is that of the Companies. Also, with respect to explanations and information sought from the Companies, we have been given to understand by the Management that they have not omitted any relevant and material factors about the Companies. The Management has indicated to us that they have understood that any omissions, inaccuracies, or misstatements by the Management may materially affect our valuation analysis/conclusions.
- Our work does not constitute an audit, due diligence or certification of the information referred to in this report including information sourced from public domain. Accordingly, we are unable to and do not express an opinion on the fairness or accuracy of any information referred to in this report and the consequential impact on the present exercise. However, nothing has come to our attention to indicate that the information provided/obtained was materially misstated/incorrect or would not afford reasonable grounds upon which to base the report.
- Valuation analysis and results are specific to the purpose of valuation and the valuation date mentioned in the report as agreed with the Management.
- Our recommendation is based on the estimates of future financial performance as projected by the Management, which represents their view of reasonable expectation at the point of time when they were prepared, after giving due considerations to commercial and financial aspects of the Companies and the industry in which the Companies operate. But such information and estimates are not offered as assurances that a particular level of income or profit will be achieved, or events will occur as predicted. As part of our evaluation process, we have evaluated the reasonableness of the projections prepared by the Management and had discussion with the Management to understand the basis and assumptions for the preparation of projections. Actual results achieved during the period covered by the prospective financial statements may vary from those contained in the statement and the variation may be material. The fact that we have considered the projections in this exercise of valuation should not be construed or taken as being associated with or a party to such projections
- A valuation of this nature involves consideration of various factors including those impacted by prevailing market trends in general and industry trends in particular. This report is issued on the understanding that Management has drawn our attention to all the matters, which they are aware of concerning the financial position of the Companies and any other

matter, which may have an impact on our opinion, on the fair value of the shares of the Companies including any significant changes that have taken place or are likely to take place in the financial position of the Companies. Events and transactions occurring after the date of this report may affect the report and assumptions used in preparing it and we do not assume any obligation to update, revise or reaffirm this report.

- The fee for the engagement and this report is not contingent upon the results reported. We have no present or contemplated financial interest in any of the Companies.
- Our report is not, nor should it be construed as opining or certifying the compliance of the proposed transaction with the provisions of any law including companies, competition, taxation (including transfer pricing) and capital market related laws or as regards any legal implications or issues arising in India or abroad from such Proposed Amalgamation.
- Any person/party intending to provide finance/invest in the shares/convertible instruments/business of the Companies shall do so after seeking their own professional advice and after carrying out their own due diligence procedures to ensure that they are making an informed decision.
- The decision to carry out the transaction (including consideration thereof) lies entirely with the Management and our work, and our finding shall not constitute a recommendation as to whether or not the Management should carry out the transaction.
- This report is meant only for the purpose mentioned in the report and should not be used for any purpose other than the purpose mentioned therein. It is exclusively for the use of the Companies and for submission to any regulatory/statutory authority as may be required under any law. This report should not be copied or reproduced without obtaining our prior written approval for any purpose other than the purpose for which it is prepared. In no event, regardless of whether consent has been provided, shall we assume any responsibility to any third party to whom the report is disclosed or otherwise made available.
- Neither valuer, nor our partners and employees make any representation or warranty, express or implied, as to the accuracy, reasonableness or completeness of the information based on which the valuation is carried out. All such parties expressly disclaim any and all liability for/or based on or relating to any such information contained in the valuation.

G. SCOPE OF ANALYSIS

Our expression of the recommendation of the fair Share Exchange Ratio based on the relative fair values of the Companies is supported by all procedures that we deem to be relevant. We have obtained sufficient information and relied on the data, facts, information, documents and explanations as authenticated, and provided to us by the Management. Our recommendation is based on the information listed below.

- Proposed Scheme of Arrangement
- Consolidated Provisional financial statements of Kurlon Enterprise Limited (Amalgamating Company) for the period 01st April 2023 to 31st December 2023 and next ten years consolidated projections and
- Other information provided as well as discussions held with the management and other personnel of the Companies; and
- Published and secondary sources of data whether or not made available by the Companies.

- Representations given by the management are either written or oral from time to time.
- Supporting data, copies of source documents and other pertinent information supporting our opinion of value are maintained in our files.
- The Company has been provided with an opportunity to review the draft report as part of my standard practice to make sure the factual inaccuracies/ omissions are avoided in my report.

H. COMPANIES OVERVIEW:

1. **Sheela Foam Limited** ("SFL") was incorporated as a public limited company on June 18, 1971, under the provisions of the Companies Act, 2013 with corporate identification number L74899DL1971PLC005679 and having its registered office situated at 604 Ashadeep, 9 Hailey Road, New Delhi, India, 110001 ("hereinafter referred to as "**Amalgamated Company**").

The equity shares of SFL are listed on BSE Limited ("**BSE**") and National Stock Exchange of India Limited ("**NSE**") (collectively hereinafter referred to as "Stock Exchanges").

SFL is engaged in the business of manufacture flexible, semi-flexible and rigid Poly-Urethane Foam slabs and allied products and processing and fabrication thereof and mattresses and cushions upholstery material, manufacture of furniture; packing material and insulation material, molding of rigid Poly- Urethane for various shapes and size and manufacture of jackets and such other items by way of lamination of Poly-Urethane Foam with fabric and manufacture of products that may be allied or may be usefully combined with manufacture of any of the material mentioned above.

Shareholding Pattern

The shareholding pattern of SFL as on the Valuation Date is provided in the table below.

| Sheela Foam Limited | | |
|---|-----------------|----------------------|
| Shareholding Pattern as on Valuation Date | | |
| Name of shareholders | Category | No. of Shares |
| Tushaar Gautam | Promoter | 34172628 |
| Rahul Gautam | Promoter | 12418970 |
| Namita Gautam | Promoter Group | 11431758 |
| Rangoli Resorts Private Limited | Promoter | 13150818 |
| Public | Public | 37523167 |

2. **Kurlon Enterprise Limited ("KEL")** was incorporated as a public limited company on October 03, 2011, under the provisions of the Companies Act, 2013 with corporate identification number U36101MH2011PLC222657 and having its registered office situated at #1002/1006, The Avenue, International A Opp. Hotel Leela, Andheri (East), Mumbai, Maharashtra, India, 400059 ("hereinafter referred to as **Transferee Company**" or the "**Amalgamating Company**"). KEL is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

| Kurlon Enterprise Limited Shareholding Pattern as on Valuation Date | | |
|---|----------------|---------------|
| Name of shareholders | Category | No. of Shares |
| Sheela Foam Limited | Listed Company | 35545951 |
| Public | Public | 1006310 |

3. **Belvedere International Limited ("BIL")** was incorporated as a public limited company on December 21, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U52520KA2020PLC142418 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 1**"). BIL is a wholly owned subsidiary of KEL. BIL is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, manufacturing, or supplying, trading, dealing in any manner whatsoever in all type of goods including mattresses, pillows, furniture and other related products and services of international brands on retail and B2B basis in India.
4. **Kanvas Concepts Private Limited ("KCPL")** was incorporated as a private limited company on September 22, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U74999KA2020PTC138867 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 2**"). KCPL is a wholly owned subsidiary of KEL. KCPL is engaged in the business of interiors & exteriors of Homes, stage designer, furnishing, designing, decorating, renovating and remodeling of bungalows, houses, shops, show rooms, complexes, apartments, offices, hotels, restaurants and other commercials and residential houses and for the purpose to act as organizer, consultant, advisor, trader, buyer, seller, supervisor, surveyor, broker, agent and to do all other incidental acts and things necessary for the attainment of the above objects.

5. **Kurlon Retail Limited ("KRL")** was incorporated as a public limited company on August 31, 2012, under the provisions of the Companies Act, 2013 with corporate identification number U36104KA2012PLC065664 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 3**"). KRL is a wholly owned subsidiary of KEL. KRL is engaged in the business of buying, selling, storing, promoting, marketing, supplying, trading, and dealing in mattresses, pillow, sofa, and furniture on retail in India

6. **Komfort Universe Products and Services Limited ("KUPSL")** was incorporated as a public limited company on January 18, 2021, under the provisions of the Companies Act, 2013 with corporate identification number U52520KA2021PLC143244 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 4**"). KUPSL is a wholly owned subsidiary of KEL. KUPSL is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, supplying dealing, and trading of semi-finished goods (SFG), foam products, RC Pads, EPE Products and other related products and services on B2B basis in India and outside India.

7. **Starship Value Chain and Manufacturing Private Limited ("SVC MPL")** was incorporated as a private limited company on October 09, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U36900KA2020PTC139535 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 5**"). SVC MPL is a wholly owned subsidiary of KEL. SVC MPL is engaged in the business as manufacturer, designers, buyers, sellers, importers, exporters, workers, transporters, suppliers of all types of home comfort products, home décor items including furniture mattresses, pillows, cushions, perfumers on retail and manufacture of all types of furniture equipment appliances for domestic, office, industrial as well as on wholesale basis in India as well as outside India

I. SCHEME OVERVIEW

Composite Scheme of Arrangement ("Scheme") provides for:

- (i) Amalgamation of Transferor Company 1, Transferor Company 2, Transferor Company 3, Transferor Company 4, Transferor Company 5 (collectively hereinafter referred to as the Transferor Companies), respectively into Transferee Company, with effect from the Appointed Date (as mentioned in the scheme) and the consequent dissolution of the Transferor Companies without being wound up and (ii) Amalgamation of Amalgamating Company with Amalgamated Company with effect from the Appointed Date (as mentioned in the scheme) and the consequent dissolution of the Amalgamating Company without being wound up; and issuance of the shares New Equity Shares to the equity shareholders of Amalgamating Company in accordance with Share Exchange Ratio, pursuant to section 230-232 and other relevant provisions of the Companies Act, 2013.

Rational of Scheme:

The rationale for the Composite Scheme of Amalgamation is set out below:

- (a) The Amalgamating Company, along with Transferor Companies, has been the second largest mattress manufacturer, with leadership position in southern and eastern parts of the country, apart from sizeable presence in other parts. Also, the Amalgamating Company is approximately 70-year-old company with a very strong brand

The Board of Directors of the Amalgamated Company in its meeting held on July 17, 2023, had approved the acquisition of the Amalgamating Company, along with Transferor Companies, with a view to further strengthen the leadership position in the mattress and foam segments across the country.

The intent of acquisition of the Amalgamating Company, along with Transferor Companies was always to run all the companies, as one-operation going forward i.e. subsequently amalgamate the companies into a single entity

The Scheme would *inter-alia* have the following benefits

- (a) Procurement synergies arising on account of higher volume discounts, and ability to negotiate best possible prices;
- (b) Deeper manufacturing footprint, as materials of both the business can be made in any plant location, resulting in enhanced efficiency as well as reduction in servicing time;

- (c) Rationalization of logistic costs considering the combined volume;
 - (d) Open-up the door for a new sales channel strategy, enhancing penetration/coverage and leading to better sales;
 - (e) Structured, sharper and better management focusing on holistic growth of the businesses;
 - (f) Optimum and efficient utilization of resources and sharing of ancillary facilities,
 - (g) Common governance structure and effective management of compliances,
 - (h) Enhancing shareholder value and leveraging on synergies in doing the business; and
 - (i) Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency
- (b) Given the above, and similarity in nature of businesses of the Transferor Companies, the Amalgamating Company and the Amalgamated Company, it is proposed to merge the Transferor Companies with Amalgamating Company (pursuant to Part C of this Scheme) and (post Part C comes into effect) merge the Amalgamating company with Amalgamated Company (pursuant to Part D of this Scheme). The merger shall result in greater business synergies and reduced administrative and other costs.

J. VALUATION APPROACH AND METHODOLOGY

To value the Companies, we considered three approaches to valuation, as provided under the IVS - Valuation Approaches and Methods: the market approach, the income approach, and the asset approach. We have reviewed and analyzed several methods and their results to determine which methods would generate the most reasonable opinion of value of their operations as on the Valuation Date. A description of the approaches used, and the approaches considered but not used are included within this report.

There is no single definition of the term 'Value' that is suitable for all purposes or at all times. The value of a particular asset may vary according to different valuation methodologies that are adopted to ascertain the value for a specific purpose. Valuation of securities is an inexact science. It may sometimes involve a set of judgments and assumptions that may be subject to certain uncertainties.

Both internal and external factors which influence the value of the Companies have been reviewed, analyzed, and interpreted. Internal factors included the financial position and results of operations. External factors included, among other things, the status of the economy and the position of the Companies relative to the industry.

The objective of the valuation process is to make the best reasonable judgement of the value of the shares of the Company.

A brief explanation of each valuation approach is provided below.

Income Approach:

The income approach provides an estimate of the present value of the monetary benefits expected to flow to the owners of the business. It requires the projection of the cash flows that the business is expected to generate. These cash flows are then converted to their present value by means of discounting, using a rate of return that accounts for the time value of money and the appropriate degree of risk in the investment. The value of the business is the sum of the discounted cash flows.

Market Approach

The market approach considers actual arm's-length transactions for which the market value of investments alternative to the subject company can be observed. The value of a company or an ownership interest in the company can be estimated by developing relevant multiples for the comparative companies that relate value to underlying revenue, earnings, or cash flow variable, and then applying these multiples to the comparable underlying revenue, earnings, or cash flow variable for the subject company. The value multiples can be derived from guideline public company and guideline transactions of the publicly traded company or private companies.

Cost (Asset-Based) Approach

The asset-based (net underlying assets) approach is a form of the cost approach. The values of the individual assets (i.e., current, fixed, and intangible) of the business are estimated. The sum of the individual asset values represents the total asset value of the enterprise. The enterprise's liabilities related to working capital are deducted to arrive at an indication of value for the invested capital of the business. Because the cost approach does not always reflect the full value of intangible assets, it is often not appropriate to value an operating business completely on the basis of this approach without giving weights to other valuation methods. The cost approach may be relevant to the value of an operating business that is not sufficiently profitable and whose "breakup" values may be greater than its going concern value.

K. RECOMMENDATION OF FAIR EQUITY SHARE EXCHANGE RATIO

As on the valuation date, as per Composite Scheme of Arrangement ("Scheme") of Amalgamation of Amalgamating Company with Amalgamated Company with effect from the Appointed Date (as mentioned in the scheme) and the consequent dissolution of the Amalgamating Company without being wound up; and issuance of the shares New Equity Shares to the equity shareholders of Amalgamating Company in accordance with Share Exchange Ratio, pursuant to section 230-232, and other relevant provisions of the Companies Act, 2013.

The fair basis for recommending the Share Exchange Ratio for the Proposed Amalgamation of KEL with SFL is dependent upon various factors and considerations mentioned here in this report. Though different values have been arrived at under different methods, for the purpose of recommending a ratio of exchange it is necessary to arrive at a single value for the shares of the companies. It is however important to note that in doing so, we are not attempting to arrive at the absolute values of the shares of each company. Our exercise is to work out relative value of shares of the Companies to facilitate the determination of the fair Share Exchange Ratio.

For this purpose, it is necessary to give appropriate weightage to the values arrived at under each approach.

We have independently applied approaches / methods discussed above, as considered appropriate and arrived at their assessment of the relative values per equity share of the Companies. To arrive at the fair share exchange ratios for the Proposed Amalgamation, suitable minor adjustments / rounding off have been made in the relative values arrived.

The fair equity share exchange ratio has been arrived based on a relative valuation of equity shares of the Companies based on the approaches explained herein and various qualitative factors relevant to the companies and the business dynamics and growth potential of the businesses, having regard to information base, management representation and perceptions, key underlying assumptions, and limitations.

In the ultimate analysis, valuation will have to involve the exercise of judicious discretion and judgement considering all the relevant factors. There will always be several factors, e.g. present and prospective competition, yield on comparable securities and market sentiments, etc. which are not evident from the face of the balance sheets, but which will strongly influence the worth of a share.

In light of the above and on consideration of all the relevant factors and circumstances as discussed and outlined hereinabove in this report, we recommend the following fair equity share exchange ratio for the Proposed Amalgamation, whose computation as required is as under:

The calculation of fair Share Exchange Ratio of SFL and KEL is presented in Exhibit I.

Exhibit 1
SHEELA FOAM LIMITED
KURLON ENTERPRISE LIMITED
Computation of Fair Share Exchange Ratio

| Valuation Approaches | Sheela Foam Limited (1) | | Kurlon Enterprise Limited (2) | |
|-------------------------------|----------------------------|--------|----------------------------------|--------|
| | Value per Share | Weight | Value per Share | Weight |
| Asset Approach | NA | 0% | NA | 0% |
| Income Approach | NA | 0% | 591.80 | 100% |
| Market Approach | 1137.99 | 100% | NA | 0% |
| Relative fair Value Per Share | 1137.99 | 100% | 591.80 | 100% |
| Exchange Ratio Rounded | | | 0.52 | |

L. CONCLUSION

Based on our study and analytical review procedures, and subject to the limitations expressed within this report, the recommended fair Share Exchange Ratio for the Proposed Amalgamation of KEL with SFL, is:

"52 equity shares of SFL of INR 5 each fully paid up for every 100 equity shares of KEL of INR 5 each fully paid up."

 Registered Valuer (Securities and Financial Assets)
 IBBI Registration No. IBBI/RV/03/2020/12786

NOTES TO EXHIBIT 1:**(1) Sheela Foam Limited:****Asset Approach:**

As of the Valuation Date, SFL is intended to be continued on a going concern basis and there is no intention to dispose-off the assets/business. Accordingly, the asset approach was not used for the valuation of SFL.

Income Approach:

As SFL is listed on BSE and NSE under the ticker "SFL" and is frequently traded therefore Income approach was not used for the valuation of SFL.

Market Approach:

As previously discussed, SFL is listed on BSE and NSE under the ticker "SFL". As of the Valuation Date, SFL is actively traded on stock exchanges.

According to Section 164(1) of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, ("ICDR") for issuers that have been listed on a recognized stock exchange for a period of 90 days or more as on the relevant date, the price of equity shares to be allotted pursuant to the preferential issue shall not be less than higher of the following:

- The 90 trading days' Volume Weighted Average Price ("VWAP") of related equity shares quoted on the recognized stock exchange preceding the relevant date.
- The 10 trading days' VWAP of related equity shares quoted on the recognized stock exchange preceding the relevant date.

Based on the guidance given in the ICDR regulations for determining the share price, we have calculated the per share value of SFL based on the formula of 90 days / 10 days VWAP.

As presented above, only the market approach is considered.

(2) Kurlon Enterprise Limited:**Asset Approach:**

As of the Valuation Date, KEL is intended to be continued on a going concern basis and there is no intention to dispose of the assets/business. Accordingly, an asset approach was not used for the valuation of KEL.

Income Approach:

Given the nature of the business of KEL and based on the multi-year projections provided by the Management, we have applied an income approach to compute the fair value of KEL.

Market Approach:

Company not listed on any stock exchange and also due to the non-existence of comparable listed companies at this stage therefore Market Approach has not been considered by us.

APPENDIX A

VALUATION OF EQUITY SHARE OF SHEELA FOAM LIMITED

For Sheela Foam Limited (Amalgamated Company) valuation has been done based on following methodologies

| SHEELA FOAM LIMITED | | | |
|---------------------|-----------------|--------|---------------------------|
| Valuation Approach | Value per Share | Weight | Weightage Value per share |
| Asset Approach | --- | 0% | 0.00 |
| Income Approach | --- | 0% | 0.00 |
| Market Approach | 1137.99 | 100% | 1137.99 |
| Total | | | 1137.99 |

APPENDIX B

VALUATION OF EQUITY SHARE OF KURLON ENTERPRISE LIMITED

For Kurlon Enterprise Limited (Amalgamating Company) valuation has been done based on following methodologies

| KURLON ENTERPRISE LIMITED | | | |
|---------------------------|-----------------|--------|---------------------------|
| Valuation Approach | Value per Share | Weight | Weightage Value per share |
| Asset Approach | --- | 0% | 0 |
| Income Approach | 591.80 | 100% | 591.80 |
| Market Approach | --- | 0% | 0 |
| Total | | | 591.80 |

APPENDIX C

COMPUTATION OF ISSUE PRICES AND HISTORICAL TRADED VOLUME OF
SHEELA FOAM LIMITED

| Valuation using the Market Price ("MP") method - Market Approach of Sheela Foam Limited | | | |

- h) The Amalgamated Company shall, upon the Scheme becoming effective and with effect from Appointed Date, record the assets, liabilities and reserves, if any, of the Amalgamating Company vested in it pursuant to this Scheme, at the respective book values and in the same form as appearing in the Consolidated financials of Amalgamated Company.
- i) During the period between the approval of the Scheme by the respective Boards of the Transferor Companies, Amalgamating Company and the Amalgamated Company and up to the Effective Date (as defined in the Scheme), the businesses of the Transferor Companies, Amalgamating Company and the Amalgamated Company shall be carried out with reasonable diligence and business prudence in the ordinary course consistent with past practice.
- j) The effectiveness of the scheme is contingent upon certain conditions as mentioned in the Scheme.

3. Proposed Scheme

3.1. Need for the amalgamation and rationale of the scheme:

The Amalgamating Company, along with Transferor Companies, has been the second largest mattress manufacturer, with leadership position in southern and eastern parts of the country, apart from sizeable presence in other parts. Also, the Amalgamating Company is approximately 65-year-old company with a very strong brand.

The Board of Directors of the Amalgamated Company in its meeting held on July 17, 2023, had approved the acquisition of the Amalgamating Company, along with Transferor Companies, with a view to further strengthen the leadership position in the mattress and foam segments across the country.

The intent of acquisition of the Amalgamating Company, along with Transferor Companies was always to run all the companies, as one-operation going forward i.e. subsequently amalgamate the companies into a single entity.

The Scheme would *inter-alia* have the following benefits:

- (a) Procurement synergies arising on account of higher volume discounts, and ability to negotiate best possible prices;
- (b) Deeper manufacturing footprint, as materials of both the business can be made in any plant location, resulting in enhanced efficiency as well as reduction in servicing time;
- (c) Rationalization of logistic costs considering the combined volume;
- (d) Open-up the door for a new sales channel strategy, enhancing penetration/coverage and leading to better sales;
- (e) Structured, sharper and better management focusing on holistic growth of the businesses;
- (f) Optimum and efficient utilization of resources and sharing of ancillary facilities;
- (g) Common governance structure and effective management of compliances;
- (h) Enhancing shareholder value and leveraging on synergies in doing the business; and

CIN-L74899DL1971PLC005679

Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency.

Given the similarity in nature of businesses of the Transferor Companies, the Amalgamating Company and the Amalgamated Company, it is proposed to merge the Transferor Companies with Amalgamating Company (pursuant to Part C of this Scheme) and (post Part C comes into effect) merger the Amalgamating company with Amalgamated Company (pursuant to Part D of this Scheme). The merger shall result in greater business synergies and reduced administrative and other costs.

3.2 Synergies of the business of the entities involved in the Scheme:

The Committee reviewed the Scheme and noted that the Scheme would result in further consolidate of the SFL position in the foam and mattresses business where it has already established a leadership position. The Scheme also ensures simplified and streamlined group structure. It helps in achieving reduction in overall operational and compliance costs.

3.3 Impact of the Scheme on the shareholders

- (a) The Scheme is expected create value for stakeholders including respective shareholders, customers, lenders and employees as the combined business would benefit from increased scale, product diversification and expanded reach with increased ability to growth opportunities, higher cross selling opportunities to a larger base of customers, improvement in productivity and operational efficiencies amongst others;
- (b) The Scheme is expected to be beneficial to the shareholders of the Amalgamated Company leading to opportunity for growth and value creation in the long run and maximizing the value and returns to the shareholders, achieving cost and operational efficiencies;
- (c) It is expected to provide greater efficiency in cash management and unfettered access to cash flow generated by the combined business, which can be deployed more efficiently, to maximise shareholder value;
- (d) In consideration for the amalgamation of the Amalgamating Company with the Amalgamated Company, the shareholders of the Amalgamating Company, as on the Specified Date (as defined in the Scheme) shall receive new equity shares of the Amalgamated Company. Further, the rights and interests of the shareholders of the Amalgamated Company will not be prejudicially affected by the Scheme, and there will be no change in the economic interest of the shareholders of the Amalgamated Company, before and after the Scheme. The equity shares to be issued by the Amalgamated Company to the shareholders of the Amalgamating Company pursuant to the Scheme shall rank pari passu in all respects with the existing equity shares of the Amalgamated Company;
- (e) The shareholders of the Amalgamated Company will continue to be the shareholders of the Company;

CIN-L74899DL1971PLC005679

- (f) Upon the Scheme becoming effective, the Amalgamating Company shall be dissolved without being wound up and the shareholders of the Amalgamating Company shall become shareholders of the Amalgamated Company;
- (g) After the effectiveness of the Scheme and subject to the receipt of regulatory approvals, the equity shares of the Amalgamated Company issued as consideration pursuant to the Scheme, shall be listed on BSE Limited and the National Stock Exchange of India Limited.

3.4 Cost benefit analysis of the Scheme

The Scheme is expected to provide an opportunity to improve the economic value for the companies involved in the Scheme and their shareholders, in view of the consolidation of the businesses. This is primarily on account of various cost and operational synergies which are expected to accrue to the Amalgamated Company on account of the Scheme and more particularly detailed out in the aforesaid paragraphs. While the Scheme would lead to incurring of some costs towards its implementation; however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Amalgamated Company.

4 Valuation Report and Fairness Opinion

The Audit Committee reviewed the:

- the Valuation Report along with the summary thereof and noted the method of valuation; and
- the Fairness Opinion.

5 Recommendation of the Audit Committee

The Audit Committee has taken on record the Share Swap Ratio Report and the Fairness Opinion and the recommendations made therein.

Taking into consideration the draft Scheme, Share Swap Ratio Report, Fairness Opinion and Certificate(s) issued by Statutory Auditors of the Amalgamated Company, need for the amalgamation and rationale of the Scheme, synergies of the business of the companies, impact of the Scheme on the shareholders, cost benefit analysis of the Scheme and other documents placed before the Audit Committee, the Audit Committee recommends the draft Scheme for the favourable consideration and approval by the Board of Directors of the Amalgamated Company.

Notice to Reader

Navigant Corporate Advisors Limited ("Navigant" / "NCAL" or "Authors of the Report") is a SEBI registered 'Category I' Merchant Banker in India and was engaged by Board of Directors of **SHEELA FOAM LIMITED** ("**SFL**" or "**Amalgamated Company**") to prepare an Independent Fairness Opinion Report ("**Report**") with respect to providing an independent opinion and assessment as to Fairness of Valuation Report and Swap Ratio determined by **Arunesh Kumar Dubey, Registered Valuer (SFA)** ("**Valuer**" / "**Independent Valuer**") an Independent Valuer for the purpose of intended proposed Merger of Belvedere International Limited ("**BIL**" or "Transferor Company 1"), Kanvas Concepts Private Limited ("**KCPL**" or "Transferor Company 2"), Kurlon Retail Limited ("**KRL**" or "Transferor Company 3"), Komfort Universe Products And Services Limited ("**KUPSL**" or "Transferor Company 4"), Starship Value Chain and Manufacturing Private Limited ("**SVC MPL**" or "Transferor Company 5"), respectively into Kurlon Enterprise Limited ("**KEL**" or "Transferee Company" or "Amalgamating Company"), with effect from the Appointed Date (as defined in the Scheme) and the consequent dissolution of the Transferor Companies without being wound up and (ii) Amalgamation of Amalgamating Company with Sheela Foam Limited ("**SFL**" or "Amalgamated Company" or "Company") with effect from the Appointed Date (as defined in the Scheme) and the consequent dissolution of the Amalgamating Company without being wound up; and issuance of the New Equity Shares (as defined in the Scheme) to the equity shareholders of Amalgamating Company in accordance with Share Exchange Ratio (as defined in the Scheme), pursuant to section 230-232, and other relevant provisions of the Companies Act, in the matter provided for in this Scheme.

SFL and BIL, KCPL, KRL, KUPSL, SVC MPL, KEL are collectively referred to as "Companies".

The Report has been prepared on the basis of the review of information provided to Navigant and specifically the Report on Swap Ratio (hereinafter referred as Valuation Report) prepared by Valuer as an Independent Valuer. The Report does not give any valuation or suggest any Swap Ratio; however, this Report is limited to provide its Fairness Opinion on the Valuation Report.

The information contained in this Report is selective and is subject to updations, expansions, revisions and amendments. It does not purport to contain all the information recipients may require. No obligation is accepted to provide recipients with access to any additional information or to correct any inaccuracies which might become apparent.

This Report is based on data and explanations provided by the Management and certain other data culled out from various websites believed to be reliable. Navigant has not independently verified any of the information contained herein. Neither the Company nor Navigant, nor affiliated Bodies Corporate, nor the Directors, Shareholders, Managers, Employees or Agents of any of them, makes any representation or warranty, express or implied, as to the accuracy, reasonableness or completeness of the information contained in the Report. All such Parties and Entities expressly disclaim any and all liability for or based on or relating to any such information contained in, or errors in or omissions from, this Report or based on or relating to the Recipients' use of this Report.

Date: 28th March, 2024

To,

SHEELA FOAM LIMITED

604 Ashadeep, 9 Hailey Road, New Delhi, New Delhi, Delhi, India, 110001

Dear Members of the Board,

Engagement Background

We understand that the Board of Directors of Belvedere International Limited (“BIL”), Kanvas Concepts Private Limited (KCPL), Kurlon Retail Limited (KRL), Komfort Universe Products And Services Limited (KUPSL), Starship Value Chain And Manufacturing Private Limited (SVCMLP), Kurlon Enterprise Limited (KEL) and **SHEELA FOAM LIMITED (“SFL” or “Amalgamated Company”)** are considering a Scheme of Arrangement between BIL, KCPL, KRL, KUPSL, SVCMLP, KEL and SFL and their respective Shareholders and Creditors (“the Scheme”) under the provisions of Sections 230 to 232 of the Companies Act, 2013, as may be applicable, and also read with Section 2(1B) and other relevant provisions of the Income-tax Act, 1961, as may be applicable, for Merger of BIL, KCPL, KRL, KUPSL, SVCMLP, KEL into SFL on a going concern basis.

We understand that the Valuation as well as the Swap Ratio thereof is based on the Valuation Report dated 28th March, 2024 issued by Arunesh Kumar Dubey, **Registered Valuer (SFA) (“Valuer”/ “Independent Valuer”)** (IBBI Registration No. **IBBI/RV/03/2020/12786**).

We, Navigant Corporate Advisors Limited, a SEBI registered Category-I Merchant Banker, have been engaged by SFL to give a Fairness Opinion (“Opinion”) on Valuation Report dated 28th March, 2024 issued by Arunesh Kumar Dubey, **Registered Valuer (SFA) (“Valuer”/ “Independent Valuer”)** (IBBI Registration No. **IBBI/RV/03/2020/12786**).

Background of the Companies

Belvedere International Limited (“BIL”) was incorporated as a public limited company on December 21, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U52520KA2020PLC142418 and having its registered office situated at N-301, 3rd Floor, North Block Manipl Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 (“hereinafter referred to as **Transferor Company I**”). BIL is wholly owned subsidiary of KEL. BIL is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, manufacturing or supplying, trading, dealing in any manner whatsoever in all type of goods including mattresses, pillows, furniture and other related products and services of international brands on retail and B2B basis in India.

Kanvas Concepts Private Limited ("**KCPL**") was incorporated as a private limited company on September 22, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U74999KA2020PTC138867 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 2**"). KCPL is wholly owned subsidiary of KEL. KCPL is engaged in the business of interiors & exteriors of Homes, stage designer, furnishing, designing, decorating, renovating and remodeling of bungalows, houses, shops, show rooms, complexes, apartments, offices, hotels, restaurants and other commercials and residential houses and for the purpose to act as organizer, consultant, advisor, trader, buyer, seller, supervisor, surveyor, broker, agent and to do all other incidental acts and things necessary for the attainment of the above objects.

Kurlon Retail Limited ("**KRL**") was incorporated as a public limited company on August 31, 2012, under the provisions of the Companies Act, 2013 with corporate identification number U36104KA2012PLC065664 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 3**"). KRL is wholly owned subsidiary of KEL. KRL is engaged in the business of buying, selling, storing, promoting, marketing, supplying, trading and dealing in mattresses, pillow, sofa and furniture on retail in India.

Komfort Universe Products and Services Limited ("**KUPSL**") was incorporated as a public limited company on January 18, 2021, under the provisions of the Companies Act, 2013 with corporate identification number U52520KA2021PLC143244 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 4**"). KUPSL is wholly owned subsidiary of KEL. KUPSL is engaged in the business of buying, selling, reselling, importing, exporting, transporting, storing, promoting, marketing, supplying, dealing and trading of semi-finished goods (SFG), foam products, RC Pads, EPE Products and other related products and services on B2B basis in India and outside India.

Starship Value Chain and Manufacturing Private Limited ("**SVCMP**") was incorporated as a private limited company on October 09, 2020, under the provisions of the Companies Act, 2013 with corporate identification number U36900KA2020PTC139535 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 ("hereinafter referred to as **Transferor Company 5**"). SVCMP is wholly owned subsidiary of KEL. SVCMP is engaged in the business as manufacturer, designers, buyers, sellers, importers, exporters, workers, transporters, suppliers of all types of home comfort products, home décor items including furniture, mattresses, pillows, cushions, perfumers on retail and manufacture of all types of furniture equipment appliances for domestic, office, industrial as well as on wholesale basis in India as well as outside India.

Kurlon Enterprise Limited (“**KEL**”) was incorporated as a public limited company on October 03, 2011, under the provisions of the Companies Act, 2013 with corporate identification number L74899DL1971PLC005679 and having its registered office situated at N-301, 3rd Floor, North Block Manipal Centre 47 Dickenson Road, Bangalore, Bangalore, Karnataka, India, 560042 (“hereinafter referred to as “**Amalgamating Company**”). KEL is engaged in the business of manufacturing/trading in diverse areas such as rubberized coir, latex foam, polyurethane foam, bonded foam, pillows, spring mattresses, furniture, furnishings, sofas etc.

Sheela Foam Limited (“**SFL**”) was incorporated as a public limited company on May 18, 1971, under the provisions of the Companies Act, 2013 with corporate identification number L74899DL1971PLC005679 and having its registered office situated at 604 Ashadeep, 9 Hailey Road, New Delhi, New Delhi, Delhi, India, 110001 (“hereinafter referred to as “**Amalgamated Company**”). The equity shares of SFL are listed on BSE Limited (“**BSE**”) and National Stock Exchange of India Limited (“**NSE**”) (collectively hereinafter referred to as “**Stock Exchanges**”). SFL is engaged in the business of manufacture flexible, semi-flexible and rigid Poly-Urethane Foam slabs and allied products and processing and fabrication thereof and mattresses and cushions upholstery material, manufacture of furniture; packing material and insulation material, moulding of rigid Poly- Urethane for various shapes and size and manufacture of jackets and such other items by way of lamination of Poly-Urethane Foam with fabric and manufacture of products that may be allied or may be usefully combined with manufacture of any of the material mentioned above.

Transaction Overview and Rational

It is proposed to amalgamate BIL, KCPL, KRL, KUPSL, SVC MPL, KEL into SFL. This arrangement would inter alia have the following benefits:

- Procurement synergies arising on account of higher volume discounts, and ability to negotiate best possible prices;
- Deeper manufacturing footprint, as materials of both the business can be made in any plant location, resulting in enhanced efficiency as well as reduction in servicing time;
- Rationalization of logistic costs considering the combined volume;
- Open-up the door for a new sales channel strategy, enhancing penetration/coverage and leading to better sales;
- Structured, sharper and better management focusing on holistic growth of the businesses;
- Optimum and efficient utilization of resources and sharing of ancillary facilities;
- Common governance structure and effective management of compliances;
- Enhancing shareholder value and leveraging on synergies in doing the business; and
- Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency.

Information relied upon:

We have prepared the Fairness Opinion Report on the basis of the information provided to us and inter alia the following:

- Share Exchange Ratio Report by Arunesh Kumar Dubey, Registered Valuer (SFA) ("Valuer"/ "Independent Valuer") (IBBI Registration No. IBBI/RV/03/2020/12786) dated 28th March, 2024;
- Other information and explanations as provided by the Management.

Further, we had discussions on such matters which we believe are necessary or appropriate for the purpose of issuing the Valuation Report.

We assume no responsibility for the legal, tax, accounting or structuring matters including, but not limited to, legal or title concerns. Title to all subject business assets is assumed to be good and marketable and we would urge the Company to carry out the independent assessment of the same prior to entering into any transaction, after giving due weightage to the results of such assessment.

We have been informed that all information relevant for the purpose of issuing the Fairness Opinion Report has been disclosed to us and we are not aware of any material information that has been omitted or that remains undisclosed.

Our Opinion and Analysis is limited to the extent of review of the Valuation Report by the Valuer and the Draft Scheme Document. In connection with the opinion, we have

- A) Reviewed the Draft Scheme Document and the Valuation Report by the Valuer dated 28th March, 2024.
- B) Provisional financial statements of KEL for the period ended 31st December, 2023;
- C) Reviewed Draft Scheme of Arrangement;
- D) Held discussions with the Valuer, in relation to the approach taken to Valuation and the details of various methodologies utilized by them in preparing the Valuation Report and recommendations;
- E) Reviewed historical Stock Prices and Trading Volumes of SFL at BSE and NSE;
- F) Reviewed such other information and explanations as we have required and which have been provided by the Management of BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL.

This Opinion is intended only for the sole use and information of SFL and in connection with the Scheme, including for the purpose of obtaining Judicial and Regulatory Approvals for the Scheme or the purpose of complying with the SEBI Regulations and requirement of Stock Exchanges on which the Company is listed, and for no other purpose. We are not responsible in any way to any Person/Party/Statutory Authority for any decision of such Person or Party or Authority based on this opinion. Any Person/Party intending to provide finance or invest in the Shares/Business of either BIL and/or SFL or their Subsidiaries /Joint Ventures/Associates shall do so after seeking their own professional advice and after carrying out their own due diligence procedures to ensure that they are making an informed decision.

For the purpose of this Assignment, Navigant has relied on the Valuation Certificate for the proposed "Scheme of Arrangement" of BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL and their respective Shareholders and information and explanation provided to it, the accuracy whereof has not been evaluated by Navigant. Navigant's work does not constitute certification or due diligence of any past working results and Navigant has relied upon the information provided to it as set out in working results of the aforesaid reports.

Navigant has not carried out any physical verification of the Assets and Liabilities of the Companies and takes no responsibility on the identification and availability of such Assets and Liabilities.

We hereby give our consent to present and disclose the Fairness Opinion in the Board /General Meetings of BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL and to the Stock Exchanges and to the Registrar of Companies. Our opinion is not, nor should it be construed as our opining or certifying the compliance of the proposed scheme of Arrangement with the provisions of any Law including Companies, Taxation and Capital Market related Laws or as regards any Legal implications or issues arising thereon.

The information contained in this Report is selective and is subject to updating, expansions, revisions and amendment, if any. It does not purport to contain all the information recipients may require. No obligation is accepted to provide recipients with access to any additional information or to correct any inaccuracies which might become apparent. Recipients are advised to independently conduct their own investigation and analysis of the business of the Companies. The Report has been prepared solely for the purpose of giving a Fairness Opinion on Valuation Certificate issued for the proposed Scheme of Arrangement between BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL and their respective Shareholders, and may not be applicable or referred to or quoted in any other context.

Our opinion is dependent on the information provided to us being complete and accurate in all material respects. Our scope of work does not enable us to accept responsibility for the accuracy and completeness of the information provided to us. The scope of our assignment does not involve performing Audit tests for the purpose of expressing an Opinion on the Fairness or Accuracy of any Financial or Analytical information used during the course of our work. As such we have not performed any audit, review or examinations of any of the historical or prospective information used and, therefore, do not express any Opinion with regard to the same. In addition, we do not take any responsibility for any changes in the information used for any reason, which may occur subsequent to this date.

We have assumed that the Final Scheme will not differ in any material respect from the Draft Scheme Document shared with us.

We do not express any Opinion as to any tax or other consequences that might arise from the Scheme on BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL and their respective Shareholders, nor does our Opinion address any legal, tax, regulatory or accounting matters, as to which we understand that the respective Companies have obtained such advice as they deemed necessary from qualified Professionals. We have undertaken no independent analysis of any potential or actual litigation, regulatory action, possible unasserted claims, government investigation or other contingent liabilities to which BIL, KCPL, KRL, KUPSL, SVC MPL, KEL and SFL and/or their Associates/ Subsidiaries, are or may be Party.

The Company has been provided with an opportunity to review the Draft Opinion as part of our standard practice to make sure that factual inaccuracy/omissions are avoided in our Final Opinion.

Our Opinion is not intended to and does not constitute a recommendation to any Shareholder as to how such holder should vote or act in connection with the Scheme or any matter thereto.

Our Fairness Opinion:

Based upon Valuation work carried out by Arunesh Kumar Dubey, Registered Valuer (SFA) ("Valuer"/ "Independent Valuer") we are of the Opinion that the purpose of the proposed Merger of BIL, KCPL, KRL, KUPSL, SVC MPL, KEL into SFL are fair, from a financial point of view.

The fairness of the Proposed Merger is tested by:

- (1) Considering whether the Valuation Methods adopted by Arunesh Kumar Dubey, Registered Valuer (SFA) ("Valuer"/ "Independent Valuer") depict a correct picture on the value of shares of all companies;
- (2) Calculating the Fair Market Value of Companies;
- (3) Considering qualitative factors such as economies of scale of operations, synergy benefits that may result from the proposed Merger of BIL, KCPL, KRL, KUPSL, SVC MPL, KEL into SFL .

In the light of the above and on a consideration of all the relevant factors and circumstances as discussed and outlined in the valuation report, dated 28th March, 2024 issued by Arunesh Kumar Dubey, it has been recommended by the Valuer that the fair exchange ratio for the proposed Arrangement shall be as follows:

"52 (Fifty-two) Equity Shares of Rs. 5 each fully paid up of SFL for every 100 (One hundred) equity shares of Rs. 5/- each fully paid up of KEL.

The rationale for Share Exchange Ratio as explained above, will be issued as assumed by Arunesh Kumar Dubey, Registered Valuer (SFA) ("Valuer"/ "Independent Valuer") is justified.

We are in opinion that, Arunesh Kumar Dubey, Registered Valuer (SFA) ("Valuer"/ "Independent Valuer") is justified by taking the Fair Value of Companies, and covers each aspect of valuation.

This being of our best of professional understanding, we hereby sign the Fairness Opinion Report on Valuation.

Table with multiple columns and rows, likely a financial or operational data table. Headers include various alphanumeric codes and numerical values.

Details of the shareholders holding shares in excess of 1% including their shareholding (No. and %)

Details of shares which remain unclaimed may be given here along with details such as number of shareholders, substantial shares held in demat/physical and suspense account, voting rights which are frozen etc.

Note

- (1) FOM would not be disclosed on website of Stock Exchange(s).
(2) The above format needs to be disclosed along with the names of the shareholders holding 1% or more than 1% of shares of the listed entity. Column no. (10) is not applicable in the above format.
(3) If more than one information pertaining to Depository Beneficiary, the same may be disclosed by the respective column in the extent information is available and the balance to be disclosed as held by custodian.
(4) Categorization and disclosure of each shareholder category should be carried out in the order specified in the above format. If a shareholder is falling under more than one category, then the same shall be classified in the category listed first in the order specified in the above format.
(5) Sub-categorization of shares under column no. (10) will be based on shareholding rights of share(s) under the following sub-categories.
(6) Shareholder who are represented by a nominee Director on the Board of the listed entity or from the right to nominate a representative(s). Director on the board of the listed entity.
(7) Shareholder who have entered into shareholder agreement with the listed entity.
(8) Shareholders voting as per record in concert with promoters.

 (I) PAN would not be displayed on website of Stock Exchange(s).
 (II) If any share format needs to be disclosed along with the names of the shareholders holding 1% or more than 1% of shares of the listed entity. Column no (XIII) is not applicable in the above format.
 (III) Wherever information pertaining to Depository Receipts, the same may be disclosed in the respective columns to the extent information available.

Shareholding Pattern under Regulation 31 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

| | |
|----|---|
| 1. | Name of Entity: Belvedere International Limited |
| 2. | Class of Security: Equity |
| 3. | Share Holding Pattern Filled under: Reg. 31(1)(a)/Reg. 31(1)(b)/Reg.31(1)(c) |
| | a. If under 31(1)(b) then indicate the report for Quarter ending |
| | b. If under 31(1)(c) then indicate date of allotment/extinguishment |
| 4. | Declaration: The Listed entity is required to submit the following declaration to the extent of submission of information:- |

| | Particulars | Yes* | No* |
|---|--|------|-----|
| 1 | Whether the Listed Entity has issued any partly paid up shares? | | No |
| 2 | Whether the Listed Entity has issued any Convertible Securities or Warrants? | | No |
| 3 | Whether the Listed Entity has any shares against which depository receipts are issued? | | No |
| 4 | Whether the Listed Entity has any shares in locked-in? | | No |
| 5 | Whether any shares held by promoters are pledge or otherwise encumbered? | | No |

* If the Listed Entity selects the option 'No' for the questions above, the columns for the partly paid up shares, Outstanding Convertible Securities/Warrants, depository receipts, locked-in shares, No of shares pledged or otherwise encumbered by promoters, as applicable, shall not be displayed at the time of dissemination on the Stock Exchange website. Also wherever there is 'No' declared by Listed Entity in above table the values will be considered as 'Zero' by default on submission of the format of holding of specified securities.

Note :

- (1) PAN would not be displayed on website of Stock Exchange(s).
- (2) The above format needs to be disclosed along with the names of the shareholders holding 1% or more than 1% of shares of the listed entity. Column no. (XIII) is not applicable in the above format.
- (3) W.r.t. the information pertaining to Depository Receipts, the same may be disclosed in the respective columns to the extent information available.

Shareholding Pattern under Regulation 31 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

| | |
|----|---|
| 1. | Name of Entity: Kanvas Concepts Private Limited |
| 2. | Class of Security: Equity |
| 3. | Share Holding Pattern Filed under: Reg. 31(1)(a)/Reg. 31(1)(b)/Reg.31(1)(c) |
| | a. If under 31(1)(b) then indicate the report for Quarter ending |
| | b. If under 31(1)(c) then indicate date of allotment/extinguishment |
| 4. | Declaration: The Listed entity is required to submit the following declaration to the extent of submission of information:- |

| | Particulars | Yes* | No* |
|---|--|------|-----|
| 1 | Whether the Listed Entity has issued any partly paid up shares? | | No |
| 2 | Whether the Listed Entity has issued any Convertible Securities or Warrants? | | No |
| 3 | Whether the Listed Entity has any shares against which depository receipts are issued? | | No |
| 4 | Whether the Listed Entity has any shares in locked-in? | | No |
| 5 | Whether any shares held by promoters are pledge or otherwise encumbered? | | No |

* If the Listed Entity selects the option 'No' for the questions above, the columns for the partly paid up shares, Outstanding Convertible Securities/Warrants, depository receipts, locked-in shares, No of shares pledged or otherwise encumbered by promoters, as applicable, shall not be displayed at the time of dissemination on the Stock Exchange website. Also wherever there is 'No' declared by Listed Entity in above table the values will be considered as 'Zero' by default on submission of the format of holding of specified securities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF 'SHEELA FOAM LIMITED'
ON STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **Sheela Foam Limited** (the "Company"), which comprise the Standalone Balance Sheet as at 31st March, 2021, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021 and total Comprehensive Income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

| Key Audit Matters | Auditor's Response |
|---|--|
| <p><u>Useful lives of Property, Plant & Equipment</u></p> <p>(Refer to Notes 3 and 5 to the standalone financial statements)</p> <p>The property, plant and equipment are depreciated on a pro-rata basis on written down value, over the useful lives of the assets, as estimated by the management. These estimations are based on changes in the expected level of usage, technological developments, level of wear and tear, which involves high degree of the estimation and judgement and could affect the reported residual value and depreciation of the assets. As the value of property, plant and equipment is substantial i.e. Rs. 25,857 lakhs, which is 18.11% of the total assets of the Company, therefore any change in these estimates or actual results could have a substantial impact on the profit/assets in future years and completeness and accuracy of the financial statements.</p> | <p><u>Our Audit Procedure :</u></p> <p>We obtained and evaluated the management's estimations and specifically performed the work as under:</p> <ul style="list-style-type: none"> - Compared the key assumptions, used within the impairments models to the historic performance of the respective group of assets and approved estimates. - Benchmarking the key assumptions, used with in the impairment models and past history of the replacement age etc. and repairs requirements / cost etc. <p><u>Our Results:</u></p> <p>As a result of performance of above procedures, we have not identified any circumstances that would lead to material adjustments to the carrying value of these assets, or change in their useful lives.</p> |
| <p><u>Fair Value measurement of Financial Instruments</u></p> <p>(Refer to Note 39.11 to the standalone financial statements)</p> <p>Fair value of financial assets and financial liabilities have been measured using valuation techniques where the financial instruments are not quoted in active market. The inputs to these techniques / models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility, which involve high degree of the estimation and judgement and could affect the reported fair value of financial instruments.</p> | <p><u>Our Audit Procedure :</u></p> <p>The Company has carried out the valuation of the financial instruments after applying judgments and estimates. We have conducted the verification of the data provided to us by the Company with respect to its correctness and completeness vis-à-vis the financial accounts / records of the Company, and held interaction with the management to understand their process and results and the implementation and usage of valuation techniques / models. This included the review of the controls over adjustments to mitigate model limitations and assumptions.</p> <p><u>Our Results:</u></p> <p>The results of our testing were satisfactory and we considered the fair value of the financial instruments assets and liabilities recognised to be acceptable.</p> |

| <u>Interest in Foreign Subsidiaries</u> | <u>Our Audit Procedure :</u> |
|--|--|
| <p>(Refer to Notes 6 and 39.16 to the standalone financial statements)</p> <p>Global pandemic COVID-19 continued to wreak havoc to the global economy and presently the said pandemic, is re-spreading and is on increasing trend across the globe including India, with various mutating variants, disrupting business throughout the World, and many companies are grappling with the economic slowdown, thus the prevalent financial, economic and health crisis caused due to COVID-19 may impact the Company's assumptions used for the business operations of its foreign subsidiaries located in Spain and Australia, which could further have the impact on the assessment of impairment of investment and exposure of Rs. 36,431 lakhs in these foreign subsidiaries (equity investment of Rs. 13,660 lakhs, unsecured loans of Rs. 4,847 lakhs given to the foreign subsidiaries and SBLCs / financial guarantees of Rs. 17,924 lakhs given to the bank towards guarantee of the loans taken by the subsidiaries).</p> <p>As the said investment / exposure is equivalent to 25.51% of the total assets of the Company, therefore any change in the business projections / estimates and actual results could have a substantial impact on the profit / assets in future year/s and the completeness and accuracy of the financial statements.</p> | <ul style="list-style-type: none"> - Understanding of the assessment of the key drivers of the cash flow forecasts including discount rates, expected growth rates and terminal growth rates used to estimate the future business volume and receipts of these Subsidiaries. - Evaluation of the inputs and assumptions used in the impairment of the assets and management's assessment for the future operations considering the impact of COVID-19, by using current indicators of future economic conditions. - Review of the considerations and conclusion of the independent auditors of Subsidiaries, regarding its ability to continue as going concerns, and obtaining of the further information and explanations from them in this regard. <p><u>Our Results:</u> The results of our testing were satisfactory and we considered the carrying amount of the investment and loans to foreign subsidiaries, and also the assumption that there will be no liability against the SBLCs / financial guarantees issued in their favour, to be acceptable.</p> |

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Corporate Governance Report and Directors' Report, including annexures thereon, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is

materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2016' ("the Order"), Issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **Annexure-'A'**, a statement on the matters specified in paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.

- c. the Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d. in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.
- e. on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. with respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure-'B'**;

ANNEXURE-'A' TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph 1 under `Report on Other Legal and Regulatory Requirements' section of the independent auditors' report of even date on the standalone financial statements of Sheela Foam Limited for the year ended 31st March, 2021)

- (i) In respect of its property, plant and equipments;
- a. The Company has maintained proper records showing full particulars including quantitative details and situation of the property, plant and equipments.
 - b. As explained to us, the property, plant and equipments are physically verified by the management at reasonable intervals, which in our opinion is reasonable, having regard to the size of the Company and nature of its property, plant and equipments. No material discrepancies were noticed on such physical verification.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties, as disclosed in Note 3 on property, plant and equipments and Note 5 on investment property to the standalone financial statements, are held in the name of the Company.
- (ii) As explained to us, inventories have been physically verified by the management at regular intervals during the year. The discrepancies noticed on such physical verification as compared to book records were not material and have been appropriately dealt with in the books of accounts.
- (iii) According to the information and explanations given to us, the Company has granted unsecured loan to a Subsidiary Company, covered in the Register maintained under Section 189 of the Companies Act, 2013, in respect of which we report that:
- a. The terms and conditions of grant of the said unsecured loan, in our opinion, prima facie, are not prejudicial to the interest of the Company.
 - b. The schedule of repayment of principal and payment of interest has been stipulated, as per which the repayment of principal and interest has not yet fallen due.
 - c. As the repayment of principal and interest has not yet started, the said clause regarding the overdue outstanding is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company in respect of loans, investments, guarantees, and security has complied with the provisions of section 185 and 186 of the Act.
- (v) The Company has not accepted any deposits from the public within the meanings of Sections 73 to 76 of the Act and the rules framed thereunder to the extent notified.
- (vi) Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under sub-section (1) of Section 148 of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

- a. According to the information and explanations given to us and the records of the Company examined by us, in our opinion the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and other statutory dues as applicable with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2021 for a period of more than six months from the date they became payable.
- b. The disputed statutory dues aggregating to Rs. 1,391.46 lakhs, that have not been deposited on account of matters pending in appeals before appropriate authorities are as under:

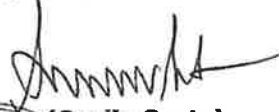

| Name of the Statute | Nature of the dues | Amount (Rs. in lakhs) | Period to which the amount relates | Forum where dispute is pending |
|---|--------------------|-----------------------|------------------------------------|---|
| Central Excise Act, 1944 | Excise duty | 123.85 | 2011-13 | Central Excise and Service Tax Appellate Tribunal |
| | | 232.03 | Feb, 2017 to June, 2017 | The Commissioner (Appeal), Central Excise and Service Tax |
| | | 14.79 | 2012-13 | The Commissioner (Appeal), Central Excise and Service Tax |
| Central Sales Tax and Sales Tax Act of various states | Sales Tax | 319.00 | 1999-2000 | The Hon'ble High Court |
| | | 128.98 | 2012-13 | Sales Tax Appellate Tribunal, West Bengal |
| | Entry Tax | 28.87 | 2012-14 | The Hon'ble Supreme Court |
| | | 107.51 | 2014-15 to 2017-18 | The Hon'ble Supreme Court |
| | | 28.86 | 2001-12 | The Hon'ble High Court |
| Income Tax Act, 1961 | Income Tax | 8.45 | 2004-05 | The Commissioner of Income Tax (Appeals) |
| | | 399.12 | 2013-14 | Delhi High Court |

- (viii) Based on the audit procedures and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to financial institution, banks and Government.
- (ix) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans during the year.
- (x) In our opinion and according to the information and explanations given to us, no fraud by the Company or fraud on the Company by its officers / employees has been noticed or reported during the course of our audit.

- (xi) The managerial remuneration paid / provided is within the limit and in compliance of the provisions of section 197 read with Schedule V to the Act.
- (xii) The Company is not a Nidhi Company hence the requirement of this clause is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable. The details of such transactions have been disclosed in the standalone financial statements, as required by the Ind AS 24 - Related Party Disclosures.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with Directors or persons connected with them.
- (xvi) As explained to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE-'B' TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of the independent auditors' report of even date on the standalone financial statements of Sheela Foam Limited for the year ended 31st March, 2021)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sheela Foam Limited** ("the Company") as of 31st March, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

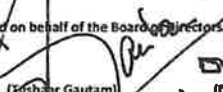

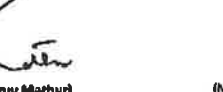

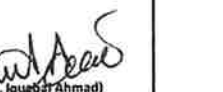

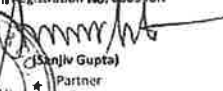

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

STANDALONE STATEMENT OF CHANGES IN EQUITY FOR THE YEAR ENDED 31st MARCH, 2021

(A) EQUITY SHARE CAPITAL

For the year ended 31st March, 2021

(Rs. In Lakhs)

| Balance as at 01st April, 2020 | Changes in equity share capital during the year | Balance as at 31st March, 2021 |
|--------------------------------|---|--------------------------------|
| 2,439.14 | - | 2,439.14 |

For the year ended 31st March, 2020

(Rs. In Lakhs)

| Balance as at 01st April, 2019 | Changes in equity share capital during the year | Balance as at 31st March, 2020 |
|--------------------------------|---|--------------------------------|
| 2,439.14 | - | 2,439.14 |

(B) OTHER EQUITY

For the year ended 31st March, 2021

(Rs. In Lakhs)

| Particulars | Retained Earnings | Capital Reserve | General Reserve | Other comprehensive income - other items | Total |
|--|-------------------|-----------------|-----------------|--|-----------|
| Balance as at 1st April, 2020 | 79,200.63 | 328.57 | 1,716.27 | (672.16) | 80,573.31 |
| Profit for the year | 18,114.96 | - | - | - | 18,114.96 |
| Other Comprehensive Gain for the year (net of tax) | - | - | - | 209.91 | 209.91 |
| Balance as at 31st March, 2021 | 97,315.59 | 328.57 | 1,716.27 | (462.25) | 98,898.18 |

For the year ended 31st March, 2020

(Rs. In Lakhs)

| Particulars | Retained Earnings | Capital Reserve | General Reserve | Other comprehensive income - other items | Total |
|---|-------------------|-----------------|-----------------|--|-----------|
| Balance as at 31st March, 2019 | 62,662.52 | 328.57 | 1,716.27 | (238.89) | 64,468.47 |
| Less: Adjustment on adoption of Ind AS 116 (net of tax) | (13.01) | - | - | - | (13.01) |
| Balance as at 1st April, 2020 | 62,649.51 | 328.57 | 1,716.27 | (238.89) | 64,455.46 |
| Profit for the year | 16,551.12 | - | - | - | 16,551.12 |
| Other Comprehensive Loss for the year (net of tax) | - | - | - | (433.27) | (433.27) |
| Balance as at 31st March, 2020 | 79,200.63 | 328.57 | 1,716.27 | (672.16) | 80,573.31 |

Significant Accounting Policies' and 'Notes 1 to 39' form an integral part of the Standalone Financial Statements.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2021

1. COMPANY INFORMATION

Sheela Foam Limited ('the Company') is a ISO 9001:2000 public limited Company incorporated in India, with its registered office in New Delhi. The Company is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Company is pioneered in the manufacturing of polyurethane foams in India, and has ten manufacturing facilities using the state of the art technology at strategic locations across the country.

The standalone financial statements for the year ended March 31, 2021 were approved by the Board of Directors and authorized for issue on May 29, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation :

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The standalone financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

b. Historical Cost Convention

The standalone financial statements have been prepared on a historical cost basis, except, certain financial assets and liabilities, measured at fair value,

c. Functional and presentation currency

The standalone financial statements are prepared in Indian Rupees ('Rs. '), which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

d. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it is: -

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is:

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

e. **Use of estimates and judgments**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities. Uncertainty about these estimates and assumptions could result in outcomes that requires material adjustments to the carrying amount of the assets and liabilities in future period/s.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are given below.

i. **Useful lives of Property Plant and Equipment**

The Property, Plant and Equipment are depreciated on a pro-rate basis on written down value basis over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.2 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

ii. **Retirement benefit obligation**

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long term government bonds with extrapolated maturity corresponding to the expected duration of these obligations. The mortality rate is based on publically available mortality table for the specific countries. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis are given in Note 40.4.

iii. **Taxes**

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

iv. **Fair value measurement of financial instrument**

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. **Impairment of Financial assets**

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

vi. Impairment of non-Financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.2 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Cost of leasehold land is amortized over the period of lease.

Depreciation on property, plant & equipment is provided on a pro-rate basis on written down value basis, over the useful life of the assets estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs. 5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|------------------------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles : | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment : | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

2.3 Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Though the Company measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rate basis on written down value basis, over the useful life of the property estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The property's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to / from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

2.4 Investment in Subsidiaries

Investments in subsidiaries are carried at cost, less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI); and
- Financial assets measured at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- **Business Model Test:** The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- **Cash Flow Characteristics Test:** Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is most relevant to the Company. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit or loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents, investments in securities and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- **Business Model Test:** The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and
- **Cash Flow Characteristics Test:** The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss. The Company as at the Balance Sheet date is not having any such instruments.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss. This category comprises of investments in mutual funds and market linked debentures.

(c) Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits and employee loans etc.

- Financial assets that are debt instruments, and are measured at FVTOCI, The Company as at the Balance Sheet date is not having any such instruments.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when:

- The rights to receive cash flows from the asset have been expired/transferred, or
- The Company retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Company has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of comprehensive income. The Company has not designated any financial liability as at fair value through profit and loss.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Financial Guarantee Contract

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Company towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.6 Inventories

Inventories are valued at lower of cost and net realisable value. In respect of raw material, packing material and stores & spares, cost is computed on first in first out basis, as determined on direct cost basis. Finished goods and stock-in-process include cost of inputs, conversion costs and other costs including manufacturing overheads incurred in bringing them to their present location and condition. Obsolete, defective and unserviceable stocks are provided for, wherever required. The net-realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make sale.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, using external and internal sources, whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous period/s. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying value of an asset exceeds its recoverable amount.

The recoverable amount is determined:

- in the case of an individual asset, at the higher of the asset's fair value less cost of sell and value in use; and
- in the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of the cash generating unit's fair value less cost to sell and value in use.

In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that effects current market assessments of the time value of money and the risks specific to that asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss for an asset is reversed, if and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized, the carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss being recognized for the asset in prior year/s.

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

- a) Revenue from sale of goods is recognised when the control of the goods is transferred to the customer, which is generally on the delivery of the goods, the associated costs and the amount of revenue can be measured reliably and it is probable that the economic benefit associated with the transaction will flow to the Company. It is measured at fair value of the consideration received or receivable, after deduction of sales returns, trade discount, volume rebates and goods and service tax collected on behalf of the government.
- b) Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.
- c) Export incentive such as Duty drawback is recognized on post export basis on the basis of their entitlement rates.
- d) Interest income is recognized on time proportion basis taking into account the amount outstanding and applicable interest rates.
- e) Insurances claims are recognised to the extent the Company is reasonably certain of their ultimate receipt.
- f) Dividend income on investments is recognized when the right to receive dividend is established.
- g) Other income/revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and it can be reliably measured.

2.11 Government Grants/Subsidy

Government Grants are recognized when it is reasonably certain that the ultimate collection will be made. Government grants of capital nature are credited to capital reserve. Other government grants of revenue nature including subsidies are credited to specific expense head in the Statement of Profit and Loss.

2.12 Employee Benefits

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/ pay etc. and the same are recognized in the period in which the employee renders the related services.

b. Long Term Benefit

The employees of the Company are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

The Company's approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. Defined benefit plan

The employees' gratuity fund scheme and the employees leave encashment / employees long term compensated absences are the Company's defined benefit plans. The present value of the obligation under defined benefit plans of gratuity and leave encashment is determined based on the actuarial valuation on projected unit credit method as at the balance sheet date. Re-measurement, comprising of actuarial gains and losses, are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods. Liability towards Gratuity is funded through a separate Gratuity Trust. The short / excess of the Gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ assets as at the year end.

2.13 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Company as a lessee

The Company has taken certain assets on Operating Lease. Operating Lease is a contract, which conveys the right to Lessee, to control the use of an identified asset for a period of time, the lease term, in exchange for consideration. The Company assesses whether a contract is, or contains, a lease on inception.

The lease term is either the non-cancellable period of the lease and any additional periods when there is an enforceable option to extend the lease and it is reasonably certain that the Company will extend the term, or a lease period in which it is reasonably certain that the Company will not exercise a right to terminate. The lease term is reassessed if there is a significant change in circumstances.

At commencement, or on the modification, of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is amortised / depreciated using straight-line / written down value method from the commencement date to the end of the lease term. If the lessor transfers ownership of the underlying asset to the Company by the end of the lease term or if the Company expects to exercise a purchase option, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as the Company's other property, plant and equipment. Right-of-use assets are reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the total lease payments due on the commencement date, discounted using either the interest rate implicit in the lease, if readily determinable, or more usually, an estimate of the Company's incremental borrowing rate on the inception date for a loan with similar terms to the lease. The incremental borrowing rate is estimated by obtaining interest rates from various external financing sources.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

In accordance with Ind AS 116, the Company does not recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases i.e. leases with a lease term of 12 months or less and containing no purchase options. Payments associated with these leases are recognised as an expense on a straight-line basis over the lease term

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as Operating Leases. Rental income from Operating Lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an Operating Lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as Finance Leases when substantially all of the risks and rewards of ownership are transferred from the Company to the lessee. Amounts due from lessees under Finance Leases are recorded as receivables at the Company's net investment in the leases. Finance Lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing at balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Premium or discount on forward exchange contract is amortised as income or expense over the life of the contract. Exchange difference on such contract is recognized in the Statement of Profit and Loss in the reporting period in which the exchange rate changes. Any profit or loss arising on cancellation or renewal of forward contract is recognized as income or expenditure during the period.

2.15 Employee Stock Option Scheme

The Company follows the intrinsic method for computing the compensation cost, for options granted under the employee stock option scheme. The difference if any, between the fair/market value and the grant price, being the compensation cost is recognized as Deferred Stock Option Expense and is charged to the Statement of Profit and Loss on straight line basis over the vesting period of option.

2.16 Taxation

Tax expense for the year comprises of Current Tax and Deferred Tax.

a. Current Tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the tax regime inserted by the Taxation Laws (Amendment) Act, 2019 in the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date.

b. Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

2.17 Dividend Distribution:

The Company recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Company and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.18 Earnings per Share:

Basic earnings per share is calculated by dividing net profit / loss of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.19 Statement of Cash flows:

For the purpose of Standalone Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with an original maturity of three months or less and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

5.1 Refer Para- 2.7 of Significant Accounting Policies for depreciation and measurement of investment property.

5.2 The leasehold land has been amortised during the year by Rs. 0.91 lakhs (Previous Year: Rs. 0.81 lakhs) as per the accounting policy in terms of the Ind AS-40 on 'Investment Property'.

5.3

| Particulars | (Rs. in Lakhs) | |
|---|------------------|------------------|
| | As at 31.03.2021 | As at 31.03.2020 |
| Identical income derived from investment property | 188.66 | 152.71 |
| Profit arising from investment property before depreciation | 188.66 | 152.71 |
| Less: Depreciation for the year | 20.37 | 19.76 |
| Net Profit arising from investment property | 168.29 | 132.95 |

5.4 The Company has obtained independent valuation for its investment properties of Rs. 1,946.50 lakhs as at 31st March, 2021 and has reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence. Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Company shall continue to operate and run the assets to have economic utility. The fair value is on "as is where is" basis.

5.5 There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restriction on remittance of income and proceeds of disposal.

5.6 The investment properties are leasehold properties and realiability of the same is subject to the terms and condition under the respective lease agreements.

NOTE - 39: OTHER NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2021

39.1 Contingent Liabilities and Commitments:-

| | | (Rs. in Lakhs) | | | |
|-----------|---|------------------------|-----------------|------------------------|-----------------|
| Sr. No. | Particulars | As at 31st March, 2021 | | As at 31st March, 2020 | |
| A. | Contingent Liabilities | | | | |
| i. | Claims against the Company not acknowledged as debts - Disputed liabilities not adjusted as expenses in the Accounts for various years being in appeals towards: (Refer 'Note - a' below) | | | | |
| | - Sales tax | 888.28 | | 888.54 | |
| | - Entry tax | 165.24 | | 57.72 | |
| | - GST | -- | | 2.29 | |
| | - Income tax | 447.57 | | 679.19 | |
| | - Excise Duty | 380.46 | 1,881.55 | 236.31 | 1,864.05 |
| ii. | Guarantees given by the Bankers on behalf of the Company to third parties | | 43.04 | | 24.86 |
| iii. | Others - for which the Company is contingently liable | | 75.00 | | 75.00 |
| B. | Commitments | | | | |
| i. | Estimated amount of contracts remaining to be executed on Capital Account and not provided for (net of advances) | | 3,454.69 | | 3,582.96 |
| | TOTAL | | 5,454.28 | | 5,546.87 |

(a) The Company is contesting these demands and the management including its advisers are of the view that these demands may not be sustainable at the appellate level. The management believes that the ultimate outcome of these proceedings will not have any material adverse effect on the Company's financial position and results of operations. The Company does not expect any reimbursement in respect of these contingent liabilities, and it is not practicable to estimate the timing of cash outflows, if any, in respect of these matters, pending resolution of the appellant proceedings.

39.2 Disclosure required under Section 22 of Micro, Small and Medium Enterprise Development Act, 2006:-

| | | (Rs. in Lakhs) | |
|------|--|------------------------|------------------------|
| | | As at 31st March, 2021 | As at 31st March, 2020 |
| i. | Principal amount and interest due thereon remaining unpaid to any supplier covered under MSMED Act. | | |
| - | Principal | 1,168.31 | 330.31 |
| - | Interest | -- | -- |
| ii. | Amount of interest paid by the Company in terms of Section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year. | -- | -- |
| iii. | The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act. | -- | -- |
| iv. | The amount of interest accrued and remaining unpaid | -- | -- |
| v. | The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under Section 23 of MSMED Act, 2006 | -- | -- |
| | Total | 1,168.31 | 330.31 |

The above information regarding dues to Micro, Small and Medium Enterprises has been determined to the extent such parties have been identified on the basis of information collected with the Company. Further, the amount payable to these parties is not overdue hence no interest is required to provided/accrued as at 31.03.2021/31.03.2020.

39.3 Employee Stock Option Scheme

In an earlier year, the shareholders of the Company through special resolution approved issue of 24,00,000 options exercisable into 24,00,000 equity shares under the scheme titled "Sheela Foam Employees Stock Options Scheme 2016 ("ESOS 2016")" which provides for granting options to employees of the Company and its subsidiaries who meet the eligibility criteria under the scheme. The vesting period shall commence after a period of not less than one year from the date of grant of options under the scheme and the maximum vesting period may extend up to five years from the date of grant, unless otherwise decided by the management. As on date, no options have been granted under ESOS 2016.

39.4 Employee Benefits:-

(a) Defined Benefit plans:

Gratuity : Payable on separation as per the Payment of Gratuity Act, 1972 as amended @ 15 days pay, for each completed year of service to eligible employees who render continuous service of 5 years or more.

Leave Encashment : Employees of the Company are entitled to accumulate their earned/privilege leave up to a maximum of 45 days which is payable/ encashable as per the policy on their separation.

(b) Long Term Benefit:

Long Service Award : Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. During the year amount of Rs. 121.89 lakhs (Previous Year: Rs. 723.81 lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

(c) Defined Contribution plans:

Company's employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which the Company makes a defined contribution measured as a fixed percentage of salary. During the year, amount of Rs. 614.99 lakhs (Previous Year: Rs. 667.71 lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

| | Year ended 31 st March, 2021 (Rs. in lakhs) | Year ended 31 st March, 2020 (Rs. in lakhs) |
|---|--|--|
| Employer's contribution towards Provident Fund (PF) | 529.84 | 561.02 |
| Employer's contribution towards Employees State Insurance (ESI) | 53.43 | 63.52 |
| Employer's contribution towards National Pension Scheme (NPS) | 31.72 | 43.17 |

39.11 Fair Value Measurements

The carrying amounts and fair values of the financial instruments by class are as follows:

(Rs. in Lakhs)

| Particulars | Carrying amount/Fair value | |
|---|---------------------------------------|---------------------------------------|
| | As at 31 st March, 2021 | As at 31 st March, 2020 |
| Financial assets | | |
| <u>Carrying amounts/fair value:</u> | | |
| a) <u>Measured at fair value through profit and loss</u> | | |
| Non-current assets | | |
| – Investments | – | 1,182.97 |
| Current assets | | |
| – Investments | 7,387.88 | 21,791.76 |
| b) <u>Measured at fair value through other comprehensive income</u> | | |
| Non-current assets | | |
| – Investments | 30,359.64 | – |
| Current assets | | |
| – Investments | 3,212.45 | – |
| c) <u>Measured at amortised cost</u> | | |
| Non-current assets | | |
| – Investments | 0.35 | 0.35 |
| – Loans | 5,067.75 | 4,844.81 |
| – Other non-current financial assets | 5.79 | 31.61 |
| Current assets | | |
| – Trade receivables | 16,304.60 | 12,640.27 |
| – Cash and cash equivalents | 3,503.54 | 2,889.45 |
| – Bank balances other than cash and cash equivalents | 47.63 | 25.65 |
| – Loans | 555.24 | 561.25 |
| – Other current financial assets | 1,462.47 | 1,001.07 |
| Total | 67,907.34 | 44,969.19 |
| Financial liabilities | | |
| <u>Carrying amounts/fair value:</u> | | |
| a) <u>Measured at fair value through profit and loss</u> | | |
| Financial Guarantee Contracts | – | – |
| b) <u>Measured at fair value through other comprehensive income</u> | | |
| – | – | – |
| c) <u>Measured at amortised cost</u> | | |
| Non-current liabilities | | |
| – Lease liabilities | 190.69 | 254.40 |
| – Other non-current financial liabilities | 8,444.62 | 7,372.61 |
| Current liabilities | | |
| – Borrowings | – | 2.45 |
| – Lease liabilities | 8.50 | 27.59 |
| – Trade payables | 16,020.56 | 11,405.45 |
| – Other current financial liabilities | 8,373.06 | 7,391.54 |
| Total | 33,037.43 | 26,454.04 |

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Disclosures of fair value measurement hierarchy for financial instruments are given below:

| Particulars | Carrying amount/Fair value | | | | | |
|---|------------------------------------|------------------|------------------|------------------------------------|----------|------------------|
| | As at 31 st March, 2021 | | | As at 31 st March, 2020 | | |

39.12 Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or if necessary, adjust, its capital structure.

39.13 Financial risk management objectives and policies

The Company's principal financial liabilities, comprise of borrowings, security deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. Further, the Company has financial risk / exposer of financial guarantees given to the banks towards security against the loans taken by its foreign subsidiaries, however, considering that there is no expected credit losses, there is no financial liability as at the yearend on this account. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include borrowings, security deposits, investments and foreign currency receivables and payables. The sensitivity analyses in the following sections relate to the position as at March 31, 2021. The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2021.

(i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is partly balanced by purchasing of goods from various countries. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EURO, GBP, Chinese Yuan, AED and AUD exchange rates, with all other variables held constant. The impact on the Company profit before tax is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Company that have not been hedged by a derivative instrument or otherwise are as under:

(Rs. in Lakhs)

| Foreign Currency (FC) | Currency Symbol | As at 31 st March, 2021 | | As at 31 st March, 2020 | |

| 5% Increase | (+) 209.32 | (+) 244.11 |
| 5% Decrease | (-) 209.32 | (-) 244.11 |

Note: Figures in bracket represents payables

(ii) **Interest Rate Risk**

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises mainly of interest-bearing vehicle loans, loans and advances from related parties and security deposits, however, these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) **Commodity Price Risk**

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Company has entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

i) Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

ii) Financial instruments and cash & bank deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31st March, 2021 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

| Particulars | As at | |
|--|------------------------------|------------------------------|
| | 31 st March, 2021 | 31 st March, 2020 |
| Non-current assets | | |
| - Investments | 30,359.99 | 1,183.32 |
| - Loans | 5,067.75 | 4,844.81 |
| - Other non-current financial assets | 5.79 | 31.61 |
| Current assets | | |
| - Investments | 10,600.33 | 21,791.76 |
| - Trade receivables | 16,304.60 | 12,640.27 |
| - Cash and cash equivalents | 3,503.54 | 2,889.45 |
| - Bank balances other than cash and cash equivalents | 47.63 | 25.65 |
| - Loans | 555.24 | 561.25 |
| - Other current financial assets | 1,462.47 | 1,001.07 |
| Total | 67,907.34 | 44,969.19 |

Balances with banks is subject to low credit risks due to good credit ratings assigned to these banks.

The ageing analysis and loss allowance of trade receivables given below has been considered from the date the invoice falls due:

| Particulars | As at | |
|-----------------------------|------------------------------|------------------------------|
| | 31 st March, 2021 | 31 st March, 2020 |
| Not Due | 13,592.78 | 8,531.74 |
| Due from 0 to 180 days | 2,529.68 | 3,285.31 |
| Due from more than 180 days | 241.11 | 933.38 |
| Less: Loss Allowance | (58.97) | (110.16) |
| Total | 16,304.60 | 12,640.27 |

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits, short term investments and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be very low.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date:

| Particulars | Carrying Value | Less than 1 year | More than 1 Year |
|--|------------------|------------------|------------------|
| As at 31st March, 2021 | | | |
| Lease liabilities | 199.19 | 8.50 | 190.69 |
| Trade payables | 16,020.56 | 16,020.56 | -- |
| Other non-current financial liabilities | 8,444.62 | -- | 8,444.62 |
| Other current financial liabilities | 8,373.56 | 8,373.56 | -- |
| Total | 33,037.93 | 24,402.62 | 8,635.31 |

| Particulars | Carrying Value | Less than 1 year | More than 1 Year |
|--|------------------|------------------|------------------|
| As at 31st March, 2020 | | | |
| Lease liabilities | 281.99 | 27.59 | 254.40 |
| Trade payables | 11,405.45 | 11,405.45 | -- |
| Other non-current financial liabilities | 7,372.61 | -- | 7,372.61 |
| Other current financial liabilities | 7,391.54 | 7,391.54 | -- |
| Total | 26,451.59 | 18,824.58 | 7,627.01 |

39.15 The Company in the year 2016-17, had lodged an insurance claim towards the fire in its unit at Greater Noida, and as the management was confident of recovery of the said claim, the loss of Rs. 1199.49 lakhs incurred in the fire was accounted for as "Insurance Claim Receivable". However, as in-spite of continuous follow up, there was no concrete evidence / reasonable positive indication of its recovery, the said claim which was lying under receivable had been written off and debited to the Statement of Profit and Loss, as Exceptional Item during the earlier year 2019-20.

39.16 The SARS-CoV-2 virus responsible for COVID-19, which has been declared a Global pandemic by the World Health Organization in 2020, had led to nation-wide lockdown during the year for a quite considerable time. It contributed to a significant decrease in global and local economic activities, and consequently, the revenues and the profitability for the year ended March 31, 2021 have been adversely affected. Further, presently the said pandemic, is re-spreading and is on increasing trend across the globe including India, with various mutating variants. In assessing the recoverability of financial and non-financial assets, the Company has considered internal and external information including economic forecasts available, and based on such information and assessment, the Company expects to recover the carrying amount of these assets. The impact of the pandemic may differ from that estimated as at the date of approval of these financial statements, and such changes, if any, will be prospectively recognized. Further, the extent to which the COVID-19 pandemic will impact the Company's future activities and financial results will depend on future developments which are highly uncertain, and as such no impact thereof, if any required, could be taken in these financial statements.

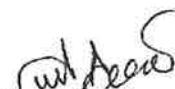

39.17 The previous year's figures have been re-grouped/re-classified wherever considered necessary.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF 'SHEELA FOAM LIMITED'
ON CONSOLIDATED FINANCIAL STATEMENTS**

Opinion

We have audited the accompanying consolidated financial statements of **Sheela Foam Limited** (hereinafter referred to as the "Holding Company") and its Subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2021 and its consolidated total comprehensive income, its consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

| Key Audit Matters | How the matter was addressed in the audit |
|--|--|
| <p><u>Useful lives of Property, Plant & Equipment</u></p> <p>(Refer to Notes 3 and 5 to the consolidated financial statements)</p> <p>The property, plant and equipment are depreciated on a pro-rata basis on written down value / straight line, over the useful lives of the assets, as estimated by the management. These estimations are based on changes in the expected level of usage, technological developments, level of wear and tear, which involves high degree of the estimation and judgement and could affect the reported residual value and depreciation of the assets. As the value of property, plant and equipment is substantial i.e. Rs. 51,902.17 lakhs, which is 25% of the total assets of the Group, therefore any change in these estimates or actual results could have a substantial impact on the profit/ assets in future years and completeness and accuracy of the financial statements.</p> | <p><u>Our Audit Procedure :</u></p> <p>We obtained and evaluated the management's estimations and specifically performed the work as under:</p> <ul style="list-style-type: none"> - Compared the key assumptions, used within the impairments models to the historic performance of the respective group of assets and approved estimates. - Benchmarking the key assumptions, used with in the impairment models and past history of the replacement age etc. and repairs requirements / cost etc. <p><u>Our Results:</u></p> <p>As a result of performance of above procedures, we have not identified any circumstances that would lead to material adjustments to the carrying value of these assets, or change in their useful lives.</p> |
| <p><u>Fair Value measurement of Financial Instruments</u></p> <p>(Refer to Note 40.11 to the consolidated financial statements)</p> <p>Fair value of financial assets and financial liabilities have been measured using valuation techniques where the financial instruments are not quoted in active market. The inputs to these techniques / models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility, which involve high degree of the estimation and judgement and could affect the reported fair value of financial instruments.</p> | <p><u>Our Audit Procedure :</u></p> <p>The Group has carried out the valuation of the financial instruments after applying judgments and estimates. We have conducted the verification of the data provided to us by the Group with respect to its correctness and completeness vis-à-vis the financial accounts / records of the Group, and held interaction with the management to understand their process and results and the implementation and usage of valuation techniques / models. This included the review of the controls over adjustments to mitigate model limitations and assumptions.</p> <p><u>Our Results:</u></p> <p>The results of our testing were satisfactory and we considered the fair value of the financial instruments assets and liabilities recognised to be acceptable.</p> |

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Corporate Governance Report and Directors' Report, including annexures thereon, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we along with auditor's of Subsidiary Companies exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company and its Subsidiary companies incorporated in India have adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are Independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. We did not audit the financial statements of one foreign Subsidiary Company, namely Joyce Foam Pty. Limited and Controlled Entity, incorporated in Australia whose financial statements reflect total assets of Rs. 35,720 lakhs as at 31st March, 2021, and total revenues of Rs. 41,767 lakhs, total net profit after tax of Rs. 2,695 lakhs, total comprehensive income of Rs. 2,695 lakhs and net cash inflow of Rs. 75 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by its auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of this Subsidiary, is based solely on the report of the said auditor.
- b. We did not audit the financial statements of one foreign Subsidiary Company, namely International Foam Technologies SL, Spain and Subsidiaries, incorporated in Spain, whose financial statements reflect total assets of Rs. 48,398 lakhs as at 31st March, 2021, and total revenues of Rs. 33,674 lakhs, total net profit after tax of Rs. 3,511 lakhs, total comprehensive income of Rs. 3,511 lakhs and net cash inflow of Rs. 448 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by its auditor, and they have placed their audit report to the Board of Directors of the Subsidiary, and the same has been adopted by the Board along with the financial statements. The audit report, as informed, will be issued by the auditor after completion of certain procedural formalities as required under the relevant law of their country, and accordingly our opinion on the consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of this Subsidiary, is based solely on the said report of the auditor as adopted by the Board of Directors of the Subsidiary, but not yet issued by them pending completion of the procedural formalities.
- c. The financial statements of the foreign subsidiaries as mentioned in above 'paras a and b' have been prepared in accordance with accounting principles generally accepted in their respective countries and have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of these subsidiaries located outside India from accounting principles generally accepted in

their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of these subsidiaries located outside India is based on the reports of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

- d. We did not audit the financial results of two Subsidiary Companies incorporated in India, namely Divya Software Solutions Pvt. Ltd. and Staqa World Pvt. Ltd., whose financial statements reflect total assets of Rs. 6,699 lakhs as at 31st March, 2021, and total revenues of Rs. 1,363 lakhs, total net loss after tax of Rs. 131 lakhs, total comprehensive loss of Rs. 77 lakhs, and net cash inflows of Rs. 31 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by their respective auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of these Subsidiaries, is based solely on the reports of these auditors.
- e. During the previous year, the Holding Company had incorporated a Wholly Owned Subsidiary Company (WOS) in Delaware, USA, for the purpose of marketing of its products in USA, however, as no share capital had been subscribed or investment had been made therein, there was no impact of the same on the financial statements except that the expenditures incurred for acquisition were capitalised as investment in WOS. Further, during the year the Holding Company has dissolved the said Subsidiary and expenditure incurred for acquisition has been written off, and as such there is no impact of the same on the consolidated financial statements.

Our opinion on the consolidated financial statements, and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as appears from our examination of those books and reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.
- e. on the basis of the written representations received from the directors of the Holding Company and Subsidiary Company incorporated in India audited by us and taken on record by the Board of Directors, and the reports of the statutory

auditors of the Subsidiary companies incorporated in India not audited by us, none of the directors of the Holding Company and its Subsidiary companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- f. With respect to the adequacy of the internal financial controls with reference to financial statements and operating effectiveness of such controls of the Holding Company and Subsidiary Company incorporated in India audited by us, and of the Subsidiary Companies incorporated in India, not audited by us (as reported by their auditors), refer to our separate report in **Annexure-'A'**; and
- g. In our opinion, the remuneration paid by the Holding Company and Subsidiary Company incorporated in India audited by us, and by the Subsidiary companies incorporated in India, not audited by us (as reported by their auditors), to its Directors is in accordance with the provisions of Section 197 of the Companies Act, 2013; and
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 40.1 to the consolidated financial statements;
 - ii. The Holding Company and its Subsidiary companies incorporated in India, have not entered into any long-term contracts including derivative contracts.
 - iii. There has been no amount, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its Subsidiary companies incorporated in India.

ANNEXURE-'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of the independent auditors report of even date on the consolidated financial statements of Sheela Foam Limited for the year ended 31st March, 2021)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sheela Foam Limited** ("the Holding Company") and its Subsidiaries incorporated in India (the Holding Company and its Subsidiaries together referred as "the Group") for the year ended 31st March, 2021, in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its Subsidiary companies incorporated in India have, in all material respects, adequate internal financial controls with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the financial statements in so far as it relates to two Subsidiary companies incorporated in India, namely Divya Software Solutions Pvt. Ltd. and Staqa World Pvt. Ltd, is based on the corresponding reports of the auditors of these Companies.

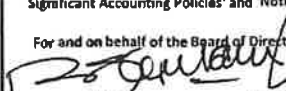

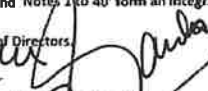

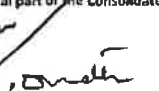

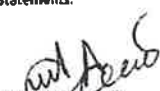

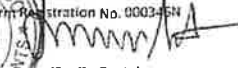

Our opinion is not modified in respect of the above matter.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST
MARCH, 2021.

1. GROUP INFORMATION

Sheela Foam Limited ('the Holding Company') is a ISO 9001:2000 public limited Company incorporated in India with its registered office in New Delhi. The Holding Company is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Holding Company, pioneered in the manufacturing of polyurethane foams, has five Subsidiary companies (two Foreign Subsidiaries Joyce Foam Pty. Limited (and its Controlled Entity Joyce W C NSW Pty Limited) Australia and International Foam Technologies Spain and three Indian Subsidiaries 'Divya Software Solutions Private Limited', 'Sleepwell Enterprises Private Limited and Staqo World Pvt. Ltd'). The accompanying Consolidated Financial Statements relate to Sheela Foam Limited ('the Holding Company') and its five Subsidiary companies (together referred as "the Group").

The consolidated financial statements for the year ended 31st March, 2021 were approved by the Board of Directors and authorized for issue on 29th May, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation :

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act

The consolidated financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

b. Historical Cost Convention

The consolidated financial statements have been prepared on a historical cost basis, except, certain financial assets and liabilities, measured at fair value.

c. Functional and presentation currency

The consolidated financial statements are prepared in Indian Rupees ('Rs. '), which is the Holding Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

d. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it is: -

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is:

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

e. Use of estimates and judgments

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities. Uncertainty about these estimates and assumptions could result in outcomes that requires material adjustments to the carrying amount of the assets and liabilities in future period/s.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are given below.

1. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rate basis on written down value basis, in case of Holding Company (Sheela Foam Limited) and Indian Subsidiaries and on a straight line basis, in the case of foreign Subsidiaries, over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.3 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the profit in future years.

2. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

3. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4. Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

5. Impairment of non-Financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An assets recoverable amount is the higher of an asset's fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.2 BASIS OF CONSOLIDATION

The Consolidated Financial Statements have been prepared on the following basis:-

Basis of Accounting:

- i) The financial statements of the Subsidiary Companies are drawn up to the same reporting date as of the Holding Company i.e. for the financial year ended 31st March. The financial statements of foreign Subsidiaries have been prepared in accordance with the Generally Accepted Accounting Principles of their Country of incorporation.
- ii) During the previous year, the Holding Company had incorporated a Wholly Owned Subsidiary Company (WOS) in Delaware, USA, for the purpose of marketing of the products of the Company in USA, however, as no share capital had been subscribed or investment had been made therein, there was no impact of the same on the consolidated financial statements except that the expenditures incurred for acquisition were capitalised as investment in WOS. Further, during the year the Holding Company has dissolved the said Subsidiary on 29.03.2021 and expenditure incurred for acquisition has been written off and shown under Note 38 - Other Expenses - Investment written off.
- iii) In case of foreign Subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rates prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- iv) The consolidated financial statements have been prepared in accordance with Indian Accounting Standard - 110 "Consolidated Financial Statements".

Principles of Consolidation:

- i) The financial statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating the intra-group balances and intra-group transactions and unrealized profits or losses in accordance with Indian Accounting Standard - 110 on "Consolidated Financial Statements".
- ii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Holding Company's separate financial statements except as otherwise stated in the Significant Accounting Policies.
- iii) The difference between the costs of investments in the Subsidiaries over the net assets at the time of acquisition of shares in the Subsidiaries is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve as the case may be.

The Consolidated Financial Statements of the Holding Company includes the results of following entities:

| Name of Company | Country of Incorporation | Proportion (%) of Shareholding as on 31.03.2021 | Proportion (%) of Shareholding as on 31.03.2020 |
|---|--------------------------|---|---|
| Subsidiary Companies | | | |
| Joyce Foam Pty. Limited and Controlled Entity (Joyce W C NSW Pty Limited) | Australia | 100% | 100% |
| International Foam Technologies SL, Spain and Subsidiaries | Spain | 100% | 100% |
| Divya Software Solutions Private Limited | India | 100% | 100% |
| Sleepwell Enterprises Private Limited | India | 100% | 100% |
| Staqa World Pvt. Ltd. | India | 100% | 100% |

2.3 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till commencement of commercial production) net of recoverable taxes, less accumulated

depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Cost of leasehold land is amortized over the period of lease.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited and Sleepwell Enterprises Private Limited)

Depreciation on property, plant & equipment is provided on a pro-rate basis on written down value basis, over the useful life of the assets estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs. 5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|------------------------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles : | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment : | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entities, and International Foam Technologies SL, Spain and Subsidiaries)

The depreciable amount of all fixed assets including capitalised lease assets, is depreciated on a straight line basis over the estimated useful lives to the Company commencing from time the assets is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

2.4 Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Though the Group measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rate basis on written down value basis, over the useful life of the property estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The property's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to / from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI); and
- Financial assets measured at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- **Business Model Test:** The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- **Cash Flow Characteristics Test:** Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is most relevant to the Group. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit or loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- Business Model Test: The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss. The Group as at the Balance Sheet date is not having any such instruments.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss.

(c) Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits and employee loans etc.
- Financial assets that are debt instruments, and are measured at FVTOCI, The Group as at the Balance Sheet date is not having any such instruments.

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred, or
- b. The Group retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Group has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of Profit and Loss. The Group has not designated any financial liability as at fair value through profit and loss.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Financial Guarantee Contract

Financial guarantee contracts issued by the Holding Company are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the

guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Group towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.6 Inventories

Inventories are valued at the lower of cost and net realisable value. In respect of raw material, packing material and stores & spares, cost is computed on first in first out basis, as determined on direct cost basis. Finished goods and stock-in-process include cost of inputs, conversion costs and other costs including manufacturing overheads incurred in bringing them to their present location and condition. Obsolete, defective and unserviceable stocks are provided for, wherever required. The net-realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make sale.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

The Group assesses, at each reporting date, using external and internal sources, whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous period/s. If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognised when the carrying value of an asset exceeds its recoverable amount.

The recoverable amount is determined:

- in the case of an individual asset, at the higher of the asset's fair value less cost of sell and value in use; and
- in the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of the cash generating unit's fair value less cost to sell and value in use.

In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that effects current market assessments of the time value of money and the risks specific to that asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss for an asset is reversed, if and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized, the carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss being recognized for the asset in prior year/s.

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

- a) Revenue from sale of goods is recognised when the control of the goods is transferred to the customer, which is generally on the delivery of the goods, the associated costs and the amount of revenue can be measured reliably and it is probable that the economic benefit associated with the transaction will flow to the Group.

It is measured at fair value of the consideration received or receivable, after deduction of sales returns, trade discount, volume rebates and goods and service tax collected on behalf of the government.

- b) Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.
- c) Export incentive such as Duty drawback is recognized on post export basis on the basis of their entitlement rates.
- d) Interest income is recognized on time proportion basis taking into account the amount outstanding and applicable interest rates.
- e) Insurances claims are recognised to the extent the Holding Company is reasonably certain of their ultimate receipt.
- f) Dividend income on investments is recognized when the right to receive dividend is established.
- g) Other income/revenue is recognized to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

2.11 Government Grants / Subsidy

Government grants are recognized when it is reasonably certain that the ultimate collection will be made. Government grants of capital nature are credited to capital reserve. Other government grants of revenue nature including subsidies are credited to specific expense head in the Statement of Profit and Loss.

2.12 Employee Benefits

In the case of Holding Company

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc. and the same are recognized in the period in which the employee renders the related services.

b. Long Term Benefit

The employees of the Company are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

The Company's approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. Defined benefit plan

The employees' gratuity fund scheme and the employees leave encashment / employees long term compensated absences are the Company's defined benefit plans. The present value of the obligation under defined benefit plans of gratuity and leave encashment is determined based on the actuarial valuation on projected unit credit method as at the balance sheet date. Re-measurement, comprising of actuarial gains and losses, are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods. Liability towards Gratuity is funded through a separate Gratuity Trust. The short / excess of the Gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability / assets as at the year end.

In the case of foreign Subsidiary (Joyce Foam Pty. Ltd. and its Controlled Entities, and International Foam Technologies SL, Spain and Subsidiaries)

Provision is made for the liability for employee benefits arising from services rendered by employees to balance sheet date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those of benefits.

2.13 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Group as a lessee

The Group has taken certain assets on Operating Lease. Operating Lease is a contract, which conveys the right to Lessee, to control the use of an identified asset for a period of time, the lease term, in exchange for consideration. The Group assesses whether a contract is, or contains, a lease on inception.

The lease term is either the non-cancellable period of the lease and any additional periods when there is an enforceable option to extend the lease and it is reasonably certain that the Group will extend the term, or a lease period in which it is reasonably certain that the Group will not exercise a right to terminate. The lease term is reassessed if there is a significant change in circumstances.

At commencement, or on the modification, of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is amortised / depreciated using straight-line / written down value method from the commencement date to the end of the lease term. If the lessor transfers ownership of the underlying asset to the Group by the end of the lease term or if the Group expects to exercise a purchase option, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as

the Group's other property, plant and equipment. Right-of-use assets are reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the total lease payments due on the commencement date, discounted using either the interest rate implicit in the lease, if readily determinable, or more usually, an estimate of the Group's incremental borrowing rate on the inception date for a loan with similar terms to the lease. The incremental borrowing rate is estimated by obtaining interest rates from various external financing sources.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

In accordance with Ind AS 116, the Group does not recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases i.e. leases with a lease term of 12 months or less and containing no purchase options. Payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as Operating Leases. Rental income from Operating Lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an Operating Lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as Finance Leases when substantially all of the risks and rewards of ownership are transferred from the Group to the lessee. Amounts due from lessees under Finance Leases are recorded as receivables at the Group's net investment in the leases. Finance Lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing at balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Premium or discount on forward exchange contract is amortised as income or expense over the life of the contract. Exchange difference on such contract is recognized in the Statement of Profit and Loss in the reporting period in which the exchange rate changes. Any profit or loss arising on cancellation or renewal of forward contract is recognized as income or expenditure during the period.

2.15 Employee Stock Option Scheme

The Holding Company follows the intrinsic method for computing the compensation cost, for options granted under the employee stock option scheme. The difference if any, between the fair/market value and the grant price, being the compensation cost is recognized as Deferred Stock Option Expense and is charged to the Statement of Profit and Loss on straight line basis over the vesting period of option.

2.16 Taxation

Tax expense for the year comprises of Current Tax and Deferred Tax.

a) Current Tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the tax regime inserted by the Taxation Laws (Amendment) Act, 2019 in the Income Tax Act, 1961 and the Income Computation and

Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date.

b) **Deferred Tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

2.17 **Dividend Distribution:**

The Holding Company recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Holding Company and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.18 **Earnings per Share:**

Basic earnings per share is calculated by dividing net profit / loss of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.19 **Goodwill**

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of business combination over Holding Company's interest in the net fair value of identifiable assets acquired.

2.20 **Transactions within Group**

Transactions including expenses to be shared between the companies within the Group are initially recorded under operational heads by the respective Company, and reduced on actual or proportionate (where those are not directly attributable) basis during consolidation.

2.21 **Research and development**

Expenditure during the research phase of a project is recognised as an expense when incurred. Development costs are capitalised only when the feasibility studies identify that the project will deliver future economic benefits and these benefits can be measured reliably.

Development costs have a finite life and are amortised on systematic basis matched to the future economic benefits over useful life of the project.

Notes to the Consolidated Financial Statements for the Year ended 31st March, 2023

5.1 Refer 'Note 2.4 of Significant Accounting Policies' for depreciation and measurement of investment property.

5.2 The leasehold land has been amortised during this year by Rs. 8.91 lakhs (Previous Year: Rs. 0.91 lakhs) as per the accounting policy in terms of the Ind AS-40 on 'Investment Property'.

5.3 Particulars

| | As at 31.03.2021 | As at 31.03.2020 |
|--|------------------|------------------|
| Rental income derived from leasehold property | 152.71 | 152.71 |
| Profit arising from leasehold property before depreciation | 148.36 | 152.71 |
| Less: Depreciation on investment property | (297.41) | (351.47) |
| Net (Loss)/Profit arising from investment property | (149.05) | (198.76) |

5.4 The Group has obtained independent valuation for its investment property for Rs. 8,207 lakhs as at March 31, 2021, and has reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence. Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity on both. The valuation by the Group that continue to operate and run the assets to have economic utility. The fair value is an 'exit' value.

5.5 There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and obsolescence charges as there are no restriction on confidence of income and proceeds of disposal.

5.6 The investment properties are leasehold properties and marketability of the same is subject to the terms and conditions under the respective lease agreements.

20.1 Nature and purpose of reserves

- (a) **Capital Reserve:** During amalgamation of the subsidiaries, the excess of net assets taken, over the cost of consideration paid was treated as capital reserve.
- (b) **General Reserve:** The Company had transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- (c) **Foreign Currency Translation Reserve:** The reserve created from changes (gain/loss) on translation of the financial statements of foreign subsidiary in the presentation currency of the Holding Company.

(a) The Group is contesting these demands and the management including its advisers are of the view that these demands may not be sustainable at the appellate level. The management believes that the ultimate outcome of these proceedings will not have any material adverse effect on the Group's financial position and results of operations. The Group does not expect any reimbursement in respect of these contingent liabilities and it is not practicable to estimate the timing of cash outflows, if any, in respect of these matters, pending resolution of the appellant proceedings.

| Total | 77,418.53 | 62,609.33 |

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- The Group has disclosed financial instruments such as trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Disclosures of fair value measurement hierarchy for financial instruments are given below:

40.12 Capital Management

Equity share capital and other equity are considered for the purpose of Group's capital management.

The Group manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Group is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Group may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

40.13 Financial risk management objectives and policies

The Group's principal financial liabilities, comprise of borrowings, security deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Group are accountable to the Board of Directors and Audit Committee. This process provides assurance to Group's senior management that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Group policies and Group risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include borrowings, security deposits, investments and foreign currency receivables and payables. The sensitivity analyses in the following sections relate to the position as at March 31, 2021. The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2021.

909

(i) **Foreign Currency Risk**

Foreign currency risk is the risk that the fair value or future Group's cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is partly balanced by purchasing of goods from various countries. The Group evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EURO, GBP, Chinese Yuan, AED and AUD exchange rates, with all other variables held constant. The impact on the group profit before tax is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the group that have not been hedged by a derivative instrument or otherwise are as under:

| Foreign Currency (FC) | Currency Symbol | As at 31 st March, 2021 | | As at 31 st March, 2020 | |
|-------------------------------|-----------------|------------------------------------|-----------------|------------------------------------|-----------------|
| | | FC | INR | FC | INR |

(Rs. in Lakhs)

| Impact on profit before tax and equity | As at 31 st March, 2021 | As at 31 st March, 2020 |
|--|------------------------------------|------------------------------------|
| 5% Increase | (-)40.30 | (-)14.66 |
| 5% Decrease | (+)40.30 | (+)14.66 |

Note: Figures in bracket represents payables

(ii) **Interest Rate Risk**

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The group policy is to minimize interest rate cash flow risk exposure on long term financing. The group is exposed to changes in market interest rates through bank borrowings at fixed & variable interest rates.

| Particulars | As at 31 st March, 2021 | As at 31 st March, 2020 |
|---|------------------------------------|------------------------------------|
| Fixed Rate borrowing | -- | -- |
| Variable Rate borrowing | 14,757.22 | 17,579.27 |
| Total borrowings | 14,757.22 | 17,579.27 |
| Impact on profit before tax and equity | | |
| Interest sensitivity | | |
| Interest Rate -Increase by 100 basis points | (+)147.57 | (+)175.79 |
| Interest Rate -decrease by 100 basis points | (-)147.57 | (-)175.79 |

Commodity Price Risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Group has entered into various purchase contracts for these material for which there is an active market. The Group's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Group partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Group increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

i) Trade Receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Group regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

ii) Financial instruments and cash & bank deposits

Credit risk from balances with banks and financial institutions is managed by the Group's finance department in accordance with the Group's policy. Investments of surplus funds are made in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Group's maximum exposure to credit risk for the components of the balance sheet at 31st March, 2020 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Group.

| Particulars | As at 31 st March, 2021 | As at 31 st March, 2020 |
|--|---------------------------------------|---------------------------------------|
| Non-current assets | | |
| - Investments | 30,359.99 | 1,183.32 |
| - Loans | 274.52 | 258.29 |
| - Other non-current financial assets | 260.08 | 212.91 |
| Current assets | | |
| - Investments | 10,701.17 | 21,960.09 |
| - Trade receivables | 30,215.33 | 21,577.35 |
| - Cash and cash equivalents | 5,736.31 | 4,410.71 |
| - Bank balances other than cash and cash equivalents | 73.78 | 50.93 |
| - Loans | 555.24 | 561.25 |
| - Other current financial assets | 1,343.22 | 554.17 |
| Total | 79,519.64 | 50,769.02 |

Balances with banks is subject to low credit risks due to good credit ratings assigned to these banks.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. The Group's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits, short term investments and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Group's liquidity position through rolling forecasts on the basis of expected cash flows. The Group assessed the concentration of risk with respect to its debt and concluded it to be very low.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date:

| Particulars | Carrying Value | Less than 1 year | More than 1 Year |
|--|------------------|------------------|------------------|
| As at 31st March, 2021 | | | |
| Borrowings | 22,056.36 | 7,299.14 | 14,757.22 |
| Lease Liabilities | 12,860.24 | 2,005.17 | 10,855.07 |
| Trade payables | 22,964.51 | 22,964.51 | - |
| Other non-current financial liabilities | 8,444.62 | - | 8,444.62 |
| Other current financial liabilities | 12,586.54 | 12,586.54 | - |
| Total | 69,798.87 | 44,855.36 | 34,056.91 |

And Controlled Entities (Foreign Subsidiary) (Note - c below) | International Foam Technologies SL, Spain and subsidiaries (Foreign Subsidiary) (Note - b and c below) | Sleep X US INC (Foreign Subsidiary) (Note - a below) | Divya Software Solutions Private Limited (Indian Subsidiary) | Sleepwell Enterprises Private Limited (Indian Subsidiary) | Stago World Private Limited (Indian Subsidiary) |
| Reporting period of the subsidiary concerned, if different from the Holding Company's reporting period | N.A. | N.A. | N.A. | N.A. | N.A. | N.A. |
| Reporting currency in case of foreign subsidiaries | AUD | EURO | USD | N.A. | N.A. | N.A. |
| Exchange rate as on the last date of the relevant Financial year in case of foreign subsidiaries | Rs. 55.70 | Rs. 85.92 | N.A. (Note - a below) | N.A. | N.A. | N.A. |
| Share Capital | 3,668.00 | 10,313.22 | (Note - a below) | 9.46 | 1.05 | 1.00 |
| Reserves & Surplus | 10,622.88 | 4,304.79 | | 6,171.89 | 235.89 | 369.96 |
| Total Assets | 36,265.17 | 48,397.58 | | 6,198.61 | 264.24 | 500.18 |
| Total Liabilities | 21,974.30 | 32,910.56 | | 17.27 | 27.31 | 129.22 |
| Investments | - | - | | - | 100.83 | - |
| Turnover / Total Income | 41,767.98 | 33,673.70 | | 27.14 | 85.66 | 1,335.70 |
| Profit / (Loss) before tax | 3,835.27 | 4,420.10 | | (419.22) | 77.82 | 364.67 |
| Provision for tax | 1,140.32 | 909.51 | | 2.73 | 12.40 | 73.53 |
| Profit / (Loss) after tax | 2,694.95 | 3,510.59 | | (421.95) | 65.42 | 291.14 |
| Proposed Dividend | - | - | | - | - | - |
| % of shareholding | 100% | 100% | 100% | 100% | 100% | |

- a. During the previous year, the Holding Company had incorporated the said Wholly Owned Subsidiary Company (WOS) in Delaware, USA, for the purpose of marketing of the products of the Holding Company in USA, however, as no share capital had been subscribed or investment had been made therein, there was no impact of the same on the financial statements except that the expenditures incurred for acquisition were capitalised as investment in WOS. Further, during the current year the Company has dissolved the said Subsidiary on 29.03.2021 and expenditure incurred for acquisition has been written off and shown under Note 39 - Other Expenses - Investment written off.
- b. The International Foam Technologies SL, Spain, (the 'IFTS') in the earlier year had signed with the former owners of a running company namely Interplasp, SL Spain for the sale of 93.66% of its share capital. Once the closing actions for transfer of shares were completed, the said contract was released to the public, and IFTS as agreed in the said act, signed an escrow contract and created a deposit charged to the purchase price amounting to 6,874 thousands euros. In the escrow contract derived from the purchase of the shares of Interplasp, S.L. one of the conditions is to release 3.000 thousands euros if a special license is obtained for urban use by public utility in the lands adjacent to the constructions where Interplasp, S.L. develops its activity. The Company had recorded this amount as a higher value of the land, however, the Company has obtained an appraisal that proves that if said urban use were granted, the value of the land would not change and has considered the 3.000 thousands euros as a higher value of goodwill. The Company has recorded this fact retrospectively, modifying the comparative figures from the previous year. The impact on the comparative figures of the previous year is as follows:

Below table describes the restatement made in the financial statements as at 1st April, 2020:

| Particulars | As at 31 st March, 2020 | Restatement | As at 1 st April, 2020 |
|--------------------------------------|---------------------------------------|-------------|--------------------------------------|
| Assets | | | |
| Property, plant and equipment - Land | 3,887.93 | (2,492.40) | 1,395.53 |
| Goodwill | 23,708.21 | 1,750.80 | 25,459.00 |
| | | (741.60) | |
| Liabilities | | | |
| Non-controlling interest | 785.89 | (118.51) | 667.38 |
| Deferred tax liabilities (Net) | 1,715.02 | (623.09) | 1,091.93 |
| | | (741.60) | |

- c. The Holding Company has also given financial guarantees of Rs. 17,924 lakhs to the banks towards guarantees for the loans taken by the foreign Subsidiaries in Spain and Australia.

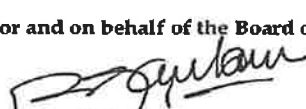

40.15 Additional information pursuant to Schedule III of Companies Act, 2013

| Name of Entity | Net Assets i.e. Total Assets minus Total Liabilities | | Share in Profit | |
|--|---|--------------------------|-----------------------------------|--------------------------|
| | As % of consolidated net assets | Amount (Rs. in lakhs) | As % of consolidated profit | Amount (Rs. in lakhs) |
| Parent / Holding : | | | | |
| Sheela Foam Limited | 88.69 | 1,05,038.23 | 75.18 | 17,874.98 |
| Subsidiaries: | | | | |
| Indian | | | | |
| Divya Software Solutions Private Limited | (0.63) | (740.62) | (1.77) | (421.95) |
| Sleepwell Enterprises Private Limited | 0.20 | 235.89 | 0.28 | 65.42 |
| Stago World Private Limited | 0.31 | 369.96 | 1.22 | 291.14 |
| Foreign | | | | |
| Joyce Foam Pty. Ltd. and Controlled Entities | 7.84 | 9,281.71 | 11.34 | 2,694.96 |
| International Foam Technologies SL, Spain and Subsidiaries | 3.59 | 4,243.87 | 13.75 | 3,267.52 |

- 40.16 The Holding Company in the year 2016-17, had lodged an insurance claim towards the fire in its unit at Greater Noida, and as the management was confident of recovery of the said claim, the loss of Rs. 1199.49 lakhs incurred in the fire was accounted for as "Insurance Claim Receivable". However, as in-spite of continuous follow up, there was no concrete evidence / reasonable positive indication of its recovery, the said claim which was lying under receivable had been written off and debited to the Statement of Profit and Loss, as Exceptional Item during the earlier year 2019-20.
- 40.17 The SARS-CoV-2 virus responsible for COVID-19, which has been declared a Global pandemic by the World Health Organization in 2020, had led to nation-wide lockdown during the year for a quite considerable time. It contributed to a significant decrease in global and local economic activities, and consequently, the revenues and the profitability for the year ended March 31, 2021 have been adversely affected. Further, presently the said pandemic, is re-spreading and is on increasing trend across the globe including India, with various mutating variants. In assessing the recoverability of financial and non-financial assets, the Group has considered internal and external information including economic forecasts available, and based on such information and assessment, the Group expects to recover the carrying amount of these assets. The impact of the pandemic may differ from that estimated as at the date of approval of these financial statements, and such changes, if any, will be prospectively recognised. Further, the extent to which the COVID-19 pandemic will impact the Group's future activities and financial results will depend on future developments which are highly uncertain, and as such no impact thereof, if any required, could be taken in these financial statements.
- 40.18 There are no material differences in the accounting policies of the Holding Company and its Subsidiaries, and the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Holding Company's separate financial statements.
- 40.19 The previous year's figures have been re-grouped/re-classified wherever considered necessary, and as the accounts for the previous year include the accounts of one foreign subsidiary and one Indian Subsidiary, which have been acquired between the previous year, therefore, the figures for the previous year are not comparable.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SHEELA FOAM LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the standalone financial statements of Sheela Foam Limited, which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and profit, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

DESCRIPTION OF KEY AUDIT MATTER

Investment in subsidiaries

Refer Note 6 and Note 7 to the standalone financial statements.

The Company has investments in subsidiaries at a gross value of Rs 22,657 lakhs as on March 31, 2022. In accordance with Ind AS 36 - Impairment of assets, at each reporting period end, management assesses the existence of impairment indicators of investments in subsidiaries. Processes and methodologies for assessing and determining the recoverable amount of each investments are based on complex assumptions, that by their nature imply the use of the management's judgment, in particular with reference to identification of impairment indicators, forecast of future cash flows relating to the period covered by the Company's strategic business plan, normalized cash flows assumed as a basis for terminal value, as well as the long-term growth rates and discount rates applied to such forecasted cash flows.

Since the amount of investment in subsidiary is material and involves significant management judgement and estimation, we have identified this as a key audit matter.

MSKA & Associates

Chartered Accountants

DESCRIPTION OF AUDITOR'S RESPONSE

We evaluated the judgement and estimation used by management in recognising the impairment provision in case of investment in subsidiaries. Our procedures included, but were not limited to the following:

1. Obtained understanding of the Company's policy on assessment of impairment of investments in subsidiaries and the assumption used by the management, including design and implementation of controls, validation of management review controls;
2. Verified the operating effectiveness of the controls on a sample basis;
3. Evaluated management's methodology, assumptions and estimates used in the calculations;
4. Verified completeness, arithmetical accuracy and validity of the data used in the calculations; and
5. Evaluated the appropriateness of the disclosures made in the financial statement in relation to the above as required under applicable accounting standards.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report etc but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

MSKA & Associates

Chartered Accountants

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

OTHER MATTER

The standalone Ind AS financial statements of the Company for the year ended March 31, 2021, were audited by another auditor whose report dated May 29, 2021 expressed an unmodified opinion on those financial statements.

Our opinion is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 51 to the standalone financial statements;

MSKA & Associates

Chartered Accountants

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
- iv.
- (1) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 61(i) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (2) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 61(ii) to the standalone financial statements, no funds have been received by the Company from any entity, including foreign entities, that the Company has directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (3) Based on our audit procedures which we have considered reasonable and appropriate in the circumstances and according to the information and explanations provided to us by the Management in this regard, nothing has come to our notice that has caused us to believe that the representations made by the Management under sub-clause (i) and (ii) contain any material misstatement.
- v. The Company has neither declared nor paid any dividend during the year.
3. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

MSKA & Associates

Chartered Accountants

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2022 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED FOR THE YEAR ENDED MARCH 2022

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i.
 - (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
 - B. The Company does not have intangible assets. Accordingly, the provisions stated in paragraph 3(i)(a)(B) related to intangible assets are not applicable to the Company.
 - (b) Property, Plant and Equipment have been physically verified by the management at reasonable intervals during the year and no material discrepancies were identified on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us, the Company has not revalued its Property, Plant and Equipment (including Right of Use Assets). The Company does not have intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
 - (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- ii.
 - (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage and procedure of such verification is reasonable and appropriate. No material discrepancies were noticed on such verification.
 - (b) The Company has been sanctioned working capital limits in excess of Rs.5 crores in aggregate from Banks on the basis of security of current assets. Monthly returns/ statements are filed with such Banks are in agreement with the books of account.
- iii.
 - (a) According to the information and explanation provided to us, the Company has made investments in, provided guarantees and granted loans to any other entity.

MSKA & Associates

Chartered Accountants

(A) The details of such loans or advances and guarantees or investment to subsidiaries are as follows:

| | (Amount in lacs) | | | |
|---|------------------|----------|----------------------------|-------------|
| | Guarantees | Security | Loans (excluding interest) | Investments |
| Aggregate amount granted/ provided during the year | | | | |
| - Subsidiaries | 7,600 | - | 10,800 | 3,000 |
| Balance Outstanding as at balance sheet date in respect of above cases | | | | |
| - Subsidiaries | 29,300 | - | 7,770 | 22,657 |

(B) The details of such loans or advances and guarantees or security to parties other than subsidiary are as follows:

| | (Amount in lacs) | | | |
|---|------------------|----------|-------|----------|
| | Guarantees | Security | Loans | Advances |
| Aggregate amount granted/provided during the year | | | | |
| - Others | - | - | 767 | - |
| Balance Outstanding as at balance sheet date in respect of above cases | | | | |
| - Others | - | - | 1,201 | - |

- (b) In relation to investments, guarantees provided, securities given, according to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of the loans and advances provided are not prejudicial to the interest of the Company.
- (c) In case of the loans and advances in the nature of loan, schedule of repayment of principal and payment of interest have been stipulated and the borrowers have been regular in the payment of the principal and interest.
- (d) There are no amounts overdue for more than ninety days in respect of the loan granted to Company/ Firm/ LLP/ Other Parties.
- (e) According to the information explanation provided to us, the loan or advance in the nature of loan granted has not fallen due during the year. Hence, the requirements under paragraph 3(iii) (e) of the Order are not applicable to the Company.

MSKA & Associates

Chartered Accountants

- (f) According to the information explanation provided to us, the Company has not granted any loans and/ or advances in the nature of loans which are either repayable on demand or without specifying any terms or period of repayment. Hence, the requirements under paragraph 3(iii)(f) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not either directly or indirectly, granted any loan to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of section 185 of the Act and the Company has not made investments through more than two layers of investment companies in accordance with the provisions of section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- v. In our opinion and according to the information and explanations given to us, there are no amounts outstanding which are in the nature of deposits as on March 31, 2022 and the Company has not accepted any deposits during the year.
- vi. We have broadly reviewed the books of account relating to materials, labour and other items of cost maintained by the Company pursuant as specified by the Central Government for the maintenance of cost records under sub-section (1) of section 148 of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including goods and service tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess have been regularly deposited by the Company with appropriate authorities in all cases during the year.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

MSKA & Associates

Chartered Accountants

- (b) According to the information and explanation given to us and examination of records of the Company, the outstanding dues of income-tax, goods and service tax, customs duty, cess and any other statutory dues on account of any dispute, are as follows:

(Amount in lacs)

| Name of the statute | Nature of dues | Amount Rs. | Amount Paid under Protest | Period to which the amount relates (FY) | Forum where dispute is pending |

MSKA & Associates

Chartered Accountants

- viii. According to the information and explanations given to us, there are no transactions which are not accounted in the books of account which have been surrendered or disclosed as income during the year in Tax Assessment of the Company. Also, there are no previously unrecorded income which has been now recorded in the books of account. Hence, the provision stated in paragraph 3(viii) of the Order is not applicable to the Company.
- ix. The Company does not have any loans or borrowings and repayment to lenders during the year. Accordingly, the provision stated in paragraph 3(ix) (a) to (f) of the Order is not applicable to the Company.
- x.
- (a) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions stated in paragraph 3 (x)(a) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully, partly or optionally convertible debentures during the year. Accordingly, the provisions stated in paragraph 3 (x)(b) of the Order are not applicable to the Company.
- xi.
- (a) During the course of our audit, examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company.
- (b) We have not come across of any instance of material fraud by the Company or on the Company during the course of audit of the standalone financial statement for the year ended March 31, 2022, accordingly the provisions stated in paragraph (xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the management, there are no whistle-blower complaints received by the Company during the course of audit. Accordingly, the provisions stated in paragraph (xi)(c) of the Order is not applicable to Company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) (a) to (c) of the Order are not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv.
- (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered internal audit reports issued by internal auditors during our audit.
- xv. According to the information and explanations given to us, in our opinion during the year the Company has not entered into non-cash transactions with directors or persons connected with its directors and hence, provisions of section 192 of the Act are not applicable to Company. Accordingly, the provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.

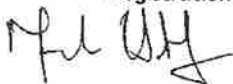

MSKA & Associates

Chartered Accountants

- xvi.
- (a) In our opinion, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph clause 3 (xvi)(a) of the Order are not applicable to the Company.
- (b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence, the reporting under paragraph clause 3 (xvi)(b) of the Order are not applicable to the Company.
- (c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph clause 3 (xvi)(c) of the Order are not applicable to the Company.
- (d) The Company does not have any CIC as part of its group. Hence the provisions stated in paragraph clause 3 xvi (d) of the order are not applicable to the Company.
- xvii. According to the information explanation provided to us, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Hence, the provisions stated in paragraph clause 3 (xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors during the year. Hence, the provisions stated in paragraph clause 3 (xviii) of the Order are not applicable to the Company.
- xix. According to the information and explanations given to us and based on our examination of financial ratios, ageing and expected date of realisation of financial assets and payment of liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of audit report and the Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- xx. According to the information and explanations given to us, the provisions of section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred to the special account as on the date of our audit report. Accordingly, the provisions of paragraph (xx)(a) to (b) of the Order are not applicable to the Company.

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sheela Foam Limited on the Financial Statements for the year ended March 31, 2022]

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

OPINION

We have audited the internal financial controls with reference to standalone financial statements of Sheela Foam Limited as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

MSKA & Associates

Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

1. COMPANY INFORMATION

Sheela Foam Limited ('the Company') is a ISO 9001:2000 public limited company incorporated in India, with its registered office in New Delhi. The Company is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Company is pioneered in the manufacturing of polyurethane foams in India and has ten manufacturing facilities, using the state of the art technology at strategic locations across the country.

The standalone financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorized for issue on May 12, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The standalone financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements have been prepared on a historical cost basis, except, certain financial assets and liabilities, measured at fair value (refer accounting policy regarding financial instruments).

b. Functional and presentation currency

The standalone financial statements are prepared in Indian Rupees ('Rs.'), which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

d. Use of estimates and judgments

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying standalone financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the standalone financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

Refer below for detailed discussion on estimates and judgments:

i. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rata basis on written down value basis over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.2 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

ii. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations. The mortality rate is based on publically available mortality table for the specific countries. Future salary, seniority, promotion and other relevant factors and pension increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 43.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

iii. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

iv. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. Impairment of Financial assets

The impairment provision of financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

vi. Impairment of Non-Financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or company of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.2 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by management, in the manner prescribed in Schedule II of the Companies Act, 2013. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs.5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|----------------------------------|--|---|
| Building | | |
| - Factory (including roads) | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern and internal assessment, management believes the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful lives of assets.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

2.3 Investment Property

Property that is held for long- term rental yields or for capital appreciation or both and that is not occupied by the Company, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred. Though the Company measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rata basis on a written down value basis, over the useful life of the property estimated by management, in the manner prescribed in Schedule II of the Act. The property's residual value, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Act:

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern and internal assessment, management believes the useful lives, as given above best, represent the period over which the management expects to use the properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to/from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

2.4 Investment in Subsidiaries

Investments in subsidiaries are carried at cost, less accumulated impairment losses, if any. Where an indication of impairment exists the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and
- c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- **Business Model Test:** The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- **Cash Flow Characteristics Test:** Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is most relevant to the Company. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents, investments in securities and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- **Business Model Test:** The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss. This category comprises of investments in mutual funds and market linked debentures.

(c) Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits, employee loans, etc.
- Financial assets that are debt instruments and are measured at FVTOCI.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

434

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred; or
- b. The Company retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Company has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of other comprehensive income.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

**SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022**

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Company towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.6 Inventories

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, first-in-first-out cost method is used.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods is determined on the first-in-first-out and comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a first-in-first-out.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realizable value is made on item-by-item basis.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

Revenue from sale of goods is recognised when the control of the goods is transferred to the customer, which is generally on the delivery of the goods, the associated costs and the amount of revenue can be measured reliably and it is probable that the economic benefit associated with the transaction will flow to the Company. It is measured at fair value of the consideration received or receivable, after deduction of sales returns, trade discount, volume rebates, goods and service tax collected on behalf of the government and amount collected on behalf of its customers.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed. Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met as described below. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of indirect taxes, trade allowances, rebates and amounts collected on behalf of third parties and is not recognised in instances where there is uncertainty with regard to ultimate collection. In such cases revenue is recognised on reasonable certainty of collection.

In respect of above, the amounts received in advance are reflected in the Balance sheet under "Other Current and Non-current Liabilities" as "Contract Liabilities".

Other revenue streams:

Interest income on fixed deposits is recognized on time proportion basis taking into account the amount outstanding and applicable interest rates. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Insurances claims are recognised to the extent the Company is reasonably certain of their ultimate receipt.

Dividend income on investments is recognized when the right to receive dividend is established if any.

Other income/revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and it can be reliably measured.

2.11 Government Grants / Subsidy

Government Grants are recognized when there is no significant uncertainty regarding the ultimate collection. Government grants of capital nature are credited to capital reserve. Other government grants of revenue nature including subsidies are credited to specific expense head in the Statement of Profit and Loss.

2.12 Employee Benefits

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short-term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc, are measured at the amounts expected to be paid when the

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Long Term Benefit

The employees of the Company are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

The Company's approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the year in which the employee renders the related service which is charged to the Statement of Profit and Loss.

ii. Employee's State Insurance Scheme:

Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

iii. Defined benefit plan

Gratuity: The company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise. Liability is funded through a separate Gratuity Trust. The short/ excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ asset as at the Balance Sheet date.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

2.13 **Leases**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Company as a lessee

The group's lease asset classes primarily consist of leases for warehouse & facilities. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing as at the balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non- monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions.

2.15 Taxation

Tax expense for the year comprises of Current Tax and Deferred Tax are included in the determination of the net profit or loss for the year.

a. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

b. Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

2.16 Dividend Distribution:

The Company recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Company and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit/loss of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 Statement of Cash flows:

For the purpose of Standalone Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with an original maturity of three months or less and other short-term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.19 Contributed Equity:

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.20 Standards (including amendments) issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2022

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2022

2.21 Standards that became effective during the year

The Company has applied certain amendments that became effective during the year which are discussed below:

a) Amendments to Ind AS consequential to Conceptual Framework under Ind AS

The Framework is not a Standard and it does not override any specific standard. Therefore, this does not form part of a set of standards pronounced by the standard-setters. While, the Framework is primarily meant for the standard-setter for formulating the standards, it has relevance to the preparers in certain situations such as to develop consistent accounting policies for areas that are not covered by a standard or where there is choice of accounting policy, and to assist all parties to understand and interpret the Standards.

The amendments made in following standards due to Conceptual Framework for Financial Reporting under Ind AS. includes amendment of the footnote to the definition of an equity instrument in Ind AS 102- Share Based Payments, footnote to be added for definition of liability i.e. definition of liability is not revised on account of revision of definition in conceptual framework in case of Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets etc.

The MCA has notified the Amendments to Ind AS consequential to Conceptual Framework under Ind AS vide notification dated June 18, 2021, applicable for annual periods beginning on or after April 1, 2021. Accordingly, the Conceptual Framework is applicable for preparers for accounting periods beginning on or after 1 April 2021.

These amendments have no impact on the financial statements of the Company.

b) Ind AS 116: COVID-19 related rent concessions

MCA issued an amendment to Ind AS 116 Covid-19-Related Rent Concessions beyond 30 June 2021 to update the condition for lessees to apply the relief to a reduction in lease payments originally due on or before 30 June 2022 from 30 June 2021. The amendment applies to annual reporting periods beginning on or after 1 April 2021. In case a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after 1 April 2020.

These amendments have no impact on the financial statements of the Company.

c) Amendment to Ind AS 105, Ind AS 16 and Ind AS 28

In the definition of "Recoverable amount" the words "the higher of an asset's fair value less costs to sell and its value in use" are replaced with "higher of an asset's fair value less costs of disposal and its value in use". The consequential amendments are made in Ind AS 105, Ind AS 16 and Ind AS 28.

These amendments have no impact on the financial statements of the Company.

Sheela Foam Limited
Notes forming part of the standalone financial statements

- The Company has obtained independent valuation for its investment properties at Rs.2,591.31 Lakhs as on 31st March 2022 and Rs. 1,946.90 as on March 31, 2021. These valuations are based on valuations performed by K.S. Agrawal Associates, an accredited independent valuer. K.S. Agrawal Associates is a specialist in valuing these types of investment properties and reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence. Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Company shall continue to operate and run the assets to have economic utility. The fair value is on 'as is where is' basis.
- There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restriction on remittance of income and proceeds of disposal.
- The investment properties which are leasehold properties, realisability of the same is subject to the terms and conditions under the respective lease agreements.
- The Company's Investment Properties are given an cancellable lease for a period 0-10 years.

| (Unsecured, considered good) | | |
| Loans to employees | 95.07 | 55.24 |
| Inter-corporate deposits | 500.00 | 500.00 |
| Total | 595.07 | 555.24 |

Note 19 : Other current financial assets

| Particulars | As at March 31, 2022 | As at March 31, 2021 |
|---|-------------------------|-------------------------|
| Unsecured, considered good | | |
| Interest accrued but not due on deposits with Banks, bonds and debentures | 1,863.16 | 686.78 |
| Interest accrued on loan given to subsidiary company (Refer note 44) | 83.27 | 125.26 |
| Insurance claim receivable | 0.11 | - |
| Lease receivable (refer note 45B) | 212.51 | - |
| Other loans & advances (refer note below) | 646.54 | 56.91 |
| Total | 2,925.59 | 868.96 |

Note:

- a. Other loans & advances comprise of advances to staff for expenses and advances to other parties etc.

Note 20 : Other current assets

| Particulars | As at March 31, 2022 | As at March 31, 2021 |
|---|-------------------------|-------------------------|
| Advance to contractors/suppliers | 651.67 | 971.43 |
| Balances with Statutory/Government authorities: | | |
| - Excise & Custom | 18.24 | 2.85 |
| - GST | 213.41 | 4.37 |
| - VAT/Sales Tax | 486.14 | 478.85 |
| GST refund receivable | - | 550.33 |
| Prepaid expenses | 322.32 | 299.99 |
| Lease equalisation | 66.33 | 62.73 |
| Income tax refund | 15.33 | 15.33 |
| Employee benefit assets (Refer note 43) | - | 29.52 |
| Right to recover return goods* | 186.14 | - |
| Total | 1,837.78 | 2,415.50 |

*- In certain cases, the Company provides its customers right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, the Company recognises Liability for expected sales return, a receivables on expected sales return (and corresponding adjustment to change in inventory is also recognised for the receivables on expected sales return from a customer).

Note 42 : There are no title deeds of Immovable Properties, which not held in name of the Company.

Note 43 : Employee benefits

A. Defined contribution plans

Company's employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which the Company makes a defined contribution measured as a fixed percentage of salary. During the year, amount of Rs. 654.37 lakhs (Previous Year: Rs. 614.99 lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Employer's contribution towards Provident Fund(PF) | 564.52 | 529.84 |
| Employer's contribution towards Employees State Insurance (ESI) | 55.03 | 53.43 |
| Employer's contribution towards National Pension Scheme (NPS) | 34.82 | 31.72 |
| Total (Refer Note 37) | 654.37 | 614.99 |

B. Long Term Benefit

Long service award

Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be on-cashed or accumulated till retirement. During the year an amount of Rs.146.01 lakhs (Previous Year: Rs. 121.89 lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

C. Defined benefit plans

Gratuity

The employees' gratuity fund scheme, which is a defined benefit plan, is managed by a trust with effect from 2019 is being maintained by Sheela Foam Employees gratuity trust. Under the gratuity plan, every employee who has completed atleast five years of service gets a gratuity on departure on 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Discount rate | 7.51% | 7.08% |
| Future salary increase/salary escalation | 7.00% | 5.00% |
| Retirement age (years) | 60 | 60 |
| Employee turnover | | |
| 18 to 30 years | 3.00% | 3.00% |
| From 31 to 45 years | 2.00% | 2.00% |
| Above 45years | 1.00% | 1.00% |

Notes:

- The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- Information given for retirement age is based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

Quantitative sensitivity analysis for significant assumptions as at March 31 2022 is shown below:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Increase / (decrease) on present value of defined benefits obligations at the end of the year | | |
| Discount rate | | |
| Increase by 1.00% | (270.71) | (198.06) |
| Decrease by 1.00% | 314.81 | 233.77 |
| Salary Increase | | |
| Increase by 1.00% | 313.27 | 238.38 |
| Decrease by 1.00% | (274.26) | (203.45) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss, Other Comprehensive Income and the funded status and amounts recognised in the Balance Sheet for the gratuity plan. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

Sheela Foam Limited
Notes forming part of the standalone financial statements
(in Indian Rupees (Lakhs), unless otherwise stated)

Expense recognised in Statement of Profit and Loss and Other Comprehensive Income:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Service cost: | | |
| Current service cost | 163.82 | 185.05 |
| Past service cost and (gain)/loss from settlements | - | - |
| Net interest expense | 3.47 | 27.32 |
| Components of defined benefit costs recognised in profit or loss | 167.29 | 212.37 |
| Remeasurement on the net defined benefit liability: | | |
| Actuarial (gains) / losses arising from changes in financial assumptions | 483.82 | (63.98) |
| Actuarial (gains) / losses arising from experience adjustments | (9.79) | (100.18) |
| Return on Plan Asset (Excluding Interest) | 5.37 | (16.29) |
| Components of defined benefit costs recognised in other comprehensive income | 479.40 | (180.45) |
| Total | 646.69 | 31.82 |

The current service cost and the net interest expense for the year are included in the 'Employee benefit expenses' line item in the Statement of Profit and Loss. The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Present value of funded defined benefit obligation | 2,441.60 | 1,821.02 |
| Fair value of plan assets | (1,838.54) | (1,850.54) |
| Net liability arising from defined benefit obligation | 603.06 | (29.52) |
| Refer Note 25 (Previous Year Note 20) | | |

Movements in the present value of the defined benefit obligation are as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Opening defined benefit obligation | 1,821.01 | 1,891.60 |
| Current service cost | 163.82 | 185.05 |
| Interest cost | 126.92 | 126.25 |
| Remeasurement (gains)/losses: | | |
| Actuarial gains and losses arising from changes in financial assumptions | 483.82 | (63.98) |
| Actuarial gains and losses arising from experience adjustments | (9.79) | (100.18) |
| Benefits paid | (77.68) | (217.66) |
| Closing defined benefit obligation | 2,510.10 | 1,821.02 |

Change in plan assets are as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Opening fair value of plan assets | 1,850.52 | 1,498.68 |
| Return on plan assets | 125.46 | 100.93 |
| Fund management charges | - | - |
| Employer contribution | 5.00 | 402.95 |
| Actuarial (Gain)/Loss on Asset | 5.37 | (16.29) |
| Benefits paid | (147.81) | (125.73) |
| Closing fair value of plan assets | 1,838.54 | 1,898.54 |

The major categories of plan assets:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|-------------------------|--------------------------------------|--------------------------------------|
| Fund managed by insurer | 1,838.54 | 1,850.54 |
| Total | 1,838.54 | 1,850.54 |

Maturity profile of gratuity liability is as follows:

| Year | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| 0 to 1 year | 51.90 | 63.58 |
| 1 to 2 Year | 43.76 | 81.46 |
| 2 to 3 Year | 55.29 | 42.72 |
| 3 to 4 Year | 102.16 | 55.60 |
| 4 to 5 Year | 151.93 | 96.75 |
| 5 Year onwards | 2,036.56 | 1,480.90 |
| Expected contribution to the fund in next year. | 823.87 | 134.31 |

Note 46 : Fair values of Financial Assets and Financial Liabilities:

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

Note 47 : Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities
- Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly
- Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Quantitative disclosures of fair value measurement hierarchy for financial instruments as at March 31, 2022:

Fair Value measurement hierarchy of Assets:

| Particulars | Date of Valuation | Total | Fair value measurement using | | |

Note 48 : Financial risk management objectives and policies

The Company's principal financial liabilities, comprise of deposits from dealers, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. Further, the Company has financial risk / exposure of financial guarantees given to the banks towards security against the loans taken by its subsidiaries, however, considering that there is no expected credit losses, there is no financial liability as at the yearend on this account. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include deposits from dealers, investments and foreign currency receivables and payables.

The sensitivity analysis in the following sections relate to the position as at 31 March 2022 and 31 March 2021.

The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2022 and March 31, 2021.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies. The Company is exposed to foreign currencies such as "USD", "AED", "AUD", "GBP" and "Euro".

The carrying amount of the foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| | EURO | 0.12 | 39.88 |
| Advance to vendors | GBP | - | 356.05 |
| | USD | 104.57 | 104.71 |
| Loan to Subsidiary Company | EURO | 6,570.40 | 4,847.61 |
| Bank balance | USD | 1.36 | - |
| | AED | 0.11 | - |
| Net assets / (liabilities) | | 4,874.06 | 4,186.48 |

Foreign currency sensitivity analysis

The Company is mainly exposed to USD, EURO, GBP and AUD. The following table demonstrate the sensitivity to a reasonably possible change in respective exchange rates, with all other variables held constant. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for sensitivity change in foreign currency rates. A positive number below indicates an increase in profit or equity and vice-versa.

Foreign currency sensitivity

| Currency | % | As at | |
|----------|-----|----------------|----------------|
| | | March 31, 2022 | March 31, 2021 |
| USD | 2% | (40.70) | (15.57) |
| | -2% | 40.70 | 15.57 |
| EURO | 3% | 203.15 | 228.18 |
| | -3% | (203.15) | (228.18) |
| GBP | 2% | (0.41) | 17.57 |
| | -2% | 0.41 | (17.57) |
| AUD | 4% | 5.25 | 11.95 |
| | -4% | (5.25) | (11.95) |

(ii) Interest risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises mainly of interest-bearing deposits with dealers, however, these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Company has entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increase prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

(i) Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The Company regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits, short term investments and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments

| Particulars | Less than 1 Year | More than 1 Year | Total |

| | <u>27,141.31</u> | <u>5,018.13</u> | <u>32,159.44</u> |

Note 49: Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a going concern.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. There is no debt in the company. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022, 31 March 2021 and 1 April 2020.

Note 54 : Transfer pricing

The Company has appointed an independent consultant for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arm's length basis". The Transfer Pricing study under the Income Tax Act, 1961 in respect of transaction with the group companies for the financial year ended March 31, 2022 is not yet complete. Adjustments, if any, arising from Transfer Pricing study shall be accounted for as and when the study is completed. The management confirms that all international transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms. During the current year, the Transfer Pricing certificate under section 92E of Income Tax Act, 1961 for the year ended March 31, 2021 has been obtained and there are no adverse comments requiring adjustments.

Note 55 : Exposure towards Micro, Small and Medium Enterprises

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|-------------|--------------------------------------|--------------------------------------|
|-------------|--------------------------------------|--------------------------------------|

i The details of amounts outstanding to Micro, Small and Medium Enterprises based on available information with the Company are as under:

(i) The principal amount and the interest due thereon remaining unpaid to any supplier.

| | | |
|-------------------|--------|----------|
| Principal amount: | 444.61 | 1,168.31 |
|-------------------|--------|----------|

Interest:

| | | |
|--|---|---|
| (ii) The amount of interest paid by the Company along with the amounts of the payment made to the supplier beyond the appointed day for the year ending. | - | - |
|--|---|---|

| | | |
|--|---|---|
| (iii) The amount of interest due and payable for the period of delay in making payment (beyond the appointed day during the year). | - | - |
|--|---|---|

| | | |
|---|---|---|
| (iv) The amount of interest accrued and remaining unpaid for the year ending. | - | - |
|---|---|---|

| | | |
|--|---|---|
| (v) The amount of further interest remaining due and payable for the earlier | - | - |
|--|---|---|

The information has been given in respect of such suppliers to the extent they could be identified as "Micro and Small" enterprises on the basis of information available with the Company. Further, the amount payable to these parties is not overdue hence no interest is required to provided/accrued as at March 31, 2022 and March 31, 2021

ii The credit period for purchase of goods and services are normally up to 30 days. No interest is chargeable on trade payables.

Note 56 : Corporate social responsibility

As per provisions of Section 135 of the Companies Act, 2013, the Company has to incur at least 2% of average net profits of the preceding three financial years towards Corporate Social Responsibility ("CSR"). Accordingly, a CSR committee has been formed for carrying out CSR activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation and rural development projects as per the Schedule VII of the Companies Act, 2013.

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| a) Gross amount required to be spent as per section 135 of the Act | 409.07 | 372.91 |
| Add: Amount Unspent from previous years | - | - |
| Total Gross amount required to be spent during the year | 409.07 | 372.91 |
| b) Amount approved by the Board to be spent during the year | 457.53 | 489.55 |
| c) Amount spent during the year on | | |
| (i) Construction/acquisition of an asset | - | - |
| (ii) On purposes other than (i) above | 457.53 | 489.55 |

| | <u>6,708.05</u> | <u>6,343.82</u> |
| Adjustments recognised in the current year in relation to tax of prior years | (22.27) | (42.32) |
| Income tax expense recognised in the Statement of Profit and Loss | <u>6,685.78</u> | <u>6,301.50</u> |
| Effective Tax Rate | 25.42% | 25.59% |

Note 59 : The Code on Social Security 2020

The Code on Social Security 2020 ('The Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued. The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SHEELA FOAM LIMITED

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of Sheela Foam Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2022, of consolidated profit, consolidated changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

MSKA & Associates

Chartered Accountants

DESCRIPTION OF KEY AUDIT MATTER

Impairment of Goodwill

Refer Note 4 to the consolidated financial statements

Group has a Goodwill of INR 25,198.56 lacs as on March 31, 2022. In determining the fair value/ value in use of subsidiaries, the Group has applied judgment in estimating future revenues, operating profit margins, long term growth rate and discount rates. The carrying value of goodwill is tested annually for impairment. The Group performed its annual impairment test of goodwill and determined that there was no impairment.

Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, we have identified this as a key audit matter.

DESCRIPTION OF AUDITOR'S RESPONSE

We evaluated the judgement and estimation used by management in recognising the Impairment of Goodwill. Our procedures included, but were not limited to the following:

- a) Obtained an understanding from the management with respect to process and controls followed by the Group to perform annual impairment test related to goodwill;
- b) Obtained the impairment analysis model from the management and reviewed their conclusions;
- c) Tested the inputs used in the Model by examining the underlying data and validating the future projections by comparing past projections with actual results;
- d) Assessed the reasonableness of the assumptions used and appropriateness of the valuation methodology applied. Tested the discount rate and longterm growth rates used in the forecast including comparison to economic and industry forecasts where appropriate;
- e) Reconciled the future operating cash flow forecasts with the business plan approved by the Company's board of directors;
- f) Evaluated the appropriateness of the disclosures made in the consolidated financial statement in relation to the above as required under applicable accounting standards.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MSKA & Associates

Chartered Accountants

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

OTHER MATTERS

- a. We did not audit the financial statements of 7 subsidiaries (including 2 step down subsidiaries) whose financial statements reflect total assets of Rs. 92,917.40 lacs as at March 31, 2022, total revenues of Rs. 87,715.45 lacs and net cash flows amounting to Rs. 385.83 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report

MSKA & Associates

Chartered Accountants

in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

- b. The consolidated Ind AS financial statements of the Group for the year ended March 31, 2021, were audited by another auditor whose report dated May 29, 2021 expressed an unmodified opinion on those statements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

MSKA & Associates

Chartered Accountants

- f. With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. There were no pending litigations which would impact the consolidated financial position of the Group. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 52 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts. Refer Note 71 to the consolidated financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India. Refer Note 72 to the consolidated financial statements.
 - iv.
 - (1) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the Note 63 (i) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the Note 63 (ii) to the consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

MSKA & Associates

Chartered Accountants

- (3) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, and according to the information and explanations provided to us by the Management of the Holding company in this regard nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
- v. The Holding Company and its subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.
2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Holding Company, to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder except in case of 4 subsidiaries, as the provisions of the aforesaid section is not applicable to private companies.
3. According to the information and explanations given to us and based on the Company (Auditor's Report) Order, 2020 (hereinafter referred as "CARO reports") issued by us for the Company and on consideration of CARO reports by statutory auditors of subsidiaries incorporated in India included in the consolidated financial statements of the Company to which reporting under CARO is applicable, we report that there are no Qualifications/ Adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

As part of an audit in accordance with Standards on Auditing (SAs), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MSKA & Associates

Chartered Accountants

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sheela Foam Limited on the consolidated Financial Statements for the year ended March 31, 2022]

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

OPINION

In conjunction with our audit of the consolidated financial statements of Sheela Foam Limited (hereinafter referred to as "the Holding Company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company and its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

MSKA & Associates

Chartered Accountants

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding company and its subsidiary companies which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

MSKA & Associates

Chartered Accountants

OTHER MATTERS

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to 3 subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. GROUP INFORMATION

Sheela Foam Limited ('the Holding Company') is a ISO 9001:2000 public limited Group incorporated in India with its registered office in New Delhi. The Holding Group is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Holding Company, pioneered in the manufacturing of polyurethane foams, has eight Subsidiary companies (Joyce Foam Pty. Limited and its Controlled Entity Joyce W C NSW Pty Limited Australia , International Foam Technologies Spain and its Controlled Entity Interplasp S.L , 'Divya Software Solutions Private Limited', 'Sleepwell Enterprises Private Limited, International Comfort Technologies Private Limited and Staqa World Pvt. Ltd'). The accompanying Consolidated Financial Statements relate to Sheela Foam Limited ('the Holding Company') and its eight Subsidiary companies (together referred as "the Group").

The consolidated financial statements for the year ended 31st March, 2022 were approved by the Board of Directors and authorized for issue on 12th May, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation :

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The consolidated financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The consolidated financial statements have been prepared on a historical cost basis, except, certain financial assets and liabilities, measured at fair value. (refer accounting policy regarding financial instruments).

b. Functional and presentation currency

The consolidated financial statements are prepared in Indian Rupees ('Rs. '), which is the Holding Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is: -

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

A liability is classified as current when it is:

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Group has identified twelve months as its operating cycle.

d. Use of estimates and judgments

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying consolidated financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the consolidated financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

1. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rate basis on written down value basis, in case of Holding Group (Sheela Foam Limited) and Indian Subsidiaries and on a straight line basis, in the case of foreign Subsidiaries, over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.3 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

2. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations.

The mortality rate is based on publically available mortality table for the specific countries. Future

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

salary, seniority, promotion and other relevant factors and pension increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 44

3. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

4. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

5. Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

6. Impairment of non-Financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.2 BASIS OF CONSOLIDATION

Control is achieved when the group is exposed, or has rights to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of a subsidiary begins with the group obtains control over the subsidiary and ceases when group loses control of the subsidiary. The Consolidated Financial Statements have been prepared on the following basis: -

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Basis of Accounting:

- i) The financial statements of all subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on 31 March. When the end of the reporting period of the holding company is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the holding company to enable the holding company to consolidate the financial information of the subsidiary, unless it is impracticable to do so.
- ii) In case of foreign Subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rates prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- iii) The consolidated financial statements have been prepared in accordance with Indian Accounting Standard - 110 "Consolidated Financial Statements".

Principles of Consolidation:

- i) The financial statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating the intra-group balances and intra-group transactions and unrealized profits or losses in accordance with Indian Accounting Standard - 110 on "Consolidated Financial Statements". Non - controlling interests in the results and equity of subsidiaries are shown separately in the consolidated financials statement .
- ii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Holding Group's separate financial statements except as otherwise stated in the Significant Accounting Policies.
- iii) The difference between the costs of investments in the Subsidiaries over the net assets at the time of acquisition of shares in the Subsidiaries is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve as the case may be.

The Consolidated Financial Statements of the Holding Group includes the results of following entities:

| Name of Company | Country of Incorporation | Proportion (%) of Shareholding as on 31.03.2022 | Proportion (%) of Shareholding as on 31.03.2021 |
|--|--------------------------|---|---|
| Subsidiary Companies | | | |
| Joyce Foam Pty. Limited and its Controlled Entity (Joyce W C NSW Pty Limited) | Australia | 100% | 100% |
| International Foam Technologies SL, Spain and its Controlled Entity (Interplasp S.L) | Spain | 100% | 100% |
| Divya Software Solutions Private Limited | India | 100% | 100% |
| Sleepwell Enterprises Private Limited | India | 100% | 100% |
| Stago World Pvt. Ltd. | India | 100% | 100% |
| International Comfort Technologies Private Limited | India | 100% | -- |

2.3 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful life of assets.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited, Sleepwell Enterprises Private Limited, Staqa World Private Limited and International Comfort Technologies Private Limited)

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs. 5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed/ estimated by the Group (No. of Years) |
|------------------------------------|--|--|
| Buildings : | | |
| - Factory (including roads) | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles : | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment : | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entities, and International Foam Technologies SL, Spain and its Controlled Entities)

The depreciable amount of all fixed assets including capitalised lease assets, is depreciated on a straight line basis over the estimated useful lives to the Group commencing from time the assets is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

| Asset | Useful Life range |
|----------------------------|-------------------|
| Buildings | 34 to 36 years |
| Technical Installations | 10 to 20 years |
| Plant & Machinery | 8 to 20 years |
| Furniture & Furnishings | 3 to 7 years |
| Tooling & Other Facilities | 10 years |
| Data Processing Equipment | 4 to 6 years |
| Vehicles | 6 to 7 years |
| Other Assets | 8 to 9 years |

2.4 Investment Property

Property that is held for long- term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Though the Group measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rate basis on written down value basis, over the useful life of the property estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The property's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Group (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to / from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and
- c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- Business Model Test:

The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and

- Cash Flow Characteristics Test:

Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is most relevant to the Group. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit or loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents and employee loans, etc.

(2) **Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):**

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- **Business Model Test:**

The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and

- **Cash Flow Characteristics Test:**

The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

(3) **Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)**

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss.

(c) **Impairment of financial assets**

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits and employee loans etc.
- Financial assets that are debt instruments, and are measured at FVTOCI,

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred, or
- b. The Group retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Group has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit or Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of Profit and Loss.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in Statement of profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

Financial guarantee contracts issued by the Holding Group are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Group towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.6 Inventories

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods includes cost of purchase and such other costs.

In determining the cost of inventories, first-in-first-out cost method is used.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realizable value is made on item-by-item basis.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

The Group assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

Revenue from sale of goods is recognised when the control of the goods is transferred to the customer, which is generally on the delivery of the goods, the associated costs and the amount of revenue can be measured reliably and it is probable that the economic benefit associated with the transaction will flow to the Company. It is measured at fair value of the consideration received or receivable, after deduction of sales returns, trade discount, volume rebates, goods and service tax collected on behalf of the government and amount collected on behalf of its customers.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed. Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met as described below. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of indirect taxes, trade allowances, rebates and amounts collected on behalf of third parties and is not recognised in instances where there is uncertainty with regard to ultimate collection. In such cases revenue is recognised on reasonable certainty of collection.

In respect of above, the amounts received in advance are reflected in the Balance sheet under "Other Current and Non-current Liabilities" as "Contract Liabilities".

2.11 Government Grants / Subsidy

Government grants are recognized when it is reasonably certain that the ultimate collection will be made. Government grants of capital nature are credited to capital reserve. Other government grants of revenue nature including subsidies are credited to specific expense head in the Statement of Profit and Loss.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2.12 Employee Benefits

In the case of Holding Group and Indian Subsidiaries

a. **Short Term Employee Benefits**

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc. and the same are recognized in the period in which the employee renders the related services.

b. **Long Term Benefit**

The employees are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. **Post-Employment Benefits**

i. **Defined contribution plan:**

Approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. There is no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. **Defined benefit plan**

Gratuity, being a defined benefit plan (the 'Gratuity Plan') covers eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise. The Holding Company Liability is funded through a separate Gratuity Trust. The short/ excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ asset as at the Balance Sheet date.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

ii. **Employees State Insurance Scheme**

Contribution towards employees' state insurance scheme is made to the regulatory authorities, as applicable and has no further obligations. Such benefits are classified as

SHEELA FOAM LIMITED**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**

Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entity, and International Foam Technologies SL, Spain and its Controlled Entity)

Provision is made for the liability for employee benefits arising from services rendered by employees to balance sheet date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those of benefits.

2.13 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Group as a lessee

The group's lease asset classes primarily consist of leases for warehouse & facilities. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Group as a lessor

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing as at the balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing as at the balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non- monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions.

2.15 Taxation

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

b) Deferred Tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in consolidated financial statements. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2.16 Dividend Distribution:

The group recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Entity and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares

2.18 Goodwill

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of business combination over Holding Company's interest in the net fair value of identifiable assets acquired.

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGU) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs, which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU, including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU. Key assumptions in the cash flow projections are prepared based on current economic conditions and includes estimated long-term growth rates, weighted average cost of capital and estimated operating margins.

Growth rates : The growth rates reflect the long-term average growth rates for the product lines and industries of the segments (all publicly available). These growth rates are consistent with forecasts included in industry reports specific to the industry in which CGU operates. The group considers growth rate factor of 5-10%.

Discount rates : The discount rates reflect appropriate adjustments relating to market risk and specific risk factors of each CGU. The group considers discount rate factor of 7-8.5%. Apart from the considerations in determining the value-in-use of the CGU, management is not currently aware of any other probable changes that would necessitate changes in its key estimates

2.19 Transactions within Group

Transactions including expenses to be shared between the companies within the Group are initially recorded under operational heads by the respective Group, and reduced on actual or proportionate (where those are not directly attributable) basis during consolidation.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2.20 Business Combinations

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

2.21 Contributed equity

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

2.22 Standards that became effective during the year

There are no new Standards that became effective during the year. The group has applied certain amendments that became effective during the year which are discussed below:

- a) Amendments to Ind AS consequential to conceptual Framework under Ind AS : The Framework is not a Standard and it does not override any specific standard. Therefore, this does not form part of a set of standards pronounced by the standard-setters. While, the Framework is primarily meant for the standard-setter for formulating the standards, it has relevance to the preparers in certain situations such as to develop consistent accounting policies for areas that are not covered by a standard or where there is choice of accounting policy, and to assist all parties to understand and interpret the Standards. The amendments made in following standards due to Conceptual Framework for Financial Reporting under Ind AS includes amendment of the footnote to the definition of an equity instrument in Ind AS 102- Share Based Payments, footnote to be added for definition of liability i.e. definition of liability is not revised on account of revision of definition in conceptual framework in case of Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets etc. The MCA has notified the Amendments to Ind AS consequential to Conceptual Framework under Ind AS vide notification dated June 18, 2021, applicable for annual periods beginning on or after April 1, 2021. Accordingly, the Conceptual Framework is applicable for preparers for accounting periods beginning on or after 1 April 2021. These amendments have no impact on the consolidated financial statements of the group.
- b) Ind AS 116 : Covid 19 related rent concessions : MCA issued an amendment to Ind AS 116 Covid-19-Related Rent Concessions beyond 30 June 2021 to update the condition for lessees to apply the relief to a reduction in lease payments originally due on or before 30 June 2022 from 30 June 2021. The amendment applies to annual reporting periods beginning on or after 1 April 2021. In case a lessee has not yet approved the consolidated financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after 1 April 2020. These amendments have no impact on the consolidated financial statements of the group.
- c) Ind AS 103 : Business Combination : The MCA clarified that for the purpose of this Ind AS, acquirers are required to apply the definition of asset and liability given in the framework for preparation and presentation of consolidated financial statements with Indian Accounting standards rather than the conceptual framework. Therefore, the acquirer does not recognise those costs as part of applying the acquisition method. Instead, the acquirer recognises those

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

costs in its post-combination consolidated financial statements in accordance with other Ind AS. These amendments have no impact on the consolidated financial statements of the group.

- d) Amendment to Ind AS 105 , Ind AS 16 and Ind AS 28 : In the definition of "Recoverable amount" the words "the higher of an asset's fair value less costs to sell and its value in use" are replaced with "higher of an asset's fair value less costs of disposal and its value in use". The consequential amendments are made in Ind AS 105, Ind AS 16 and Ind AS 28. These amendments have no impact on the consolidated financial statements of the group.

Notes:

a. Refer 'Para- 2.4' of Significant Accounting Policies for depreciation and measurement of investment property.
b. The leasehold land has been amortised during the year by Rs. 0.91 lakhs (Previous Year : Rs. 0.91 lakhs) as per the accounting policy in terms of the Ind AS-40 on 'Investment Property'.

c. Income from investment property

| Particulars | As at March 31, 2022 | As at March 31, 2021 |
|---|----------------------|----------------------|
| Rental Income derived from investment property | 214.73 | 188.86 |
| Profit arising from investment property before depreciation | 214.73 | 188.86 |
| Less: Depreciation for the year | (288.36) | (300.83) |
| Net Profit arising from investment property | (73.63) | (111.97) |

d. The group has obtained independent valuation for its investment properties at Rs. 8,297 Lakhs as on 31st March 2022 and Rs. 8,297 lakhs as on March 31, 2021. These valuations are based on valuations performed by K.S. Agrawal Associates, an accredited independent valuer. K.S. Agrawal Associates is a specialist in valuing these types of investment properties and reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence.

Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that group shall continue to operate and run the assets to have economic utility. The fair value is on 'as is where is' basis.

e. There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restriction on remittance of income and proceeds of disposal.

f. The investment properties which are leasehold properties, realisability of the same is subject to the terms and conditions under the respective lease agreements.

g. The group's Investment Properties are given on cancellable lease for a period 0-10 years.

| Total | 5,938.49 | 3,625.60 |

* In certain cases, the Group provides its customers right to return the goods within a specified period. The Group uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the group will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, the Group recognises Liability for expected sales return, a receivables on expected sales return (and corresponding adjustment to change in inventory is also recognised for the receivables on expected sales return from a customer).

Sheela Foam Limited
Notes forming part of the consolidated financial statements
(In Indian Rupees (Lakhs), unless otherwise stated)

Note 44 : Employee benefits (In respect of companies incorporated in India)

A. Defined contribution plans

Employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which makes a defined contribution measured as a fixed percentage of salary. During the year, amount of Rs. 696.42 lakhs (Previous Year: Rs.642.63 lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Employer's contribution towards Provident Fund(PF) | 605.11 | 556.00 |
| Employer's contribution towards Employees State Insurance (ESI) | 56.49 | 54.81 |
| Employer's contribution towards National Pension Scheme (NPS) | 34.82 | 31.72 |
| Total | 696.42 | 642.63 |

B. Long Term Benefit

Long service award

Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. During the year amount of Rs. 146.01 lakhs (Previous Year: Rs. 121.89 lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

C. Defined benefit plans

Gratuity

The employees' gratuity fund scheme, which is a defined benefit plan, is managed by a trust with effect from 2019 is being maintained by Sheela Foam Employees gratuity trust. Under the gratuity plan, every employee who has completed atleast five years of service gets a gratuity on departure on 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Discount rate | 7.51% | 7.08% |
| Future salary increase/salary escalation | 7.00% | 5.00% |
| Retirement age (years) | 60 | 60 |
| <i>Employee turnover</i> | | |
| 18 to 30 years | 3.00% | 3.00% |
| From 31 to 45 years | 2.00% | 2.00% |
| Above 45 years | 1.00% | 1.00% |

Notes:

- The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- Information given for retirement age is based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

Quantitative sensitivity analysis for significant assumptions as at March 31 2022 is shown below:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Increase / (decrease) on present value of defined benefits obligations at the end of the year | | |
| Discount rate | | |
| Increase by 1.00% | (284.20) | (204.26) |
| Decrease by 1.00% | 331.38 | 241.28 |
| Salary increase | | |
| Increase by 1.00% | 329.76 | 243.96 |
| Decrease by 1.00% | (288.20) | (209.82) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss, Other Comprehensive Income and the funded status and amounts recognised in the Balance Sheet for the gratuity plan. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

Sheela Foam Limited
Notes forming part of the consolidated financial statements
(In Indian Rupees (Lakhs), unless otherwise stated)

Expense recognised in Statement of Profit and Loss and Other Comprehensive Income:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|---|--------------------------------------|--------------------------------------|
| Service cost: | | |
| Current service cost | 178.11 | 238.98 |
| Net interest expense | 7.28 | 27.31 |
| Components of defined benefit costs recognised in profit or loss | 185.39 | 266.29 |
| Remeasurement on the net defined benefit liability: | | |
| Actuarial losses/(gains) arising from changes in financial assumptions | 431.36 | (66.04) |
| Actuarial (gains) / losses arising from experience adjustments | (11.05) | (159.56) |
| Return on Plan Asset (Excluding Interest) | 5.37 | (16.29) |
| Components of defined benefit costs recognised in other comprehensive income | 425.68 | (241.89) |
| Total | 611.07 | 24.40 |

The current service cost and the net interest expense for the year are included in the 'Employee benefit expenses' line item in the Statement of Profit and Loss. The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Present value of funded defined benefit obligation | 2,545.09 | 1,874.94 |
| Fair value of plan assets | (1,838.54) | (1,850.52) |
| Net liability arising from defined benefit obligation | 706.55 | 24.42 |

Movements in the present value of the defined benefit obligation are as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Opening defined benefit obligation | 1,874.94 | 1,891.61 |
| Current service cost | 178.11 | 238.98 |
| Interest cost | 132.73 | 128.25 |
| Remeasurement (gains)/losses: | | |
| Actuarial losses and (gains) arising from changes in demographic assumptions | | |
| Actuarial losses and (gains) arising from changes in financial assumptions | 433.18 | (66.04) |
| Actuarial losses and (gains) arising from experience adjustments | (12.87) | (159.56) |
| Acquisition /Business Combination / Divestiture | 18.42 | - |
| Benefits paid | (79.42) | (158.30) |
| Closing defined benefit obligation | 2,545.09 | 1,874.94 |

Change in plan assets are as follows:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|--|--------------------------------------|--------------------------------------|
| Opening fair value of plan assets | 1,850.52 | 1,488.68 |
| Return on plan assets | 125.46 | 100.93 |
| Fund management charges | - | - |
| Employer contribution | 5.00 | 402.95 |
| Actuarial loss/(gain) on Asset | 5.37 | (16.29) |
| Benefits paid | (147.81) | (125.73) |
| Closing fair value of plan assets | 1,838.54 | 1,850.54 |

The major categories of plan assets:

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|-------------------------|--------------------------------------|--------------------------------------|
| Fund managed by insurer | 1,838.54 | 1,850.54 |
| Total | 1,838.54 | 1,850.54 |

Maturity profile of gratuity liability is as follows:

| Year | For the year ended March 31, 2022 | For the year ended March 31, 2021 |
|----------------|--------------------------------------|--------------------------------------|
| 0 to 1 year | 54.03 | 65.01 |
| 1 to 2 Year | 45.55 | 82.84 |
| 2 to 3 Year | 57.27 | 44.28 |
| 3 to 4 Year | 117.36 | 71.05 |
| 4 to 5 Year | 154.36 | 98.56 |
| 5 Year onwards | 2,116.52 | 1,513.20 |

Expected contribution to the fund in next year.

Note 47 : Fair values of Financial Assets and Financial Liabilities

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The group has disclosed financial instruments such as trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

2. Financial instruments with fixed and variable interest rates are evaluated by the group based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

Note 48 : Fair value hierarchy

The group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Quantitative disclosures of fair value measurement hierarchy for financial instruments as at March 31, 2022:

Fair Value measurement hierarchy of Assets:

| Particulars | Date of Valuation | Total | Fair value measurement using | | |

Note 49 : Financial risk management objectives and policies

The group's principal financial liabilities comprises of Borrowings , Lease Liabilities, deposits from dealers, trade and other payables. The main purpose of these financial liabilities is to finance the group's operations. The group's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations

The group's financial risk management is an integral part of how to plan and execute its business strategies. The group is exposed to market risk, credit risk and liquidity risk.

The group's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the group are accountable to the Board of Directors and Audit Committee. This process provides assurance to group's senior management that the group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with group policies and group risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include deposits from dealers, investments and foreign currency receivables and payables.

The sensitivity analysis in the following sections relate to the position as at 31 March 2022 and 31 March 2021.

The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2022 and March 31, 2021.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The group's exposure to the risk of changes in foreign exchange rates relates primarily to the group's operating activities (when revenue or expense is denominated in foreign currency). The group evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies. The group is exposed to foreign currencies such as "USD", "AED", "GBP", "NZD" and "EURO".

The carrying amount of the foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| Particulars | Currency | As at | |
|-----------------------------------|----------|-------------------|-----------------|
| | | March 31, 2022 | March 31, 2021 |
| Financial assets: | | | |
| Trade receivables | USD | 778.46 | (77.15) |
| Vendor advances | USD | 104.57 | 269.96 |
| Vendor advances | EURO | 0.12 | 39.86 |
| Vendor advances | GBP | - | 356.05 |
| Capital advances | GBP | 1,764.25 | - |
| Capital advances | USD | 1,432.19 | 31.79 |
| Bank balances | USD | 288.87 | 355.74 |
| Bank balances | AED | 0.11 | - |
| Financial liabilities: | | | |
| Trade payables | USD | (2,030.66) | (1,207.62) |
| Trade payables | EURO | (79.48) | (208.84) |
| Trade payables | GBP | (19.28) | (6.20) |
| Trade payables | NZD | (127.14) | (82.83) |
| Customer advances | USD | (147.84) | (85.99) |
| Term loan | USD | (7,247.32) | - |
| Net assets / (liabilities) | | (5,303.15) | (371.01) |

Foreign currency sensitivity analysis

The group is mainly exposed to USD, EURO, GBP and NZD . The following table demonstrate the sensitivity to a reasonably possible change in respective exchange rates, with all other variables held constant.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for sensitivity change in foreign currency rates. A positive number below indicates an increase in profit or equity and vice-versa.

Foreign currency sensitivity

| Currency | % | As at | |
|----------|-----|----------------|----------------|
| | | March 31, 2022 | March 31, 2021 |
| USD | 2% | 267.91 | 34.22 |
| | -2% | (267.91) | (34.22) |
| EURO | 3% | 79.59 | 12.14 |
| | -3% | (79.59) | (12.14) |
| GBP | 2% | 37.96 | 18.20 |
| | -2% | (37.96) | (18.20) |
| NZD | 5% | 8.36 | - |
| | -5% | (8.36) | - |

Sheela Foam Limited
Notes forming part of the consolidated financial statements
(in Indian Rupees (Lakhs), unless otherwise stated)

(I) Interest risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Group's financial liabilities comprises mainly of interest-bearing (USD , AUD & EURO) project term loans. The Group exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

However, USD, AUD & EURO term loans are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

Exposure towards INR term loan is very small and management intends to repay same from operating cash flows in case of high fluctuations in interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

(III) Commodity price risk

The group is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the prices of the TDI and Polyol, the group has entered into various purchase contracts for these material for which there is an active market. The group's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The group partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the group increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

(i) Trade receivables

Customer credit risk is managed by each business unit subject to the group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating review and individual credit limits are defined in accordance with this assessment. The group regularly monitors its outstanding customer receivables.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The group does not hold collateral as security. The group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

(II) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the group's finance department in accordance with the group's policy. Investments of surplus

The group's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the group.

| Particulars | As at March 31, 2022 | As at March 31, 2021 |
|--|-------------------------|-------------------------|
| Non-current assets | | |
| - Other Investments | 52,883.17 | 30,359.99 |
| - Loans | 8.47 | 15.91 |
| - Other non-current financial assets | 453.61 | 518.69 |
| Current assets | | |
| - Other Investments | 8,938.05 | 10,701.16 |
| - Trade receivables | 28,504.18 | 30,215.33 |
| - Cash and cash equivalents | 4,081.28 | 5,736.31 |
| - Bank balances other than cash and cash equivalents | 31.58 | 73.78 |
| - Loans | 555.07 | 555.24 |
| - Other current financial asset | 2,637.42 | 892.79 |
| Total | 98,092.83 | 78,869.20 |

(c) Liquidity risk

Liquidity risk is defined as the risk that the group will not be able to settle or meet its obligations on time or at reasonable price. The group's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits, short term investments and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the group's liquidity position through rolling forecasts on the basis of expected cash flows. The group assessed the concentration of risk with respect to its debt and concluded it to be very low

| Other financial liabilities | 5,311.60 | 5,018.13 | 10,329.73 |
| Borrowings | 7,298.14 | 13,263.48 | 20,562.62 |
| Lease Liability | 2,005.17 | 10,855.07 | 12,860.24 |
| | <u>47,628.47</u> | <u>29,136.68</u> | <u>76,765.15</u> |

Note 50: Capital management

For the purpose of the group's capital management, capital includes issued equity capital, convertible preference shares and all other equity reserves attributable to the equity holders. The primary objective of the group's capital management is to maximize the shareholder value and to ensure the group's ability to continue as a going concern.

The group has not distributed any dividend to its shareholders. The group monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt comprises of non-current borrowing & current borrowings from banks & financial institutions. The group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

| Particulars | | As at | As at |
|---------------------------------|--------------------|--------------------|--------------------|
| | | March 31, 2022 | March 31, 2021 |
| Equity | | 2,439.14 | 2,439.14 |

| Total Liabilities | 97,225.06 | 87,614.94 |

The revenue information is based on location of customer.

Non-current operating assets

The group has common non-current operating assets for domestic as well as overseas market. Hence, separate figures for these assets are not required to be furnished.

Note 55 : Transfer pricing (In respect of companies incorporated in India)

The group has appointed an independent consultant for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arm's length basis". The Transfer Pricing study under the Income Tax Act, 1961 in respect of transaction with the associated enterprises for the financial year ended March 31, 2022 is not yet complete. Adjustments, if any, arising from Transfer Pricing study shall be accounted for as and when the study is completed. The management confirms that all International transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms. During the current year, the Transfer Pricing certificate under section 92E of Income Tax Act, 1961 for the year ended March 31, 2021 has been obtained and there are no adverse comments requiring adjustments.

Note 56 : Exposure towards Micro, Small and Medium Enterprises (In respect of companies incorporated in India)

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |

| Interest: | - | - |
| (ii) The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day for the year ending. | - | - |
| (iii) The amount of interest due and payable for the period of delay in making payment (beyond the appointed day during the year). | - | - |
| (iv) The amount of interest accrued and remaining unpaid for the year ending. | - | - |
| (v) The amount of further interest remaining due and payable for the earlier years. | - | - |

The Information has been given in respect of such suppliers to the extent they could be identified as "Micro and Small" enterprises on the basis of information available. Further, the amount payable to these parties is not overdue hence no interest is required to be provided/accrued as at March 31, 2022 and March 31, 2021.

II The credit period for purchase of goods and services are normally up to 30 days. No interest is chargeable on trade payables.

Note 57 : Corporate social responsibility

As per provisions of Section 135 of the Companies Act, 2013, the holding company has to incur at least 2% of average net profits of the preceding three financial years towards Corporate Social Responsibility ("CSR"). Accordingly, a CSR committee has been formed for carrying out CSR activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation and rural development projects as per the Schedule VII of the Companies Act, 2013.

| Particulars | For the year ended March 31, 2022 | For the year ended March 31, 2021 |

INDEPENDENT AUDITOR'S REPORT

To the Members of Sheela Foam Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Sheela Foam Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Revenue recognition - Discounts and rebates

Refer note 2 and 32 to the standalone financial statements.

As disclosed in note 2 to the standalone financial statements, revenue is measured net of any trade discounts and volume rebates to customers (i.e., to the Wholesale traders and Retail traders).

As per the secondary scheme, discounts and rebates are passed on to the customers only on secondary sales made by wholesale to retail. Further, certain discounts and rebates for goods sold during the year are only finalised when the precise amounts are known, and revenue therefore includes an estimate of variable consideration. This includes establishing an accrual at year end, particularly in arrangements with customers involving varying terms which are based on annual contracts or shorter-

MSKA & Associates

Chartered Accountants

term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end. The unsettled portion of the variable consideration, results in accrual of discounts and rebates due to customers as at year end. Significant judgement is required in estimating accruals relating to secondary schemes recognized, based on sales made during the year.

In view of above, accrual for discounts and rebates in relation to revenue recognition is identified as a key audit matter.

Description of Auditor's response:

- Assessed the appropriateness of the Company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates as required under the applicable accounting standards.
- Understood the process followed by the Company to determine the amount of accrual for discounts and rebates.
- Verified the design and implementation and tested operating effectiveness of key application controls over the Company's automated systems and manual controls over rebates agreements/ arrangements, rebate payments / settlements and Company's review over the rebate accruals.
- Verified on a test check basis, key customer contracts to identify the relevant terms and conditions related to discounts and rebates.
- Verified on test check basis, discounts and rebates transactions recorded during the year including period end discounts and rebates accruals and ensured the computation is in accordance with the policy and relevant source documents.
- Examined historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and compared the same with the accrual for the year ended March 31, 2023.
- Verified completeness and accuracy of the data used by the Company for accrual of discounts and rebates through test of controls.
- Verified on a test check basis, rebate accruals after the reporting date to validate whether the accrual is recorded in the correct period.
- Verified payments made after reporting/year end date and where relevant, comparing the payment to the related rebate accrual.
- Verified the credit notes for rebates and discounts issued subsequent to the balance sheet date to assess the reasonableness of the amounts recognised and to identify any significant unaccounted secondary trade accruals.
- Verified manual journal entries posted to revenue, on a test check basis, to identify unusual items and examining the underlying documentation.
- Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. but does not include the standalone financial statements and our auditor's report thereon. The Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. is expected to be made available to us subsequent to this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

MSKA & Associates

Chartered Accountants

When we read the Management report, Chairman’s statement, Director’s report, Business Responsibility and Sustainability Reporting etc., if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 ‘The Auditor’s responsibilities Relating to Other Information’.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in “Annexure A” a detailed description of Auditor’s responsibilities for Audit of the Standalone Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

MSKA & Associates

Chartered Accountants

- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 52 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - (1) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 62 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 62 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.

MSKA & Associates

Chartered Accountants

- v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under this clause is not applicable.
3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

MSKA & Associates

Chartered Accountants

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED FOR THE YEAR ENDED MARCH 31, 2023

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

i.

- (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- B. The Company does not have intangible assets. Accordingly, the provisions stated in paragraph 3(i)(a)(B) of the Order are not applicable to the Company.
- (b) Property, Plant and Equipment, have been physically verified by the management at reasonable intervals during the year and no material discrepancies were identified on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets). The company does not have intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.

ii.

- (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage & procedure of such verification is reasonable and appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.
- (b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from Banks on the basis of security of current assets. Monthly returns / statements filed with such banks are in agreement with the books of account.

iii.

- (a) According to the information explanation provided to us, the Company has made investments in, provided loans, or given guarantee, or provided security to any other entity. The details of such loans or advances and guarantees or security are as follows:

MSKA & Associates

Chartered Accountants

(All amounts in Rs. lakh)

| Particulars | Guarantees | Security | Loans (excluding interest) | Investments |
|---|------------|----------|----------------------------------|-------------|
| Aggregate amount granted/ provided during the year | | | | |
| - Subsidiaries | 7,175.07 | - | 4,200.00 | - |
| - Others | - | - | 362.65 | - |
| Balance Outstanding as at balance sheet date in respect of above cases | | | | |
| - Subsidiaries | 34,354.00 | - | 12,218.61 | 22,657.38 |
| - Others | - | - | 219.08 | - |

- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions in relation to investments made, guarantees provided, securities given and / or grant of all loans and advances in the nature of loans and guarantees are not prejudicial to the interest of the Company.
- (c) In case of the loans and advances in the nature of loan, schedule of repayment of principal and payment of interest have been stipulated and the borrowers have been regular in the payment of the principal and interest.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no amounts overdue for more than ninety days in respect of the loan granted to Company/ Firm/ LLP/ Other Parties.
- (e) According to the information explanation provided to us, the loan or advance in the nature of loan granted has not fallen due during the year. Hence, the requirements under paragraph 3(iii) (e) of the Order are not applicable to the Company.
- (f) According to the information explanation provided to us, the Company has granted loans/advances in the nature of loans repayable on demand or without specifying any terms or period of repayment. The details of the same are as follows:

(All amounts in Rs. lakh)

| | All Parties | Promoters | Related Parties |
|---|-------------|-----------|-----------------|
| Aggregate amount of loans/ advances in nature of loans | | | |
| - Repayable on demand (A) | - | - | 5,050 |
| - Agreement does not specify any terms or period of repayment (B) | - | - | - |
| Total (A+B) | - | - | 5,050 |
| % of loans/ advances in nature of loans to the total loans | - | - | 41.10% |

MSKA & Associates

Chartered Accountants

- iv. According to the information and explanations given to us, the Company has neither, directly or indirectly, granted any loan, or provided guarantee or security to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of Section 185 of the Act nor made investments through more than two layers of investment companies in accordance with the provisions of Section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- v. According to the information and explanations given to us, there are no amounts outstanding which are in the nature of deposits as on March 31, 2023 and the Company has not accepted any deposits during the year.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii.
(a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and other statutory dues have been regularly deposited by the Company with appropriate authorities in all cases during the year.

There are no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us and examination of records of the Company, details of statutory dues referred to in sub Clause (a) above which have not been deposited as on March 31, 2023 on account of any dispute, are as follows:

(All amount in Rs. Lakh)

| Name of the statute | Nature of dues | Amount Demanded (Rs.) | Amount Paid (Rs.) | Period to which the amount relates | Forum where dispute is pending |
|------------------------------|----------------|-----------------------|-------------------|------------------------------------|---|
| Central Excise Tax Act, 1944 | Excise Duty | 123.85 | 0.99 | 2011-2012 & 2012-2013 | The Customs Excise and Service Tax Appellate Tribunal Kolkata |
| Central Excise Tax Act, 1944 | Excise Duty | 241.07 | 9.04 | February 2017 to June 2017 | Customs Excise Service Tax Appellate Tribunal, Kolkata |
| Central Excise Tax Act, 1944 | Excise Duty | 45.65 | 1.69 | 2016-2017 & 2017-2018 | Customs Excise Service Tax Appellate Tribunal, Kolkata |

viii. According to the information and explanations given to us, there are no transactions which are not accounted in the books of account which have been surrendered or disclosed as income during the year in Tax Assessment of the Company. Also, there are no previously unrecorded income which has been now recorded in the books of account. Hence, the provision stated in paragraph 3(viii) of the Order is not applicable to the Company.

ix. (a) The Company does not have any loans or borrowings and repayment to lenders during the year. Accordingly, the provision stated in paragraph 3(ix) (a) of the Order is not applicable to the Company.

MSKA & Associates

Chartered Accountants

- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority. Accordingly, the provision stated in paragraph 3(ix) (b) of the Order is not applicable to the Company.
- (c) In our opinion and according to the information explanation provided to us, no money was raised by way of term loans. Accordingly, the provision stated in paragraph 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanation provided to us, there are no funds raised on short term basis. Accordingly, the provision stated in paragraph 3(ix)(d) of the Order is not applicable to the Company.
- (e) According to the information explanation given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from an any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, the provision stated in paragraph 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, reporting under the Clause 3(ix)(f) of the order is not applicable to the Company.
- x.
- (a) In our opinion and according to the information explanation given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence, the provisions stated in paragraph 3 (x)(a) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully, partly, or optionally convertible debentures during the year. Hence, the provisions stated in paragraph 3 (x)(b) of the Order are not applicable to the Company.
- xi.
- (a) Based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we report that no material fraud by the Company nor on the Company has been noticed or reported during the course of our audit.
- (b) We have not come across of any instance of material fraud by the Company or on the Company during the course of audit of the standalone financial statement for the year ended March 31, 2023, accordingly the provisions stated in paragraph (xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the Management, there are no whistle-blower complaints received by the Company during the year. Accordingly, the provisions stated in paragraph (xi)(c) of the Order is not applicable to Company.
- xii. In our opinion and according to the information and explanations given to us the Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) (a) to (c) of the Order are not applicable to the Company.

MSKA & Associates

Chartered Accountants

- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered internal audit reports of the Company issued till date, for the period under audit.
- xv. According to the information and explanations given to us, in our opinion, during the year the Company has not entered into non-cash transactions with directors or persons connected with its directors and hence, provisions of Section 192 of the Act are not applicable to Company.
- xvi. (a) The Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph 3 (xvi)(a) of the Order are not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence, the reporting under paragraph 3 (xvi)(b) of the Order are not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph 3 (xvi)(c) of the Order are not applicable to the Company.
- (d) The Company does not have any CIC as part of its group. Hence the provisions stated in paragraph 3 (xvi) (d) of the order are not applicable to the Company.
- xvii. Based on the overall review of standalone financial statements, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Hence, the provisions stated in paragraph 3 (xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors during the year. Hence, the provisions stated in paragraph 3 (xviii) of the Order are not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

552

MSKA & Associates

Chartered Accountants

- xx. According to the information and explanations given to us and based on our verification, the provisions of Section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred either to a Fund or to a Special Account as per the provisions of Section 135 of the Act read with schedule VII. Accordingly, reporting under Clause 3(xx)(a) and Clause 3(xx)(b) of the Order is not applicable to the Company.
- xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said Clause has been included in the report.

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sheela Foam Limited on the Financial Statements for the year ended March 31, 2023]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Sheela Foam Limited as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies; the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend

554

MSKA & Associates

Chartered Accountants

on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With reference to Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

1. COMPANY INFORMATION

Sheela Foam Limited ('the Company') is a ISO 9001:2000 public limited company incorporated in India, with its registered office in New Delhi. The Company is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Company is pioneered in the manufacturing of polyurethane foams in India and has ten manufacturing facilities, using the state of the art technology at strategic locations across the country.

The standalone financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on May 17, 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The standalone financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments), measured at fair value (refer accounting policy regarding financial instruments).
- defined benefit plans - plan asset measured at fair value.

b. Functional and presentation currency

The standalone financial statements are prepared in Indian Rupees ('Rs.'), which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non current classification.

An asset is classified as current when it is

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it is

- expected to be settled in the normal operating cycle;

**SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023**

- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for atleast 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

d. Use of estimates and judgments

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities as at Balance Sheet date, reported amount of revenue and expenses for the year and disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying standalone financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the standalone financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

Refer below for detailed discussion on estimates and judgments:

i. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rata basis on written down value basis over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.2 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

ii. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations. The mortality rate is based on publicly available mortality table for the specific countries. Future salary, seniority, promotion and other relevant factors and pension

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 44.

iii. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

iv. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. Impairment of Financial assets

The impairment provision of financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

2.2 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (inclusive of the cost of installation and other incidental costs till the date of commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by management, in the manner prescribed in Schedule II of the Companies Act, 2013. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. The asset's residual

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs.5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|---------------------------------------|--|---|
| Building | | |
| - Factory (including roads and lanes) | 30 | 29 |
| - Office | 60 | 4-59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Data Processing Equipment | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern, technical evaluation and internal assessment, management believes the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful lives of assets.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.3 Investment Property

Property that is held for long- term rental yields or for capital appreciation or both and that is not occupied by the Company, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred. Though the Company measures investment property using cost based measurement,

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rata basis on a written down value basis, over the useful life of the property estimated by management, in the manner prescribed in Schedule II of the Act. The property's residual value, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Act:

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Company (No. of Years) |
|--------------------|---|--|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern, technical evaluation and internal assessment, management believes the useful lives, as given above best represent the period over which the management expects to use the properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to/from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

Transition to Ind AS

On transition to Ind AS, since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its investment property as recognized in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 01, 2016.

2.4 Investment in Subsidiaries

Investments in subsidiaries are carried at cost, less accumulated impairment losses, if any. Where an indication of impairment exists the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and
- c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- Business Model Test: The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

This category is most relevant to the Company. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents, investments in securities and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

- Business Model Test: The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss. This category comprises of investments in mutual funds and market linked debentures.

(c) **Impairment of financial assets**

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits, employee loans, etc.
- Financial assets that are debt instruments and are measured at FVTOCI.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is

**SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023**

used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/ transferred; or
- b. The Company retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Company has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss, are designated as such at the initial date of recognition and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of other comprehensive income.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Company towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments :

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(iv) Derivative Financial Instruments :

Initial recognition and subsequent measurement

The Company uses derivative financial instruments to hedge its foreign currency risk and interest rate risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Statement of Profit or Loss and Other Comprehensive Income. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge Accounting

The Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements :-

There is an economic relationship between the hedged items and the hedging instruments,
 - the effect of credit risk does not dominate the value changes that result from that economic relationship,

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit or Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit or Loss upon the occurrence of the underlying transaction.

2.6 Inventories

Raw materials, packaging materials and stores and spares parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, first-in-first-out cost method is used.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realizable value. Cost of work in progress and manufactured finished goods is determined on weighted average and its cost comprises of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a first-in-first-out.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. The comparison of cost and net realizable value is made on item-by-item basis.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprises of cash on hand, short term deposits with banks with original maturity of 3 months or less, highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

2.8 Impairment of Non-Financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets ("cash-generating unit").

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balance sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Provision for Warranty

Warranty provision is determined based on the historical percentage of warranty expense to sales for the same types of goods depending upon the warranty period offered. The percentage to the sales is applied to derive the warranty expense to be accrued. Actual warranty claims are settled against warranty provision. The warranty claims may not exactly match the historical warranty percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence. Closing warranty provision is bifurcated into Current and Non-current based on the past settlement trend with the non-current portion being discounted to derive the present value. The assumptions are consistent with prior years.

c) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present

**SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023**

obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

IND As 115 five step model is used to recognise revenue as below:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Sales are recognized at the fair value of the consideration that can be reliably measured and reduced by variable consideration. Variable consideration includes sales returns, trade discounts, volume based incentives, and cost of promotional programs, indirect taxes as may be applicable.

The Company provides various volume based rebates to certain customers once the goods are purchased by them above a certain threshold as specified in the scheme letter. Rebates outstanding at the balance sheet date are adjusted against the amount receivable from the customer. To estimate and recognise the liability for the incentives the company uses the methods which best predicts the amount of incentives and is primarily driven by the number of volume thresholds mentioned in the contracts.

i) Sale of goods - distributors

The company operates via chain of distributors selling mattresses and home comfort products. Revenue from the such sales is recognised when control of the products being sold is transferred to distributor and when there are no longer any unfulfilled obligations. As per company's policy the performance obligations are fulfilled at the time of dispatch from the factory or warehouse.

Company's contract with trade customers do not have financing component or non-cash consideration and the Company does not have any unbilled revenue or deferred revenue.

It is the company's policy to sell its products to the end customer with a right of return within a stipulated time period. Therefore, a refund liability (included in other current liabilities) and a right to recover the returned goods (included in other current assets) are recognised for the products expected to be returned, based on estimate. Historical data and past trends are used to estimate such returns. Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

The company's obligation to replace faulty products under the standard warranty terms is recognised as a provision (Refer Note 25).

ii) Sale of goods - B2B

The company manufactures and sells a range of industrial foam and cushioning foam to B2B segment. Sales are recognised when control of the products has transferred, that is when the products are dispatched from the factory or the warehouse.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

iii) Sale of services

The IT consulting division provides business IT management, design, implementation and support services under fixed-price and variable-price contracts. Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. This is determined based on the actual labour hours spent relative to the total expected labour hours.

Other Income

i) Interest income from Bonds

Interest income from bonds at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

ii) Rental income

Rental income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

iii) Guarantee Commission

The Company earns guarantee commission on the guarantee given to Bank for the credit facility availed by its foreign subsidiaries.

iv) Income from sale of investments

The Company earns profit/loss on sale of bonds and mutual funds. When these investments are sold, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

2.11 Government Grants / Subsidy

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.12 Employee Benefits

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short-term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc, are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023**

b. Long Term Benefit

The employees of the Company are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

(A) **Provident fund:**

Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss..

(B) **Employee's State Insurance Scheme:**

Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

ii. Defined benefit plan

Gratuity:

The company provides for gratuity, a defined benefit plan (the 'Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the Other Comprehensive Income in the year in which they arise. Liability is funded through a separate Gratuity Trust. The short/ excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ asset as at the Balance Sheet date.

d. Other Long-Term Benefits

Compensated Absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

2.13 Leases

As a Lessee

The Company's lease assets classes primarily consist of leases for Land & Buildings. The Company assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short-term leases and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense in the statement of profit and loss. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company separately recognizes the interest expense on the lease liability as finance cost and the depreciation expense on the right-of-use asset.

Payments associated with short-term leases of warehouses are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

The Company has applied the practical expedient wherein it relied on its assessment of whether leases are onerous immediately before the date of initial application.

As a Lessor

Lease income from operating lease is recognized on a straight-line basis or another systematic basis as per the terms of the relevant lease. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised over the lease term on the same basis as lease income.

2.14 Foreign Currency Transactions

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.15 Taxation

Tax expense for the year comprises of Current Tax and Deferred Tax are included in the determination of the net profit or loss for the year.

a. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.16 Dividend Distribution:

The Company recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Company and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit/loss of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 Contributed Equity:

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.19 Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

2.20 Standards (including amendments) issued but not yet effective.

The Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standard) Amendment Rules, 2023 dated March 31, 2023, to amend certain Ind ASs which are effective from 01 April 2023: Below is a summary of such amendments:

(i) Disclosure of Accounting Policies - Amendment to Ind AS 1 Presentation of financial statements

The MCA issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

The amendments are effective for annual reporting periods beginning on or after 01 April 2023. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

(ii) Definition of Accounting Estimates - Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors

The amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The amendments are effective for annual reporting periods beginning on or after 01 April 2023. The amendments are not expected to have a material impact on the Company's financial statements.

2.21 Standards that became effective during the year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from 01 April 2022

(i) Onerous Contracts- Cost of Fulfilling a Contract - Amendments to Ind AS 37

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

These amendments have no impact on the financial statements of the Company.

578

SHEELA FOAM LIMITED
NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED
MARCH 31, 2023

(ii) References to the Conceptual Framework - Amendments to Ind AS 103

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

These amendments have no impact on the financial statements of the Company.

(iii) Property, Plant and Equipment: Proceeds Before Intended Use- Amendment to Ind AS 16

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

(iv) Ind AS 109 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

| (Less): Depreciation for the year | (20.20) | (21.74) |
| Net Profit arising from investment property | 196.43 | 192.99 |

d. The Company has obtained independent valuation for its investment properties at Rs.2,884.95 Lakhs as on March 31, 2023 and Rs. 2,591.31 Lakhs as on March 31, 2022. These valuations are based on valuations performed by K.S. Agrawal Associates, an accredited independent valuer. K.S. Agrawal Associates is a specialist in valuing these types of investment properties and reviewed the fair valuation based on best evidence of fair value determined using replacement cost of an asset of equivalent utility, depreciation and obsolescence.
Fair market value is the amount expressed in terms of money that may reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Company shall continue to operate and run the assets to have economic utility. The fair value is on 'as is where is' basis.

e. There are no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance and enhancements thereof and there are no restrictions on remittance of income and proceeds of disposal.

f. The investment properties which are leasehold properties, realisability of the same is subject to the terms and conditions under the respective lease agreements.

g. The Company's Investment Properties are given on cancellable lease for a period 1-10 years.

Sheeta Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

NOTE 20 : OTHER CURRENT ASSETS

| Particulars | (Rs. in Lakhs) | |
|---|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| (Unsecured, considered good) | | |
| Advance to contractors/suppliers | 1,429.90 | 651.87 |
| Balances with Statutory/Government authorities: | | |
| - Excise & Custom | 250.80 | 13.58 |
| - GST | 904.09 | 216.59 |
| - VAT/Sales Tax | 486.14 | 486.14 |
| Prepaid expenses (refer note (a)) | 418.84 | 322.32 |
| Lease equalisation | 68.24 | 66.33 |
| Right to recover return goods (refer note (b)) | 146.12 | 166.14 |
| Total | 3,704.13 | 1,922.97 |

(a) Prepaid expenses includes amount of Rs. 47 Lakhs towards amount available for set off in pursuant of sub-rule(3) of rule 7 of the Companies (Corporate social responsibility policy) rules, 2014 (refer note no. 57).

(b) In certain cases, the Company provides its customers right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, the Company recognises Liability for expected sales return, a receivables on expected sales return (and corresponding adjustment to change in inventory is also recognised for the receivables on expected sales return from a customer).

| Cash flow hedge reserve | | |
| Opening balance | - | - |
| Loss on cash flow hedge reserve (net of tax) | (280.25) | - |
| Closing balance | (280.25) | - |

Note:

(a) Capital reserve

During amalgamation of the subsidiaries in the year 2012-13, the excess of net assets taken, over the cost of consideration paid was treated as capital reserve. During the year, Company had issued bonus share in the ratio of 1:1 out of capital reserve of Rs. 328.57 Lakhs.

(b) General reserve

The Company had transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. During the year, Company had issued bonus share in the ratio of 1:1 out of general reserve of Rs. 1,716.27 Lakhs.

(c) Cash flow hedge reserve

The cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated hedging instruments entered into for cash flow hedges. The cumulative gain or loss arising on changes in fair value of the hedging instruments that are recognised and accumulated under the heading of cash flow hedge reserve will be reclassified to profit or loss only when the hedged transaction affects the profit or loss.

| Basic and diluted earnings per share | 19.97 | 20.22 |

Sheela Foam Limited

Notes forming part of the standalone financial statements for the year ended March 31, 2023

NOTE 43 : There are no title deeds of Immovable Properties, which are not held in name of the Company.

NOTE 44 : EMPLOYEE BENEFITS**A. Defined contribution plans**

Company's employees are covered by Provident Fund and Employees State Insurance Scheme/Fund and National Pension Scheme, to which the Company makes a defined contribution measured as a fixed percentage of salary. During the year, amount of Rs. 712.80 Lakhs (Previous Year: Rs. 654.37 Lakhs) has been charged to the Statement of Profit and Loss towards employer's contribution to these schemes/funds as under:

| Particulars | (Rs. in Lakhs) | |
|---|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Employer's contribution towards Provident Fund(PF) | 621.20 | 564.52 |
| Employer's contribution towards Employees State Insurance (ESI) | 48.99 | 55.03 |
| Employer's contribution towards National Pension Scheme (NPS) | 44.61 | 34.82 |
| Total (refer note no. 38) | 712.80 | 654.37 |

B. Long Term Benefits**Long service award**

Payable to the eligible employees as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. During the year Company had discontinued this policy. An amount of Rs. Nil (Previous Year: Rs.146.01 Lakhs) has been charged to the Statement of Profit and Loss towards the said benefit.

C. Post employment benefits**Defined benefit plans****Gratuity**

The employees' gratuity fund scheme, which is a defined benefit plan, is managed by a trust with effect from 2019 and is being maintained by SFL Employees gratuity trust. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure on 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

This plan is governed by the Payment of Gratuity Act 1972, which requires that each employee who has completed 5 years of service shall be entitled to gratuity which is equal to salary of 15 days for each completed year of service.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|--|--------------------------------------|--------------------------------------|
| Discount rate | 7.38% | 7.51% |
| Future salary increase/salary escalation | 7.00% | 7.00% |
| Retirement age (years) | 60 | 60 |
| Mortality Tables | | |
| <i>Employee turnover</i> | | |
| 18 to 30 years | 3.40% | 3.00% |
| From 31 to 45 years | 3.70% | 2.00% |
| Above 45 years | 0.80% | 1.00% |

Notes:

- The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- Information given for retirement age is based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

596

Sheela Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

Quantitative sensitivity analysis for significant assumptions as at March 31, 2023 is shown below:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

| Particulars | (Rs. in Lakhs) | |
|---|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Increase / (decrease) on present value of defined benefits obligations at the end of the year | | |
| Discount rate | | |
| Increase by 1.00% | (296.17) | (270.71) |
| Decrease by 1.00% | 335.73 | 314.81 |
| Salary Increase | | |
| Increase by 1.00% | 333.59 | 313.27 |
| Decrease by 1.00% | (299.67) | (274.28) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss, Other Comprehensive Income and the funded status and amounts recognised in the Balance Sheet for the gratuity plan. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

Expense recognised in Statement of Profit and Loss and Other Comprehensive Income:

| Particulars | (Rs. in Lakhs) | |
|---|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Service cost: | | |
| Current service cost | 215.04 | 183.83 |
| Past service cost and (gain)/loss from settlements | - | - |
| Net interest expense | 58.73 | 3.47 |
| Components of defined benefit costs recognised in profit or loss | <u>273.77</u> | <u>187.30</u> |
| Remeasurement on the net defined benefit liability: | | |
| Actuarial (gains) / losses arising from changes in financial assumptions | 50.87 | 483.82 |
| Actuarial (gains) / losses arising from experience adjustments | 135.84 | (9.79) |
| Return on Plan Asset | (21.24) | 5.37 |
| Components of defined benefit costs recognised in other comprehensive income | <u>165.27</u> | <u>478.40</u> |
| Total | <u>439.04</u> | <u>665.70</u> |

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the Statement of Profit and Loss.

The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plan is as follows:

| Particulars | (Rs. in Lakhs) | |
|---|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Present value of funded defined benefit obligation | 2,908.65 | 2,441.60 |
| Fair value of plan assets | (2,469.61) | (1,838.56) |
| Net deficit in funded plan (refer note no. 25) | <u>439.04</u> | <u>603.04</u> |

Sheela Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

Movements in the present value of the defined benefit obligation are as follows:

| Particulars | (Rs. in Lakhs) | |
|--|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Opening defined benefit obligation | 2,441.60 | 1,821.01 |
| Current service cost | 215.04 | 183.83 |
| Interest cost | 183.36 | 128.93 |
| Remeasurement (gains)/losses: | | |
| Actuarial gains and losses arising from changes in demographic assumptions | 1.35 | |
| Actuarial gains and losses arising from changes in financial assumptions | 49.32 | 415.32 |
| Actuarial gains and losses arising from experience adjustments | 135.84 | (9.79) |
| Benefits paid | <u>(117.88)</u> | <u>(77.70)</u> |
| Closing defined benefit obligation | <u>2,908.65</u> | <u>2,441.60</u> |

Change in plan assets are as follows:

| Particulars | (Rs. in Lakhs) | |
|-----------------------------------|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Opening fair value of plan assets | 1,838.56 | 1,850.54 |
| Return on plan assets | 124.61 | 125.46 |
| Fund management charges | | |
| Employer contribution | 603.04 | 5.00 |
| Actuarial (Gain)/Loss on Asset | 21.24 | 5.37 |
| Benefits paid | <u>(117.84)</u> | <u>(147.81)</u> |
| Closing fair value of plan assets | <u>2,469.61</u> | <u>1,838.56</u> |

The major categories of plan assets:

| Particulars | (Rs. in Lakhs) | |
|--------------------|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2023 |
| Insurance products | 2,469.61 | 1,838.56 |
| Total | <u>2,469.61</u> | <u>1,838.56</u> |

Maturity profile of gratuity liability is as follows:

| Year | (Rs. in Lakhs) | |
|---|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| 0 to 1 year | 124.93 | 51.90 |
| 1 to 2 Year | 106.00 | 43.76 |
| 2 to 3 Year | 119.88 | 55.29 |
| 3 to 4 Year | 156.39 | 102.18 |
| 4 to 5 Year | 125.07 | 151.93 |
| 5 Year onwards | 2,276.38 | 2,036.56 |
| Expected contribution to the fund in next year (Rs. in Lakhs) | 688.52 | 623.87 |

Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

a. Asset volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments are in fixed income securities with high grades and in government securities. These are subject to interest rate risk. A portion of the funds are invested in equity securities. The Company has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a fixed range. Any deviations from the range are corrected by rebalancing the portfolio. The Company intends to maintain the above investment mix in the continuing years.

b. Changes in discount rate:

A decrease in discount rate will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' assets holdings.

c. Inflation risks

Gratuity payments are not linked to inflation, so this is a less material risk.

The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within this framework, the Company's ALM objective is to match assets to the pension obligations by investing in long-term fixed interest securities with maturities that match the benefit payments as they fall due and in the appropriate currency.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The Company uses derivatives to manage some of its risk. Investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.

A large portion of assets consists of unit linked group insurance plan which further invests in government and corporate bonds, equities, money market instruments & public deposits. The plan asset mix is in compliance with the requirements of the respective local regulations.

NOTE 46 : DISCLOSURES AS PER IND AS 116 'LEASES'

(A) Company as lessee

(i) The Company's significant leasing arrangements are in respect of the following assets:

(a) The Company has leases of land and buildings for offices, warehouses and service centres. Right of Use Assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The lease terms for leasehold buildings ranges between 3 years to 10 years.

(#) The carrying amounts of lease liabilities and the movements during the year:

| Particulars | (Rs. in Lakhs) | |
|--------------------------------|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Opening Liabilities | 1,939.84 | 199.19 |
| Additions | 40.54 | 1,823.14 |
| Accretion of interest | 91.73 | 112.83 |
| Repayment of Lease liabilities | (260.91) | (195.32) |
| Cancellation / adjustments | (195.95) | - |
| Closing liabilities | <u>1,615.25</u> | <u>1,939.84</u> |
| Current | 127.06 | 113.12 |
| Non current | 1,488.19 | 1,826.72 |
| | <u>1,615.25</u> | <u>1,939.84</u> |

(ii) Maturity analysis of the lease liabilities:

| Contractual undiscounted cash flows | (Rs. in Lakhs) | |
|---|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| 3 months or less | 60.72 | 78.92 |
| 3-12 months | 181.31 | 241.74 |
| 1-2 years | 246.28 | 336.66 |
| 2-5 years | 807.38 | 778.35 |
| More than 5 years | 1,782.96 | 1,564.31 |
| Total undiscounted lease liability | <u>3,078.65</u> | <u>2,999.98</u> |
| Less: Impact of discounting and other adjustments | 1,463.40 | 1,060.14 |
| Lease liabilities as at March 31, 2023 | <u>1,615.25</u> | <u>1,939.84</u> |

(iv) The following are the amounts recognised in the Statement of Profit and Loss:

| Particulars | (Rs. in Lakhs) | |
|--|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Finance cost | 91.73 | 112.83 |
| Depreciation and amortisation expense | 61.00 | 91.52 |
| Expenses relating to short term leases | 388.75 | 151.30 |

(v) The following are the amounts disclosed in the Statement of Cash Flows:

| Particulars | (Rs. in Lakhs) | |
|--------------------------|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Cash outflow from leases | 260.91 | 195.32 |

(vi) There are no variable lease payments considered in the initial measurement of the lease liability and asset.

(vii) Extension and termination options held are exercisable based on mutual agreement of the Company and the lessors.

Sheela Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

Sheela Foam Limited

Notes forming part of the standalone financial statements for the year ended March 31, 2023

NOTE 47 : FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as loans, investment in preference shares, trade receivables, cash and cash equivalents, other bank balances, trade payables, other financial assets and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

NOTE 48 : FAIR VALUE HIERARCHY

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

•Level 2 - The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

•Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investment in preference shares, other investments, loans receivables and lease receivables included in level 3.

Valuation Processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO) including board of directors. Discussions of valuation processes and results are held between the CFO and the valuation team every month. The Company takes the help of independent valuers for valuation purposes.

Fair Valuation Technique

The carrying amounts of trade receivables, trade payables, creditors towards capital goods, cash and cash equivalents, investment in pref share, other investment and other bank balances are considered to be the same as their fair values, due to their short-term nature.

The fair values financial assets and liabilities consisting of loans receivable, lease receivable, lease liabilities, security deposits receivable and security deposit payable were calculated based on cash flows discounted using estimated borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Quantitative disclosures of fair value measurement hierarchy for financial instruments as at March 31, 2023:

| Particulars | Date of Valuation | Total | Fair value measurement using | | |
|--|-------------------|-----------|---|---|---|
| | | | Quoted prices in active markets (Level 1) | Significant observable inputs (Level 2) | Significant unobservable inputs (Level 3) |

NOTE 49 : FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities, comprise of deposits from dealers, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. Further, the Company has financial risk / exposure of financial guarantees given to the banks towards security against the loans taken by its subsidiaries, however, considering that there is no expected credit losses, there is no financial liability as at the year end on this account. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include deposits from dealers, investments and foreign currency receivables and payables.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023 and March 31, 2022.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies. The Company is exposed to foreign currencies such as "USD", "AED", "AUD", "GBP" and "Euro".

The carrying amount of the foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| Particulars | Currency | (Rs. in Lakhs) | |
|-----------------------------------|----------|----------------------|----------------------|
| | | As at March 31, 2023 | As at March 31, 2022 |
| Trade payables | USD | (2,358.02) | (1,951.53) |
| | EURO | (32.35) | (47.79) |
| | GBP | (20.00) | (19.28) |
| | AUD | (0.15) | (0.16) |
| Trade receivables | USD | 204.06 | 178.82 |
| | AUD | 285.35 | 135.89 |
| | AED | 166.55 | - |
| | EURO | - | 59.39 |
| Interest Accrued | EURO | 239.69 | 83.27 |
| Loan to Subsidiary Company | EURO | 7,168.61 | 6,570.40 |
| Bank balance | USD | - | 1.36 |
| | AED | - | 0.11 |
| Net assets / (liabilities) | | 5,652.73 | 5,000.48 |

Sheela Foam Limited

Notes forming part of the standalone financial statements for the year ended March 31, 2023

Foreign currency sensitivity analysis

The Company is mainly exposed to USD, EURO, GBP, AED and AUD. The following table demonstrates the sensitivity to a reasonably possible change in respective exchange rates, with all other variables held constant.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for sensitivity change in foreign currency rates. A positive number below indicates an increase in profit or equity and vice-versa.

Foreign currency sensitivity

| Currency | % | As at | |
|----------|-----|----------------|----------------|
| | | March 31, 2023 | March 31, 2022 |
| USD | 2% | (43.08) | (35.63) |
| USD | -2% | 43.08 | 35.63 |
| EURO | 3% | 221.28 | 199.96 |
| EURO | -3% | (221.28) | (199.96) |
| GBP | 2% | (0.40) | (0.39) |
| GBP | -2% | 0.40 | 0.39 |
| AUD | 4% | 11.41 | 5.43 |
| AUD | -4% | (11.41) | (5.43) |
| AED | 2% | 3.33 | 0.00 |
| AED | -2% | (3.33) | (0.00) |

(ii) Interest risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises mainly of interest-bearing deposits with dealers, however, these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of bedding articles, home comfort products, furniture cushioning and specialized foam and therefore require a continuous supply of raw materials i.e. TDI and Polyol being the major input used in the manufacturing. Due to the significantly increased volatility of the price of the TDI and Polyol, the Company has entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

(i) Trade receivables

Customer credit risk is managed by the Company through its established policies and procedures which involve setting up credit limits based on credit profiling of individual customers, credit approvals for enhancement of limits and regular monitoring of important developments viz. payment history, change in credit limits, regulatory changes, industry outlook etc. Outstanding receivables are regularly monitored and an impairment analysis is performed at each reporting date on an individual basis for each major customer. In accordance with Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or reversal thereof. Concentration of credit risk with respect to trade receivables are limited, due to Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on monthly basis.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits, bonds, debentures and mutual funds. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counter party's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023 and March 31, 2022 is the carrying amounts which are given below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

| Particulars | (Rs. in Lakhs) | |
|--|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Non-current assets | | |
| - Other Investments | 5,641.29 | 52,883.17 |
| - Loans | 12,229.14 | 7,778.00 |
| - Other non-current financial assets | 1,698.07 | 1,907.09 |
| Current assets | | |
| - Other Investments | 70,647.60 | 8,398.45 |
| - Trade receivables | 16,400.40 | 13,601.79 |
| - Cash and cash equivalents | 1,042.61 | 1,431.36 |
| - Bank balances other than cash and cash equivalents | 26.65 | 31.58 |
| - Loans | 59.07 | 555.07 |
| - Other current financial asset | 640.00 | 2,817.77 |
| Total | 1,08,384.83 | 89,404.77 |

Sheela Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short-term bank deposits and short term investments. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be very low.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments

| Particulars | (Rs. in Lakhs) | | |
|----------------------------------|------------------|------------------|------------------|
| | Less than 1 Year | More than 1 Year | Total |
| Year ended March 31, 2023 | | | |
| Trade payables | 18,257.88 | 19.02 | 18,276.90 |
| Other financial liabilities | 8,627.40 | 2,548.16 | 11,175.56 |
| Lease Liabilities | 127.06 | 1,488.19 | 1,615.25 |
| | 27,012.34 | 4,055.37 | 31,067.71 |
| Year ended March 31, 2022 | | | |
| Trade payables | 19,381.88 | 4.17 | 19,386.03 |
| Other financial liabilities | 4,130.88 | 5,034.08 | 9,164.96 |
| Lease Liabilities | 113.12 | 1,826.72 | 1,939.84 |
| | 23,625.88 | 6,864.97 | 30,490.83 |

NOTE 50: CAPITAL MANAGEMENT

The Company's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The Company considers the following components of its Balance Sheet to be managed capital:

1) Share Capital and 2) Other Reserves comprising of General Reserve and Retained Earnings. The Company's capital structure is based on the Management's assessment of the balances of key elements to ensure strategic decisions and day to day activities.

| Particulars | (Rs. in Lakhs) | |
|--|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| Equity | 4,878.28 | 2,439.14 |
| Other Equity | 1,34,701.83 | 1,18,513.31 |
| Total equity | 1,39,580.11 | 1,20,952.45 |
| Borrowings (including lease liabilities) | 1,615.25 | 1,939.84 |
| Less: cash and cash equivalents | 1,042.61 | 1,431.36 |
| Total debt | 572.64 | 508.48 |
| Overall financing | 1,40,152.75 | 1,21,460.93 |
| Gearing ratio (in %) | 0.41% | 0.42% |

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. The capital structure of the Company is managed with a view of the overall macro economic conditions and the risk characteristics of the underlying assets. The Company's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Company, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Company. The Company's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Company. In order, to maintain or adjust the capital structure, the Company will take appropriate steps as may be necessary.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2023 and March 31, 2022.

NOTE 54 : SEGMENT INFORMATION

Operating segment information

The Company is engaged in the manufacturing of the products of same type/class and has no overseas operations/units and as such there is no reportable segment as per Indian Accounting Standard (Ind AS-108) dealing with the operating segments. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM"). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as Board of Directors of the Company.

Geographical information

| Particulars | (Rs. in Lakhs) | |
|---------------------------------|--------------------------------------|--------------------------------------|
| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
| Revenue from external customers | | |
| Within India | 2,00,301.09 | 1,95,809.95 |
| Outside India | 1,680.47 | 5,011.04 |
| Total revenue | 2,01,981.55 | 2,00,820.99 |

The revenue information is based on location of customers and excluding other operating revenue.

Non-current operating assets

The Company has common non-current operating assets for domestic as well as overseas market. Hence, separate figures for these assets are not required to be furnished.

NOTE 55 : TRANSFER PRICING

The Company has appointed an independent consultant for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arm's length basis". The Transfer Pricing study under the Income Tax Act, 1961 in respect of transaction with the group companies for the financial year ended March 31, 2023 is not yet complete. Adjustments, if any, arising from Transfer Pricing study shall be accounted for as and when the study is completed. The management confirms that all international transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms. During the current year, the Transfer Pricing certificate under section 92E of Income Tax Act, 1961 for the year ended March 31, 2022 has been obtained and there are no adverse comments requiring adjustments.

NOTE 56 : EXPOSURE TOWARDS MICRO, SMALL AND MEDIUM ENTERPRISES

| Particulars | (Rs. in Lakhs) | |
|---|-------------------------|-------------------------|
| | As at March 31, 2023 | As at March 31, 2022 |
| i The details of amounts outstanding to Micro, Small and Medium Enterprises based on available information with the Company are as under: | | |
| (i) The principal amount and the interest due thereon remaining unpaid to any supplier | | |
| Principal amount: | 630.91 | 444.61 |
| Interest: | - | - |
| (ii) The amount of interest paid by the Company along with the amounts of the payment made to the supplier beyond the appointed day for the year ending | - | - |
| (iii) The amount of interest due and payable for the period of delay in making payment (beyond the appointed day during the year) | - | - |
| (iv) The amount of interest accrued and remaining unpaid for the year ended | - | - |
| (v) The amount of further interest remaining due and payable for the earlier years | - | - |

The information has been given in respect of such suppliers to the extent they could be identified as "Micro and Small" enterprises on the basis of information available with the Company. Further, the amount payable to these parties is not overdue hence no interest is required to provide/accrued as at March 31, 2023 and March 31, 2022.

ii The credit period for purchase of goods and services are normally up to 30 days. No interest is chargeable on trade payables.

Sheela Foam Limited

Notes forming part of the standalone financial statements for the year ended March 31, 2023

NOTE 57 : CORPORATE SOCIAL RESPONSIBILITY EXPENDITURE

As per provisions of Section 135 of the Companies Act, 2013, the Company has to incur at least 2% of average net profits of the preceding three financial years towards Corporate Social Responsibility ("CSR"). Accordingly, a CSR committee has been formed for carrying out CSR activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation and rural development projects as per the Schedule VII of the Companies Act, 2013.

| Balance (Short) / Excess Spent at end of the year | 47.00 | - |

f) Corporate social responsibility expenses of Company are managed by related party -Sleepwell Foundation (refer note no. 45).

Sheela Foam Limited
Notes forming part of the standalone financial statements for the year ended March 31, 2023

NOTE 58 : DERIVATIVES AND HEDGING

(i) Classification of derivatives

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are accounted for at fair value through profit or loss. Information about the derivatives used by the Company and outstanding as at the end of the financial year is provided below:

| Particulars | (Rs. in Lakhs) | | | |
|---|-------------------------|-------------------------|-------------------------|-------------------------|
| | Financial Assets | | Financial Liabilities | |
| | As at March 31, 2023 | As at March 31, 2022 | As at March 31, 2023 | As at March 31, 2022 |
| Derivatives designated as Hedging Instruments: | | | | |
| Cross currency interest rate swap | - | - | 945.98 | - |
| Derivatives not designated as Hedging Instruments: | | | | |
| Principal Only Swap | - | - | 1,322.29 | - |

(ii) Hedging activities

Foreign Currency Risk

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.

Derivatives designated as hedging instruments are accounted for as cash flow hedges.

(iii) Hedge Effectiveness

For derivatives designated as hedging instruments, there is an economic relationship between the hedged items and the hedging instruments as the terms of the hedge contracts match the terms of hedge items. The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange and interest rate are identical to the hedged risk components. To test the hedge effectiveness, the Company compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

(iv) Source of Hedge ineffectiveness

For derivatives designated as hedging instruments, in case of foreign currency risk and interest rate risk, the main source of hedge ineffectiveness is the effect of the counterparty's credit risk on the fair value of hedge contracts, which is not reflected in the fair value of the hedged items. The effect of this is not expected to be material.

(v) Disclosures of effects of Cash Flow Hedge Accounting:

Hedging Instruments

The Company has taken derivatives to hedge its loan given to its related party.

| Particulars | (Rs. in Lakhs) | | |
|--|---------------------|-------------|----------------------|
| | Less than 1 year | 1 to 5 year | More than 5 Years |
| Cross currency interest rate swap | | | |

| Income tax expense recognised in the Statement of Profit and Loss | 6,451.95 | 6,685.78 |
| Effective Tax Rate | 25.25% | 25.42% |

NOTE 60 : THE CODE ON SOCIAL SECURITY 2020

The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued.

The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sheela Foam Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of Sheela Foam Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2023, of consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and on consideration of audit reports of other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

DESCRIPTION OF KEY AUDIT MATTER

| Sr. No | Key Audit Matter | How the Key Audit Matter was addressed in our audit |
|--------|---|--|
| 1 | <p>Impairment of Goodwill</p> <p>Refer Note 2.1(d)(6) to the consolidated financial statements</p> | <p>Description of Auditor's response:</p> <ul style="list-style-type: none"> Obtained an understanding from the management with respect to process and controls followed by the Group and |

MSKA & Associates

Chartered Accountants

| Sr. No | Key Audit Matter | How the Key Audit Matter was addressed in our audit |
|--------|--|--|
| | <p>Group has a Goodwill on account of consolidation of INR 26,366.16 lakhs as on March 31, 2023. In determining the fair value/value in use of subsidiaries, the Group has applied judgment in estimating future revenues, operating profit margins, longterm growth rate and discount rates. The carrying value of goodwill is tested annually for impairment. The Group performed its annual impairment test of goodwill and determined that there was no impairment.</p> <p>Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, we have identified this as a key audit matter</p> | <p>tested the design, implementation and operating effectiveness of controls over</p> <ul style="list-style-type: none"> • the process of impairment assessment to perform annual impairment test related to goodwill. • Obtained the impairment analysis model from the management and reviewed their conclusions. • Tested the inputs used in the Model by examining the underlying data and validating the future projections by comparing past projections with actual results. • Assessed the reasonableness of the assumptions used and appropriateness of the valuation methodology applied. Tested the discount rate and long term growth rates used in the forecast including comparison to economic and industry forecasts where appropriate. • Reconciled the future operating cash flow forecasts with the business plan approved by the Company's board of directors. • Evaluated the appropriateness of the disclosures made in the consolidated financial statement in relation to the above as required under applicable accounting standards. • Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards. |
| 2 | <p>Revenue recognition - Discounts and rebates</p> <p>Refer Note 2.10 to the consolidated financial statements, revenue is measured net of any trade discounts and volume rebates to customers (i.e. to the Wholesale traders and Retail traders).</p> <p>As per the secondary scheme, discounts and rebates are passed on to the customers only on secondary sales made by wholesaler to retailer. Further, certain discounts and rebates for goods sold during the year are only finalised when the precise amounts are known, and revenue therefore includes an estimate of variable consideration. This includes establishing an accrual at year end, particularly in arrangements with customers involving varying terms</p> | <p>Description of Auditor's response:</p> <ul style="list-style-type: none"> • Assessed the appropriateness of the Company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates as required under the applicable accounting standards. • Understood the process followed by the Company to determine the amount of accrual for discounts and rebates. • Verified the design and implementation and tested operating effectiveness of key application controls over the Company's automated systems and manual controls over rebates agreements/ arrangements, rebate payments / settlements and Company's review over the rebate accruals. |

MSKA & Associates

Chartered Accountants

|--------|---|---|
| | <p>which are based on annual contracts or shorter-term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end. The unsettled portion of the variable consideration, results in accrual of discounts and rebates due to customers as at year end. Significant judgement is required in estimating accruals relating to secondary schemes recognized, based on sales made during the year.</p> <p>In view of above, accrual for discounts and rebates in relation to revenue recognition is identified as a key audit matter.</p> | <ul style="list-style-type: none"> • Verified on a test check basis, key customer contracts to identify the • relevant terms and conditions related to discounts and rebates. • Verified on test check basis, discounts and rebates transactions recorded during the year including period end discounts and rebates accruals and ensured the computation is in accordance with the policy and relevant source documents. • Examined historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and compared the same with the accrual for the year ended March 31, 2023. • Verified completeness and accuracy of the data used by the Company for accrual of discounts and rebates through test of controls. • Verified on a test check basis, rebate accruals after the reporting date to validate whether the accrual is recorded in the correct period. • Verified payments made after reporting/year end date and where relevant, comparing the payment to the related rebate accrual. • Verified the credit notes for rebates and discounts issued subsequent to the balance sheet date to assess the reasonableness of the amounts recognised and to identify any significant unaccounted secondary trade accruals. • Verified manual journal entries posted to revenue, on a test check basis, to identify unusual items and examining the underlying documentation. • Verified the related disclosures made in notes to the financial statements in accordance with the requirements of the applicable accounting standards. |

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. but does not include the consolidated financial statements and our auditor's report thereon. The Management report,

MSKA & Associates

Chartered Accountants

Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc. is expected to be made available to us subsequent to this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Management report, Chairman's statement, Director's report, Business Responsibility and Sustainability Reporting etc., if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

MSKA & Associates

Chartered Accountants

OTHER MATTERS

We did not audit the financial statements of ten subsidiaries whose financial statements reflect total assets of Rs. 1,05,539.17 Lakhs as at March 31, 2023, total revenues of Rs. 87,152.57 Lakhs and net cash flows amounting to Rs. 162 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries, are located outside India whose financial statements and/or other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

MSKA & Associates

Chartered Accountants

- f. With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group Companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 53 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies incorporated in India.
 - iv.
 - (1) The respective Managements of the Holding Company and its subsidiaries which are incorporated in India, whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries that, to the best of their knowledge and belief, as disclosed in the Note 64 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other persons or entities, including foreign entities ("intermediaries") with the understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The respective Managements of the Holding Company and its subsidiaries, which are companies which are incorporated in India and whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in Note 64 to the Consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiaries, from any persons or entities, including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies whose financial statements have been audited under the Act, and according to the information and explanations provided to us by the Management of the Holding company in this regard nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement

MSKA & Associates

Chartered Accountants

- v. The Holding Company and its subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.
- vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company, and its subsidiary companies incorporated in India only w.e.f. April 1, 2023, reporting under this clause is not applicable.
2. As required by the Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Holding Company and the subsidiary companies to the extent applicable to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.
3. According to the information and explanations given to us and based on the Company (Auditor's Report) Order, 2020 (hereinafter referred as "CARO Reports") issued by us for the Holding Company and on consideration of CARO reports issued by the statutory auditors of subsidiaries included in the consolidated financial statements of the Group to which reporting under CARO is applicable, we report that there are no Qualifications/adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

MSKA & Associates

Chartered Accountants

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHEELA FOAM LIMITED

Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sheela Foam Limited on the consolidated Financial Statements for the year ended March 31, 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls reference to consolidated financial statements of Sheela Foam Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the

MSKA & Associates

Chartered Accountants

extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

MSKA & Associates

Chartered Accountants

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to four subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1. GROUP INFORMATION

Sheela Foam Limited ('the Holding Company') is a ISO 9001:2000 public limited Group incorporated in India with its registered office in New Delhi. The Holding Group is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).

The Holding Company, pioneered in the manufacturing of polyurethane foams, has eleven subsidiary companies (including step down subsidiaries) (two Foreign Subsidiaries 'Joyce Foam PTY Ltd., Australia and its Controlled Entity Joyce W C NSW Pty Limited' and 'International Foam Technologies Spain, S.L.U and its Controlled Entity Interplasp S.L') and (four Indian Subsidiaries 'Divya Software Solutions Private Limited', 'Sleepwell Enterprises Private Limited', 'International Comfort Technologies Private Limited' and 'Staqo World Private Limited and its three Controlled Foreign Entities 'Staqo World Kft, Hungry, Staqo Incorporated, USA and Staqo Technologies L.L.C, Dubai').

The accompanying Consolidated Financial Statements relate to Sheela Foam Limited ('the Holding Company') and its eleven subsidiary companies (including step down subsidiaries) (together referred as "the Group").

The consolidated financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on May 17, 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Preparation

a. Basis of Preparation:

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. The consolidated financial statements have been prepared on accrual and going concern basis. All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria as set out in Division II of Schedule III to the Companies Act, 2013.

The consolidated financial statements have been prepared on a historical cost basis, except, except for the following:

- certain financial assets and liabilities (including derivative instruments), measured at fair value (refer accounting policy regarding financial instruments).
- defined benefit plans - plan asset measured at fair value.

b. Functional and presentation currency

The consolidated financial statements are prepared in Indian Rupees ('Rs.'), which is the Holding Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs with two decimal places, unless stated otherwise.

c. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is: -

- expected to be realized, or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

All other assets are classified as non-current.

A liability is classified as current when it is:

- expected to be settled in the normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities:

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

The operating cycle is the time between acquisition of assets for processing and their realization in cash and cash equivalent. The Group has identified twelve months as its operating cycle.

d. Use of estimates and judgments

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosure and the disclosure of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying consolidated financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the consolidated financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

These estimates and assumptions are based on the facts and events, that existed as at the date of Balance Sheet, or that occurred after that date but provide additional evidence about conditions existing as at the Balance Sheet date.

1. Useful lives of Property Plant and Equipment

The Property, Plant and Equipment are depreciated on a pro-rate basis on written down value basis, in case of Holding Group (Sheela Foam Limited) and Indian Subsidiaries and on a straight line basis, in the case of foreign Subsidiaries, over their respective useful lives. Management estimates the useful lives of these assets as detailed in Note 2.3 below. Changes in the expected level of usage, technological developments, level of wear and tear could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised and could have an impact on the financial position in future years.

2. Retirement benefit obligation

The cost of retirement benefits and present value of the retirement benefit obligations in respect of Gratuity and Leave Encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, these retirement benefit obligations are sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long-term government bonds with extrapolated maturity corresponding to the expected duration of these obligations.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The mortality rate is based on publically available mortality table for the specific countries. Future salary, seniority, promotion and other relevant factors and pension increases are based on expected future inflation on a long-term basis. Further details about the assumptions used, including a sensitivity analysis are given in Note 44.

3. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

4. Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

5. Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

6. Impairment of Goodwill

Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a Cash Generating Unit is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The value in use calculation is based on a discounted future cash flows model. The recoverable amount is sensitive to the discount rate used for the discounted future cash flows model as well as the expected future cash-inflows.

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Determination of Cash Generating Unit

While assessing impairment, the management has identified every company in which goodwill has generated on acquisition of its subsidiary as the cash generating unit for the purposes of determining the recoverable value.

Significant Cash Generating Units (CGUs)

The management has determined one of the foreign step down subsidiary company located in Spain that is Interplasp S.L. as the significant cash generating unit for the purposes of determining the recoverable value.

(Rs in Lakhs)

| Particular | March 31, 2023 | March 31, 2022 |
|-------------------|----------------|----------------|
| Acquired Goodwill | 26,366.16 | 24,165.95 |

Following key assumptions were considered while performing impairment testing:

| Factors tested | March 31, 2023 | March 31, 2022 |
|---|----------------|----------------|
| Average Sales Growth rate for 5 years | 10% | 10% |
| Average terminal growth rate | 1.5% | 1.5% |
| Margin | 10.8% | 10.8% |
| Weighted Average Cost Capital % (WACC) post tax (Discount rate) | 8.25% | 8% |

The projections cover a period of five years, as the Company believes this to be the most appropriate timescale over which to review and consider annual performances before applying a terminal value multiple to the final year cash flows. The growth rates and segmental margins used to estimate cash flows for the first five years are based on past performance, and on the Company's five-year strategic plan.

Weighted Average Cost of Capital % (WACC) for the Company = Risk free return + (Market risk premium x Beta).

Impairment

As per the computation, the value in use exceeds the carrying value of subsidiary company and accordingly the management has concluded that no impairment needs to be recognised for the current year.

The Company has performed sensitivity analysis and has concluded that there are no reasonably possible changes to key assumptions that would cause the carrying amount of a CGU to exceed its recoverable amount.

2.2 BASIS OF CONSOLIDATION

Control is achieved when the group is exposed or has rights to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of a subsidiary begins with the group obtains control over the subsidiary and ceases when group loses control of the subsidiary. The Consolidated Financial Statements have been prepared on the following basis: -

Basis of Accounting:

i) The financial statements of all subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on 31 March. When the end of the period of the holding company is different from that of a subsidiary,

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the holding company to enable the holding company to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

- ii) In case of foreign Subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rates prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- iii) The consolidated financial statements have been prepared in accordance with Indian Accounting Standard - 110 "Consolidated Financial Statements".

Principles of Consolidation:

- i) The financial statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating the intra-group balances and intra-group transactions and unrealized profits or losses in accordance with Indian Accounting Standard - 110 on "Consolidated Financial Statements". Non - controlling interests in the results and equity of subsidiaries are shown separately in the consolidated financials statement .
- ii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Holding Group's separate financial statements except as otherwise stated in the Significant Accounting Policies.
- iii) The difference between the costs of investments in the Subsidiaries over the net assets at the time of acquisition of shares in the Subsidiaries is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve as the case may be.

The Consolidated Financial Statements of the Holding Group includes the results of following entities:

| Name of Company | Country of Incorporation | Proportion (%) of Shareholding as on 31.03.2023 | Proportion (%) of Shareholding as on 31.03.2022 |
|--|--------------------------|---|---|
| Subsidiary Companies | | | |
| Joyce Foam Pty. Limited and its Controlled Entity (Joyce W C NSW Pty Limited) | Australia | 100% | 100% |
| International Foam Technologies SL, Spain and its Controlled Entity (Interplasp S.L) | Spain | 100% | 100% |
| Divya Software Solutions Private Limited | India | 100% | 100% |
| Sleepwell Enterprises Private Limited | India | 100% | 100% |
| Staqo World Pvt. Ltd. and its 3 Controlled Entities (Staqo Technologies L.L.C. , Staqo World LLC and Staqo Incorporated) | India | 100% | 100% |
| International Comfort Technologies Private Limited | India | 100% | -- |

2.3 Property, Plant & Equipment

Property, Plant & Equipment are accounted for on historical cost basis (Inclusive of the cost of installation and other incidental costs till the date of commencement of commercial production) net of recoverable taxes, less accumulated depreciation and impairment loss, if any. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Subsequent costs are added to the existing asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Cost of leasehold land is amortized over the period of lease. Leasehold improvements are amortized over the lease period, which corresponds with the useful life of assets.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited, Sleepwell Enterprises Private Limited, Staqa World Private Limited and International Comfort Technologies Private Limited)

Depreciation on property, plant & equipment is provided on a pro-rata basis on written down value basis, over the useful life of the assets estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The asset's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The property, plant and equipment costing upto Rs. 5,000/- are fully depreciated during the year of addition after retaining 5% as net residual value. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Group (No. of Years) |
|-------------------------------------|--|---|
| Buildings : | | |
| - Factory (including roads & lanes) | 30 | 29 |
| - Office | 60 | 4-59 |
| - Residential | 60 | 59 |
| Plant & Equipment | 15 | 20 |
| Furniture & Fixtures | 10 | 15 |
| Vehicles : | | |
| - Motor Cars | 8 | 10 |
| Office Equipment | 5 | 20 |
| Date Processing Equipment : | | |
| - Computer Equipment | 3 | 6 |
| Electrical Fittings | 10 | 20 |

Based on usage pattern, technical evaluation and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entities, and International Foam Technologies SL, Spain and its Controlled Entities)

The depreciable amount of all fixed assets including capitalised lease assets, is depreciated on a straight line basis over the estimated useful lives to the Group commencing from time the assets is

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

| Asset | Useful Life range |
|----------------------------|-------------------|
| Buildings | 34 to 36 years |
| Technical Installations | 10 to 20 years |
| Plant & Machinery | 8 to 20 years |
| Furniture & Furnishings | 3 to 7 years |
| Tooling & Other Facilities | 10 years |
| Data Processing Equipment | 4 to 6 years |
| Vehicles | 6 to 7 years |
| Other Assets | 8 to 9 years |

Transition to Ind AS

On transition to Ind AS, the Group (in respect of companies incorporated in India) has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.a

2.4 Investment Property

Property that is held for long- term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are added to the carrying amount only when it is probable that it will increase its useful life. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Though the Group measures investment property using cost based measurement, the fair value of the investment property is disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer applying a recognized and recommended valuation model.

Depreciation on investment property, is provided on a pro-rate basis on written down value basis, over the useful life of the property estimated by the management, in the manner prescribed in Schedule II of the Companies Act, 2013. The property's residual values, useful lives and method of depreciation are reviewed at the end of each reporting period and necessary adjustments are made accordingly, wherever required. The useful lives in the following cases are different from those prescribed in Schedule II of the Companies Act, 2013.

| Asset | Useful life as per Schedule II of the Companies Act, 2013 (No. of Years) | Useful life as assessed / estimated by the Group (No. of Years) |
|--------------------|--|---|
| Buildings : | | |
| - Factory | 30 | 29 |
| - Office | 60 | 59 |
| - Residential | 60 | 59 |

Based on usage pattern, technical evaluation and internal assessment, the management believes that the useful lives as given above best represent the period over which the management expects to use these properties. Hence the useful lives of these properties is different from the lives as prescribed in Schedule II of the Companies Act, 2013.

Investment property is derecognized when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

disposal. Any gain or loss arising on de-recognition of the investment property is included in the Statement of Profit and Loss.

Transfers are made to / from investment property only when there is a change in its use. Transfers between investment property is made at the carrying amount of the property transferred.

Transition to Ind AS

On transition to Ind AS, since there is no change in the functional currency, the Group (in respect of companies incorporated in India) has elected to continue with the carrying value for all of its investment property as recognized in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 01, 2016.

2.5 Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(a) Initial recognition and measurement

At initial recognition, all financial assets are recognized at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(b) Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- a. at amortized cost;
- b. at fair value through other comprehensive income (FVTOCI); and
- c. at fair value through profit and loss (FVTPL)

Where financial assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit and loss), or recognized in other comprehensive income (i.e. fair value through Other Comprehensive Income).

The classification of financial assets depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. Management determines the classification of its financial assets at initial recognition.

(1) Financial assets measured at amortized cost:

A financial asset is measured at amortized cost if both the following conditions are met:

- Business Model Test: The objective of the business model is to hold financial asset in order to collect contractual cash flows (rather than to sell the asset prior to its financial maturity to realize its fair value changes); and
- Cash Flow Characteristics Test: The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

This category is most relevant to the Group. After initial measurement, such financial asset are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit or loss. This category generally applies to trade receivables, deposits with banks, security deposits, cash and cash equivalents and employee loans, etc.

(2) Financial instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A financial instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- **Business Model Test:** The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets; and
- **Cash Flow Characteristics Test:** The Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

Financial instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI) except for the recognition of interest income, impairment gains and losses and foreign exchange gain and losses which are recognized in the Statement of Profit and Loss.

(3) Financial instruments measured at Fair Value Through Profit and Loss (FVTPL)

Fair Value through Profit and Loss is a residual category. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or fair value through other comprehensive income is classified as FVTPL. Financial instruments included in FVTPL category are measured initially as well as at each reporting period at fair value. Fair value movements i.e. gain or loss and interest income are recorded in Statement of Profit and Loss.

(c) Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial Assets measured at amortized cost;
- Financial Assets measured at FVTOCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Financial assets that are debt instruments, and are measured at amortized cost i.e. trade receivables, deposits with banks, security deposits and employee loans etc.
- Financial assets that are debt instruments, and are measured at FVTOCI,

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The trade receivables are initially recognized at the sale/recoverable value and are assessed at each Balance Sheet date for collectability. Trade receivables are classified as current assets, if collection is expected within twelve months as at Balance Sheet date, if not, they are classified under non-current assets.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months (Expected Credit Loss) ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on timely basis.

(d) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's Balance Sheet) when:

- a. The rights to receive cash flows from the asset have been expired/transferred, or
- b. The Group retains the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, it evaluates whether it has substantially transferred all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Group has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. When the entity retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, borrowings, security deposits and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit or Loss.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in Other Comprehensive Income. These gains/ losses are not subsequently transferred to Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the Statement of Profit and Loss.

Borrowings & Security Deposits

Any difference between the proceeds (net of transaction costs) and the repayment amount is recognized in Statement of profit or loss over the period of the liability and subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in the profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR.

Financial Guarantee Contract

Financial guarantee contracts issued by the Holding Group are those contracts that require a payment to be made to reimburse the holder for loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

Trade and other payables

Trade and other payables are obligations incurred by the Group towards purchase of raw material and other goods and availing the services that have been acquired or availed in the ordinary course of business. Trade and other payables are classified under current liabilities, if payment is due within 12 months as at Balance Sheet date, if not, they are classified under non-current liabilities.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(iv) Derivative Financial Instruments :

Initial recognition and subsequent measurement

The Holding Company uses derivative financial instruments to hedge its foreign currency risk and interest rate risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Statement of Profit or Loss and Other Comprehensive Income. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Hedge Accounting

The Holding Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements: -

- There is an economic relationship between the hedged items and the hedging instruments,
- the effect of credit risk does not dominate the value changes that result from that economic relationship,
 - the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Holding Company documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Holding Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit or Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit or Loss upon the occurrence of the underlying transaction.

2.6 Inventories

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods comprises is determined on weighted average and its cost comprises of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods includes cost of purchase and such other costs.

In determining the cost of inventories, first-in-first-out cost method is used.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The comparison of cost and net realizable value is made on item-by-item basis.

2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

2.8 Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets, other than deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit or Loss and Other Comprehensive Income. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU on a pro rata basis. Refer note 3 for the use of estimates and judgments for assessing impairment of goodwill.

2.9 Provisions and Contingent Liabilities

a) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation, at the balances sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Provision for Warranty

Warranty provision is determined based on the historical percentage of warranty expense to sales for the same types of goods depending upon the warranty period offered. The percentage to the sales is applied to derive the warranty expense to be accrued. Actual warranty claims are settled against warranty provision. The warranty claims may not exactly match the historical warranty percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence. Closing warranty provision is bifurcated into Current and Non-current based on the past settlement trend with the non-current portion being discounted to derive the present value. The assumptions are consistent with prior years.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

c) Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation arising as a result of past event that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

2.10 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

IND As 115 five step model is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer.

Step 2: Identify the performance obligation in contract.

Step 3: Determine the transaction price.

Step 4: Allocate the transaction price to the performance obligations in the contract.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Sales are recognized at the fair value of the consideration that can be reliably measured and reduced by variable consideration. Variable consideration includes sales returns, trade discounts, volume based incentives, and cost of promotional programs, indirect taxes as may be applicable.

The Group provides various volume based rebates to certain customers once the goods are purchased by them above a certain threshold as specified in the scheme letter. Rebates outstanding at the balance sheet date are adjusted against the amount receivable from the customer. To estimate and recognise the liability for the incentives the Group used the methods which best predicts the amount of incentives and is primarily driven by the number of volume thresholds mentioned in the contracts.

i) Sale of goods - distributors

The Group operates via chain of distributors selling mattresses and home comfort products. Revenue from the such sales is recognised when control of the products being sold is transferred to distributor and when there are no longer any unfulfilled obligations. As per Group's policies the performance obligations are fulfilled at the time of dispatch from the factory or warehouse.

Group's contract with trade customers do not have financing component or non-cash consideration and the Group does not have any unbilled revenue or deferred revenue.

It is the Group's policy to sell its products to the end customer with a right of return within a stipulated time period. Therefore, a refund liability (included in other current liabilities) and a right to recover the returned goods (included in other current assets) are recognised for the products expected to be returned, based on estimate. Historical data and past trends are used to estimate such returns. Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

The Group's obligation to replace faulty products under the standard warranty terms is recognised as a provision (Refer Note 25).

ii) Sale of goods - B2B

The Group manufactures and sells a range of industrial foam and cushioning foam to B2B segment. Sales are recognised when control of the products has transferred, that is when the products are dispatched from the factory or the warehouse.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

iii) Sale of services

The IT consulting division provides business IT management, design, implementation and support services under fixed-price and variable-price contracts. Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. This is determined based on the actual labour hours spent relative to the total expected labour hours.

Some contracts include multiple deliverables, such as the sale of hardware and related installation services. However, the installation is simple, does not include an integration service and could be performed by another party. It is therefore accounted for as a separate performance obligation. Where the contracts include multiple performance obligations, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Where these are not directly observable, they are estimated based on expected cost plus margin. If contracts include the installation of hardware, revenue for the hardware is recognised at a point in time when the hardware is delivered, the legal title has passed and the customer has accepted the hardware.

Other Income

i) Interest income from Bonds

Interest income from bonds at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

ii) Rental income

Rental income from operating leases where the Group's entity is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

iii) Income from sale of investments

The Group earns profit/loss on sale of bonds and mutual funds. When these investments are sold, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

2.11

Government Grants / Subsidy

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

2.12 Employee Benefits

In the case of the Holding Company (Sheela Foam Limited) and Indian Subsidiaries (Divya Software Solutions Private Limited, Sleepwell Enterprises Private Limited, Staqa World Private Limited and International Comfort Technologies Private Limited)

a. Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive/pay etc. and the same are recognized in the period in which the employee renders the related services.

b. Long Term Benefit

The employees are entitled to long service award (LSA), as retention earned leave, after completion of service of five years, which can be en-cashed or accumulated till retirement. The liability towards LSA is provided for on accrual basis as estimated by the management.

c. Post-Employment Benefits

i. Defined contribution plan:

Approved provident fund scheme, employees' state insurance fund scheme and employees' pension scheme are defined contribution plans. There is no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. Defined benefit plan:

Gratuity

Gratuity, being a defined benefit plan (the 'Gratuity Plan') covers eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise. The Holding Company Liability is funded through a separate Gratuity Trust. The short/ excess of gratuity liability as compared to the net fund held by the Gratuity Trust is accounted for as liability/ asset as at the Balance Sheet date.

d. Other Long Term Benefits

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

ii. Employees State Insurance Scheme

Contribution towards employees' state insurance scheme is made to the regulatory authorities, as applicable and has no further obligations. Such benefits are classified as Defined Contribution Schemes as the company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

In the case of foreign Subsidiaries (Joyce Foam Pty. Ltd. and its Controlled Entity, and International Foam Technologies SL, Spain and its Controlled Entity)

Provision is made for the liability for employee benefits arising from services rendered by employees to balance sheet date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those of benefits.

2.13 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, for a period of time in exchange for consideration even if that right is not explicitly specified in an arrangement.

Group as a lessee

The Group's lease assets classes primarily consist of leases for Land & Buildings. The Group assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short-term leases and leases of low value assets. For these short-term and leases of low value assets, the Group recognises the lease payments as an operating expense in the statement of profit and loss.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. It is re-measured to reflect any reassessment

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group separately recognizes the interest expense on the lease liability as finance cost and the depreciation expense on the right-of-use asset.

Group as a lessor

Lease income from operating lease is recognized on a straight-line basis or another systematic basis as per the terms of the relevant lease. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised over the lease term on the same basis as lease income.

2.14 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing as at the balance sheet date are translated at the year end exchange rates. Exchange rate differences arising on settlement of transaction and translation of monetary items are recognized as income or expenses in the year in which they arise. The long term foreign currency monetary items are carried at the exchange rate prevailing on the date of initial transaction.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions.

2.15 Taxation

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

b) Deferred Tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in consolidated financial statements. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously,

SHEELA FOAM LIMITED**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023**

in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.16 Dividend Distribution:

The group recognizes a liability to make payment of dividend to owners of equity when the distribution is authorized and is no longer at the discretion of the Entity and is declared by the shareholders. A corresponding amount is recognized directly in the Equity.

2.17 Earnings per Share:

Basic earnings per share is calculated by dividing net profit of the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in the resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 Goodwill

Business Combinations are accounted for using the acquisition method of accounting, except for common control transactions which are accounted using the pooling of interest method that is accounted at carrying values.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities assumed at their acquisition date i.e. the date on which control is acquired. Contingent consideration to be transferred is recognised at fair value and included as part of cost of acquisition. Transaction related costs are expensed in the period in which the costs are incurred.

For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any

Goodwill is not amortized; however, it is tested annually for impairment and whenever there is an indication that the unit may be impaired and carried at cost less any accumulated impairment losses.

For the purpose of impairment testing, the goodwill is allocated to a cash-generating-unit ('CGU') or group of CGUs ('CGUs'), which are expected to benefit from the acquisition-related synergies and represent the lowest level within the entity at which the goodwill is monitored for internal management purposes, within an operating segment. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying value of a CGU / CGUs including the goodwill, exceeds the estimated recoverable amount of the CGU / CGUs. The recoverable amount of a CGU / CGUs is the higher of its fair value less costs to sell and its value in use. Value in use is the present value of future cash flows expected to be derived from the CGU / CGUs.

The total impairment loss of a CGU / CGUs is allocated first to reduce the carrying value of goodwill

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

allocated to that CGU / CGUs and then to the other assets of that CGU / CGUs - on pro-rata basis of the carrying value of each asset.

2.19 Transactions within Group

Transactions including expenses to be shared between the companies within the Group are initially recorded under operational heads by the respective Group, and reduced on actual or proportionate (where those are not directly attributable) basis during consolidation.

2.20 Business Combinations

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

2.21 Contributed equity

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

2.22 Standards (including amendments) issued but not yet effective.

The Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standard) Amendment Rules, 2023 dated March 31, 2023, to amend certain Ind ASs which are effective from 01 April, 2023: Below is a summary of such amendments:

(i) Disclosure of Accounting Policies - Amendment to Ind AS 1 Presentation of financial statements

The MCA issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

The amendments are effective for annual reporting periods beginning on or after 01 April 2023. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

(ii) Definition of Accounting Estimates - Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors

The amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

SHEELA FOAM LIMITED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The amendments are effective for annual reporting periods beginning on or after 01 April 2023. The amendments are not expected to have a material impact on the Company's financial statements.

2.23 Standards that became effective during the year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from 01 April 2022

(i) Onerous Contracts- Cost of Fulfilling a Contract - Amendments to Ind AS 37
Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

These amendments have no impact on the financial statements of the Company.

(ii) References to the Conceptual Framework - Amendments to Ind AS 103
The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

These amendments have no impact on the financial statements of the Company.

(iii) Property, Plant and Equipment: Proceeds Before Intended Use- Amendment to Ind AS 16
The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

(iv) Ind AS 109 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

Sheela Foam Limited
Notes forming part of the consolidated financial statements for the year ended March 31, 2023

NOTE 3 : PROPERTY, PLANT AND EQUIPMENT
